		REGULATIONS									
	***	**1.CANCELLATION OF BOOKING/REFUND OF HIRE CHARGE**									
		1.1 Cancellations must be by written notice and submitted to the City's booking offices or online.			Statement amended for clarity and to inform of online option.						
		1.2 An administration fee equivalent to 10% of the tariff applicable to a booking will be levied for every transfer of a booking provided that written notice of intention to transfer is given on or before the 14th day prior to the date originally reserved and the facility being available on the new date requested.									
		1.3 If the booking is cancelled after the payment was received a 10% cancellation fee will be charged, based on the total amount due (excluding breakage deposit).									
		1.4 If a cancellation request is received less than 14 (fourteen) days before occupation, no refund of any money will be made.									
		1.5 Notwithstanding the abovementioned, should a booking be transferred or cancelled, the date of the original booking will be used to determine the amount of refund to which the Lessee is entitled.									
		CONCESSIONS									
	***	The Director: Recreation & Parks, Area Managers: Recreation and Parks, or his or her nominee may grant individuals or organisations concessions as stipulated in Council's Concessions Policy. Commercial users are not entitled to concessions or discounts. Applications are to be submitted via the booking office.			Statement amended pending approval of the Concessions Policy to be considered by Mayco. Commercial - constitutes any usage where revenue is generated. Events involving fundraising are not entitled to request concessions unless they have complied with the Concessions Standard Operating Procedure.

	GENERAL CONDITIONS:								
	The booking, for fund raising and commercial purposes, of resorts, coastal facilities, parks or sections thereof, where traditionally high volumes of communities make use of such facilities during season and public holidays, is not permitted. This prohibition is applicable particularly where such organisations, individuals or entities will exclude the general public from making use of the facilities and/or where an entrance fee is applicable. Events and activities formally supported by the City are not affected								
	Restrictive noise consent conditions apply and must be adhered to. The use of devices to amplify sound are subject to prior authority and the discretion of the Facility Officer and should be declared upon booking. Unreasonable sound levels deemed to disturb the convenience or peace of fellow users or persons in the immediate vacinity are prohibited.								
	To manage risk and user demand: Users are to ensure the facility suitability in terms of the expectation and scope of the intended event. Event confirmation will be assigned on final issue of event permit and not on reservation of the facility.								
	1.CANCELLATIONS OF BOOKING/REFUND OF HIRE CHARGE (Including Filming)								
	1.1 An administration fee equivalent to 10% of the tariff applicable to a booking will be levied for every transfer of a booking provided that written notice of intention to transfer is given on or before the 14th day prior to the date originally reserved and the facility being available on the new date requested.								
	1.2 Cancellations must be by written notice and submitted to the City's booking offices.		Statement amended for clarity

	1.3 If the booking is cancelled after the payment was received a 10% cancellation fee will be charged, based on the total amount due (excluding breakage deposit).								
	1.4 If a cancellation request is received less than 14 (fourteen) days before occupation, no refund of any money will be made.								
	1.5 Notwithstanding the abovementioned, should a booking be transferred or cancelled, the date of the original booking will be used to determine the amount of refund to which the Lessee is entitled.								
	1.6 Rebates on Film Permits: If for Cape Town Marketing or Student Film, 100% rebate may be applied in consultation with Cape Town Film Permit Office.								
	1.7 Where no charges are applicable, the minimum time before the event to submit application will be 2 days and 10 days where charges are applicable.

	PRIVATE								
	Individual / Group hiring the premises for the purpose of a celebration/training/providing information for personal, private or non- commercial interest.								
	Example: Weddings, dances, concerts, receptions, private functions, fashions/dog/cats/flower shows, Sport Clubs/Schools, Colleges, Cultural Societies/ Associations, Self Defence Classes.								
	COMMERCIAL:								
	Individuals / Corporate Bodies or any other body hiring the premises for the **purpose of retailing/training/providing information for promoting their commercial interest.**								
	Example: Political parties, Corporate staff functions, Corporate training , Film shoots, Commercial activity etc.								
	COMMUNITY / CHARITY:								
	(Rotary Club/Round Table/Garden Club) Hiring the premises for a party/political meeting/welfare type organization with affiliation to National/Provincial or Government Departments responsible for the provision of social/educational functions or to facilitate the well-being of the broader community.								
	Example: Blood transfusion services, clinics (medical purposes) sport controlling bodies, SA Police service, Church services.								
	SPECIAL CONDITIONS OF HIRE								
	Minimum Charges								
	The applicable minimum charges applies to welfare organisations with a valid WO number and non profit organisations.								
	Lettings after Midnight								
	In the case of letting which continue after midnight the tariff for the period after midnight will be double the hourly rate.

	Letting after the agreed hour								
	In the case of letting which continue after the agreed hour the tariff for the period after the agreed hour will be the hourly rate plus 50%.								
	Deposits								
	Deposit against damages, additional cleaning charges, taxi fares and other extraneous costs.								
	Preparation and Dismantling Time								
	The lessee is liable to pay the prescribed hourly rate for any time required to prepare or dismantle provided the time does not extend beyond 22H00. Should any additional time after 22 H00 be required the prescribed hourly tariff plus overtime will be required to be paid by the lessee. Should the halls be made available before 10H00 on the day of the lease, the normal hourly tariff will be applicable. The lessee must then however accept the hall in the condition that it is. Should the lessee want to make use of the hall on the day or evening before the day of lease, the hall must be paid for and booked for a minimum amount of 8 hours on the day before the function.								
	Refund of Hire Fees								
	A full refund to be made in case where written notice of cancellation is received in the office of the City Manager at least 30 days before the date of letting commences.								
	Where less than 30 days but more than 13 days notice of cancellation is received, 75% of the total hire fee paid to be refunded.								
	Where 13 days or less notice of cancellation is given, no refund to be made.								
	Right of Admission								
	Where the Hall is leased for a political meeting or any other gathering of whatsoever nature which the general public has been invited to attend, the Lessee shall not refuse admission to the Hall to any person on the grounds of race, sex, creed or denomination.

FCR	**Call Centre Agent**	Per user licence per month or per month pro-rata where a full month does not apply	A Basic call center is designed to support a simple call distribution and queuing scenario, such as a front-office receptionist or a small work group. Inbound calls are distributed based on the agent's line state and "join" status. Callers receive appropriate entrance and queue messages, and calls can overflow to alternate locations if they wait too long in queue or if the queue is beyond capacity. Any user with a call center license can be assigned to a Basic call center. This type of call center does not support Agent ACD states, BroadWorks Agent client, or Reporting. Includes a monthly TMS cost report per user licence. Subject to availability.	630.00	724.50	y	661.48	760.70	5.00%
FCR	**Call Centre Supervisor**	Per user licence per month or per month pro-rata where a full month does not apply	A user who is assigned to be a supervisor for a BroadWorks Call Center can have two roles, that of a team lead and that of a supervisor. In each case, the user is assigned to be a supervisor for a call center and is assigned to supervise a specific list of agents. Any user in the group or enterprise can be assigned to be a supervisor of a call center. No call center user license is required for a supervisor, except for the BroadWorks Supervisor license (to use the BroadWorks Supervisor client). However, it is recommended that supervisors have the equivalent of a Premium Enterprise feature set assigned to them. Includes a monthly TMS cost report per user licence.	1 260.00	1 449.00	y	1 322.96	1 521.40	5.00%

		Term		Definition						
		a) Category 1 areas		An area where the range of economic activity offers highly specialised goods and services and attracts consumers across the region (metro); Centres of highest economic concentration in the City. e.g. the Central City, Claremont and Bellville CBD areas						
		b) Category 2 areas		An area where the range of economic activity offers semi-specialised goods and services and attracts consumers from surrounding suburbs; Centres of moderate economic concentration in the City. E.g. smaller commercial nodes, such as Parow, Wynberg, Somerset West CBD areas.						
		c) Category 3 areas		An area where the range of economic activity offers limited goods and services and attracts consumers from the immediate neighbourhood/suburb; Centres of low economic concentration. E.g. residential areas, marginalised areas, neighbourhood retail/commercial centres						
		d) Semi enclosed		Semi enclosed structure is where two or more consecutive edges are sealed and are not lockable.						
		e) Hard surfacing		Where the surface of a piece of land has been prepared and made hard or firm by compacting, paving or tarmac.						
		f) Transport Infrastructure		Refers to infrastructure which aggregates and concentrates the movement of people; These include train, taxi and bus stops;Public Transport Interchanges; Activity and movement spines.						
		g) Commercial Node		Refers to an area of economic agglomeration which may include retail or other commercial activities						
		h) Special Events (Outside the approved event footprint but subject to a City approved Trading Plan)		Refers to events, such as sporting events or concerts which attract large amounts of people for short, discrete periods of time.

	REGULATIONS									
	1.CANCELLATION OF BOOKING/REFUND OF HIRE CHARGE									
	1.1The Lessee may cancel the lease agreement/hiring of the municipality facility by written notice 30 (thirty) days prior to the commencement of hire period, a 30% of the damage deposit will be withheld									
	1.2 Notwithstanding the abovementioned, should a transferred booking be cancelled, the date of the original booking will be used to determine the amount of refund to which the Lessee is entitled.									
	A. User principle for HOSTING OF MAJOR EVENTS when the tariff is not applicable									
	1. Revenue sharing between City & Event organiser									
	2. Cost recovery based on approved MOU (between two City of Cape Town Municipal departments when making use of internal services where one department is the sender and the other the consumer). This excludes the client.									
	3. Where applicable the booking will be subject to the City's Events Committee issuing an events permit for events to be held.									
	B PREPARATION AND DISMANTLING TIME:									
	1. All days required for preparation or dismantling shall form part of the letting period and will be charged at a 30% of the applicable tariff.

	GENERAL REMARKS: THE TARIFFS ABOVE ARE APPLICABLE FOR GUIDED TOURS ONLY. ACCESS TO THE URBAN PARK IS FREE DURING OPERATING HOURS.								
	Cancellation of a tour booking 5 calendar days or less before the tour will result in the City retaining fifty (50%) of the invoiced amount.								
	Cancellation more than 5 days before the tour will result in the City retaining 25% of the invoiced amount.								
	Proof of Group classification (NGO, PBO, Clubs) must be provided on request i.e. copy of Club/Group constitution, list of office bearers and supporting certification.								
	The City will not withhold any payment when a tour is cancelled as a result of "Force Majeure " (AN ACT OF GOD).								
	Registered Tour Guides accompanying Tours will have free access.								
	GENERAL REMARKS								
	Damage deposit of 20% of Venue Rental fee is payable in advance for events.								
	Damage to trees set at R5000 per incident.								
	In the case of Events Sponsored by the City (as agreed to by the Special Events Committee: SPEVCO) the Event Organiser (EO) will be required to pay the Damage Deposit.								
	Provincial Government and National Government: Rate 50% of hiring fee plus direct costs to be ascertained by the City per event requirement.								
	Community/Charity rate for above institutions to be paid as per tariff list as it already includes a 50% discount on normal rates. Institutions who are able to provide a valid NPO certificate will qualify for this rate irrespective of them selling tickets/merchandise/food and beverage.								
	Non-Event Sites for rental refers to event areas other than area A, B and C.

CAT.	REF	SERVICES RENDERED	UNIT	REMARKS	2021/22 Recalculated excl. VAT	2021/22 R incl. VAT	VAT Yes/No	2022/23 Recalculated excl. VAT	2022/23 R incl. VAT	% Increase / decrease
	4	**SHARED-NETWORK CHARGE (SNC)**		SNC for residential customers is calculated using the group-diversified maximum demand of the property in accordance with guidelines based on the principles of SANS 507-1.						
				In the case of a group housing development or block of flats, SNC is calculated on the sum of the group-diversified maximum demands of all the units plus the undiversified authorised capacity of the general supply, irrespective of the size of the bulk supply.						
				For commercial/industrial customers SNC is calculated on the authorised capacity for new connections and on the increase in authorised capacity for supply upgrades.						
				Exempted: Beneficiaries of low cost housing developments, informal settlements, backyard dwellings, temporary supplies and customers listed as indigent as set out in the City's Credit Control and Debt Collection Policy. However, developers of formal Low Cost Housing are not exempted from payment of SNC. They are to include SNC in their state subsidy claim.

	6	**EXEMPTIONS / CONCESSIONS**								
	6.1	The Chief Fire Officer in consultation with the Executive Director: Safety and Security, may agree not to charge for attendance charges where the Fire & Rescue Service turns out in response to a false alarm, provided that the following criteria was met:								
		1. It is established by the Chief Fire Officer that the alarm was given in good faith.								
		2. The alarm was activated by faulty mechanism.								
		3. The service was not involved in any detailed investigation as to the cause of the false alarm.								
		4. In the opinion of the Chief Fire Officer the faulty activation of the alarm was not due to inadequate or lack of timeous steps to remedy any defect in the alarm system.								
		The Chief Fire Officer in consultation with the Executive Director: Safety and Security, may agree not to charge for the attendance charges for fires which are out on arrival provided that no fire fighting or other operational service is rendered.								
	6.2	The Chief Fire Officer in consultation with the Executive Director: Safety and Security, may agree to make concessions to charges up to 25% provided the following criteria were met:								
		6.2.1 Where a fire is detected by an approved fire detection system and the alarm is transmitted to the Fire Service promptly.								
		6.2.2 Where a fire is prevented from spreading or is extinguished by an approved fixed fire fighting system.

					2021/22	**2021/22**	**VAT**	**2022/23**	**2022/23**	**% Increase / decrease**
					Recalculated	**R**	**Yes/No**	**Recalculated**	**R**	
					excl. VAT	**incl. VAT**		**excl. VAT**	**incl. VAT**	
		The above reductions will only be permitted where no unsafe conditions or practises exist on the premises in question and provided that the system and equipment have been maintained to the satisfaction of the Chief Fire Officer.								
	6.3	The Executive Director: Safety and Security may on the recommendation of the Chief Fire Officer make concessions to attendance and operational charges by up to 80% where a fire or related services have been rendered to *bona fida* charitable organisations. In formulating the recommendation, the Chief Fire Officer shall take into consideration the exigencies of the service at the time of the incident; the distance from the nearest available resources; the condition of the premises regarding fire fighting equipment, emergency exits and the management of fire hazards; the extent to which damage could not be prevented by the Fire & Rescue Service; the frequency of similar occurrences on the same premises or any other relevant factor.									
	6.4	The Executive Director: Safety and Security may on the recommendation of the Chief Fire Officer make concessions to the attendance and operational charges by up to 50% where a fire or related services have been rendered to (1) a school which is classified as a Class A3 building in terms of Table 1 of SABS 0400-1990 "the Code of Practice for the Application of the National Building Regulations" and which is used as a place of learning for Grades 1 - 12 and (2) a place of Worship which is Classified as a Class A4 building in terms of Table 1 of SABS 0400 - 1990.In formulating the recommendation the Chief Fire Officer shall take into consideration the exigencies of the service at the time of the incident; the distance from the nearest available resources; the condition of the premises regarding firefighting equipment, emergency exits and the management of fire hazards; the extent to which damage could not be prevented by the Fire & Rescue Service;the frequency of similar occurrences on the same premises or any other relevant factor.									
	6.5	The Executive Director: Safety and Security may, on the recommendation of the Chief Fire Officer, agree not to charge for the attendance and operational charges where a fire or related service has been rendered to a Department (SANPark's) that renders a fire fighting service within the boundaries of the City of Cape Town.In return SANParks will not raise any charges for any similar service rendered to the City and will allow the City's two dedicated aerial support choppers to be accomodated in terms of standby for 6 months of the high fire season at Newlands SANpark base. The Chief Fire Officer shall take into consideration the exigencies of the service at the time of the incident; the distance from the nearest available resources regarding firefighting equipment and the management of fire hazards; the extent to which damage could not be prevented by the Fire & Rescue Service; the frequency of similar occurrences on the same premises or any other relevant factor and that same Department not invoice/bill the Fire & Rescue Service for similar fire fighting services rendered by the City of Cape Town.									
	6.6	The Chief Fire Officer in consultation with the Executive Director: Safety and Security consider a reduction of charges up to a maximum of 50% for all written applications.								

SAFETY AND SECURITY - FIRE SERVICES										
CAT		**SERVICES RENDERED**	**UNIT**	**REMARKS**						
					2021/22	**2021/22**	**VAT**	**2022/23**	**2022/23**	**% Increase / decrease**

	6.7	The Executive Director in consultation with the respective departmental heads may reduce all tariffs and fees as approved by Council for this Directorate up to a maximum of 50% of the actual amounts to be billed. All applications for such reduction to be submitted in writing to the office of the Executive Director: Safety and Security. All decisions made in terms of such authority to be reported to the Office of the City Manager.								
	6.8	The Executive Director: Safety and Security may on the recommendation of the Chief Fire Officer make concessions to the attendance and operational charges by up to 50% where a fire or related services have been rendered to registered FPA's on condition that they apply for reduction for services rendered and the attending Incident Commander confirms that the property has been maintained in accordance with the National Veld and Forest Fire Act, Act no 101 of 1998 (NVFFA). Owners of property where a veld fire could occur are obliged to take certain measures to prevent such fires and failing that, to miimise their effect. The reduction will only be considered once the Chief Fire Officer has confirmed registration and compliance to the Veld and Forest Act.								
	6.9	A tariff shall be imposed relating to any fire in an exempted category wherever there is evidence of illegal building work, land use or building development violations, subletting in violation of lease conditions or subletting in the case of council rental units, illegal electrical connections or a failure to effect fire breaks between structures or vegetation unless good cause is shown by the owner that measures were taken to prevent the illegal occupation or fire risk								
	6.10	The department will zero-rate film related costs to revive the film industry and to enhance economic activity in the City for the period 1 July 2022 to 30 June 2023.

	EXEMPTIONS/CONCESSIONS:									
	1.1 The Chief Traffic Services in consultation with the Executive Director Safety and Security may agree not to charge tariffs and charges in cases where charges have been levied erroneously. Criteria for exemptions/concessions: Parties must make written applications to the Executive Director: Safety and Security; Outlining the reasons why charges were levied incorrectly and why exemptions/concessions should be considered.									
	1.2 The Executive Director in consultation with the respective departmental heads may reduce all tariffs and fees as approved by Council for this Directorate up to a maximum of 50% of the actual amounts to be billed. All applications for such reduction to be submitted in writing to the office of the Executive Director: Safety and Security. All decisions made in terms of such authority to be reported to the Office of the City Manager.									
	1.3. The department will zero-rate film related costs to revive the film industry and to enhance economic activity in the City for the period 1 July 2022 to 30 June 2023.

	24	**EXEMPTIONS**								
		The following applications are exempt from the payment of scrutiny fees:								
		• Applications in respect of any building to be erected by or on behalf of the State. In this context "State" means an "organ of State" as defined in Section 239 of the Constitution. This is interpreted as those institutions which are an intrinsic part of government and those institutions outside the public service which are controlled by the State – ie where the majority of the members of the controlling body are appointed by the State or where the functions of that body and their exercise is prescribed by the State to such extent that it is effectively in control.								
SB		• Building Plans for all buildings and structures, including Housing projects managed by the Local Authority, erected for and by the Local Authority. (Plans must be submitted and approved prior to construction.)								
S		• Applications in respect of alterations and/or additions to any building older than 60 years and of special heritage significance subject to the following provisos: o The exemption will be applicable for internal alterations and external, including renovations and repairs, where at least two thirds of the heritage fabric is retained as determined by the City's Heritage Resource officials. The exemption will not apply to applications where only the shell of the original building is retained. o The exemption will be applicable for additions to existing buildings on condition that the architectural floor area of the additions is less than 25% of the architectural floor area of the original building. o The exemption will not apply to applications for new separate buildings on the same erf. o The exemption will not apply to applications for new work where only a portion of the original building is retained. For example the façade of the original building. The exemption will apply where the façade is retained and there is redevelopment within the envelope of the existing building. o The exemption will not be applicable to applications for building work in urban conservation areas unless the first two criteria apply

					Recalculated	R	VAT	Recalculated	R	
					excl. VAT	incl. VAT	Yes/No	excl. VAT	incl. VAT	
SB		• Applications from organisations providing residential facilities to the elderly and homeless children who qualify for rates relief in terms of: (a) the criteria mentioned in Item 6.7 of the Rates Policy and; (b) accreditation obtained from the Homeless Agency Committee (HOMAC) as stipulated in the Children's Act No. 38 of 2005. It will be required from the owner of the property on which the building plans is to be submitted to provide sufficient proof that he/she has been relieved from the payment of rates by the City's Revenue Department in terms of (a) or has obtained accreditation from HOMAC in terms of (b).								
		• Applications for the conversion, or addition to, dwelling houses or other residential units for ECD or OR other registered welfare organisation purposes in former state subsidized housing developments will be charged for at the minimum tariff for such residential developments up to a total habitable floor area of 80m².								
SB		• All applications required to address / give effect to successful resettlement claims in terms of the Restitution of Land Rights Act, as well as in cases where land has been allocated to a successful claimant, such claimant is allowed to submit only one application (building plan), for residential development only which application(s) will be exempted from building plan fees as per normal fees.								
S		The Director: Development Management may authorise exemption from building plan application tariffs in cases where a building plan decision was set aside in a court of law and is required in terms of a court to be resubmitted to the City for decision, subject thereto that it is the same plan as originally submitted.								
		• The Director:-Development Management may grant or refuse applications for the exemption of some or all the applicable Building Development application fees of a particular application which are necessitated due to changes to developments made at the request of the Environmental Management Service of the City of Cape Town in the interests of environmental or heritage conservation.								
		• The Director: Development Management may grant or refuse applications for the exemption of some or all of the applicable Building Development application fees of a particular application that had to be reduced in extent due to insufficient wet services being available to the property or where such has resulted in extensive material changes to developments made at the request of such Service Departments of the City of Cape Town in the interests of resource conservation.								
		• In cases where a successful land claimant submits a building plan for a purely non-residential development (which does not include any residential development) on land so obtained, such non-residential application is subject to all the fees applicable to any other similar application which was not obtained by way of the Restitution of Land Rights Act.								
		• If a successful land claimant submits a building plan for a mixed use development (which includes non-residential development) on land so obtained, such non-residential building plan gets charged the normal fees as specific for such application as if the non-residential part of the application is a separate application from the residential part of the development.

	25	**REFUNDS**								
		In the case of errors or incorrect charging and subsequent correction thereof by the department, and subject to the approval of the Director: Development Management, a fee paid in terms of this tariff, fees and charges book is refundable. Refunds will only be considered upon request by the applicant or owner.								
	26	**GENERAL**								
		● Plans for alterations and additions: the additions are charged per area and the internal alterations are charged for separately as per QS/Architect's estimate for the construction cost portion of the project budget cost. (at 0.8% of estimate.) ● Full Fees payable at time of lodging of a building plan application for approval.								
		● Applications in respect of any building to be erected or altered or addtions thereto in the Atlantis Industrial Area as defined in the City of Cape Town Municipal Planning By-law, 2015 or any building to be erected or altered or additions thereto in any other approved spatially targeted areas as provided for in Council's Investment Incentives Policy. A redused tariff in such areas may be applicable as stipulated in the establishment conditions thereoff.								
		● These tariffs should be read in conjunction with the approved Building Development Management Tariff Business Rules for 2021/2022

	5		EXEMPTIONS								
	5.1		The Following are exempted from all the application, advertising and other fees in the attached table: ● Applications submitted by or on behalf of the City ● Applications for the establishment of fully state, provincial and/or council subsidised housing schemes, which include social housing developments which are fully state, provincial and/or council subsidised. ● Any service by the National Department of Public Works ● Applications required to address or give effect to successful resettlement claims in terms of the Restitution of Land Rights Act ● Applications in respect of properties in the Atlantis Industrial Area as defined in the MPBL or any application in any other approved spatially targeted areas as provided for via Council's Investment Incentives Policy. A reduced tariff in such areas may be applicable if stipulated in the establishment conditions therof.							
	5.2		All applications for places of instruction (or similar use as per the development management scheme) for the purposes of Early Childhood Development (ECD) centres only, are exempt from all application fees including the fee for serving notices. The fee is still applicable in cases where an application needs to be advertised in the media								
	5.3		No advertising or application fee is payable by an applicant where re-advertising or any new application is required when the District Manager is of the opinion that such re-advertising or new application is due to error or failure on account of the department or its staff.

						Recalculated	**R**	**Yes/No**	**Recalculated**	**R**	
						excl. VAT	**incl. VAT**		**excl. VAT**	**incl. VAT**	
	5.4		No basic application or complexity fees are payable in respect of any application made in response to a previous refusal (including closure or withdrawal) of the same or a materially similar (as per the District Manager's opinion) application on the same premises. The application must be submitted within a period of 12 months from the date of final notification of the previous decision or date of closure / withdrawal and with the express intent to address the previous reasons for refusal / closure / withdrawal. The District Managers interpretation in this regard is final, and advertising / public consultation fees, if applicable, remain payable. This exemption applies unless otherwise stated in the MPBL.									
	5.5		The Director: Development Management may grant or refuse applications for exemption of some or all applicable fees in respect of a particular application which is necessitated by changes to developments made at the request of the City's Environmental Resource Management department in the interests of environmental or heritage conservation.								
	5.6		The Director: Development Management may authorise exemption from land use application tariffs in cases where a previous land use management decision was set aside in a court of law and such an application is required in terms of a court order to be resubmitted to the City for decision, subject thereto that it is the same application as originally submitted.								
	6		REFUNDS								
	6.1		Refunds will only be considered upon request by the applicant or owner.								
	6.2		In the case of errors or incorrect charging/payment by an applicant or the department and subsequent correction thereof by the department, and subject to the approval of the Director: Development Management, a fee paid in terms of this tariff, fees and charges book is refundable.

	6.3		After an acknowledgement of receipt has been issued in terms of Section 74 of the MPBL the application has been accepted by the City Manager. If the applicant then withdraws the application, the application fee is not refundable as per Section 77 of the MPBL (unless amended). Advertising fees are not subject to Section 77 and are refundable providing the applicable advertising has not yet taken place, and subject to the approval of the Director: Development Management.								
	6.4		A decision to amend, suspend or remove any restrictive condition in a title deed must be published by notice in the Provincial Gazette after an approval of a Section 42(g) application. The notice fee is refundable to the applicant, subject to the approval of the Director: Development Management, in the event that the Section 42(g) application is not approved.

URBAN MOBILITY - CONTRACTED ROAD-BASED PUBLIC TRANSPORT										
				Updated March 2022 for 2022/23						
	Notes:	1. All new wording (compared to the wording of the tariff approved in May 2021) is shown in italics. Deleted text in Level 1 of the table is shown in square brackets and / or by way of ~~strikeout~~.								
		2. Where the text of the tariff re. Fare Level 0, 2, [~~and~~] 3, 4, 5, 6, and 7 are the same as the Fare Level 1, changes made in Fare Level 1 are not highlighted again in those fare level tables, except that deleted text is shown in square brackets - i.e. "[deleted text]".

	1	Item 1 (re "Interim fares") deleted in previous years								
	2	**Public Transport Fares**	**Fare Level One**							
	2A	**Mover Packages**		Value can be added onto the card as money or as a Mover Package. The Mover Packages give added benefit such as covering the bank load fees and enabling the discounted Mover Fare to be charged compared to fares charged against money loaded. Mover Packages load points equivalent to the rand value. Conditions 2.6a and 14 apply to loading and charging of fares against the balance of points on the Smartcard.						
SB	2A.1A	Mover 20	Per load	Loads the equivalent points on the Smartcard without having to pay load fees. Available only where determined appropriate, i.e. where kiosk queue lengths are not compromised due to repeated loads.	No (exempt)	20.00		*20.00*		*0.0%*
SB	2A.1B	Mover 50	Per load	Loads the equivalent points on the Smartcard without having to pay load fees. It also enables Mover Fare fares to be charged i.e. at a reduction in fare compared to the Standard fares.	No (exempt)	50.00		*50.00*		*0.0%*
SB	*2A.1C*	*Mover 35*	*Per load*	*As in Item 2A.1B.*		New		*35.00*		*New*

	2E	**Penalties and non-closure fares**								
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	15.00		*15.00*		*0.0%*
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	30.00		*30.00*		*0.0%*
SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	35.00		*33.00*		*-5.7%*
SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	84.00		*85.00*		*1.2%*
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	427.00		*455.00*		*6.6%*

		Terms and conditions ("Conditions")								
	1.	*These conditions apply to this tariff table for contracted road-based public transport.* ~~[The fares for contracted Dial-a-Ride services are set out in this tariff table.]~~ The Conditions of this Tariff Table, read with the changes required by the context, applies to Dial-a-Ride services, except in as far as they are excluded by way of Fare Rules.								
	2.	Definitions (which may include substantive provisions)								
	2.1	"AB Fare Medium" *or "AB Fare System"*, as *the case may be,* means an account-based fare medium *or system* activated in terms of Condition 3(l);								
	2.1A	"AFC" means automated fare collection.								
	2.1B	"Charter" means the charter or hiring of buses and other facilities under Item 4. Buses may be chartered for use anywhere within or outside the municipal boundaries provided this is permitted in terms of the relevant operating licence;								
	2.1C	"City" means the City of Cape Town;								
	2.1D	"Day Pass" means any pass with "day pass" in its name as in the Item description in the table above;								
	2.1E	"Director" means the Director responsible for this Tariff Table, in January [~~2020~~] *2021* being the Director responsible for Public Transport, or delegate;								
	2.1F	"ED" [~~or "ED: Transport"~~] means the Executive Director *responsible for* Transport */ Urban mobility* . The Executive Director [~~: Transport]~~ may delegate any function assigned by these tariffs to the ED [~~: Transport]~~ to another official;								
	2.1G	"Fare Rules" mean the rules referred to in Condition 3(a), which may contain any transitional arrangements towards the implementation of the Items and Conditions set out in this Tariff Table, or in the tariff table applicable to the Dial-a-Ride service;

	2.2	"Full Fare Evasion Penalty Fare" means the fare to be charged where an inspector or other authorised City representative (including an access control staff member of any City contractor contracted to perform any access control function) believes there is prima facie evidence that a Passenger has evaded, or is likely to have evaded, or to have attempted to evade paying the fare intentionally. Examples include: (a) Where a Passenger jumps over an access gate or a station fence, or tailgates. An example of tailgating is where a Passenger enters a gate together with or immediately following another Passenger in such a manner that the second Passenger does not pay a fare. (b) Where more than one Passenger acts in this way with another Passenger in such a manner that the second or subsequent Passengers do not pay a fare. (c) Where more than one Passenger acts in this way with a common purpose, they may each and all to be charged the Penalty Fare. (d) Where a Passenger participates as beneficiary in a scam or racketeering, referred to in Item 2E.4. (e) Notwithstanding having been charged a Penalty Fare, the relevant Passengers may also be prosecuted.								
	2.3	"Fuel price" means the regulated / listed wholesale price for low sulphur (50ppm) diesel in Cape Town, as announced / listed by the Department of Energy or any other national department that take over this function;								
	2.4	"Gaming" means use of a transit product or fare rule by Passengers in a manner not intended by the Tariff Table, resulting in loss of fare income by the City, which collectively could exceed R100 000 per annum, as calculated through analysis of fare data or as modelled;								
	2.5	"Journey" means one or more one way trip segments, connected through permitted closed and open transfers. (a) A permitted closed transfer is a permitted transfer made at a station between different routes served by such station without checking out of one bus and then checking out at another bus. (b) A permitted open transfer is a transfer that complies with the following two conditions: (i) where the customer checks in on a bus or at a station within 45 minutes of having checked out elsewhere in the system (give or take 5 minutes); and (ii) where the customer checks in on a bus or at a station within 2 and a half hours of the first time that he / she checked in first on a given day (referred to as the 2 and a half hour boarding window). A further Journey starts when the Passenger checks in again after such 2 and a half hour boarding window, in which case a new boarding window period starts; (c) Where a Passenger remains in the system for more then four hours (i.e. finally taps out of the system more than four hours from the first tap-in regarding that Journey) the City may charge either an additional boarding fare on tap out, at the same rate as the original boarding fare charged at the start of that Journey (excluding any Airport Premium that may have been charged); or the relevant non-closure fare. (d) The periods of 2 and a half hours, 45 minutes and 4 hours above may be amended by the City by way of a Notice in the Press;								
	2.6	"Manual ticket", means a manual ticket involving paper tickets or electronic ticket system with limited electronic capabilities;								
	2.6A	(a) "Mover Package" means a package of points loaded through Items 2A.1 to 2A.7, being Mover Packages; "Mover Points" are the points loaded through Mover Packages , and "Mover Fares" are the fares charged when there are sufficient Mover Points available in a Mover Package to pay the applicable fare. (b) No refunds on Mover Packages will be given. (c) The value will expire three years after the latest load of a Mover Package. (d) Notwithstanding the listing of specific Mover Packages in Items 2A.1 to 2A.7 the Fare Rules may permit the sale, subject to any conditions, of Mover Packages of any number of Mover Points ("Denomination") provided the technology of the AFC system is able to accommodate that, subject to (e). (e) If the Fare Rules permit Mover packages of any Denomination of Mover Points to be loaded in terms of (d) above, and if the Fare Rules permit the load of Mover Points below the minimum value as in Item 2A.1, then the Mover Points sold in Denominations smaller than that in Item 2A.1 may be sold subject to a surcharge of [~~up to~~] 20%. Such surcharge may be deducted from the value and thus only the remaining Mover Points loaded.

	2.6B	"myconnect Smartcard issuing fee" means the fee to be charged to any Passenger to whom a myconnect Smartcard is issued. (a) The City does not repurchase such Smartcards. However, the City may issue Fare Rules indicating that ~~the~~ Smartcards meeting stated requirements will be repurchased for a period stated in the Fare Rules. In such case the City may repurchase such cards at the purchase price of the relevant card minus the administration fee listed in Item 2F.2, subject to such other terms and conditions as the City may determine; (b) The Smartcard is issued subject to MyCiTi Rules and Terms & Conditions made available together with the Smartcard, or on the Transport website, incl terms and conditions regarding the repurchasing of the Smartcard by the City - which conditions may be varied on Notice in the Press; (c) The myconnect Smartcard issuing fee may be waived or discounted at locations and during periods of which Notice has been given in the Press, provided that, as far as practically possible, only one card is issued to each person, provided the person is a resident of the City, and subject to the terms and conditions as apply to such free card issue, as set out in the Notice, provided that the extent of the waiver or discount and the terms and conditions shall be determined so as to ensure as far as it is practicable that fare evasion is kept to a minimum. *(d)* The issuing fee does not apply to other Smartcards *or other fare media* accepted by the AFC system, unless the Fare Rules provide differently. The Fare Rules may provide that such issuing fee or a discounted fee applies to specific types of Smartcards.							
	2.7	"Non-Premium Route" means any route other than a Premium Route;								
	2.8	"Notice in the Press" means a notice placed in two newspapers generally circulating in Cape Town, and / or on the Transport website and / or through Fare Rules;								
	2.9	"One way" means one movement (e.g. a trip or a Journey) either in a forward direction or in a return direction (which could be achieved using a Fare Rule that approximates an additional boarding fare);								
	2.9A	"Passenger" means a person entering an area where fares are payable, in terms of signage displayed at the area, or in terms of this Tariff Table or of the Fare Rules, whether or not the person uses public transport services, excluding a person entering the space in order to manage or maintain the facility; Provided the latter person has written authority to be present to provide such management and maintenance services;								
	2.10	"Peak Commuting Periods" means the periods between 05:30 and 09:00 and between 15:30 and 18:00 on any weekday;								
	2.11	"Penalty Fare" means any penalty fare payable in terms of this Tariff Table, including a non-closure fare, and a "Penalty" means a penalty charge as determined through the tariff provisions above, for a services or for use (including unlawful use) of services or infrastructure or to make good for costs potentially incurred by the City, and both enforceable through any and all civil enforcement mechanisms;								
	2.12	"Premium route" means a route ending or beginning at the Airport Station;								
	2.13	"Redundancy conditions" means when a necessary part of the AFC system is not operating as planned or is expected not to be operating as planned, such as (i) when the system for loading money or points on Smartcards is down, or (ii) when the electricity supply is interrupted and the uninterrupted power supply (provided as backup) fails, or where the electricity supply is interrupted for an extended period resulting in the power in the uninterrupted power supply being depleted, or (iii) when there is a significant problem regarding customer access to services on a given route due to unavailability of smartcard sale and / or full electronic loading facilities, in a context where the average customer is expected to take a relatively short trip; or (iv) for any other reason; Provided that (a) the City may determine that it will from a given date use Item 2G Redundancy Manual Tickets; (b) item 2G.2 (airport premium redundancy ticket) may be issued in non-redundancy conditions; and / or (c) a Fare Rule may be issued in terms of which any redundancy tickets may be used where required for other operational reasons;								
	2.14	"the Regulations" means the Regulations relating to integrated fare systems, published in the Government Gazette on 17 June 2011 in terms of the National Land Transport Act, 2009, as may be amended or replaced from time to time. The Items or conditions in this Tariff Table were amended on the understanding that such regulations will be amended to permit such changes or may be otherwise authorised, even where the relevant mechanisms and arrangements may not previously have been permitted. However, if the Regulations have not been amended by the time that these amended Items or Conditions become applicable, the ED [~~: Transport~~] may at any time publish a notice amending such Item or condition in such a manner that it complies. In the mean time such Items and Conditions shall be interpreted in a manner as to comply with the Regulations, if capable of such interpretation.								
	2.14A	"Saver periods" means all periods of operation of the service, other than Spender Periods;								

		FARE LEVEL ONE

						excl. VAT	incl. VAT	excl. VAT	incl. VAT	
	2.15	(a) "Smartcard" means a contactless card (incl the myconnect card), that the AFC system can communicate with, e.g. through use of validators, which a Passenger may use to pay their Transit fare , in one or more of the following ways: (i) as an electronic purse, with money to be loaded as required, regarding which the user must pay load fees to the issuing bank (which load fees are deducted from money loaded and which load fees are payable in addition to the fees above), with fares being paid from this purse by checking in / out of the Transit system, also referred to as "payment using money"; (ii) to load and use a Mover Package issued by the City, also referred to as "payment using travel points"; (iii) to load any other Transit Product;								
		(b) The Fare Rules may provide that "Smartcard" also refers to any other *fare media or* mechanism that permits recordal of the elements described in (a) above, including an application on a mobile telephone, *whether within a card-based system, or with an account-based system,* subject to such Fare Rules;								
	2.15A	"Spender Period" means the period between 06:45 and 08:00; and between 16:15 and 17:30 on any weekday. This period may be amended by Notice in the Press. The Spender period may be set at different periods for different stations / stops or distance bands or for different times of the year. The fare for the whole Journey is based on the time the Passenger enters the system the first time on that Journey;								
	2.15B	"Tariff Table" means this tariff table for Contracted Road-Based Public Transport Services, also referred to as the "Transit Tariff";								
	2.15C	"Transit" means public transport referred to in this Tariff Table, and a "Transit Product" means a multi-journey fare product to be used by a Passenger to pay the relevant fares for public transport services, including a Mover Package and including a transit product referred to in 3(d);								
	2.16	"Transport Directorate means the Transport Directorate or its successor in title;								
	2.17	"Transport website" means any website operated by the City in order to provide information regarding public transport in the City;								
	3(a)	These tariffs are subject to the MyCiTi Rules or the Fare Rules as may be set out in the Fare Policy for Contracted Road-Based Public Transport Services, or as may be displayed on the Transport website. These Conditions may be amended by way of a change in the Fare Rules, provided that Notice of such amendments have been given in the Press.								
	(b)	Discounted fares may be provided regarding Park-and-Ride facilities linked to MyCiTi *or other contracted road-based public transport* services, which must be announced through a Notice in the Press. Park-and-Ride fares/ fees may be calculated as set out in 3(d), and may be subject to conditions, including the conditions in 3(e). Where the Park-and-Ride services are provided in partnership with an external party providing parking facilities and/ or related services: (i) the City may charge via the Smartcard also the component of the combined Park-and-Ride fee that the parker is required to pay for use of the parking facilities and / or related services to the external party, whether in money or in Mover points; (ii) the City may pay such component of the Park-and-Ride fee collected by the City on behalf of the external party, minus an administration fee (if any), to such external party; (iii) Provided that the arrangement between the City and the external party is recorded in an agreement concluded between the parties.								
	(c)	As an example of the discounted Park-and-Ride fares referred to in Condition 3(b), any premium applicable to those trips beginning or ending at the MyCiTi Airport Station may be waived, e.g. where an appropriate transit product has been loaded on the Smartcard, such as a park-and-ride Transit Product. The City may do so by adjusting or waiving the provisions of items 2B.1.7, 2B.2.7, 2C.1.7 and 2C.2.7, where Park-and-Ride conditions apply.								
	(d)	(i) The tariff items may be combined, based on an estimated number of uses by Passengers of a specific group or category, and a combined Transit Product or items in this regard may then be offered ~~[to a bulk buyer or contracted party]~~ at such combined price, subject to any conditions as may be appropriate. (ii) Where such combined Transit Product or tariff items are charged to a commercial entity, a fare or fee based on a full cost recovery basis plus a surcharge of up to 15% to cross-subsidise other public transport services may be charged, which may be priced up to four times the amounts indicated in this Tariff Table, and thus be charged effectively at a commercial rate, adjusted as appropriate to consider the competing market rates for the same or similar services.								
		(iii) Where additional public transport services are added specifically for the benefit of commercial entities, the ED [~~: Transport~~] may approve an agreement with any such entities providing for a fare guarantee or for a guaranteed load of Transit Products by any such entities, provided that: (1) *the ED concludes* an agreement is entered into between the City and commercial entity (-ies) benefiting from these services; (2) the City has estimated the potential additional cost of and fare income due to adding these extra services; (3) the ED [~~: Transport~~] has considered the objectives of the Fare Policy; and (4) such approval is communicated through a Notice in the Press.								
	(e)	The combination of tariff items in (d) may be done on the condition that those Passengers actually using the service must pay the ordinary fare for their public transport services, in which case the combined price set regarding the combined transit product and payable by a bulk buyer or contracted party may then be reduced on the basis of actual or assumed Passengers paying for the services offered.

		RENDERED and related transport products			**Yes/No**	**Recalculated**	**R**	**Recalculated**	**R**	**after rounding**
						excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	(f)	Where Items 3 and 4B.1-4B.7A are used for ongoing services for more than seven continuous days, then these rates may be discounted taking into account the cost of providing the services, the fares that are likely to be collected from Passengers using the service (if any), the additional charges referred to in 3(d)(ii) and a reasonable mark-up *to cross-subsidise the costs of providing public transport services* .								
	(g)	Saver fares for counter-flow travel may be offered to Passengers during Spender Periods or a part of Spender Periods, on routes where there is generally a significant differential between Passenger flow in the forward and return directions. This provision may be further defined and activated by way of Fare Rules.								
	(h)	To account for the fact that Passengers *from* [in] *the* Dunoon *area* travelling to or from Dunoon and Usasaza stations may have to pay another fare for private feeder transport *within those areas* , a discount of *up to R3* [~~R2~~] to the fares of Passengers on contracted road-based public transport to or from these stations may be activated from a date to be determined by the ED [~~: Transport~~]. *In addition, Usasaza station may, for purposes of determining distance-based fares, be treated in the fare system as being located at Dunoon station.* Once in place the discount *or such provision* may be cancelled from another date that the ED [~~: Transport~~] may determine or may be amended by the ED [~~: Transport~~].								
	(i)	Where necessary for practicality, or where it is not technically possible to implement an element of the conditions or Tariff Table exactly as worded in this Tariff Table, the relevant element may be amended in programming of the fares, provided the relevant change is embodied in a Fare Rule.								
	(j)	Passengers may not make Smartcards with the following transit products available to others for a fee or through another kind of exchange: monthlies or any category of day passes. This prohibition does not apply to accommodation establishments, employers or tourism operators making cards with transit products available to guests, employees or tourists respectively. This provision may be amended by way of the Fare Rules.								
	(k)	The ED [~~: Transport~~] may approve a discount of the fares set out in this Tariff Table for routes serving specific origin-and-destination combinations (ODs) in order to ensure a competitive fare on such ODs compared to alternative modes, and set conditions for such discount, provided that: (1) The revenue projected from the additional Passengers attracted through such lower fares (with or without other measures to attract Passengers) is projected to be greater than the increase in VOC costs plus the reduction in fare income as a result of the discount; (2) the ED [~~: Transport~~] considers in the design of the discount the objectives of the Fare Policy; and (3) such approval is recorded in the Fare Rules or by way of a Notice in the Press.								
	(l)	The ED [~~: Transport~~] may issue a Notice in the Press to the effect that Passengers may pay fares with an AB Fare Medium *or by way of the AB Fare System* defined in the notice. *The relevant AB* [~~which~~] Fare Medium need not contain the data structure stipulated in the Regulations, and condition 14.1 will not apply in such case*, unless so stated in the Fare Rules* . From a date or for a period indicated in such Notice, amended Fare Rules may apply. Such Fare Rules may make [~~applicate~~] *applicable* a fare to such AB Fare Medium or *AB Fare System* which approximates the [~~lowest~~] fare that could otherwise have been applicable [~~if the passenger using such AB Fare Medium had purchased the cheapest package or other transit product available for such travel, in relation to reaching thresholds relevant to such package or transit product~~], *subject to a decision in terms of condition 14.1A to apply the standard fare to the relevant fare media* . For example: (i) Mover Fares may be made applicable once the total Standard Fare charged within the relevant month passes the minimum Mover load provided in Item 2A.1A; (ii) Once the Passenger has used Transit services for more than 5 consecutive days, the fare regarding the Seven Day Pass may be made applicable to all travel within the 7-day period following the first such day; (iii) where a Passenger has used Mover points to the value of the System-wide Monthly in a given consecutive 30-day period, fares for travel in the remaining days of the 30-day period of such use may be waived; *(iv) In stead of, or in addition, the mechanisms above, the Fare Rules may permit loyalty points which may be used to apply discounts or permit free travel, or additional travel at a reduced cost.* *The provisions of Condition 14.9 shall be considered in this regard, but may be amended by way of Fare Rules.*								
	(m)	Subject to the Fare Policy, fare zones may be determined throughout the City, and each stop or station will be allocated to the corresponding zone. The distance-based fares in this Tariff Table will then apply to the travel distances between such zones.								
	(n)	The ED [~~: Transport~~] may conclude an agreement granting a concession for one or more bus operators (other than a service contracted or operated by the City) to operate within a dedicated bus lane, and may set conditions for such concession. The concession agreement shall be informed by par (i) to (ii) below. (i) The objectives of such concession should be an appropriate combination of the following, as set in the discretion of the ED [~~: Transport~~]: (1) To assist in the reduction of congestion through expansion of additional public transport services offered by other operators or stakeholders; (2) to utilise spare capacity on dedicated public transport lanes better, where such spare capacity exists; (3) to improve the cost recovery of other public transport services offered by the City; (4) to be commercially viable for a concessionaire; (5) to ensure a significant commitment from the concessionaire in terms of fleet size and agreed period of operation; and (6) to mitigate impact on other services offered on the bus lane, as well as to address the operational management of the concession and the concession buses. (ii) The fees payable by a concessionaire are those set out under Item 5, subject to the remainder of these Conditions.

						excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	(o)	At any time during the financial year, Council may waive the Premium boarding fee, should this decision be supported by a technical report demonstrating a sound business case showing that there is a reasonable likelihood that doing so will attract more fare revenue (through additional Passengers) than the additional cost in serving such additional demand, if any. This waiver would then apply to all products containing premium fares, including single trip tickets (see Item 2D.2).								
	4.	(a)The fares and fees in this Tariff Table are available only for a service that is actually being provided at a given time. ~~[Services will be provided subject to the required operating licences for schedules bus services having been granted. Where any existing route is amended and an operating licence is granted for that amended route, the tariff will apply to such amended route, unless a future approved tariff provides otherwise.]~~								
		(b) Some of the fares and fees listed above may not be available or provided within the applicable financial year for reasons that may include limitations regarding the available technology to charge the particular fare or fee.								
	5.	Fare levels Zero, One, Two [~~*and]*~~ *Three, four, five, six or seven* may apply, depending on significant changes in fuel price, as provided for in this Condition 5.								
	5.1	Fare level One will be applicable from 1 July of the applicable financial year.								
	5.1A	Notwithstanding 5.1, if, during the months of March, April and May in the financial year preceding the financial year for which this tariff is set, the fuel price is determined at a price beyond that provided for Fare Levels Zero, Two, ~~or~~Three, *Four, Five, Six or Seven* respectively, then the fare level on 1 July will be the Fare Level applicable to the threshold that has been reached.								
	5.2	The fare will be adjusted between Fare levels Zero, One, [~~and~~] *Two , Three, four, five, six or seven* only when there are significant changes in the fuel price, as set out in Conditions 5.1A to 5.7.								
	5.3	Fare Level One has been set assuming a regulated wholesale price of [~~R11.88~~] *17.36* per litre for low sulphur diesel (50ppm) in Cape Town.								
	[5.3A]	[~~If the fuel price drops below [R8.91] *R13.02* per litre Fare Level Zero will be implemented. Fares will be maintained at Fare Level Zero unless there are further significant changeds to the fuel price. If Fare Level Zero is applicable and the fuel price rises above [R11.88] *17.36* Fare Level One will be implemented.~~]								
	5.4	*Subject to Condition 5.5, if the fuel price:-* *(a) rises above a fuel price adjustment threshold in Condition 5.7 for a higher fare level as compared to the then applicable fare level, the relevant higher fare level will apply from the date indicated in Condition 5.5;* *(b) drops below a fuel price adjustment threshold in Condition 5.7 for a lower fare level as compared to the then applicable fare level, the relevant lower fare level will apply from the date indicated in Condition 5.5.* ~~[If the fuel price rises above R14.85 per litre Fare Level Two will be implemented. Fares will be maintained at Fare Level Two unless there are further significant changes to the fuel price.]~~								
	~~[5.5]~~	~~[If the fuel price falls below the base price of R11.88 per litre while Fare Level Two is in effect fares will revert to Fare Level One. If the fuel price rises above R17.82 Fare Level Three will be implemented.]~~								
	~~[5.4]~~	~~Once fare levels are at Fare Level Three they will be adjusted downwards to Fare Level Two only if the fuel price falls below as per the fuel thresholds in Condtion 5 below R17.82, to Fare Level One only if the fuel price falls below the base price of R11.88 per litre, and to Fare Level Zero if the fuel price falls below the price of R8.91 per litre.]~~								
	5.5 ~~[5.7]~~	Changes in fare levels linked to the above changes in the fuel price (other than that in 5.1A) will be implemented as follows: (a) only once the relevant fuel price is higher than the relevant threshold for at least three consecutive months; (b) from the end of the second month following the month in which an official announcement is made of fuel price changes that will result in triggering the shifts between fare levels as described above, i.e. regarding the third month that such first higher fuel price, as referred to under (a), has been announced; (c) the fare increase provided for above must be effected to start from one of the following dates (always complying with each of the above factors): 1 November or 1 March.								
		(d) Par (a)-(c) will apply regarding lowering of fuel prices as referred to in Conditions 5.3[~~A, 5.5~~] and 5.6, with the changes required by the context.								
	5.6	Where the fuel price increases or decreases significantly in any year between March and the date upon which the agenda closes for the Council meeting where the final budget for the following financial year is to be adopted, Council may consider whether to increase or reduce the published fares, an appropriate proposal for an adjustment to the originally published draft tariff may be submitted to Council for its consideration.

	6.	(a) Tickets / products / cards / event-related fees may be sold / charged to vendors / clients at a discount of up to 33.33%, or vendors may be paid regarding relevant sales a commission of up to 33.33%, subject to appropriate conditions. Such discount / commission for load of Transit Products may be offered at a flat rate per load, which discount / commission for low denominations may be of a value above the above discount / commission limit.								
		(b) The discount referred to in 6(a) may be applied to vendors / clients, or the commission referred to in such provision may be paid, regarding the load of any other value (akin to mobile telephone-linked air time) provided it is then converted to Transit Products, or used to pay for Transit Products; or for the use of any other mechanisms to effect such payment or load. Any combination of such commissions / discounts regarding an individual purchase or load of Transit Products may not exceed the limit provided for in 6(a).								
		(c) The City may pay Commission or fees to a supplier of an AB Fare Medium *or AB Fare System* for the payment of fares for Transit services by way of such Fare Medium or *AB Fare System* at appropriate rates approved by the ED [~~: Transport~~]; provided that such rates are equal to or lower than that of the commission in 6(b); provided that such rates are equal to or lower than the rates payable to the bank providing the myconnect Smartcard to the City; and provided that the arrangement between the City and the the provider of the AB Fare Medium *or AB Fare System* is recorded in an agreement concluded between the parties.								
	7.1	As and when considered appropriate or necessary, free travel days may be held and / or complementary tickets or Smartcards (with or without money or Mover packages) may be issued, for marketing purposes *or if the relevant cost of the services are covered by another department in the City* , provided that there is budgetary provision for any losses in fares or additional costs incurred. In such cases no fare will be charged for a given service, or a reduced fare may be applied.								
	7.2	The ED [~~: Transport~~] may, after considering all relevant factors, activate the Group Card functionality for purposes of promoting use of the public transport services that can be paid for by using the myconnect card, to promote use of public transport, and to make it more affordable to families, groups of scholars and pensioners, or other groups. The public must be notified of the implementation of the Group Card by way of a Notice in the Press. The ED [~~: Transport~~] may also terminate the availability of such Group Card, on notice in the press of at least three months.								
		(a) When deciding to implement the Group Card, the ED [~~: Transport~~] must also determine (i) the maximum number of users, with the default maximum being 31; (ii) whether the number of maximum users will be open to the election of the Group Leader as indicated in 7.2(c) below; (iii) whether the Group Card can be used only in the Saver period, or also during the Spender Period; (iv) whether the issuing fee provided for in 7.2(c)(iii) is to be discounted as part of free card issue initiatives provided for in 2.6b(c) and if so, which discount would apply; and (v) further conditions to avoid abuse of the Group Card or to deal with difficulties that may be caused by use of the Card.

		(b) The ED ~~[: Transport]~~ may at any time change any of the rules in par (a) by way of a Notice in the Press.								
		(c) If the Group Card functionality has been activated in terms of this par 7.2, the following rules apply: (i) The person purchasing a Group Card (referred to as the "Group Leader") must define the intended maximum number of Passengers in the group, subject to the ED ~~[: Transport]~~'s determination in terms of 7.2(a) or (b). (ii) The Group Card must be personalised with at least details of the Group Leader, including an authenticated address to which an account for any outstanding non-closure fares and penalties could be sent, for which the Group Leader must accept full responsibility for payment within 30 days of issuing of an invoice or statement in this regard. (iii) The issuing fee of a Group Card is the smart card issuing fee as defined above plus an amount equal to half of the Non-Closure Fare in Items 2E.1a or 1b, as applicable, for each of the intended members of the group as selected by the Group Leader in terms of (i) above or as determined by the ED ~~[: Transport]~~ in terms of 7.2(a) or (b), alternatively a pre-authorised link to a credit card provided by or on behalf of the Group Leader in terms of which any outstanding fare or penalty can immediately be charged to the account linked to the relevant credit card account. (iv) The Group Card cannot be sold back to the City, but can be surrendered to the City at no repayment. (v) All the Passengers travelling on a group card must access the service as a group, must travel in this group to enable proper inspection regarding each of the relevant Passengers, and must leave the service as a group. (vi) The Group Card, when used for travel, must always be in possession of one of the Passengers travelling in this group. (vii) Fare evasion penalties as defined above are payable regarding every Passenger found in a public transport vehicle or on a station, or leaving such vehicle or station, if the relevant Group Card is not presented immediately by or on behalf of each such Passenger. (viii) For the avoidance of doubt, non-closure Penalty Fares as defined in this Tariff Table are payable regarding every Passenger in the group, where the number of Passengers that entered the system is different from the number of Passengers that exited the system regarding a given Journey.								
		(d) If the Group Card functionality has been activated in terms of this par 7.2, the following fares rules apply: (i) The same fares that would otherwise apply, subject to a discount of 15% of the relevant fare with regard to the second and subsequent Passenger travelling in the group. (ii) Any outstanding Non-Closure Fares or other penalties fares may be charged against any positive balance on the smartcard at any stage. (iii) Further use of the Group Card may be refused if any amounts due regarding Non-Closure Fares and penalties remain outstanding as per the City's records. (e) These fare rules may be amended by Notice in the Press.								
	7.3	The ED [~~: Transport]~~ may, after considering [~~all relevant~~] factors *he / she considers relevant* , determine which (if any) stations and other points of sale of myconnect Smartcards will sell the myconnect Smartcard subject to a rebate. At such stations and selling points a rebate of 15% (with the sum rounded up the closest full Rand) will apply to the myconnect Smartcard issuing fee. Notice of such rebate must be given in the Press. When repurchasing such cards in terms of Item 2F.2 the City will deduct the rebate amount as well as the relevant administration fee.								
	8.	The City's Contracted Road-based Public Transport Services and the distance-based fares are run on a pilot basis and may require significant adjustment during future budgetary processes, based on an assessment of the initial services and fares and their impacts. In addition, adjustments may also have to be made as required in order to implement the conditions / tariffs using the intended fare system technology, at the time that the tariff tables are finalised following the public participation process, for approval by Council.								
	9.	Cancellation of bookings for Item Nos 4A and 4B: if notice of cancellation is given within 48 hrs of the start of a booked service, the client shall pay a cancellation fee of 100% of the total cost of the booked service / accepted quotation; if notice of cancellation is given between 48 hrs and 5 days of the start of a booked service / accepted quotation , the client shall pay a cancellation fee of 50% of the total cost of the booked service / accepted quotation; if notice of cancellation is given between 5 and 10 days of such event, the client shall pay a cancellation fee of 25% of the total cost of the booked service / accepted quotation ; and if notice of cancellation is given more than 10 days prior to such event, then no cancellation fee is payable. The cancellation fee may be waived in case of exceptional circumstances that justify such waiver.								
	10.	**The following persons are exempted from paying the Transit Tariff, subject to 10.6:**								
	10.1	**Category 1 - Law enforcement officers provided that they are wearing uniforms as prescribed by their service and carrying their service identification cards)**								
		South African Police Services and law enforcement officers from the following City services: Metro Police, Law Enforcement and Traffic Services								
	10.2	**Category 2 - Public transport operations and monitoring staff**								

		FARE LEVEL ONE

		(a) Vehicle Operator Companies (VOCs) and Station Management Services Company if they are in MyCiTi uniform: Only those staff members permitted in the relevant contract with the City to travel without paying the prescribed fare, and only if they are travelling as part of their duties, unless the ED determines otherwise ,based on alternative arrangements having been made for such staff gaining access;								
		(b) City and its contractors' staff responsible for fare management and contract compliance monitoring;								
		(c) Event specific volunteers or staff deployed by the City regarding Even specific services.								
	10.3	**Category 3 - City technical team members and others**								
		(a) *Transport* System Planning, Infrastructure, Operations and Business Planning technical staff (for the purposes only of monitoring, continuous improvement and to aid planning)								
		(b) Transport data collection and survey staff								
	10.4	**Category 4** (a) All babies and toddlers under the height of 1.0m, provided that they appear to be under 4 years of age, unless it is indicated by the Passenger or a person accompanying the Passenger, that he/she is over 4 years of age.								
		(b) A person accompanying a disabled person, provided that such person has a certificate issued by a registered medical practitioner confirming that the relevant disabled person/s cannot travel without such assistance, subject further to any relevant Fare Rules.								
	10.5	**Category 5 - Concession Fare for Targeted Groups during limited time periods**								
		The ED [: ~~Transport~~] may implement a concession for Target Groups identified in (a) below, subject to the following								
		(a) The concession must be designed to target Passengers travelling during two narrow concession periods falling outside Peak Commuting Periods or on the outer edges of such peak periods, where the requirements of (b) to (d) are met; (b) The concession shall be run as a pilot for a fixed period, during which the impact of and issues raised by the concession shall be monitored, and the continued implementation of the pilot be reviewed; (c)The concession must be planned to further travel demand management objectives; (d) The concession shall be planned such that any additional services resulting from the introduction of the concession, the cost of administering the concession, and any resultant fare losses are covered by a specific budgetary provision in addition to the usual budget provision for services falling within this Tariff Table.								
	10.6	**General:**								
		(a) The concessions in Categories 2(b) and 3 will apply only if the Director authorises such on an individual basis, where exceptional circumstances justifying such concession exist.								
		(b) Persons falling within Category 2 & 3 are exempted from paying the prescribed fares only if they have the necessary identification, and a pass signed by the Director giving them specific authorisation.								
		(c) No contractors other than those listed above may be exempted from paying the prescribed fares, except in exceptional cases and only in compliance with the remainder of the provisions of this Condition 10.								
		(d) Fare Rules may be issued regulating the Concessions in this Condition 10 in more detail, and such Fare Rules may amend the detailed provisions of the remainder of this Condition 10 to facilitate practical implementation, to avoid fare evasion and to achieve the general objectives of these Concessions.

	13.	All decisions permitted or implied in these conditions may be taken by the Manager responsible for Automated Fare Collection in consultation with the Manager responsible for *Transport* Business Planning and the Manager responsible for ~~[Contract]~~ *Vehicle* Operations, all in the Transport Directorate; alternatively by the ED.								
	14.	Conditions regarding all fares and fees in terms of Item 2:								

	FARE LEVEL ONE									
CAT.	**Item No**	**SERVICES**	**UNIT**	**REMARKS**	**VAT**	**2021/22**	**2021/22**	***2022/23***	***2022/23***	**% Increase/ Decrease**
		RENDERED and related transport products			**Yes/No**	**Recalculated**	**R**	**Recalculated**	**R**	**after rounding**
						excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	14.1	The boarding fare will be charged when checking in to the fare system, and the distance-based component (being the fare for the Journey up to that point minus the boarding fare applicable to the relevant fare) will be charged when checking out. The fare at which the boarding fare or the distance-based fare will be charged will be the lowest fare applicable, in the following order: first against a transit product available; then the Mover Fare (if sufficient Mover points are available for the full fare due at that stage of the Journey); then the Standard fare (depending on whether there is sufficient credit available). This is so notwithstanding the fact that the fares in Item 2 appear to be for the full Journey.								
	14.1A	*The Standard fare may be made applicable to journeys paid by specified fare media, such as credit or debit cards, as indicated in the Fare Rules;*								
	14.2	Where insufficient Mover Points are available in a Mover Package to cover the total fare payable at that stage, a Standard fare may be charged, and any remaining balance in the Mover Packages need not be used towards payment of such fare.								
	14.3	When a Passenger checks in to the public transport system (and boarding fare is charged in terms of Condition 14.1) using the Mover Package fare, and checks out at the same location (e.g. the same station or the same bus at the same bus stop) within a period set in the MyCiTi fare rules without travelling at all (i.e. the card records that the distance travelled is 0 km), the fare may be reversed. This rule is subject to amendment by the City, by way if a change in the fare rules.								
	14.4	The following definition of a single Journey will apply, subject to Condition 14.8: If a Passenger checks in to a subsequent bus / station within 2 and a half hours of first checking into the system, and there is less than 45 minutes (give of take 5 minutes) between such checking out and checking in again, then the Journey is considered a single Journey and distance is calculated on the total Journey distance and not as separate trips, even when the transfers occur outside a station.								
	14.5	Mover points purchased will be redeemed as the Passenger travels, at the rate set in *this tariff table* , with the result that the number of points needed for a Journey will be deducted from the total number of points recorded on the card or otherwise as available as Mover points. Similarly, additional Mover points purchased will be added to the Mover points recorded on the card or otherwise.								
	14.6	A Mover point is equivalent to the monetary value of the point. E.g. an R80 Mover Package loads 80.00 points, and the number of points equivalent to the fare will be deducted from the balance of points available on the Smartcard.								
	14.7	When the functionality of the Mover Package / Mover Points is available to an App (or similar programme) on a mobile telephone (or another device), and where this is authorised by the ED [~~: Transport~~], all references in this Tariff Table to Mover Package / Mover Points shall be read as applicable to their equivalent via such App (or similar programme) *and the provisions of the Fare Rules* .								
	14.8	In the event that a system using one validator in a feeder environment (excl 6m buses), rather than two validators (upon which Condition 14.4 is based) is activated by Notice in the Press, then the following definition of a single Journey will apply: If a Passenger checks in to or out of a subsequent bus / station within 3 hours of first checking into the system, and there is less than 45 minutes between such checking out and checking in again (give or take 5 minutes), then the Journey is considered a single Journey and distance is calculated on the total Journey distance and not as separate trips, even when the transfers occur outside a station. If the Passenger checks in after the 3 hours the system will charge the difference between the relevant non-closure fare and the fare already paid, and thus will charge the maximum fare for using the system, irrespective of the distance travelled. If circumstances indicate that the Passenger is likely to have missed a check-in or check-out step during a Journey a non-closure fare may be charged.								
	14.9	The ED [~~: Transport~~] may issue a Notice in the Press to the effect that Passengers may pay fares with a credit or debit card which is a contactless card (and therefore is enabled for near field communication)-whether it contains the National Department of Transport data structure as referred to in the Regulations or not. From a date indicated in such notice, the following rules apply: (a) The "A" Fares may apply, if so indicated in the Notice, namely: (i) A system-wide one-journey ticket for Non-Premium services, whether in the Spender or Saver Period: The fare as in Item 2D.1a; (ii) A system-wide one-journey ticket including Premium services, whether in the Spender or Saver Period: The fare as in Item 2D.2. In such case the ED [~~: Transport~~] may issue Fare Rules to ensure that (i) a Passenger is disincentivised from only tapping out with such credit / debit card, to combat the possibility that a Passenger who tapped in using a Smartcard taps out with a credit / debit card to avoid paying the distance portion of the fare; and (ii) a Passenger tapping out using a credit / debit card at the Airport is charged for that Journey the fare as in Item 2D.2. This may include a condition that such Passengers would be charged the same fare on tap-in and on tap-out, with the Passenger being credited for any overcharge within one week; (b) Alternatively, that the following "B" fares may apply, as set out in the Fare Rules: Provided that a mechanism is implemented through which the Passenger is charged after travelling a full Journey in such a manner that the route, time of travel and distance can be determined in order to determine the relevant fare: the relevant *Spender fare* [Mover Fare in Item2C.1 or Item2C.2, plus up to 5% of such fare]; *(c) These rules may be amended by way of Fare Rules.*

						excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	15	Penalty Fares: (a) Where a Penalty Fare is charged, and the Passenger / person has through the same conduct also committed an offence in terms of any law, the criminal sanctions linked to such conduct may be enforced in addition to the charge of the Penalty Fare. (b) Where the Penalty Fare as set out in the fares is higher than the maximum transaction value [~~that is permitted when using the EMV component~~] of the Smartcard, as set out in the relevant exemption from the Financial Intelligence Centre Act (FICA) and its regulations *or for any other reason* , the person may be charged through multiple payments so as to charge the full applicable Penalty Fare. Alternatively, if the City so determines, the Penalty Fare may be reduced to be equal to such maximum transaction amount. (c) The cash value of Penalty Fares, when paid for through the Mover Package, shall be charged at an equivalent number of Mover Points to that applicable to the Standard Fare, taking into consideration the provisions of Condition 14.6. (d) If the ED [~~: Transport~~] has reason to believe that there is Gaming as referred to in Item 2E.1b, the ED [~~: Transport~~] may determine that, instead of activating the mechanism set out in such Item, that Passengers falling in the following category will be charged the following Penalty Fare: Where a Passenger on one Journey ("the Previous Journey") checks in but does not check out, and where the Standard Fare in the Spender Period between the stop that the Passenger had checked in on such Previous Journey and the stop where the Passenger checks in on the Next Journey is more than the applicable Penalty Fare in Items 2E.1a to 2E.2, that such Standard Fare in the *Spender* Period plus 10% is charged as a Penalty Fare, irrespective of the time that the Passenger had checked in on such Previous Journey or whether the card had Mover Points loaded.								
	16	The provision for the fees in Items 4B.14 to 4B.16 do not imply that any person who is prepared to pay the fee is entitled to obtain such permission. Regarding Item 4B.14 and 4B.15 the City reserves the right to refuse permission for such use, and may set terms and conditions if it grants it.								
	17	Where a Passenger fails to check out correctly, the City may, at its election, charge the applicable fare contained in items 2E.1 and 2E.2 when the Passenger next uses the service, in addition to the boarding fare chargeable when the Passenger next taps on a validator (whether checking in or out).								
	18	Regarding provisions on Non-Closure fares, above, where the circumstances indicate that it is likely that a Passenger has failed to check out in a previous trip and again failed to check in a subsequent trip, the Passenger may be charged two times the relevant non-closure fares, minus the fares already paid regarding those trips. Where the circumstances indicate that a Passenger accidentally tapped in or out twice at the same location, or where otherwise the system can detect that there is likely to be a good faith error, the Penalty Fare may be waived.								
	19	Conditions regarding all fares to Charter Services (Item 4)								
	19.1	The ED [~~: Transport~~], may discount the Charter Services above for long term charter services , being Charters Services for longer than 6 months, based on an assessment of the impact of having a longer term charter on the cost of the City providing such Charter Services and a reasonable income to the City. In setting such discount, the ED shall have regard to the principles in Condition 3(d)(ii) as well as whether the relevant facilities are otherwise likely to be unused or under utilised if not rented / chartered out.								
	19.2	Charter services for film use will be charged at an additional 15% surcharge on top of the Private Charter rate.								
	20	Tariff categories (as set out in first column in the Tariff Table)								
	PCR	PARTIAL COST RECOVERY	Where tariffs are set to recoup, at least in part, the costs of products or services that provide benefits to the users to encourage local economic development e.g. Informal Trading							
	S	SUBSIDIZING	Where one group of users pay more than the costs of the goods/services that they receive, and the 'surplus' is used to offset the cost of goods/services provided to other users within the same service.							
	SB	SOCIAL BENEFIT	Where tariffs are set at affordable levels which encourages usage and does not cover the cost of products or services (neither partially nor fully) but provides benefits to low income users e.g. pauper burials/cremations							
	MR	MARKET RELATED	Where tariffs are set at a level to ensure financial sustainability of the service e.g. Electricity (Large Power Users)

FARE LEVEL ZERO										
CAT.	Item No	SERVICES	UNIT	REMARKS	VAT	2021/22	2021/22	2022/23	2022/23	% Increase / Decrease
		RENDERED and related transport products			Yes/No	Recalculated	R	Recalculated	R	after rounding
						excl. VAT	incl. VAT	excl. VAT	incl. VAT	
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	*15.00*		*15.00*		*0.0%*
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	*30.00*		*30.00*		*0.0%*
SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	*35.00*		*33.00*		*-5.7%*
SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	*84.00*		*85.00*		*1.2%*
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	*427.00*		*455.00*		*6.6%*
SB	2E.4	Racketeering Penalty Fare	To the scammer, per Passenger involved in such fare evasion	A Racketeering Penalty Fare is a penalty for scamming and is meant to deter the commercialised or black market abuse of Monthly, Saver or other transit products - rounded up to the closest R100. "Scamming" includes making a card available to a Passenger for a fee, where this is against Condition 3(j) or the Fare Rules. Notwithstanding the Racketeering Penalty being charged to a scammer, each Passenger involved in such scamming may be charged the Full Fare Evasion Penalty Fare.	No (exempt)	*2 300.00*		*2 500.00*		*8.7%*
	2F	**Smartcard Issuing Fee**								
SB	2F.1	myconnect Smartcard Issuing Fee	Per Smartcard	The myconnect Smartcard issuing fee is to be charged to any Passenger to whom a myconnect Smartcard is issued, subject to the terms and conditions.	No (exempt)	*35.00*		*35.00*		*0.0%*
SB	2F.1A	myconnect Smartcard Issuing Fee: adjustment due to Gaming	Per Smartcard	As in Item 2F.1 - if Gaming is detected as set out in Item 2E.1b, then the Smartcard issuing fee will be increased as per this item.	No (exempt)	*62.70*		*62.70*		*0.0%*
SB	2F.2	myconnect Smartcard Repurchase administration fee	Deducted per Smartcard		No (exempt)	*10.00*		*10.00*		*0.0%*

	3	**Extension of existing services:**	**Fare Level Two**	The City may agree to extend the hours of any existing service or may add new or amended services on request of any external party subject to the additional fees payable below. The fee will be the aggregate of the hourly and km fees for Item No 3. Where the actual hours of operation are more than the booked hours, the charge will be for the actual hours. The relevant services will remain open to the public, and fares charged will be retained by the City. The km fees below include the kms of travel to and from the depot to the start or end of the service (i.e. the City will charge for such positioning kms).						
FCR	3.1	Extended hours: hourly fee between 06:00 and 24:00	per vehicle per hour or part thereof	Fee chargeable for hours of availability, whether the relevant vehicles are used or not. In addition the event hourly and km fees are payable.	No (exempt)	*642.00*		*686.00*		*6.9%*
FCR	3.2	Extended hours: hourly fee between 24:00 and 06:00	per vehicle per hour or part thereof	Fee chargeable for hours of availability, whether the relevant vehicles are used or not. In addition the event daily and km fees are payable.	No (exempt)	*963.00*		*1 030.00*		*7.0%*
FCR	3.3	Extended hours: km fee for 6m vehicles	per 6m vehicle per km (or part thereof) travelled	Fee chargeable for all kilometres actually travelled as part of the service. In addition the event hourly fees are payable.	No (exempt)	*17.00*		*18.00*		*5.9%*
FCR	3.4	Extended hours: km fee for 9m vehicles	per 9m vehicle per km (or part thereof) travelled	Fee chargeable for all kilometres actually travelled as part of the service. In addition the event hourly fees are payable.	No (exempt)	*25.00*		*26.00*		*4.0%*
FCR	3.5	Extended hours: km fee for 12m vehicles	per 12m vehicle per km (or part thereof) travelled	Fee chargeable for all kilometres actually travelled as part of the service. In addition the event hourly fees are payable.	No (exempt)	*29.00*		*31.00*		*6.9%*
FCR	3.6	Extended hours: km fee for 18m vehicles	per 18m vehicle per km (or part thereof) travelled	Fee chargeable for all kilometres actually travelled as part of the service. In addition the event hourly fees are payable.	No (exempt)	*30.00*		*32.00*		*6.7%*
	4	**Charter and other services:**	Fare Level Zero	Notes regarding Item Nos 4A and 4B: (a) These fees are payable regarding events, and for other services per hire (subject to the IRT vehicle use and ticket seller policy, if in place). (b) Where the actual hours of operation are more than the booked hours, the charge will be for the actual hours. (c) Where required by the City, the client must ensure that all Passengers are issued with a ticket that the City may use to control access to the service. This could be an event ticket itself. (d) The km fees below include the km's of travel to and from the depot to the start or end of the service. (e) Regarding Item No 4A and 4B the fee will be the aggregate of the relevant daily, hourly and the km fees. The items re Charters are subject to the provisions of Condition 19 below.						
	4A	**At-cost charter rates**	Fare Level Zero	This fee reflects the actual cost of the service (excluding overheads). To be used for events that the City sponsors, and for charters for temporary replacement of scheduled and government subsidised public transport, at the discretion of the Manager responsible for Contracted Public Transport Operations ("Operations Manager").

This is a manual ticket at a fare slightly lower than the Smartcard issuing fee to discourage purchasing the Smartcard by a Passenger likely to only do a single trip. Price rounded up to the closest R5.	No (exempt)	*32.00*		*30.00*		*-6.3%*
SB	2D.1b.1	Single-trip ticket for non-Premium service: Spender and Saver, under 5km	per person per trip (one way)	For special circumstance where the majority of Passengers are expected not to be regular customers, but are likely to travel for a single leg of Journey, or for a return. This is for use especially where majority of travel is likely to be in the Saver period, and where tickets are sold through bulk sales.	No (exempt)	*11.00*		*12.00*		*9.1%*
SB	2D.1b.2	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 5 km or longer, but less than 20 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*19.00*		*19.00*		*0.0%*
SB	2D.1b.3	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 20 km or longer, but less than 40 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*24.00*		*25.00*		*4.2%*
SB	2D.2	One-trip ticket for the Premium service: Spender and Saver	per person per trip (one way)	As per Item 2D.1a, for a Journey including a trip to or from the Airport	No (exempt)	*92.00*		*94.00*		*4.3%*
SB	2D.3	Payment for return of card used for single-trips	Per card repurchased by the City	Per card, for re-use for further single fares. Initially, no such card fee will be paid to Passengers returning cards, since they will be encouraged to do so on a voluntary basis. However, fee can be activated and thereafter deactivated at the election of the City. When activated, Passenger may sell card back to the City, subject to terms & conditions as may be determined by the City.	No (exempt)	*5.00*		*5.00*		*0.0%*

						excl. VAT	incl. VAT	excl. VAT	incl. VAT	
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	*15.00*		*15.00*		*0.0%*
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	*30.00*		*30.00*		*0.0%*
SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	*35.00*		*35.00*		*0.0%*
SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	*90.00*		*90.00*		*0.0%*
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	*460.00*		*480.00*		*4.3%*
SB	2E.4	Racketeering Penalty Fare	To the scammer, per Passenger involved in such fare evasion	A Racketeering Penalty Fare is a penalty for scamming and is meant to deter the commercialised or black market abuse of Monthly, Saver or other transit products - rounded up to the closest R100. "Scamming" includes making a card available to a Passenger for a fee, where this is against Condition 3(j) or the Fare Rules. Notwithstanding the Racketeering Penalty being charged to a scammer, each Passenger involved in such scamming may be charged the Full Fare Evasion Penalty Fare.	No (exempt)	*2 500.00*		*2 600.00*		*4.0%*

						excl. VAT	incl. VAT	excl. VAT	incl. VAT	
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	*18.00*		*17.00*		*-5.6%*
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	*35.00*		*34.00*		*-2.9%*
SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	*40.00*		*36.00*		*-10.0%*
SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	*97.00*		*95.00*		*-2.1%*
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	*494.00*		*507.00*		*2.6%*

	1	**Item 1 (re "Interim fares") deleted in previous years**							
	2	**Public Transport Fares**	**Fare Level Three**						
	2A	**Mover Packages**		Value can be added onto the card as money or as a Mover Package. The Mover Packages give added benefit such as covering the bank load fees and enabling the discounted Mover Fare to be charged compared to fares charged against money loaded. Mover Packages load points equivalent to the rand value. Conditions 2.6a and 14 apply to loading and charging of fares against the balance of points on the Smartcard.					
SB	2A.1A	Mover 20	Per load	Loads the equivalent points on the Smartcard without having to pay load fees. Available only where determined appropriate, i.e. where kiosk queue lengths are not compromised due to repeated loads.	No (exempt)	New		*20.00*	
SB	2A.1B	Mover 50	Per load	Loads the equivalent points on the Smartcard without having to pay load fees. It also enables Mover Fare fares to be charged i.e. at a reduction in fare compared to the Standard fares.	No (exempt)	New		*50.00*	
SB	2A.1A	Mover 60	Per load	As in Item 2A.1B.	No (exempt)	New		*60.00*	
SB	2A.1	Mover 80	Per load	As in Item 2A.1B.	No (exempt)	New		*80.00*	
SB	2A.2	Mover 100	Per load	As re Item 2A.1 B	No (exempt)	New		*100.00*

FARE LEVEL FOUR									
CAT.	Item No	SERVICES RENDERED	UNIT	REMARKS	VAT	2021/22	2021/22	2022/23	2022/23
		and related transport products			Yes/No	Recalculated	R	Recalculated	R
						excl. VAT	incl. VAT	excl. VAT	incl. VAT
SB	2D.1a	System-wide one-trip ticket for non-Premium service: Spender and Saver Period	per person per trip (one way)	For a Passenger without a Smartcard who wish to make a single Journey. This is a manual ticket at a fare slightly lower than the Smartcard issuing fee to discourage purchasing the Smartcard by a Passenger likely to only do a single trip. Price rounded up to the closest R5.	No (exempt)	New		*36.00*	
SB	2D.1b.1	Single-trip ticket for non-Premium service: Spender and Saver, under 5km	per person per trip (one way)	For special circumstance where the majority of Passengers are expected not to be regular customers, but are likely to travel for a single leg of Journey, or for a return. This is for use especially where majority of travel is likely to be in the Saver period, and where tickets are sold through bulk sales.	No (exempt)	New		*13.00*	
SB	2D.1b.2	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 5 km or longer, but less than 20 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	New		*21.00*	
SB	2D.1b.3	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 20 km or longer, but less than 40 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	New		*28.00*	
SB	2D.2	One-trip ticket for the Premium service: Spender and Saver	per person per trip (one way)	As per Item 2D.1a, for a Journey including a trip to or from the Airport	No (exempt)	New		*107.00*	
SB	2D.3	Payment for return of card used for single-trips	Per card repurchased by the City	Per card, for re-use for further single fares. Initially, no such card fee will be paid to Passengers returning cards, since they will be encouraged to do so on a voluntary basis. However, fee can be activated and thereafter deactivated at the election of the City. When activated, Passenger may sell card back to the City, subject to terms & conditions as may be determined by the City.	No (exempt)	New		*5.00*	
	2E	**Penalties and non-closure fares**							
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	New		*18.00*	
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	New		*36.00*

						excl. VAT	incl. VAT	excl. VAT	incl. VAT
SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	New		*38.00*	
SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	New		*99.00*	
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	New		*533.00*	
SB	2E.4	Racketeering Penalty Fare	To the scammer, per Passenger involved in such fare evasion	A Racketeering Penalty Fare is a penalty for scamming and is meant to deter the commercialised or black market abuse of Monthly, Saver or other transit products - rounded up to the closest R100. "Scamming" includes making a card available to a Passenger for a fee, where this is against Condition 3(j) or the Fare Rules. Notwithstanding the Racketeering Penalty being charged to a scammer, each Passenger involved in such scamming may be charged the Full Fare Evasion Penalty Fare.	No (exempt)	New		*2 876.00*	
	2F	**Smartcard Issuing Fee**							
SB	2F.1	myconnect Smartcard Issuing Fee	Per Smartcard	The myconnect Smartcard issuing fee is to be charged to any Passenger to whom a myconnect Smartcard is issued, subject to the terms and conditions.	No (exempt)	New		*35.00*	
SB	2F.1A	myconnect Smartcard Issuing Fee: adjustment due to Gaming	Per Smartcard	As in Item 2F.1 - if Gaming is detected as set out in Item 2E.1b, then the Smartcard issuing fee will be increased as per this item.	No (exempt)	New		*63.00*	
SB	2F.2	myconnect Smartcard Repurchase administration fee	Deducted per Smartcard	Subject to Condition 2.6b(a). Deducted per Smartcard repurchased from the Issuing Fee.	No (exempt)	New		*10.00*	
SB	2F.3	myconnect Smartcard replacement fee on expiry of card	Per Smartcard replaced	Replacement due to expiry (based on banking rules): Discounted purchase price	No (exempt)	New		*22.00*	
	2G	**Redundancy manual tickets**		Condition 14.4 will not apply during redundancy conditions

SB	2D.1a	System-wide one-trip ticket for non-Premium service: Spender and Saver Period	per person per trip (one way)	For a Passenger without a Smartcard who wish to make a single Journey. This is a manual ticket at a fare slightly lower than the Smartcard issuing fee to discourage purchasing the Smartcard by a Passenger likely to only do a single trip. Price rounded up to the closest R5.	No (exempt)	*New*		*37.00*	
SB	2D.1b.1	Single-trip ticket for non-Premium service: Spender and Saver, under 5km	per person per trip (one way)	For special circumstance where the majority of Passengers are expected not to be regular customers, but are likely to travel for a single leg of Journey, or for a return. This is for use especially where majority of travel is likely to be in the Saver period, and where tickets are sold through bulk sales.	No (exempt)	*New*		*14.00*	
SB	2D.1b.2	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 5 km or longer, but less than 20 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*New*		*23.00*	
SB	2D.1b.3	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 20 km or longer, but less than 40 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*New*		*29.00*	
SB	2D.2	One-trip ticket for the Premium service: Spender and Saver	per person per trip (one way)	As per Item 2D.1a, for a Journey including a trip to or from the Airport	No (exempt)	*New*		*112.00*	
SB	2D.3	Payment for return of card used for single-trips	Per card repurchased by the City	Per card, for re-use for further single fares. Initially, no such card fee will be paid to Passengers returning cards, since they will be encouraged to do so on a voluntary basis. However, fee can be activated and thereafter deactivated at the election of the City. When activated, Passenger may sell card back to the City, subject to terms & conditions as may be determined by the City.	No (exempt)	*New*		*5.00*	
	2E	**Penalties and non-closure fares**							
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	*New*		*15.00*	
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	*New*		*30.00*

SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	*New*		*33.00*	
SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	*New*		*85.00*	
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	*New*		*455.00*	
SB	2E.4	Racketeering Penalty Fare	To the scammer, per Passenger involved in such fare evasion	A Racketeering Penalty Fare is a penalty for scamming and is meant to deter the commercialised or black market abuse of Monthly, Saver or other transit products - rounded up to the closest R100. "Scamming" includes making a card available to a Passenger for a fee, where this is against Condition 3(j) or the Fare Rules. Notwithstanding the Racketeering Penalty being charged to a scammer, each Passenger involved in such scamming may be charged the Full Fare Evasion Penalty Fare.	No (exempt)	*New*		*2 460.00*	
	2F	**Smartcard Issuing Fee**							
SB	2F.1	myconnect Smartcard Issuing Fee	Per Smartcard	The myconnect Smartcard issuing fee is to be charged to any Passenger to whom a myconnect Smartcard is issued, subject to the terms and conditions.	No (exempt)	*New*		*35.00*	
SB	2F.1A	myconnect Smartcard Issuing Fee: adjustment due to Gaming	Per Smartcard	As in Item 2F.1 - if Gaming is detected as set out in Item 2E.1b, then the Smartcard issuing fee will be increased as per this item.	No (exempt)	*New*		*63.00*	
SB	2F.2	myconnect Smartcard Repurchase administration fee	Deducted per Smartcard	Subject to Condition 2.6b(a). Deducted per Smartcard repurchased from the Issuing Fee.	No (exempt)	*New*		*10.00*	
SB	2F.3	myconnect Smartcard replacement fee on expiry of card	Per Smartcard replaced	Replacement due to expiry (based on banking rules): Discounted purchase price	No (exempt)	*New*		*22.00*

						excl. VAT	incl. VAT	excl. VAT	incl. VAT
SB	2D.1b.1	Single-trip ticket for non-Premium service: Spender and Saver, under 5km	per person per trip (one way)	For special circumstance where the majority of Passengers are expected not to be regular customers, but are likely to travel for a single leg of Journey, or for a return. This is for use especially where majority of travel is likely to be in the Saver period, and where tickets are sold through bulk sales.	No (exempt)	*New*		*14.00*	
SB	2D.1b.2	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 5 km or longer, but less than 20 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*New*		*24.00*	
SB	2D.1b.3	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 20 km or longer, but less than 40 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*New*		*31.00*	
SB	2D.2	One-trip ticket for the Premium service: Spender and Saver	per person per trip (one way)	As per Item 2D.1a, for a Journey including a trip to or from the Airport	No (exempt)	*New*		*117.00*	
SB	2D.3	Payment for return of card used for single-trips	Per card repurchased by the City	Per card, for re-use for further single fares. Initially, no such card fee will be paid to Passengers returning cards, since they will be encouraged to do so on a voluntary basis. However, fee can be activated and thereafter deactivated at the election of the City. When activated, Passenger may sell card back to the City, subject to terms & conditions as may be determined by the City.	No (exempt)	*New*		*5.00*	
	2E	**Penalties and non-closure fares**							
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	*New*		*15.00*	
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	*New*		*30.00*	
SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	*New*		*33.00*

SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	*New*		*85.00*	
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	*New*		*455.00*	
SB	2E.4	Racketeering Penalty Fare	To the scammer, per Passenger involved in such fare evasion	A Racketeering Penalty Fare is a penalty for scamming and is meant to deter the commercialised or black market abuse of Monthly, Saver or other transit products - rounded up to the closest R100. "Scamming" includes making a card available to a Passenger for a fee, where this is against Condition 3(j) or the Fare Rules. Notwithstanding the Racketeering Penalty being charged to a scammer, each Passenger involved in such scamming may be charged the Full Fare Evasion Penalty Fare.	No (exempt)	*New*		*2 460.00*	
	2F	**Smartcard Issuing Fee**							
SB	2F.1	myconnect Smartcard Issuing Fee	Per Smartcard	The myconnect Smartcard issuing fee is to be charged to any Passenger to whom a myconnect Smartcard is issued, subject to the terms and conditions.	No (exempt)	*New*		*35.00*	
SB	2F.1A	myconnect Smartcard Issuing Fee: adjustment due to Gaming	Per Smartcard	As in Item 2F.1 - if Gaming is detected as set out in Item 2E.1b, then the Smartcard issuing fee will be increased as per this item.	No (exempt)	*New*		*63.00*	
SB	2F.2	myconnect Smartcard Repurchase administration fee	Deducted per Smartcard	Subject to Condition 2.6b(a). Deducted per Smartcard repurchased from the Issuing Fee.	No (exempt)	*New*		*10.00*

	3	**Extension of existing services:**	**Fare Level Three**	The City may agree to extend the hours of any existing service or may add new or amended services on request of any external party subject to the additional fees payable below. The fee will be the aggregate of the hourly and km fees for Item No 3. Where the actual hours of operation are more than the booked hours, the charge will be for the actual hours. The relevant services will remain open to the public, and fares charged will be retained by the City. The km fees below include the kms of travel to and from the depot to the start or end of the service (i.e. the City will charge for such positioning kms).					
FCR	3.1	Extended hours: hourly fee between 06:00 and 24:00	per vehicle per hour or part thereof	Fee chargeable for hours of availability, whether the relevant vehicles are used or not. In addition the event hourly and km fees are payable.	No (exempt)	*New*		*933.00*

SB	2D.1a	System-wide one-trip ticket for non-Premium service: Spender and Saver Period	per person per trip (one way)	For a Passenger without a Smartcard who wish to make a single Journey. This is a manual ticket at a fare slightly lower than the Smartcard issuing fee to discourage purchasing the Smartcard by a Passenger likely to only do a single trip. Price rounded up to the closest R5.	No (exempt)	*New*		*41.00*	
SB	2D.1b.1	Single-trip ticket for non-Premium service: Spender and Saver, under 5km	per person per trip (one way)	For special circumstance where the majority of Passengers are expected not to be regular customers, but are likely to travel for a single leg of Journey, or for a return. This is for use especially where majority of travel is likely to be in the Saver period, and where tickets are sold through bulk sales.	No (exempt)	*New*		*15.00*	
SB	2D.1b.2	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 5 km or longer, but less than 20 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*New*		*25.00*	
SB	2D.1b.3	Single-trip ticket for non-Premium service: Spender and Saver, for travel of 20 km or longer, but less than 40 km	per person per trip (one way)	As for Item 2D.1b.1. Round up to R1.	No (exempt)	*New*		*32.00*	
SB	2D.2	One-trip ticket for the Premium service: Spender and Saver	per person per trip (one way)	As per Item 2D.1a, for a Journey including a trip to or from the Airport	No (exempt)	*New*		*122.00*	
SB	2D.3	Payment for return of card used for single-trips	Per card repurchased by the City	Per card, for re-use for further single fares. Initially, no such card fee will be paid to Passengers returning cards, since they will be encouraged to do so on a voluntary basis. However, fee can be activated and thereafter deactivated at the election of the City. When activated, Passenger may sell card back to the City, subject to terms & conditions as may be determined by the City.	No (exempt)	*New*		*5.00*	
	2E	**Penalties and non-closure fares**							
SB	2E.1	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - First two penalties	Per Passenger	It is the responsibility of a Passenger to check in and out when entering the system. The non-closure fare is charged where a Passenger either does not check in, or does not check out, or does not check in or out correctly - other than with respect to travel on a Premium Route. This applies where there is no clear indication of an intention to evade fare or where the penalty is charged automatically.	No (exempt)	*New*		*15.00*	
SB	2E.1a	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare - 3rdand subsequent penalties	Per Passenger	As per Item 2E.1 - 4th and subsequent penalty.	No (exempt)	*New*		*30.00*

SB	2E.1b	When on non-premium routes and not checking in or not checking out: non-closure fare / Minimum fare evasion Penalty Fare (increase in case of Gaming) - 3rd and subsequent penalties	Per Passenger	As re item 2E.1a. This higher level of the minimum non-closure Penalty Fare (in replacement of item 2E.1) may be activated by the City through a Notice in the Press where information suggests that a significant number of Passengers is likely to be Gaming the system, e.g. to be travelling more than 40km in distance do not tap out because the fare evasion Penalty Fare is lower than the fare for the 40km+ distance band or to have such effect even if not intended. In such case the smartcard purchase fee may be increased as set out in item 2F.1A, either in addition to this measure, or as an alternative to it.	No (exempt)	*New*		*33.00*	
SB	2E.2	When on a Premium Route and not checking in or not checking out: Premium non-closure fare	Per Passenger	Similar to Item 2E.1 , here applicable to a Premium Route, with the exception that a Passenger found not to have checked in or out on a Premium Route (whether previously travelled on a non-premium route or not) for any reason, must be charged the premium non-closure fare.	No (exempt)	*New*		*85.00*	
SB	2E.3	Full Fare Evasion Penalty Fare	Per Passenger involved in such fare evasion	A Fare evasion Penalty Fare is charged where a person is likely to have evaded or attempted to evade paying a fare - see condition 2.2. Applicable to both premium and Non-Premium Routes.	No (exempt)	*New*		*455.00*	
SB	2E.4	Racketeering Penalty Fare	To the scammer, per Passenger involved in such fare evasion	A Racketeering Penalty Fare is a penalty for scamming and is meant to deter the commercialised or black market abuse of Monthly, Saver or other transit products - rounded up to the closest R100. "Scamming" includes making a card available to a Passenger for a fee, where this is against Condition 3(j) or the Fare Rules. Notwithstanding the Racketeering Penalty being charged to a scammer, each Passenger involved in such scamming may be charged the Full Fare Evasion Penalty Fare.	No (exempt)	*New*		*2 460.00*	
	2F	**Smartcard Issuing Fee**							
SB	2F.1	myconnect Smartcard Issuing Fee	Per Smartcard	The myconnect Smartcard issuing fee is to be charged to any Passenger to whom a myconnect Smartcard is issued, subject to the terms and conditions.	No (exempt)	*New*		*35.00*	
SB	2F.1A	myconnect Smartcard Issuing Fee: adjustment due to Gaming	Per Smartcard	As in Item 2F.1 - if Gaming is detected as set out in Item 2E.1b, then the Smartcard issuing fee will be increased as per this item.	No (exempt)	*New*		*63.00*	
SB	2F.2	myconnect Smartcard Repurchase administration fee	Deducted per Smartcard	Subject to Condition 2.6b(a). Deducted per Smartcard repurchased from the Issuing Fee.	No (exempt)	*New*		*10.00*	
SB	2F.3	myconnect Smartcard replacement fee on expiry of card	Per Smartcard replaced	Replacement due to expiry (based on banking rules): Discounted purchase price	No (exempt)	*New*		*22.00*

		Terms and conditions applicable to Dial-a-Ride tariff							
	1	The terms and conditions applicable to Contracted Road-Based Public Transport will apply to Dial-a-Ride services, read with the changes required by the context.							
	2	In order to achieve integrated ticketing, and as soon as appropriate equipment is available on Dial-a-Ride services to allow the AFC system to operate, the ED may activate free transfers between Dila-a-Ride and MyCiTi, in order also to allow free transfers with MyCiTi, from a date as notified in the press. From such date the remainder of the Contracted Road-based Public Transport tariff tables will apply to Dial-a-Ride, instead of this Dial-a-Ride tariff. [~~In order to achieve integrated ticketing, including free transfers between Dial-a-Ride services and other Contracted Road-based Public Transport services, the ED:Transport may make the Contracted Road-based Public Transport tariff table applicable to Dial-a-Ride services, in place of the tariffs above, from a date as notified in the press.~~]

	Part A2. MANAGED PARK-AND-RIDE SERVICES								
	1. The park-and-ride parking fees apply to areas where there is a need for additional services (such as the security provided by parking marshals) in order to encourage use of public transport, therefore requiring parking management. These discounted fees are applicable to parkers using Transport Public Transport Services (as confirmed by integrated electronic payment methods), or where no integrated electronic methods are available, discounted fees are applicable to parkers who are assumed to be using such services.								
	Applies to areas within walking distance of public transport and other Managed Park-and-Ride Areas stations and stops, designated as Managed Park-and-Ride Areas by the Executive Director: Transport, following an appropriate investigation. When designating parking as a Managed Park-and-Ride area, the Executive Director: Transport shall determine which category of Park-and-ride will apply to the area.								
	A2.1 Category 1: Applies to PT 1 areas								
	A2.1.1 Short term on- and off-street municipally-owned or leased parking (under 4 continuous hours) - variable tariff as determined by usage percentage.

	A3.7(a) Service fees for release of wheel clamped or towed/impounded vehicles, per vehicle per parking incident: The Traffic Services tariff will also apply to parking management, where the same fees will apply whether the clamping or impounding services are provided by a Transport -hired contractor or Transport itself, which fees will accrue to Transport . Where towing is conducted through the Transport parking management contract, the towing fee is payable to Transport by the Traffic Services impound service provider after the fee has been recovered from the vehicle owner/driver.								
	(b) The Tariff for these specific items is equal to the City of Cape Town Traffic Services Department's tariff table update for the appropriate year period for towed/impounded and wheel clamped vehicles, entitled SAFETY AND SECURITY - TRAFFIC SERVICES. The Traffic Services tariff table can be found on the City of Cape Town's website under Traffic Services, the section for impoundments.								
	Part A4. CONDITIONS APPLICABLE TO TARIFF TABLE								
	1 Application 1.1 These Conditions apply to parking paid for by means of any payment method that can be practically applied, from a date determined by the Executive Director: Transport in terms of condition 3.1.1, or 3.1.2 1.2 The Executive Director: Transport may determine which conditions apply and the extent to which they apply to different parts of parking management services and to different payment methods based on what is practically required. 1.3 Any provision within this tariff that requires an amendment to a bylaw or other law, shall not be applied until the required amendment has been made, but only to the extent to which such an amendment is required. *"1.4 Operating hours: As parking management areas are extended and the new parking management system is implemented new operating hours must be determined as core business hours, after hours, weekends and public holidays.* *1.5 Regime I Tariffs will be applicable as of the 1st July 2022. Regime II will be implemented from a date determined by the Executive Director: Transport*

	2 Definitions 2.1 The definitions below may include substantive provisions. 2.2 Terms used in this tariff that are defined in the Tariff for Contracted Road-Based Public Transport Services have the meanings assigned to them as set out in that Tariff, unless the context indicates differently.								
	2.3 In these conditions the following terms have the meanings assigned to them, unless otherwise indicated by the context: 2.3.1 “Administration fee” means the Parking B smartcard administration fee payable in terms of condition 4.2.3.4; 2.3.2 “Card” as used in this tariff and these conditions means a smartcard or any other electronic payment method; 2.3.3 “City” is the municipality of the City of Cape Town; 2.3.4 "Executive Director: Transport" means the Executive Director: Transport:. The Executive Director: Transport may delegate any function assigned by these tariffs to the Executive Director: Transport to another official.								
	2.3.5 "Electronic parking payment system" means an electronic payment system used to pay for managed parking, using smartcards or another electronic payment system as payment method, the base of which will be the Automated Fare Collection System as defined in the Tariff for Contracted Road-Based Public Transport Services; 2.3.6 “Park” means parking a vehicle or the stopping of a vehicle for longer than is necessary to get out of the vehicle in a managed parking area or in a location where parking is not permitted; 2.3.7 “Parker” is a person parking a vehicle and, in the absence of information as to who this person is, the owner of the vehicle that has been so parked or stopped; 2.3.8 “Parking marshal” is a person facilitating payment for parking by a parker in a managed parking area, and fulfilling all other relevant managed parking functions, whether the person is a City official or an employee of a contractor contracted to manage parking on behalf of the City;								
	2.3.9 “Managed parking area” means a parking bay, a precinct, an area, zone or street where parking is managed and charged for or to be managed and charged for in terms of this Tariff; 2.3.10 "Transport Public Transport Services" refer to MyCiTi integrated rapid transit services as well as any other public transport service designated by the Executive Director: Transport as acceptable for application of the fees in Part A2; 2.3.10 A "penalty fee" means any parking penalty fee payable in terms of the Parking Tariff, including: the penalty fees to be charged in terms of condition 5; penalty fees due because a parker has stayed longer than period shown on the pay-and-display receipt or longer than the maximum parking period; illegal parking; wheel-clamp release fees; penalty fees for tampering with or damaging wheel-clamp.; 2.3.11 "Redundancy conditions" refer to conditions that apply in the instance when a necessary part of the electronic parking payment system is not operating as planned or is expected not to be operating as planned, such as when the system for loading money or points on the smartcard is down, or when the electricity supply is interrupted, or for any other reason; Provided that an appropriate Transport Parking Rule may be issue in terms of which any redundancy parking vouchers or alternative system may be used where required for other material operational reasons; 2.3.12 “Smartcard” means a “Smartcard” as defined in the Tariff for Contracted Road-Based Public Transport Services or any other electronic charging card using mifare-type technology, subject to condition 3.1.2; provided that, where any condition refers to a smartcard, the Executive Director: Transport may apply the relevant condition to other methods of payment;								

	URBAN MOBILITY - NETWORK MANAGEMENT - PARKING REGIME 1								
	Updated: November 2021 for 2022/23

				Yes/No	**Recalculated**	**R**	**Recalculated**	**R**	
					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	2.3.13 “Transport ” means the Transport Authority of the City , forming part of the City’s administration; 2.3.14 “Transport Parking Rules” and the rules related to parking and to payment for parking using a smartcard as may be displayed on the Transport website; 2.3.15 “Transport public transport services” means public transport services provided directly or through contract by the City and to which the Tariff regarding Contracted Public Transport Services apply. 2.3.16 "Occupancy" means the average percentage of time a bay or group of bays is occupied in a defined time period (day, month, year etc.) within the hours in which the bay(s) are actively managed or when the applicable parking tariff is charged/enforced by the management contractor. 2.3.17 "Without Electronic Charging Integrated with Public Transport" means where the electronic payment method used to pay parking fees is not integrated with the payment method used to pay for public transport fares; 2.3.18 "With Electronic Charging Integrated with Public Transport" means where the electronic payment method used to pay parking fees is integrated with the payment method used to pay for public transport fares; 2.3.19 "PT1" means areas where the use of public transport is promoted or available, but where Council considers the provision of public transport inadequate or where the use of motor vehicles is limited (as defined in the City of Cape Town Zoning Scheme Regulations, 2012); 2.3.20 "PT2" means areas where the use of public transport is promoted or available, but where Council considers the provision of public transport good or where the use of motor vehicles is very limited (as defined in the City of Cape Town Zoning Scheme Regulations, 2012).								
	~~2.3.21 "Core Zone 1" relates to core business areas around key public transport interchanges characterised by mixed use and commercial activities at moderate to high densities. These areas are high trip attracting areas with high parking demand but also supplied with well-established public transport network and infrastructure. Minimum % utilisation = >85%; High % mix of land uses predominantly commercial and business.~~ 2.3.21 "The Recreational Zone" is located adjacent to recreational attractions and amenities with high to moderate trip attractors especially during off peak hours and weekends. These areas are identified as established public destinations with limited commercial activities and low to moderate access to public transport networks or infrastructure. The management of recreational areas focuses on maintaining a balance between local residents and visitors during off-peak hours. Management ~~will~~ *may* need to take place during peak as well as off-peak hours to accommodate influx of visitors during recreational peak periods.								
	3 Payment using Smartcard or other electronic payments 3.1 Charging parking fees using cards 3.1.1 Subject to condition 3.1.2, from a date to be determined by the City on at least one month’s notice to the public by way of a notice in the press, all payment for parking shall be paid for using a MyConnect smartcard or another electronic payment method approved by the City; 3.1.2 The Executive Director: Transport may publish a notice in the press permitting the use of another EMV compliant card with structure as defined by the National Department of Transport; and / or any other bank card; and / or any other smartcard using mifare-type technology; and / or any other electronic payment method; 3.2 Preferred Payment Mechanisms 3.2.1 Both Parts A1 and A2 of this tariff table apply to card payments and any other electronic payment mechanisms supported by the system. The same tariff applies whether cash or card. This may be changed in line with additional policy changes and in order to incentivise necessary user behaviour. Cash will be replaced by card payments from a date as may be determined by the Executive Director: Transport; 3.2.2 The City may discount the tariff by up to 33.33% compared to the fees listed above when a parker uses such a payment method. The Executive Director: Transport may further determine that a surcharge of up to 50% shall apply regarding the fees listed above when a parker uses a payment method that the City wishes to discourage or where it increases the City costs if management in order to discourage use of that mechanism. These factors can be found in the tariff factor table in condition 8 of this tariff table below.								
	3.3 Registration for New Electronic Payment System: The registration fee set out in item A3.1, for the service is payable when registering with the service, unless the user also signs up with their credit or cheque card details and links these to their Smart Card/Mobile Application account, in which case no registration fee is payable. The Executive Director: Transport may waive the registration fee.								
	3.4 Where necessary for practicality, or where it is not technically possible to implement an element of the conditions or tariff table exactly as worded in this tariff table, the relevant element may be amended in programming of the fares, provided the relevant change is embodied in the Transport Parking Rules and published on the Transport website.

					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	4 Parking Payment Methods 4.1 Parking Payment Method A – pay-and-display 4.1.1 The pay-and-display payment mechanism, referred to as "Parking Payment Method A", applies by default and is thus the standard payment method unless the parker has taken all the required steps to be able to pay using Parking Payment Method B, as set out in 5 below. 4.2.1 When parking in a parking bay in a managed parking area, 4.2.1.1 the parker must draw the attention of the relevant parking marshal; indicate how long the parker intends to park; pay the relevant parking fee as per this Tariff using a smartcard; obtain a pay-and-display receipt for such payment; and display the receipt on the front dashboard of the parked vehicle or against the front windscreen in a manner such that it is clearly visible and will remain visible from the outside of the vehicle; and 4.2.1.2 if the parker intends to park or actually parks for a period longer than the pay-and-display receipt indicates, the parker must, prior to the expiry of the pay-and-display period, take the same steps as set out in 4.2.1.1 for any extended period of parking, provided that such extended period of parking is permitted.								
	4.2 Parking Payment Method B – tap-in / tap-out 4.2.1 The tap-in / tap-out payment mechanism, referred to as "Parking Payment Method B", applies where the parker has taken all the steps as set out in condition 4.2.3. 4.2.2 A parker may elect to use this Method B to pay for parking by using a smartcard where a parking Payment Method B has been selected. Such a card is referred to as a "Parking B smartcard". 4.2.3 A smartcard will be configured as a Parking B smartcard once each of the following steps have been taken: 4.2.3.1 The smartcard has been personalised with the parker's authenticated personal and contact details; 4.2.3.2 The parker has elected to pay for parking using Parking Method B; 4.2.3.3 The parker has undertaken to pay all fees payable regarding parking where the relevant Parking B smartcard is used within 30 days or the period as set out in the Transport Parking Rules; 4.2.3.4 The parker must pay the Parking B smartcard administration fee, against which any penalty fees may be charged if there is an insufficient balance on the relevant smartcard to charge such fee. 4.2.4 Where a penalty fee is due regarding parking which has been paid for (in full or in part) with a Parking B smartcard, and if there is an insufficient balance available on the card or if the card is not physically available to be charged, the penalty fee can be charged against the administration fee that has been paid regarding that card, and the card may not be used to pay for parking until the parker has replenished the administration fee to the fee level as apply at the time.								
	5 Adjustments of hours, parking management areas, demand levels and park-and-ride 5.1 Adjustment to parking hours: The City may investigate whether the hours within which parking tariffs are applicable should be amended and, when necessary, provisions in this regard will be added to the tariff table in future years. 5.2 Expansion or extension of managed parking areas: In order to provide parking management services in a manner that supports the City's Travel Demand Management (TDM) and Transit Orientated Development (TOD)-related objectives, the City may conduct an appropriate investigation (including establishing the occupancy and demand levels in the relevant areas, and a feasibility study showing that the cost of parking management of the additional bays or areas is likely to be covered by or will be less than the income from parking management) and may engage in appropriate consultation in this regard. If areas are proposed to be amended, provisions in this regard will be added to the tariff table in future years.								
	5.3 Designation of areas / bays as falling within "High Demand Areas" or "Other Areas": The City may investigate whether existing parking areas or parking bays, or whether new parking areas or parking bays designated for parking management as per 5.2 above, should fall within "High Demand Areas" or "Other Areas". When necessary, provisions in this regard will be added to the tariff table in future years. The provisions of this tariff table applicable to "High Demand Areas" or "Other Areas" (as the case may be) will then apply to such area or bay. 5.4 The City may designate additional parking bays as falling within the list of Managed Park-and-Ride Areas in 5.5.2 or 5.5.3, following an appropriate investigation and consultation process.

					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	5.5 Area based determinations 5.5.1 Identification of High Demand Areas The tariff for each section is categorised into HIGH DEMAND AREAS and ALL OTHER AREAS. Whether an area is HIGH DEMAND or not will be determined by the Executive Director: Transport based on demonstrated occupancy and demand levels in the relevant areas. The areas currently deemed as HIGH DEMAND AREAS include the following: - CAPE TOWN CBD - SEA POINT - CLAREMONT ~~- TYGERVALLEY~~ 5.5.2 Determination of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport: Any new additions to the list of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport, as determined by the Executive Director: Transport through an appropriate investigation, will be added to the list below. The areas currently identified as Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport include the following: - WOOD STATION Park-and-Ride 5.5.3 Identification of Managed Park-and-Ride Areas With Electronic Charging Integrated with Public Transport: None. 5.6 When implementing recreational areas, a business case is required on an area to area basis to determine financial viability for both CoCT and its contractors.								
	5.7 When classifying areas by demand and occupancy, a survey should be carried out with and if any 2 hours, on 3 out of 5 days, is within the maximum level of service occupancy for the area, then it should be considered to set the tariff at the occupancy rate.								
	6 Park-and-ride 6.1 This condition 6 provides for discounted parking fees where the parker has also used Transport Public Transport Services *when an integrated fare collections sysyem is established.* 6.2 A reduction in the parking fee (which, for purposes of this condition 6 excludes parking penalty fees) applies where the park-and-ride requirements in these conditions are satisfied, as follows: 6.2.1 Regarding Item A2.1 (for PT1 areas) a 15% discount is applied against Category 2 fees (Item A2.2), using Factor X1 in Condition 9.2. 6.2.2 Regarding Item A2.2 in PT2 areas the generally applicable fees in Item A1.1 have been discounted. 6.2.3 Parking areas on the periphery of central business districts may be designated by the Executive Director: Transport- as a Peripheral Parking Area, regarding which parking fees will be discounted by up to 15% compared to the standard parking fees in Item A1.1, whether or not they use public transport. 6.3 The park-and-ride discount applies differently where Parking Payment Method A and Parking Payment Method B are applicable. 6.4 The Managed Park-and-Ride Areas refers to areas identified as Park-and-Ride managed parking areas that are managed by the City of Cape Town.								
	6.5 Where Parking Payment Method A applies (default) 6.5.1 The Pay-and-display method of payment, set out in Condition 4 applies. 6.5.2 The Managed Park-and-Ride Areas discount applies only if the parker paid for the parking using a Mover package (as defined in the Tariff for Contracted Road-Based Public Transport Services). 6.5.3 If the parker taps into Transport Public Transport Services using the same card within 45 minutes of tapping to pay the pay-and-display parking fee, using Mover points, the system registers a potential Managed Park-and-Ride Areas discount. 6.5.4 If the parker taps out with the parking marshal when retrieving the parker's vehicle, and if no parking penalties are due, the system will reimburse the parker the value of the Managed Park-and-Ride Areas discount.								

	URBAN MOBILITY - NETWORK MANAGEMENT - PARKING REGIME 1								
	Updated: November 2021 for 2022/23								
CAT.	**SERVICES RENDERED**	**UNIT**	**REMARKS**	**VAT**	**2021/22**	**2021/22**	**2022/23**	**2022/23**	**% Increase/ Decrease**
				Yes/No	**Recalculated**	**R**	**Recalculated**	**R**	
					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	6.6 Where Parking Payment Method B is selected by the parker 6.6.1. The Managed Park-and-Ride Areas discount applies only if the parker paid for the parking using a Mover package (as defined in the Tariff for Contracted Road-Based Public Transport Services). 6.6.2. When a parker using a Parking B smartcard taps in to pay for parking, the parker will be charged the applicable parking fee for the first 15 minutes 6.6.3. If the parker taps into Transport Public Transport Services using the same card within 45 minutes of tapping to pay the pay-and-display parking fee, using Mover points, the system registers a potential Managed Park-and-Ride Areas discount. 6.6.4. When tapping out of parking, and provided no parking penalty fees are payable, the system will charge , the amount linked to parking utilised by the parker, being the value of the outstanding Managed Park-and-Ride Areas charge or alternatively the usual parking tap-in charge. 6.6.5. If the parker returns after end of the period during which parking is managed and the parker therefore does not tap out on that day, the following shall apply: When a parker next taps in regarding managed parking with the relevant smartcard the system will check whether there is an open parking transaction from an earlier date and, if so, charge any Managed Park-and-Ride Areas charge that may be due; and if not, then charge usual parking tap-in charge.								
	6.7 Managed Park-and-Ride Areas Limitation of Discount In order to ensure that the discount is only applied to Transport Public Transport Service users parking and using Public Transport Services, all parkers with the intention of receiving the Public Transport Service Managed Park-and-Ride Areas discount will need to pay for parking with a MyConnect Smart card. This follows the procedure set out in section A4 sub-section 3 and 6 below. If the use of Transport Public Transport Services is not registered on the system with the same Smartcard, no discount will be applied and the full fee as per section A1.1 will be charged. 6.8 The discount provided for Managed Park-and-Ride Areas will operate differently for areas Without Electronic Charging Integrated with Public Transport. Public Transport users using Managed Park-and-Ride Areas facilities in areas Without Electronic Charging Integrated with Public Transport will receive the appropriate discount/s automatically, which will be built into the fee charged in that location.								
	7 General 7.1 Use of the smartcard for payment of parking fees and related charges will be subject to theTransport Authority Parking Rules (if any). 7.2 Where the vehicle of a parker is found to be parked in a managed parking area at the start of the parking management period, the parker shall pay for parking from the start of such managed parking period and for the full period parked. Where a smartcard with sufficient value is not presented for such payment, the amount due shall remain payable and due by the owner of the vehicle and the holder of a smartcard used previously regarding such vehicle, jointly and severally, over and above any fines that may be due. 7.3 An inspector may be used to inspect charging by parking marshal, and such an inspector may charge a parker the applicable fee payable in terms of this Tariff, or the difference between the fee incorrectly charged and the applicable fee, where appropriate.								
	7.4 All decisions required or implied in these Conditions (e.g. decisions which, in terms of this tariff table, must be taken by "the City"), other than those assigned to the Executive Director: Transport and those that must logically be taken by the parking marshal or an inspector, shall be taken by the manager responsible for parking management or his delegate in consultation with the manager responsible for Transport business planning or his delegate; alternatively by the Executive Director: Transport. 7.5 Motorcycle parking will be provided at high demand areas. A motorcycle is liable to pay for the tariff applicable to the bay in which it is parked i.e. if a motorcycle parks in a motorcycle parking bay then the motorcycle tariff is applicable. If a motorcycle parks in a normal (vehicle) parking bay, then the full payment for the bay is applicable. 7.6 15-Minute free parking – the Executive Director: Transport may allow up to 10% of parking bays, in an area, to be allocated *up to* 15-minute free parking. A business case will need to be done by the Line Department in conjunction with Business Planning before the implementation of such a decision.

				Yes/No	**Recalculated**	**R**	**Recalculated**	**R**	
					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	7.7 The Executive Director: Transport may waive all or part of a parking tariff under the following conditions: 7.7.1 Internal City events where funds are transferred internally to the City 7.7.2 Up to 50% reductions for registered Non Profit Organizations 7.7.3 For the hire of a limited number of bays in a suburb/area for stemming economic viability e.g. for the temporary construction of Parklets. 7.7.4 Where the waiving of fees benefits the community during the response to a disaster or emergency e.g. temporary health facility on a parking area. *7.7.5 The waiving of fees is a process that takes up to 10 working days, therefore the request for waiving of parking fees needs to be applied for before the event. If the waiving of external event parking fees is not granted beforehand, then the parking fees cannot be waived after the event and the full fees are applicable for the hiring of bays.* The limit of such events will be determined by the Executive Director Transport under the recommendation of the Line Department responsible for Parking. If the maximum allowance has been reached at any 1 time, then further applicants are required to follow application process for an event or construction permit. Both processes will require a permit issued by the line department and will be for a limited amount of time. 7.8 Parkers are allowed up to up to 5 minutes to change their mind when parking before being charged. The time may be reduced from 5 minutes by the Line Department based on operational requirements. The allowable time of up to 5 minutes may not be increased without a Business Case assessment by the Business Planning Department in consultation with Line department. The final authority to increase the allowable time remains with the Executive Director- Transport. *7.9 No refunds will be issued for any permits issued.*								
	8 Penalties 8.1 Parking penalty fees: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, or if a vehicle has been parked in a location where parking is not permitted, the applicable parking penalty fee will be payable and, in addition, a fine may be issued in terms of any applicable law. 8.2 Parking Leeway window: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, the City may determine that the parker has a leeway, whereby the parker will not be penalised in terms of the penalties stipulated in this tariff table, but after which they are liable for penalties, including wheel clamping. The City may change the duration of this leeway if required. The effective fee regarding half the leeway period may be added to the parking fee.								
	8.3 Parking Offence Leeway for Transition Period 8.3.1 During the transition period onto a card system, and provided that the parker uses a MyConnect or a similar card (or such other method determined by the Executive Director: Transport) to pay for parking, if a vehicle or if a specific card recorded on the system as penalised as per the offences listed in Part 3, items A3.2 and A3.4, the parker may be granted a maximum of 3 penalty fee reductions in order to adjust to the new payment and penalty system. An 85% penalty reduction will be applied to these penalties charged. From the 4th penalty onwards the full penalty will be payable as per this tariff table. 8.3.2 An unregistered user who has been penalised in terms of section A3.4, A3.5 and A3.7 (wheel-clamping only) may register on the system. If so registered, the first such penalty fee may be waived by the City. A user may also request to have the penalty removed if the user registers and link the user's credit or debit card to the system for automatic payment of parking fees, and penalties, as per the condition set out in section A3.3.2 above. 8.3.3 Circumstance to which this leeway of up to 85% is applicable can be defined by the City by means of a public notice in the media. 8.3.4 Limitation of Leeway: For penalty fees under Section A3.5 specifically, no leeway will be provided, unless the parker registers on the system and converts their penalty fee (as per 8.3.2 above) into the administration fee charged as per section A3.1. If the parker is already registered, the full penalty will apply.								
	8.4 Parking Penalty Disputes: Parkers are entitled to appeal fines and penalty charges, and where sufficient grounds can be found of unfair application, penalties may be reduced or reversed by the City or in terms of Transport Parking Rules issued by the City. 8.5 Contractors of the City may be permitted, with written instruction from the City, to do wheel clamping for parking transgressions and violations, on behalf of the City. *8.6 Drop and go zone or Drop and go bay penalties will be applied if a vehicle remains parked for longer than 10mins. The allowable time may be varied by the Line Department for operational reasons.*

	A.1.2 RESIDENTS PERMITS								
	Residents residing within Parking Management ("PM") Centres will be eligible to apply for a 'Residential Permit' which will be provided at a nominal cost. This will allow an exemption on parking tariffs within the PM Centre applied for, for a duration of one annum from date of receipt of permit. The permit provides the resident with an exemption on parking tariffs through a yearly residents permit fee. Residential parking permits will be issued on an annual basis. The permit will be applicable from the date of issue for 1 year. See Marking Management Business Plan (once adopted by Council) for further detail on conditions, application and exclusions. A second resident permit for the same residence will only be allowed in areas where feasible and permitted. The second permit will cost the resident roughly twice as much as the first permit. Lost or unrecognisably damaged or mutilated permits will need be replaced at the full cost of the original permit. Damaged or mutilated permits that are still identifiable, can be replaced upon payment of an administration fee. The same admin fee will apply for amendments to existing permits, for example, changing the vehicle registration details on the permit. The residential permit fee is calculated as a percentage of the total years tariff. The hourly rate for that zone is multiplied by 250 working days and a factor of 96.15% has been applied to this yearly total to obtain the annual residential parking permit fee. The calculation for this is shown in Attachment 1.								
MR	Residents Parking Permit	Per vehicle per permit per year	Annual	Yes	808.70	930.00	808.70	930.00	0.0%
MR	Second Parking Permit for the same residential unit, where permitted in the policy / approved Parking Management Business Plan	per permit	Annual	Yes	1 617.39	1 860.00	1 617.39	1 860.00	0.0%
MR	Replacement of Lost or Unrecognisably Mutilated Permit, where "Mutilated" means mutilation or damage resulting in inability to read key details	per permit	Annual	Yes	808.70	930.00	808.70	930.00	0.0%
MR	Replacement of recognisably Mutilated Permit or Amendment of existing permit, provided that the original old permit is returned and voided	per permit	Admin Fee	Yes	239.13	275.00	239.13	275.00	0.0%
	A.1.3 SPECIAL EVENTS RESIDENTS PERMITS - ALL AREAS								
MR	Special Events Residents Parking Permits	Per vehicle Per year		Yes	95.65	110.00	95.65	110.00	0.0%
MR	Replacement of Lost or Mutilated Permit	per permit		Yes	95.65	110.00	95.65	110.00	0.0%

					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	1. The park-and-ride parking fees apply to areas where there is a need for additional services (such as the security provided by parking marshals) in order to encourage use of public transport, therefore requiring parking management. These discounted fees are applicable to parkers using transport Public Transport Services (as confirmed by integrated electronic payment methods), or where no integrated electronic methods are available, discounted fees are applicable to parkers who are assumed to be using such services. Applies to areas within walking distance of public transport and other Managed Park-and-Ride Areas stations and stops, designated as Managed Park-and-Ride Areas by the Executive Director: Transport, following an appropriate investigation. When designating parking as a Managed Park-and-Ride area, the Executive Director: Transport shall determine which category of Park-and-ride will apply to the area. Parking in these designated areas will be prioritised in Zones 2, 3 and 4 and will be charged based on location within PM Centres. Parking will be charged at a hourly rate and facilities for a tap-in tap-out system will be applied for the associated discounts. Park-and-ride facilities applies to areas within walking distance of public transport and other Managed Park-and-Ride Areas stations and stops, designated as Managed Park-and-Ride Areas by the Executive Director: Transport, following an appropriate investigation.								
	Part A3. ADDITIONAL PARKING FEES AND PENALTIES								
	1. These fees apply to parking management areas managed in terms of A1 and A2 of the tariff table. 2. The applicable parking penalty fee will be payable and, in addition, a fine may be issued in terms of any applicable law. 3. The following Release Fee Periods are applicable to wheel clamping penalties: (a) Standard extended release fee period: Coincides with parking management operating hours (b) Extended release fee period: Outside parking management operating hours 4. Different penalty fees may be charged cumulatively.								
MR	A3.1 Administration fee for registration with the new parking management electronic payment/smart card system.	Once-off per user	New	Yes	57.39	66.00	57.39	66.00	0.0%
MR	A3.2 Penalty fee for Parking Payment Method B (tap-in / tap-out) may be charged if there is an insufficient balance available on the card or if the card is not physically available to be charged	Per vehicle per parking incident		Yes	157.39	181.00	157.39	181.00	0.0%

	Part A4. CONDITIONS APPLICABLE TO TARIFF TABLE								
	1 Application 1.1 These Conditions apply to parking paid for by means of any payment method that can be practically applied, from a date determined by the Executive Director: Transport in terms of condition 3.1.1, or 3.1.2 1.2 The Executive Director: Transport may determine which conditions apply and the extent to which they apply to different parts of parking management services and to different payment methods based on what is practically required. 1.3 Any provision within this tariff that requires an amendment to a bylaw or other law, shall not be applied until the required amendment has been made, but only to the extent to which such an amendment is required.								
	1.4 Operating hours: As parking management areas are extended and the new parking management system is implemented new operating hours must be determined as core business hours, after hours, weekends and public holidays. 1.5. Discounts: A discount applies to parkers paying with the integrated electronic payment system parking for less than 15mins. The discount applies to all bays within all zones. A parker must register with a marshal that he/she will only park for less than 15 min. If parker overstays 15min an additional 15min will be charged. 1.6 ~~Regime II shows the 2017/18 tariff increase based on the new parking management area based tariff methodology, as described in the conditions set out in the Regime II Table. The Executive Director: Transport may determine a date from which this tariff will apply, after the new parking management tender is awarded and once the Parking Management Business Plan is adopted by Council.~~ *Regime II shows the tariff based on the new parking management area based tariff methodology, as described in the conditions set out in the Regime II Table. The Executive Director: Transport may determine a date from which this tariff will apply, after the new parking management tender is awarded.* *1.7 Regime I Tariffs will be applicable as of the 1st July 2022. Regime II will be implemented from a date determined by the Executive Director: Transport*								
	2 Definitions 2.1 The definitions below may include substantive provisions. 2.2 Terms used in this tariff that are defined in the Tariff for Contracted Road-Based Public Transport Services have the meanings assigned to them as set out in that Tariff, unless the context indicates differently.								
	2.3 In these conditions the following terms have the meanings assigned to them, unless otherwise indicated by the context: 2.3.1 “Administration fee” means the Parking B smartcard administration fee payable in terms of condition 4.2.3.4; 2.3.2 “Card” as used in this tariff and these conditions means a smartcard or any other electronic payment method; 2.3.3 “City” is the municipality of the City of Cape Town; 2.3.4 ""Executive Director: Transport"" means the Executive Director: Transport. The Executive Director: Transport may delegate any function assigned by these tariffs to another official.								
	2.3 In these conditions the following terms have the meanings assigned to them, unless otherwise indicated by the context: 2.3.1 “Administration fee” means the Parking B smartcard administration fee payable in terms of condition 4.2.3.4; 2.3.2 “Card” as used in this tariff and these conditions means a smartcard or any other electronic payment method; 2.3.3 “City” is the municipality of the City of Cape Town; 2.3.4 "Executive Director: Transport" means the Executive Director: Transport. The Executive Director: Transport may delegate any function assigned by these tariffs to another official.								
	2.3.5 "Electronic parking payment system" means an electronic payment system used to pay for managed parking, using smartcards or another electronic payment system as payment method, the base of which will be the Automated Fare Collection System as defined in the Tariff for Contracted Road-Based Public Transport Services; 2.3.6 “Park” means parking a vehicle or the stopping of a vehicle for longer than is necessary to get out of the vehicle in a managed parking area or in a location where parking is not permitted; 2.3.7 “Parker” is a person parking a vehicle and, in the absence of information as to who this person is, the owner of the vehicle that has been so parked or stopped; 2.3.8 “Parking marshal” is a person facilitating payment for parking by a parker in a managed parking area, and fulfilling all other relevant managed parking functions, whether the person is a City official or an employee of a contractor contracted to manage parking on behalf of the City;

					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	2.3.9 “Managed parking area” means a parking bay, a precinct, an area, zone or street where parking is managed and charged for or to be managed and charged for in terms of this Tariff; 2.3.10 "Transport Public Transport Services" refer to MyCiTi integrated rapid transit services as well as any other public transport service designated by the Executive Director: Transport as acceptable for application of the fees in Part A2; 2.3.10 A "penalty fee" means any parking penalty fee payable in terms of the Parking Tariff, including: the penalty fees to be charged in terms of condition 5; penalty fees due because a parker has stayed longer than period shown on the pay-and-display receipt or longer than the maximum parking period; illegal parking; wheel-clamp release fees; penalty fees for tampering with or damaging wheel-clamp.; 2.3.11 "Redundancy conditions" refer to conditions that apply in the instance when a necessary part of the electronic parking payment system is not operating as planned or is expected not to be operating as planned, such as when the system for loading money or points on the smartcard is down, or when the electricity supply is interrupted, or for any other reason; Provided that an appropriate Transport Parking Rule may be issue in terms of which any redundancy parking vouchers or alternative system may be used where required for other material operational reasons; 2.3.12 “Smartcard” means a “Smartcard” as defined in the Tariff for Contracted Road-Based Public Transport Services or any other electronic charging card using mifare-type technology, subject to condition 3.1.2; provided that, where any condition refers to a smartcard, the Executive Director: Transport may apply the relevant condition to other methods of payment; *2.3.13 “Transport ” means the Transport Authority of the City , forming part of the City’s administration;* *2.3.14 “Transport Parking Rules” and the rules related to parking and to payment for parking using a smartcard as may be displayed on the Transport website;* *2.3.15 “Transport public transport services” means public transport services provided directly or through contract by the City and to which the Tariff regarding Contracted Public Transport Services apply.* *2.3.16 "Occupancy" means the average percentage of time a bay or group of bays is occupied in a defined time period (day, month, year etc.) within the hours in which the bay(s) are actively managed or when the applicable parking tariff is charged/enforced by the management contractor.* *2.3.17 "Without Electronic Charging Integrated with Public Transport" means where the electronic payment method used to pay parking fees is not integrated with the payment method used to pay for public transport fares;* *2.3.18 "With Electronic Charging Integrated with Public Transport" means where the electronic payment method used to pay parking fees is integrated with the payment method used to pay for public transport fares;* *2.3.19 "PT1" means areas where the use of public transport is promoted or available, but where Council considers the provision of public transport inadequate or where the use of motor vehicles is limited (as defined in the City of Cape Town Zoning Scheme Regulations, 2012);* *2.3.20 "PT2" means areas where the use of public transport is promoted or available, but where Council considers the provision of public transport good or where the use of motor vehicles is very limited (as defined in the City of Cape Town Zoning Scheme Regulations, 2012).*								
	2.4 Definitions relating to the new tariff structure and tariff rate methodology as described in Part 4 Condition 10 of the tariff sheet, updated for of 2017/18 tariff, as determined by the *Executive Director: Transpor* : 2.4.1 PM A Centre, "Established centre": Metropolitan destination node situated in an ECAMP growth zone with high economic outputs where a high percentage of mixed use activities (predominantly commercial and business) are dominant. Average property values in Jul 2016 Rands exceed R5mil. Major trip attractor areas within development or activity corridors with existing high parking demand where Public Transport Service routes are already in operation and multiple modes of public transport are available. 2.4.2 PM B Centre, "Opportunity centre": Local destination node situated in an ECAMP opportunity zone with moderate economic output where a medium percentage of mixed use activities (predominantly commercial and business) are present. Average property values in Jul 2016 Rands range from R650 000 to R5mil. Trip attractor areas within or in close proximity to activity corridors with high to moderate parking need while 2 or more public transport or NMT modes are readily available. 2.4.3 Zone 1, "Core zone": Business areas around key public transport interchanges with high percentage of mixed use and commercial activities at moderate to high densities. High trip attractor areas situated within PT1 or PT2 zones with high parking demand but supported with well established public transport network and infrastructure. 2.4.4 Zone 2, "Edge zone": Areas situated on the edge of core business areas or Public Transport Interchanges with moderate percentage of mixed use commercial and residential activities at moderate to low densities. High to medium trip attractors with high to moderate parking demand supported by or in close proximity / walking distance to established public transport network and infrastructure.								
	2.4.5 Zone 3, "Residential zone": Transitional areas between core business areas and its surrounding residential areas where predominantly residential land uses are present at low to medium densities. Low trip attractors but average 10 minutes walk to core/periphery areas and therefore potential high demand areas for parking spill-over. 2.4.6. Zone 4, "Recreational zone": Adjacent to recreational attractions and amenities with high to moderate trip attractors especially during off peak hours and weekends. Established public destinations with limited commercial activities and low to moderate access to public transport networks or infrastructure. *These areas are identified as established public destinations with limited commercial activities and low to moderate access to public transport networks or infrastructure. The management of recreational areas focuses on maintaining a balance between local residents and visitors during off-peak hours. Management will may need to take place during peak as well as off-peak hours to accommodate influx of visitors during recreational peak periods.*

	3 Payment using Smartcard or other electronic payments 3.1 Charging parking fees using cards 3.1.1 Subject to condition 3.1.2, from a date to be determined by the City on at least one month's notice to the public by way of a notice in the press, all payment for parking shall be paid for using a MyConnect smartcard or another electronic payment method approved by the City; 3.1.2 The Executive Director: Transport may publish a notice in the press permitting the use of another EMV compliant card with structure as defined by the National Department of Transport; and / or any other bank card; and / or any other smartcard using mifare-type technology; and / or any other electronic payment method; 3.2 Preferred Payment Mechanisms 3.2.1 Both Parts A1 and A2 of this tariff table apply to card payments and any other electronic payment mechanisms supported by the system. The same tariff applies whether cash or card. This may be changed in line with additional policy changes and in order to incentivise necessary user behaviour. Cash will be replaced by card payments from a date as may be determined by the Executive Director: Transport; 3.2.2 The City may discount the tariff by up to 33.33% compared to the fees listed above when a parker uses such a payment method. The Executive Director: Transport may further determine that a surcharge of up to 50% shall apply regarding the fees listed above when a parker uses a payment method that the City wishes to discourage or where it increases the City costs if management in order to discourage use of that mechanism. These factors can be found in the tariff factor table in condition 8 of this tariff table below. 3.3 Registration for New Electronic Payment System: The registration fee set out in item A3.1, for the service is payable when registering with the service, unless the user also signs up with their credit or cheque card details and links these to their Smart Card/Mobile Application account, in which case no registration fee is payable. The Executive Director: Transport may waive the registration fee.								
	3.4 Where necessary for practicality, or where it is not technically possible to implement an element of the conditions or tariff table exactly as worded in this tariff table, the relevant element may be amended in programming of the fares, provided the relevant change is embodied in the Transport Parking Rules and published on the Transport website.								
	4 Parking Payment Methods 4.1 Parking Payment Method A – pay-and-display 4.1.1 The pay-and-display payment mechanism, referred to as "Parking Payment Method A", applies by default and is thus the standard payment method unless the parker has taken all the required steps to be able to pay using Parking Payment Method B, as set out in 5 below. 4.2.1 When parking in a parking bay in a managed parking area, 4.2.1.1 the parker must draw the attention of the relevant parking marshal; indicate how long the parker intends to park; pay the relevant parking fee as per this Tariff using a smartcard; obtain a pay-and-display receipt for such payment; and display the receipt on the front dashboard of the parked vehicle or against the front windscreen in a manner such that it is clearly visible and will remain visible from the outside of the vehicle; and 4.2.1.2 if the parker intends to park or actually parks for a period longer than the pay-and-display receipt indicates, the parker must, prior to the expiry of the pay-and-display period, take the same steps as set out in 4.2.1.1 for any extended period of parking, provided that such extended period of parking is permitted.								
	4.2 Parking Payment Method B – tap-in / tap-out 4.2.1 The tap-in / tap-out payment mechanism, referred to as "Parking Payment Method B", applies where the parker has taken all the steps as set out in condition 4.2.3. 4.2.2 A parker may elect to use this Method B to pay for parking by using a smartcard where a parking Payment Method B has been selected. Such a card is referred to as a "Parking B smartcard". 4.2.3 A smartcard will be configured as a Parking B smartcard once each of the following steps have been taken: 4.2.3.1 The smartcard has been personalised with the parker's authenticated personal and contact details; 4.2.3.2 The parker has elected to pay for parking using Parking Method B; 4.2.3.3 The parker has undertaken to pay all fees payable regarding parking where the relevant Parking B smartcard is used within 30 days or the period as set out in the Transport Parking Rules; 4.2.3.4 The parker must pay the Parking B smartcard administration fee, against which any penalty fees may be charged if there is an insufficient balance on the relevant smartcard to charge such fee. 4.2.4 Where a penalty fee is due regarding parking which has been paid for (in full or in part) with a Parking B smartcard, and if there is an insufficient balance available on the card or if the card is not physically available to be charged, the penalty fee can be charged against the administration fee that has been paid regarding that card, and the card may not be used to pay for parking until the parker has replenished the administration fee to the fee level as apply at the time.

					excl. VAT	**incl. VAT**	**excl. VAT**	**incl. VAT**	
	5 Adjustments of hours, parking management areas, demand levels and park-and-ride 5.1 Adjustment to parking hours: The City may investigate whether the hours within which parking tariffs are applicable should be amended and, when necessary, provisions in this regard will be added to the tariff table in future years. 5.2 Expansion or extension of managed parking areas: In order to provide parking management services in a manner that supports the City's Travel Demand Management (TDM) and Transit Orientated Development (TOD)-related objectives, the City may conduct an appropriate investigation (including establishing the occupancy and demand levels in the relevant areas, and a feasibility study showing that the cost of parking management of the additional bays or areas is likely to be covered by or will be less than the income from parking management) and may engage in appropriate consultation in this regard. If areas are proposed to be amended, provisions in this regard will be added to the tariff table in future years.								
	5.3 Designation of areas / bays as falling within PM A or B Centres and the applicable zones: The City may investigate whether existing parking areas or parking bays, or whether new parking areas or parking bays designated for parking management as per 5.2 above, should fall within PM A or B Centres and the applicable zones based on the appropriate investigation, survey or feasibility study as stipulated in 5.2 and the requirements for the designation of a centre or zone as per definitions and criteria stipulated in 2.4, 5.5, 10.1 and 10.2. When necessary, provisions in this regard will be added to the tariff table in future years. The provisions of this tariff table applicable to the identified area (as the case may be) will then apply to such area or bay. 5.4 The Executive Director: Transport may designate additional parking bays as falling within the list of Managed Park-and-Ride Areas in 5.5.2 or 5.5.3, following an appropriate investigation and consultation process.								
	5.5 Area based determinations 5.5.1 Identification of High Demand Areas The tariff for each section is categorised into HIGH DEMAND AREAS and ALL OTHER AREAS. Whether an area is HIGH DEMAND or not will be determined by the Executive Director: Transport based on demonstrated occupancy and demand levels in the relevant areas. The areas currently deemed as HIGH DEMAND AREAS include the following: - CAPE TOWN CBD - SEA POINT - CLAREMONT - TYGERVALLEY 5.5.2 Determination of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport: Any new additions to the list of Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport, as determined by the Executive Director: Transport through an appropriate investigation, will be added to the list below. The areas currently identified as Managed Park-and-Ride Areas Without Automated Services Integrated with Public Transport include the following: - WOOD STATION Park-and-Ride 5.5.3 Identification of Managed Park-and-Ride Areas With Electronic Charging Integrated with Public Transport: None. 5.6 When implementing recreational areas, a business case is required on an area to area basis to determine financial viability for both CoCT and its contractors. 5.7 When classifying areas by demand and occupancy, a survey should be carried out with and if any 2 hours, on 3 out of 5 days, is within the maximum level of service occupancy for the area, then it should be considered to set the tariff at the occupancy rate.								
	5.*8* ~~5.4~~ The Parking Management Business Plan shall provide a checklist for the identification and classification of PM Centres. These criteria must be used as a guideline and the classification of centres must be revised on a 4 yearly basis. The City reserves the right to enforce or implement managed parking in areas not identified as PM Centres based on demand and/or public support appropriately justifying the need for managed parking.								
	6 Park-and-ride 6.1 This condition 6 provides for discounted parking fees where the parker has also used Transport Public Transport Services *when an integrated fare collections sysyem is established.* 6.2 A reduction in the parking fee (which, for purposes of this condition 6 excludes parking penalty fees) applies where the park-and-ride requirements in these conditions are satisfied, as follows: 6.2.1 Regarding Item A2 (for PT1 areas) a 15% discount is applied 6.2.2 Parking areas on the periphery of central business districts may be designated by the Executive Director: Transport as a Peripheral Parking Area, regarding which parking fees will be discounted by up to 15% compared to the standard parking fees in Item A1.1, whether or not they use public transport. 6.3 The park-and-ride discount applies differently where Parking Payment Method A and Parking Payment Method B are applicable. 6.4 The Managed Park-and-Ride Areas refers to areas identified as Park-and-Ride managed parking areas that are managed by the City of Cape Town.								

	URBAN MOBILITY - NETWORK AND INFORMATION MANAGEMENT - PARKING REGIME II							
	Updated: November 2021 for 2022/23

				Yes/No	Recalculated	R	Recalculated	R	
					excl. VAT	incl. VAT	excl. VAT	incl. VAT	
	6.5 Where Parking Payment Method A applies (default) 6.5.1 The Pay-and-display method of payment, set out in Condition 4 applies. 6.5.2 The Managed Park-and-Ride Areas discount applies only if the parker paid for the parking using a Mover package (as defined in the Tariff for Contracted Road-Based Public Transport Services). 6.5.3 If the parker taps into Transport Public Transport Services using the same card within 45 minutes of tapping to pay the pay-and-display parking fee, using Mover points, the system registers a potential Managed Park-and-Ride Areas discount. 6.5.4 If the parker taps out with the parking marshal when retrieving the parker's vehicle, and if no parking penalties are due, the system will reimburse the parker the value of the Managed Park-and-Ride Areas discount.							
	6.6 Where Parking Payment Method B is selected by the parker 6.6.1. The Managed Park-and-Ride Areas discount applies only if the parker paid for the parking using a Mover package (as defined in the Tariff for Contracted Road-Based Public Transport Services). 6.6.2. When a parker using a Parking B smartcard taps in to pay for parking, the parker will be charged the applicable parking fee for the first 15 minutes 6.6.3. If the parker taps into Transport Public Transport Services using the same card within 45 minutes of tapping to pay the pay-and-display parking fee, using Mover points, the system registers a potential Managed Park-and-Ride Areas discount. 6.6.4. When tapping out of parking, and provided no parking penalty fees are payable, the system will charge , the amount linked to parking utilised by the parker, being the value of the outstanding Managed Park-and-Ride Areas charge or alternatively the usual parking tap-in charge. 6.6.5. If the parker returns after end of the period during which parking is managed and the parker therefore does not tap out on that day, the following shall apply: When a parker next taps in regarding managed parking with the relevant smartcard the system will check whether there is an open parking transaction from an earlier date and, if so, charge any Managed Park-and-Ride Areas charge that may be due; and if not, then charge usual parking tap-in charge. 6.7 Managed Park-and-Ride Areas Limitation of Discount In order to ensure that the discount is only applied to Transport Public Transport Service users parking and using Public Transport Services, all parkers with the intention of receiving the Public Transport Service Managed Park-and-Ride Areas discount will need to pay for parking with a MyConnect Smart card. This follows the procedure set out in section A4 sub-section 3 and 6 below. If the use of Transport Public Transport Services is not registered on the system with the same Smartcard, no discount will be applied and the full fee as per section A1.1 will be charged.							
	6.8 The discount provided for Managed Park-and-Ride Areas will operate differently for areas Without Electronic Charging Integrated with Public Transport. Public Transport users using Managed Park-and-Ride Areas facilities in areas Without Electronic Charging Integrated with Public Transport will receive the appropriate discount/s automatically, which will be built into the fee charged in that location.							
	7 General 7.1 Use of the smartcard for payment of parking fees and related charges will be subject to the Transport Parking Rules (if any). 7.2 Where the vehicle of a parker is found to be parked in a managed parking area at the start of the parking management period, the parker shall pay for parking from the start of such managed parking period and for the full period parked. Where a smartcard with sufficient value is not presented for such payment, the amount due shall remain payable and due by the owner of the vehicle and the holder of a smartcard used previously regarding such vehicle, jointly and severally, over and above any fines that may be due. 7.3 An inspector may be used to inspect charging by parking marshal, and such an inspector may charge a parker the applicable fee payable in terms of this Tariff, or the difference between the fee incorrectly charged and the applicable fee, where appropriate.							
	7.4 All decisions required or implied in these Conditions (e.g. decisions which, in terms of this tariff table, must be taken by "the City"), other than those assigned to the Executive Director: Transport and those that must logically be taken by the parking marshal or an inspector, shall be taken by the manager responsible for parking management or his delegate in consultation with the manager responsible for Transport business planning or his delegate; alternatively by the Executive Director: Transport.

	7.5 Motorcycle parking will be provided at high demand areas. A motorcycle is liable to pay for the tariff applicable to the bay in which it is parked i.e. if a motorcycle parks in a motorcycle parking bay then the motorcycle tariff is applicable. If a motorcycle parks in a normal (vehicle) parking bay, then the full payment for the bay is applicable. 7.6 15-Minute free parking – the Executive Director: Transport may allow up to 10% of parking bays, in an area, to be allocated for 15-minute free parking. A business case will need to be done by the Line Department in conjunction with Business Planning before the implementation of such a decision. 7.7 The Executive Director: Transport may waive all or part of a parking tariff under the following conditions: 7.7.1 Internal City events where funds are transferred internally to the City 7.7.2 Up to 50% reductions for registered Non Profit Organizations 7.7.3 For the hire of a limited number of bays in a suburb/area for stemming economic viability e.g. for the temporary construction of Parklets. 7.7.4 Where the waiving of fees benefits the community during the response to a disaster or emergency e.g. temporary health facility on a parking area. *7.7.5 The waiving of fees is a process that takes up to 10 working days, therefore the request for waiving of parking fees needs to be applied for before the event. If the waiving of external event parking fees is not granted beforehand, then the parking fees cannot be waived after the event and the full fees are applicable for the hiring of bays.* The limit of such events will be determined by the Executive Director Transport under the recommendation of the Line Department responsible for Parking. If the maximum allowance has been reached at any 1 time, then further applicants are required to follow application process for an event or construction permit. Both processes will require a permit issued by the line department and will be for a limited amount of time. 7.8 Parkers are allowed up to up to 5 minutes to change their mind when parking before being charged. The time may be reduced from 5 minutes by the Line Department based on operational requirements. The allowable time of up to 5 minutes may not be increased without a Business Case assessment by the Business Planning Department in consultation with Line department. The final authority to increase the allowable time remains with the Executive Director- Transport. *7.9 No refunds will be issued for any permits issued.* *7.10 No long stay parking will be permitted within the Core area of the Parking Management Centres.*								
	8 Penalties 8.1 Parking penalty fees: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, or if a vehicle has been parked in a location where parking is not permitted, the applicable parking penalty fee will be payable and, in addition, a fine may be issued in terms of any applicable law. 8.2 Parking Leeway window: If a vehicle remains parked longer than the displayed period that the parker has paid for, or where no pay-and-display receipt is displayed in the vehicle, the City may determine that the parker has a leeway, whereby the parker will not be penalised in terms of the penalties stipulated in this tariff table, but after which they are liable for penalties, including wheel clamping. The City may change the duration of this leeway if required. The effective fee regarding half the leeway period may be added to the parking fee.								
	8.3 Parking Offence Leeway for Transition Period 8.3.1 During the transition period onto a card system, and provided that the parker uses a MyConnect or a similar card (or such other method determined by the Executive Director: Transport) to pay for parking, if a vehicle or if a specific card recorded on the system as penalised as per the offences listed in Part 3, items A3.2 and A3.4, the parker may be granted a maximum of 3 penalty fee reductions in order to adjust to the new payment and penalty system. An 85% penalty reduction will be applied to these penalties charged. From the 4th penalty onwards the full penalty will be payable as per this tariff table. 8.3.2 An unregistered user who has been penalised in terms of section A3.4, A3.5 and A3.7 (wheel-clamping only) may register on the system. If so registered, the first such penalty fee may be waived by the City. A user may also request to have the penalty removed if the user registers and link the user's credit or debit card to the system for automatic payment of parking fees, and penalties, as per the condition set out in section A3.3.2 above. 8.3.3 Circumstance to which this leeway of up to 85% is applicable can be defined by the City by means of a public notice in the media. 8.3.4 Limitation of Leeway: For penalty fees under Section A3.5 specifically, no leeway will be provided, unless the parker registers on the system and converts their penalty fee (as per 8.3.2 above) into the administration fee charged as per section A3.1. If the parker is already registered, the full penalty will apply.								
	8.3.5 The parking management system may allow a parker leeway of up to 15 minutes to pay, without charging for such time.								
	8.4 Parking Penalty Disputes: Parkers are entitled to appeal fines and penalty charges, and where sufficient grounds can be found of unfair application, penalties may be reduced or reversed by the City or in terms of Transport Parking Rules issued by the City. 8.5 Contractors of the City may be permitted, with written instruction from the City, to do wheel clamping for parking transgressions and violations, on behalf of the City. 8.6 Drop and go zone or Drop and go bay penalties will be applied if a vehicle remains parked for longer than 10mins. The allowable time may be varied by the Line Department for operational reasons.

	Tariff fees >= R30	Nearest: 5 Rands	R 5.00						
	10. Description of the spatial strategy for managed parking centre identification and zone based tariff setting methodology 10.1 Methodology for identification of centres for managed parking 10.1.1 At a Metro scale, the City is divided into different centres, including PM A & B Centres as defined in condition 2.4 above. 10.1.2 Parking rates differ in each of the 3 centres, and is calculated with reference to a base rate, where the base rate is the maximum fee based on the methodology set out in this Tariff Table. The calculation of the base rate is described below in section 10.3.								
	10.2 Methodology for division of identified PM Centre zonal boundaries 10.2.1 At a Local scale, each of the PM centres identified above is further divided into 4 Zones as defined in condition 2.4 above. 10.2.2 Zonal boundaries within a centre can be updated based on new information and data regarding utilisation/occupancy/demand levels or in accordance to new developments and the associated change in land uses or activities.								
	10.3 Calculation of the base rate 10.3.1 The base rate is defined as the upper limit for any fee across all managed parking locations. 10.3.2 The base rate applies to Zone 1 within PM A Centre, while all other rates for lower ranked centres and demand levels are then calculated from this base rate as an effective "discount" against such rate. 10.3.3 The base rate and discount factors for all zones within identified parking management centres are shown in the Tariff Factor Table 10.4 below.

ANNEXURE 7

TARIFF POLICIES

2022/23 BUDGET (MAY 2022)

TABLE OF CONTENTS

1. CHAPTER 1: GENERAL TARIFF POLICY 3
2. CHAPTER 2: WATER AND SANITATION TARIFF POLICY 13
3. CHAPTER 3: ELECTRICITY TARIFF POLICY 47
4. CHAPTER 4: SOLID WASTE MANAGEMENT TARIFF POLICY 56

1. CHAPTER 1: GENERAL TARIFF POLICY

DEFINITIONS

All terms used in this Policy, including the annexures hereto, unless the context indicates otherwise, have the meaning ascribed to them in local government legislation or hereunder:

"**City**" or **"City of Cape Town"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No. 479 of 22 September 2000, issued in terms of the Local Government: Municipal Structures Act, 1998, or any structure or employee of the City acting in terms of delegated authority.

"**Consumption-based Tariff**" means a tariff set as a rand amount per measurable unit of service;

"**Council**" or "**Municipal Council**" means the council of a municipality referred to in section 18 of the Municipal Structures Act;

"CPI" means the consumer price index as measured by STATSSA;

"Homeless people's shelters / Children's Homes" means a bona fide non-profit organisation ("NPO") which operates homeless shelters / children homes (which cares for homeless children as stipulated in the Children's Act, 38 of 2005 used primarily for the accommodation of homeless people / children and which has applied for and been registered as such shelter / home by the relevant Council Committee / Body on an annual basis and has inter alia indicated by affidavit how many people it normally sheltered;

"**Homes catering for the health of physically or mentally challenged individuals**" means a *bona fide* non-profit organisation ("NPO") which operates a home used for the accommodation of physically or mentally challenged individuals which has applied for and been registered as such by the relevant Council Committee / Body on an annual basis and has *inter alia* indicated by affidavit how many people it accommodates.

"**Old Age Homes**" means an organisation which operates as an old age home used for the accommodation of retired people and which has applied for and been registered as old age home with the Department of Social Development, carries a certificate of registration as a Non-Profit Organisation and has inter alia indicated by affidavit (which need to be updated and submitted on an annual basis) how many people it houses. This will only be applicable to organisations that do not form part of the Domestic Cluster category;

"Indigent Fund" means a budget provision, funded from National Government transfers and municipal rates, which is used to subsidise basic services;

"Rates and General Account" means a budget provision used to fund other City services excluding the electricity, water, and solid waste services;

"STATSSA" means Statistics South Africa, a body established in terms of section 4 of the Statistics Act, 6 of 1999, which consists of a Statistician-General, permanent and temporary staff referred to in the first column of Schedule 2 of the Public Service Act of 1994, and whose main function is to provide official statistics for use by organs of state, businesses, organisations and the public in planning, decision-making and other actions, and the monitoring and assessment of policies;

"Sundry Tariff" means a tariff set as a fixed rand amount charged for specific services (e.g. connections) and published in a tariff schedule, adjusted from year to year;

"**Vulnerable Groups**" means *bona fide* NPOs/PBOs operating subsistence survival gardens supporting certain categories of poor people as defined in the Urban Agriculture Policy for the City of Cape Town, 2007 and who have applied for and been registered by Council on an annual basis to qualify for special tariffs.

1. LEGISLATIVE COMPLIANCE

Section 74 of the Systems Act and section 62(1) (f) of the MFMA require the City to adopt and implement a tariff policy.

Specific legislation applicable to each service has been taken into consideration when determining this Policy.

2. SCOPE OF THE POLICY

It is intended that this Policy document guides the annual setting (or revision) of tariffs, hence the Policy does not make specific tariff proposals, nor does it deal in any detail with the implementation of specific tariff proposals. Details pertaining to specific levels and applications of the various tariffs are published in the Schedule of Tariffs, which must be read in conjunction with this Policy.

The Policy is applicable to all tariffs for electricity, water, sanitation and solid waste services provided by the City.

This Policy is also applicable to all Sundry Tariffs, as provided for in the Schedule of Tariffs of the City.

3. PRINCIPLES AND OBJECTIVES

3.1 The basic principles and long-term goals for the City include equity in service provision and sustainability of service levels through economic and effective funding of efficient services.

3.2 Where a service is provided primarily for the benefit of an individual user and the actual service or consumption can be accurately measured, the cost of providing the service should be recovered from the individual by means of tariffs.

3.3 When a service connection is made a sundry tariff should be used and when a metered amount of a service is consumed a consumption based tariff should be used. Where sundry tariffs and consumption based tariffs are used, they must comply with this Policy.

3.4 Where a service is provided primarily for the benefit of the community or an individual's use cannot be accurately measured, the cost of providing the service should be recovered by means of rates or a "basic charge".

3.5 Where an individual user's consumption can be metered, electricity and water will be charged for using Consumption-based Tariffs. These tariffs must be structured to accommodate the provision of basic electricity and basic water supply as defined in the indigent relief measures as contained in the Credit Control and Debt Collection Policy.

3.6 Solid waste collection services will be charged for by using a tariff. Rebates are applicable for property values from R1 up to R500 000.

3.7 Where the City incurs bank costs on any mode of payment, the City will recover such cost on the portion of the amount above R7000.00 per transaction per account number. The City absorbs such in respect of a single payment of R7000.00 and below.

4. APPLICATION OF TARIFF PRINCIPLES

Section 74(2) of the Systems Act sets out principles that must be reflected in this Policy. These principles are applied in the following manner:

4.1 Users will be treated equitably by allowing for the differentiation as set out in paragraph 5 of this Policy.

4.2 Where appropriate and possible, the amount individual users pay for services will generally be in proportion to their use of that service by using Consumption-based Tariffs. This will be dependent on the service being able to provide discernible, universal and regular metering and reading.

4.3 Poor households and vulnerable groups as defined in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy, from time to time, will have access to basic services through subsidised tariffs as defined in paragraph 6 of this Policy.

4.4 Consumptive tariffs will reflect the costs reasonably associated with rendering the service. The budgeted income and expenditure of the service, showing any contributions to Rates and General Account(s), support services recharges and contributions from the Indigent Fund, must be provided as part of the annual report on the revision of rates and tariffs.

4.5 Consumptive tariffs will be set at levels that facilitate the financial sustainability of the service, taking into account subsidisation from sources other than the service concerned.

4.6 Provision may be made in appropriate circumstances for a surcharge on the tariff for a service.

4.7 The City may impose a penalty or concession tariff in appropriate circumstances, provided that the penalty or concession is specified, in the Schedule of Tariffs from time to time.

4.8 The promotion of local economic development through special tariffs for categories of commercial and industrial users may be provided on the basis set out in the City's Economic Incentive Policy.

4.9 Support for Vulnerable Groups through a free allocation may be provided on the basis set out in the City's Urban Agriculture Policy.

4.10 The economical, efficient and effective use of resources will be encouraged through the use of rising block tariffs, time of use tariffs, and tariff options linked to solid waste minimisation for certain categories of users, where appropriate.

4.11 Where free basic services or services subsidised from the Indigent Fund, are provided to individual users, these will be shown on the monthly bill of these users. The extent of the annual subsidisation to all subsidised users will be reported to Council.

4.12 Any estimated amounts for municipal services fees, surcharges on fees, property rates and other municipal taxes, levies and duties relating to the property, during the validity period of the certificate, shall be due and payable upon receipt of an application for a certificate in terms of section 118 of the Systems Act.

4.13 The City may grant a tariff concession in appropriate circumstances provided that criteria related to such concession are specified in the schedule of tariffs.

4.14 Any adjustment of account due to estimated readings, incorrect readings, metering errors, non-billings or any other tariff related reason may only be applied for a maximum period of one year, except:

4.15 Where the correction is to the benefit of the property owner/account holder, the account may be adjusted for a maximum period of three years;

4.16 Where it can be shown that tampering or a deliberate attempt to manipulate the account has occurred, the account may be adjusted for a maximum period of three years.

5. DIFFERENTIATION FOR TARIFF PURPOSES

Section 74(3) of the Systems Act allows for the differentiation between different categories of users, debtors, service providers, services, service standards, geographical areas and other matters for tariff purposes as long as the differentiation does not amount to unfair discrimination. The nature and basis for differentiation for tariff purposes in the City of Cape Town is set out below. Each municipal service is not compelled to differentiate for tariff purposes, but where it does; the differentiation must be consistent with the framework set out below, and a separate tariff must be applicable for each category that is defined.

5.1 Categories of users

The following categories of users may be defined:

(a) Residential or domestic

(b) Non-Residential:

i. Commercial (including guest houses);
ii. Industrial (including Mining);
iii. Government / Organs of State;
iv. State-owned enterprises;
v. Public Services Infrastructure;
vi. Vacant Land;
vii. Agricultural Land;
viii. Hostels;
ix. Educational institutions;
x. Municipal;
xi. Religious institutions / Places of Worship;
xii. Charities / PBO / NPO (including NPO's for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities);
xiii. Cemeteries;
xiv. Sporting bodies;
xv. Accommodation for the Vulnerable (including Homeless shelters / children's homes / Homes catering for the health of physically and mentally challenged individuals / old age homes (as defined))

(Note: Mixed Use Properties for Water and Sanitation purposes will be categorised on the predominant use principle as explained in Chapter 2 Section 2.10 and 3.10)

5.2 A special category of subsistence gardening may be defined on any land use, based on the criteria for Vulnerable Groups in a manner defined in the City's Urban Agriculture Policy.

5.3 Sub-categories of Residential or domestic users may be defined based on any one or more of the following criteria in a manner defined in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy:

(a) settlement type (which must include informal settlements);
(b) property value;
(c) service consumption level;
(d) payment levels;
(e) household income;
(f) type of connection.

5.4 Categories of services

5.4.1 Different categories of services may be defined but only if the basic service is defined for that municipal service in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy.

5.4.2 The following criteria may be used in defining different categories of services:

(a) Type of service;
(b) Category of user;
(c) Level of consumption;
(d) Type of connection;
(e) Time of use.

Certain categories of service may be restricted to certain categories of users. The basic service will be restricted to Residential/domestic users, homeless people's shelters, homes catering for the health of physically or mentally challenged individuals and Old Aged Homes as defined.

5.5 Categories of standard of service

Different categories of standard of service may be defined for different categories of users or services. They may be based on:

(a) access;
(b) frequency.

Categories of basic services may not have different standards of service.

5.6 Categories of geographical area

Differentiation based on geographical area may be used if the service provided is at least the basic service and one of the following criteria is met:

(a) topography must have significant impact on the cost of delivering the service;
(b) significant capital costs are needed to develop service infrastructure in the area;
(c) The Integrated Development Plan identifies the area as having strategic developmental importance.

6. SUBSIDISATION OF BASIC SERVICE TARIFFS FOR RESIDENTIAL/ DOMESTIC USERS, ACCOMMODATION FOR VULNERABLE GROUPS (INCLUDING HOMELESS PEOPLE'S SHELTERS, CHILDREN'S HOMES, HOMES CATERING FOR THE HEALTH OF PHYSICALLY OR MENTALLY CHALLENGED INDIVIDUALS AND OLD AGED HOMES AS DEFINED)

6.1 Basic level consumption of any service may be subsidised by a higher level tariff, dependant on legislative requirements and national acceptance.

6.2 Individual residential / domestic users, residential / registered domestic backyard users, Accommodation for Vulnerable groups (including homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined) may have consumption subsidised from the Indigent Fund as classified in the City's indigent relief measures as contained in the Credit Control and Debt Collection Policy, which may be amended from time to time.

7. ACCESS TO SERVICES BY POOR HOUSEHOLDS

7.1 Council currently accepts the standards for basic service levels as stated in National Government documents related to free basic services, which may change from time to time.

7.2 The free and subsidised basic services provided to poorer households are as follows:

Service	**Basic Level**
Water	o A 100% subsidy up to 15 000 liters of water per property per month will apply to domestic tariff category registered indigent properties, domestic registered backyard users as well as Council Units specifically identified in the Credit Control and Debt Management Policy. o In the case of accommodation for vulnerable groups (including homeless people's shelters, children's homes, **homes catering for the health of physically or mentally challenged individuals** and old aged homes as defined), an equivalent free allocation of 25 litres per person per day or 750 litres per person per month will apply. o In the case of Vulnerable Groups (subsistence gardening), an equivalent free allocation of 10 000 liters per month per institution will apply. o In cases where domestic indigent customer(s) reside(s) in cluster units or mixed-use zoned properties (which has been categorized as domestic cluster), the allocation of free 15 000 liters per unit per month will be subject to approval of indigency of the full development. o Any free water not utilised will be forfeited at the end of each month/metering period/billing cycle.

Electricity (City of Cape Town residential customers on the Lifeline Tariff)	o Where the electricity received does not exceed 250 kWh per month, customers will receive a free basic allocation of up to 60 kWh. Should the electricity received be between 250kWh and 450kWh per month, customers will receive a free basic allocation of 25 kWh. Should the electricity received exceed 450 kWh per month, the free electricity portion will no longer be made available to the household. o The electricity received per month is an average measured over a period of twelve consecutive months. o Any free electricity not claimed will be forfeited at the end of each month/billing cycle/metering period.
Electricity (Eskom residential customers as per FBE agreement)	o Where the electricity received does not exceed 250kWh per month, customers will receive a free basic allocation of up to 50kWh. Should the electricity received exceed 250kWh per month, the free electricity portion will no longer be available to the household. o The electricity received of 250kWh per month is an average measured over a period of 12 consecutive months. o Any free electricity not claimed will be forfeited at the end of each month/billing cycle/metering period.
All customers	o Free Basic Electricity (FBE) can be allocated only where practical to do so. Bulk Metered group housing is an example of where this cannot be achieved.

7.3 Any changes to these standards will only be considered as binding on the City after acceptance by Council.

7.4 The level of free or subsidised services for other services, is as follows:

Service	Basic Level
Solid Waste / Refuse	Sliding scale charged for all properties with a total site and improvements valuation from R1 of up to R500 000 (excluding homeless people's shelters).
Sanitation/ Sewerage	o The first 10 500 liters per property discharged into the sewer system each month is free for all domestic tariff category registered indigent properties, domestic registered backyard users as well as Council Units specifically identified in the Credit Control and Debt Management Policy. o based on 70% of the 15 000 liters free water made available on a monthly basis.

	o In the case of accommodation for vulnerable groups (including homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined), an equivalent free allocation of 17.5 liters per person per day or 525 liters per person per month will apply. o In cases where domestic indigent customer(s) reside(s) in cluster units or mixed use zoned properties (which has been categorized as domestic cluster), the allocation of free 10 500 liters per unit per month will be subject to approval of indigency of the full development.

7.5 Relief available to the indigent in Council-owned housing rental will be as outlined in the housing chapter of the Credit Control and Debt Collection Policy adopted by Council, as amended from time to time.

7.6 Cluster Development Properties registered in the name of a SHRA-accredited Social Housing Institution and, registered as City Partners – Full and Conditional - may be granted access to:

- Water to a maximum of 6 000 liters per qualifying unit per month at RNil.
- Sanitation to a maximum of 4 200 liters per qualifying unit per months at RNil.

In order to qualify, accredited Social Housing Institution and, registered as City Partners – Full and Conditional must supply documentation of units where:

- The municipal valuation of the property is R400 000 or less
- The household income is R4 000 per month or less

Institutions must apply on an annual basis and provide the property value and household income to the satisfaction of the Director: Revenue and the Director: Commercial Services (Water and Sanitation).

Single Residential and Non-Residential Properties of such institutions will not qualify in terms of this paragraph.

2. CHAPTER 2: WATER AND SANITATION TARIFF POLICY

DEFINITIONS

"Average Cost of Sanitation (ACS)" means the total annual cost of the sanitation service (including capital charges but excluding contributions to a capital development fund) divided by the total volume of sewage discharged billed for that year.

"Average Cost of Water (ACW)" means the total current annual cost of the water service (including capital charges but excluding surcharges and contributions to a capital development fund) divided by the total volume of billed water sales for that year.

"Bulk Water Use" means potable water supplied to a water services authority (as defined in the Strategic Framework for Water Services) for the purposes of conveying and supplying water to individual consumers within its area of responsibility, as well as by agreement with some consumers outside the City's municipal area.

"Commercial Wastewater" means effluent discharged from premises predominantly of a commercial nature (for example shops, offices, showrooms, service stations).

"Commercial Water Use" means water supplied to premises predominantly of a commercial nature (for example, shops, offices, showrooms, service stations).

"Credit Meter" means a Meter (see "meter" definition below) used to determine the consumption of water before an account is issued to the consumer.

"Domestic Wastewater" means effluent discharged from premises predominantly domestic properties and not defined as commercial or industrial or other categories.

"Domestic Water Use" means water that is used predominantly for domestic purposes

"Future Incremental Marginal Cost" means the average incremental cost of system expansion, taking into account the next large scheme or schemes to be built to meet current and future increases in water demand.

"Industrial Wastewater" means wastewater arising from mining, manufacturing, electricity generation, land-based transport, construction or any related activities. (This is consistent with the definition of "disposal of industrial effluent" contained in the Water Services Act.)

"Industrial Water Use" means water which is used in mining, manufacturing, generating electricity, land-based transport, construction or any related purpose. (This is consistent with the definition of "industrial use" contained in the Water Services Act)

"Meter" means a device, which measures the quantity of water passing through as contemplated in the Legal Metrology Act 9 of 2014

"Other Wastewater" means effluent discharge from premises not defined as domestic, commercial or industrial.

"Other Water Use" means all water use not defined as Domestic, Industrial and Commercial Water Use.

"Prepayment Meter" means a Meter (see "meter" definition above) that can be programmed to allow the flow of a pre-purchased volume of water to the customer.

"Residential Unit" means a unit comprising of a number of rooms, used for residential purposes, contained within an approved multi-residential unit development (i.e. Sectional Title, Single Title cluster developments, Gated Villages, Block of Flats with unregistered individual ownership of units), and which includes any other portion of the property apportioned to that unit in terms of exclusive use, which shall include a garage or any other outbuildings (excludes single rooms used in Hostels, Old Age Homes, etc.).

"Fixed Basic Charge/Fee" means a fixed basic charge / fee recurring on a monthly basis as payment to the right of service provision / access to the network. It is applicable throughout the entire period during which the relevant premises are connected to the supply mains irrespective of whether any consumption is used or not.

"Flow Limiting Device" means a device capable of controlling and limiting the flow of water to a consumer.

"Water Services Act" means Water Services Act, 108 of 1997.

"Connection Fee" means the fee payable towards the cost of providing supply.

"Consumer" means a juristic or natural person purchasing water directly from the City and releasing wastewater into the sewerage system.

"Availability Charge" means a charge payable for all serviced vacant or serviced undeveloped land (excluding unproductive vacant land e.g. Public Open Spaces, private roads.)

"Vacant Land" means all properties without any buildings or structures that could be used for residential or other purposes, as determined by the Director: Valuations.

"Backyard user" means households who reside on council rental stock property within a given area as determined by Council and who are registered via affidavit as being backyard dwellers.

"Water Services Intermediary" means person / institution who is obliged to provide water services to another in terms of a contract between them and where the obligation to provide water services is incidental to the main object of that contract (as identified by the City of Cape Town where contracts have been entered into or are to be entered into).

"Water Abuse" for purposes of indigent properties means properties that exceed 15kl per month due to continued inefficient use of water.

1. WATER AND SANITATION TARIFFS

1.1 Water and Sanitation tariffs consist of consumption based tariffs and sundry tariffs.

1.2 Consumption based tariffs will be used for the service consumption of water and wastewater disposed and/or demand capacity supplied/installed.

1.3 Consumption based tariffs may consist of any combination of service charges and network access charges.

1.4 Sundry tariffs may include Connection Fees, Miscellaneous Tariffs, etc. as contained in the Schedule of Tariffs.

2. SPECIFIC POLICIES FOR WATER TARIFFS

2.1 Consumer categories

Water tariffs shall distinguish between at least four categories of consumers: Bulk Water Use, Domestic Water Use, Industrial / Commercial Water Use and Other Water Use.

Domestic Water Use:

2.2 Domestic consumer categories

Water tariffs for domestic consumers shall distinguish between significantly different levels and standards of services provided and shall include at least the following categories of domestic consumers:

(i) **domestic communal**: consumers (households) with access to communal water services (for example, a public-standpipe or a water-tanker service);

(ii) **domestic controlled**: consumers with access to a controlled volume of water supply that is not metered;

(iii) **domestic full (uncontrolled)**: consumers with access to an uncontrolled volume of water supply at full pressure that is metered by an uncontrolled / credit meter;

(iv) **domestic full (controlled)**: non–indigent consumers with access to a controlled volume of water supply as part of debt management procedures

(v) **domestic full (controlled - abuse)**: indigent consumers with access to a controlled volume of water supply due to the fitment of a restricting device as part of the abuse procedure;

(vi) **domestic cluster**: where one metered connection point serves a multi-Residential Unit development.

(vii) **domestic backyard**: where one meter device serves backyard occupants.

2.3 Metering (Potable and Non-Potable)

All connections providing a volume of water supply shall be metered, consumption determined via on-site reading, remote reading as well as estimated readings and applicable tariffs shall be applied in proportion to water use. Meters for installation will be drawn from a City of Cape Town store and will be installed by the (a) City of Cape Town or (b) City of Cape Town contractors appointed via standard supply chain management processes or (c) Developers where application has been made and installation takes place under supervision of the City of Cape Town.

All users where connections exist are to be billed unless provided with a rudimentary or basic service such as communal facilities.

Where billing is performed for a stepped tariff, the calculation is based on the "daily average" methodology, to prevent the number of days in the billing cycle having a negative impact on the customer. The consumption allocated into the various steps will thus be a function of:
Step 1 (0-6kl per month) = 6kl x 12 months / 365 days x Number of days
Step 2 (6 – 10.5kl per month) = 4.5kl x 12 months / 365 days x Number of days
Step 3 (10.5 – 35kl per month) = 24.5kl x 12 months / 365 days x Number of days
Step 4 (> 35kl per month) = Remaining kiloliters
(Note: 366 days are used during leap years)

2.4 Consumption tariffs – domestic communal

Where communal water supplies provide water for domestic use (standpipes to informal settlements without title deed), the amount of water will be measured but no charge shall be levied for this water. The measurement will be used to determine the impact of this free water on the service.

2.5 Consumption tariffs – domestic full

Consumption tariffs for volume metered by a credit meter for domestic property shall be based on an increasing block structure with:

Per property per month	Indigent	Non-Indigent
Basic Usage (0 – 6kl):	At Zero Charge	At a Function of the Average Cost of Water.

Basic Usage (6 – 10.5kl):	At Zero Charge	At a Function of the Average Cost of Water.
Basic Usage (10.5 – 15kl) Above Basic Usage (15kl – 35kl):	At Zero Charge. Users above 15kl per month in this category will however be subject to restriction as part of the water abuse procedure.	At a Function of Future Incremental Marginal Cost
Usage that will jeopardise water conservation (35kl and above)	At Zero Charge. Users above 15kl per month in this category will however be subject to restriction as part of the water abuse procedure.	At Punitive Charge to deter high water usage.

For purposes of indigent customers, the allocation aligns with the free basic allocation for poor households as contained under paragraph 7 of Chapter 1 above.

The rising block tariff structure should consist of at least four steps. The consumption level at which the last step begins should be at an amount that would encourage water conservation and should not be greater than 60 kl per month.

In cases where more than 10 people reside on a property as confirmed by Council (excluding properties with registered backyard connections as specified under 2.7 below), application can be made for an increase above 15kl per months for purposes of excessive use determination. Applications will be considered on a case by case basis by the Director: Commercial (Water and Sanitation). Applications will need to be accompanied by an affidavit and other supporting documents.

2.6 Consumption tariffs – Domestic cluster

Consumption Tariffs for multi-Residential Unit (i.e. Sectional Title, Single Title cluster developments, Gated Villages, Block of Flats with unregistered individual ownership of units) developments served by one metered connection point shall be based on an increasing block structure as specified in paragraph 2.5

Allowance for indigency on the Domestic Cluster category is subject to approval of indigency of the full development:

Allowance to apply the tariff structure per unit per month will be made:

(i) upon acceptance of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or

(ii) upon updating of the information on the City's master data base (e.g. completed and occupied number of units).

Backdating of the free basic allocation will be considered and implemented in accordance with Chapter 1 paragraph 4.14 on condition that proof of occupancy is provided. The allocation can however not be backdated further than the date of transfer of the property from the developer to the domestic cluster owner(s).

Where a development categorized as domestic cluster does not have communally owned property for purposes of water and sanitation billing, the City will impose (via signed contract) upon the homeowners' association the requirement to administratively link the meter to a property immediately outside the development for purposes of water and sanitation billing.

2.7 Consumption tariffs – Domestic Backyard

For Consumption Tariffs for registered backyard users served by one meter device:

An allowance of 10 500 litres per unit per month will be made available at zero cost but usage on the meter above 10 500 liters per month multiplied by the number of units will however be subject to restriction as part of the water abuse procedure

(i) upon acceptance of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or
(ii) upon updating of the information on the City's master data base.
(iii) upon confirmation that a tagged water dispenser has been installed.

Industrial and Commercial Water Use:

2.8 Consumption tariffs – industrial, commercial

Apart from instances where Special Tariffs are applied in terms of Chapter 1 paragraph 4.8 above, the consumption tariffs for all other consumers should be set at a Function of Future Incremental Marginal Cost.

In cases where indigent domestic customers reside in cluster units on mixed-use zoned properties and the mixed use property has been categorized as domestic based on the predominant use principle, they may apply for a free 15 000 litres per residential unit per month which will be subject to approval of indigency of the full development.

In cases where domestic customers reside in cluster units on mixed-use zoned properties and the mixed use property has been categorized as domestic based on the predominant use principle, they may apply for the tariff structure to be allocated per residential unit per month, by submitting an affidavit to this effect where the number of units are specified. An investigation will need to be performed to confirm the information and consider whether such application can be approved by the Director: Commercial Services (Water and Sanitation), based on the proportion of predominant use. The "predominant use" principle will therefor apply for tariff categorisation and allocation of free basic services for such approved indigent customers. Specific tariffs will only be considered if separate meters are installed and private plumbing altered at the cost of the customer.

Other Water Use:

2.9 Consumption tariffs – Government. Organs of state, educational institutions, sports bodies, clubs, religious institutions / places of worship, hospitals and municipal users.

Apart from instances where Special Tariffs are applied in terms of Chapter 1 paragraph 4.8 above, the consumption tariffs for all other consumers should be set at a Function of Future Incremental Marginal Cost. Any subsidies to these groupings should be made through transparent mechanisms other than tariffs lower than the Future Incremental Marginal Cost, so as not to negate the incentives for the wise and economical use of water.

2.10 Consumption tariffs – Charities / Public Benefit Organisations / Non-profit organisations used for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities)

The consumption tariff for registered charities, public benefit organisations and non-profit organisations will be charged at the Average Cost of Water.

No fixed basic charge will be applied on this category.

To allow for the approval process, financial adjustments will be backdated to the start of the financial year in which an approved application was received.

2.11 Consumption tariffs – Accommodation for the vulnerable (including homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined)

In order to provide free basic services to people without title deed, Indigent people living in homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals or old aged homes as defined, a special sub-category shall be used. It shall be based on the number of people or beds normally accommodated in each residence as defined in a sworn affidavit upon annual application for such residence to be registered with the relevant Council Committee / Body, and receive a free water allocation of 25 litres per person per day or 750 litres per person per month. Beyond such consumption the specific defined consumption sub-category, equal to the tariff categorisation for the property for water, shall be applied.

The consumption tariff for "accommodation for the vulnerable" consumers will be charged at the Average Cost of Water.

No fixed basic charge will be applied on this category.

To allow for the approval process, the free allocation will be backdated to the start of the financial year in which an approved application was received.

2.12 Consumption tariffs – Vulnerable Groups of subsistence farmers

The City will subsidise the provision of water to the gardens of the registered Vulnerable Groups as defined in the City's Urban Agriculture Policy of 2007. These include survival gardens of women, gardens for indigent old age homes, gardens for HIV/AIDS facilities, gardens for soup kitchens at schools and gardens at orphanages.

Such groups have to apply annually for registration to the controlling department (Economic Development).

Each qualifying group will receive a free provision of 10 000 liters of water per month for free but with no free provision of sanitation. Beyond such consumption the normal consumption category for the property on which the garden is located shall be applied.

To allow for the approval process, the free allocation will be backdated to the start of the financial year in which an approved application was received.

Bulk Water Use:

2.13 Consumption tariff for the provision of a bulk water supply

The bulk water tariff is used to charge for the bulk supply of potable water to consumers external to the City such as other local authorities which are dependent for part or all of their potable water supplies from the City and are also used as the basis for internal charges for the bulk supply of potable water within the Water and Sanitation Directorate.

The bulk water tariff is set on an annual basis to ensure full cost recovery for the provision of the bulk water service as well as the long term sustainability of this service.

Other Tariff related items:

2.14 Surcharge

The water tariff may include surcharges subject to Council approval.

2.15 Fixed Basic charges / fees – domestic

Monthly Fixed Basic Charges / Fees for domestic connections (including Spring water and Treated Effluent users) shall be based on the nominal bore related to the size of the meter. The fixed basic charge will not be applied to Indigent Customers. In cases where the supply to Treated Effluent Users could not be provided for periods of time the fixed basic charge will be waived for the specific period.

2.16 Fixed Basic charges / fees – non-domestic

Monthly fixed basic Charges / Fees for non-domestic connections (including Spring water and Treated Effluent users) shall be based on the nominal bore related to the size of the meter.

In cases where the supply to Treated Effluent Users could not be provided for periods of time the fixed basic charge will be waived for the specific period.

The fixed basic charge will not be applicable to Fire Connections, Fire Hydrants, Fire Hose Reels and Fire Sprinkler Systems where such is provided via a separate water connection.

The fixed basic charge will also not be applicable to:

- Charities / Public Benefit Organisations / Non-profit organisations used for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities)
- Accommodation for the vulnerable (including homeless people's shelters, children's homes, homes catering for the health of physically or mentally challenged individuals and old aged homes as defined)

2.17 Connection charges

Connection charges for all consumer categories other than domestic communal shall be recovered, i.e. the full costs of installation of a connection.

2.18 Flow restriction for non-payment and Indigent Water Abusers

Domestic consumers who fail to pay and customers (indigent properties as well as backyard units) identified as water abusers due to continued inefficient use of water shall, after due process, have their water connections restricted to 200 liters per day for the property by a flow-limiting Device at the sole discretion of the City.

2.19 Illegal re-connections

Consumers who reconnect illegally, after having been disconnected or flow-restricted for non-payment, shall forfeit the right to basic water until such time as the outstanding debt has been paid in full and will be liable for full disconnection / reconnection charges surrounding the illegal re-connection.

2.20 Disconnections – other

All non-domestic consumers shall be disconnected for failure to pay after due process has been followed.

2.21 Installation of flow limiting devices

A flow limiting Device that can be used to restrict the usage of water that can be delivered through a connection, may be installed at the discretion of the Director: Commercial (Water and Sanitation).

Flow limiting devices will be installed at of 200l/day (x 30 = 6 000 litres per month) (x number of units for backyard dwellers):

- For non-indigent properties who have not paid their accounts and forming part of the debt actions instituted in terms of the Credit Control and Debt Management Policy.

- For indigent properties as well as backyard dweller units identified as water abusers (refer definition).
    - Once the consumption on the property reaches the determined volume and continues at or above such consumption levels for two consecutive months, the property owner will be sent a notice warning of pending restriction via a restricting device if consumption is not reduced. (In the case of backyard dwellers special arrangements will be made for the delivery of the warning letter).
    - In cases where the determined volumes are exceeded due to leaks on the indigent property, the owner of the property need to advise the City within the first two months and request for once off assistance from the City.
    - Consumption at or above the determined volume for a 3rd month, will result in the installation of a flow limiting device without further warning.
    - After 12 months the owner of the property (representative in the case of backyard dwellers) will be able to request the removal of the disk.

2.22 Installation of Municipal Prepayment Meters

A Prepayment Municipal Meter may be installed at the discretion of the Director: Commercial Services (Water and Sanitation). The relationship between the amount offered and the volume supplied will be dependent on the standard monthly consumption as calculated.

2.23 Repairing of leaks on indigent properties

Steps taken by the City to reduce losses on indigent properties will continue at the discretion of the Director: Commercial Services (Water and Sanitation) as part of specific projects and where proven to be the reason for consumption exceeding the determined volume representing abuse.

2.24 Water restriction tariffs

Special Tariffs may be introduced during periods of water restrictions to reduce water use to within sustainable limits. Water and Sanitation tariff schedules for water restrictions shall be approved in addition to the normal tariff schedule as part of the annual budget process.

The restriction tariffs will be de-linked from the promulgated restriction level with effect from 1 July 2020. The applicable tariff applied will be a function of the consumption level generated by the consumers in reaction to the restriction levels.

2.25 Water inventory tariffs

Municipalities must budget and account for all bulk water purchases as inventory for reporting through the municipal Chart of Accounts.

Against the background that the Water and Sanitation Directorate also includes the Bulk Water function, it is necessary for the tariffs / prices to be used for the inventory processed to be formalised within the Tariff Policy.

For the production of "Potable Bulk Water", the tariff / price will be as follow:

- "Raw Water purchases" material from schemes under the control of the National Department of Water and Sanitation will be at the price determined for the relevant scheme.
- "Raw Water transferred" material from the sources under the Control of the City of Cape Town's Water and Sanitation Directorate will be calculated based on the determined Fair Value as reflected in the Tariff Schedules.
- Losses of Water within the "Potable Bulk Water" production process will be calculated based on the determined Fair Value as reflected in the Tariff Schedules.
- The inventory tariff / price for the "Potable Bulk Water" product will be at the "Bulk Water Tariff" as reflected in the Tariff Schedules.

For the production of "Potable Reticulated Water", the tariff / price will be as follow:

- "Potable Bulk Water" material will be at the "Bulk Water Tariff" as reflected in the Tariff Schedules.
- Losses of Water within the "Potable Reticulated Water" production process will be calculated based on the "Bulk Water Tariff" as reflected in the Tariff Schedules.
- The inventory tariff / price for the "Potable Reticulated Water" product will be at the "Average Cost of Water".

2.26 Billing of estimated consumptions

2.26.1 The need to estimate consumption

Notwithstanding all the City's attempts to take monthly meter readings of all water supplied, should it not be possible to take a reading (on-site or remotely) on the appropriate date, the City reserves the right to calculate an estimated consumption from the previous actual reading to the billing date. The estimates are normally based on the seasonal historical average consumption at the property, but may be adjusted by the City to reflect its best estimate of what the consumption may have been.

2.26.2 Adjustment to estimated account

As soon as a new actual reading has been taken, the previously estimated consumption will be recalculated and an adjustment will be reflected in the subsequent account. Refer Chapter 1 paragraph 4.14 for the terms of the adjustment.

2.26.3 Failure of Meter

During the period from identification of a meter having ceased registering consumption, to when it is replaced and a reading can be taken, an estimated consumption will be applied.

Should the owner / accountholder have been billed a zero consumption for any period of time and it is subsequently found to have been due to a seized meter and the property was not vacant at the time or the usage pattern had not changed, the City may bill retrospectively in line with Chapter 1 paragraph 4.14.

Should the property have been vacant (permanently or temporarily) or where the usage pattern had changed, the onus rests on the customer to notify the City as soon as possible via a signed and sworn affidavit for consideration. If such evidence is not on record, future claims will not be considered.

2.26.4 No account received

In the event that an owner / accountholder / occupier is in receipt of water services and has availability to or has consumed water and sanitation services but has never received an account, the onus will be on the owner to make representations to the City to request that an account be sent. Should the City not be able to verify that an account was indeed issued to either the owner / accountholder / occupier, the City may bill retrospectively in line with Chapter 1 paragraph 4.14 and the consumer may make arrangements with the City to pay off the amount.

Any owner / accountholder / occupier who has stopped receiving an account that had previously been received, should immediately request the City to remedy the omission via the Call Centre (0860 10 30 89) or the nearest customer interaction centre. Customers must ensure that a reference number is obtained to ensure such is formally logged on the system.

2.27 Disputed consumption

An owner / accountholder who doubts the validity of the consumption stated on any account may apply for the meter to be tested at his or her cost as per the miscellaneous tariff schedule.

Only if the Meter has been found to be inaccurate / registering outside of the approved parameters when tested in accordance with the legal regulations will the cost (meter test fee) be reimbursed and the account adjusted to an estimated consumption for the period the meter was found to have been inaccurate / registering outside of approved parameters. Refer Chapter 1 paragraph 4.14 for the terms of the adjustment. (The onus is on the customer to apply for the meter test as soon as possible. The period of account adjustment will not be extended beyond three years due to delayed application by the customer).

The full prescribed testing tariff can be paid after the meter test by indigent customers (where meters were found to be accurate) on condition that a proportional payment (as per the miscellaneous tariff schedule) is made up-front.

In unresolved disputed consumption cases, the dispute procedure as specified in the City's Credit Control and Debt Collection Policy will be applicable.

2.28 SPECIFIC POLICIES FOR BULK WATER TARIFFS

2.28.1 Description of the type of service

The Bulk Water Branch forms part of the City's Water and Sanitation Directorate and is responsible for the bulk supply of potable water to the City's municipal area as well as some adjacent local or regional authorities which are dependent on the City for all or part of their water supplies. The bulk supply of potable water entails the storage of raw water in City-owned dams, the conveyance and treatment of raw water from these and government water schemes, and the distribution and bulk storage of the treated water enabling the optimisation of the water resources for the region.

2.28.2 Generic description of the tariff

The bulk water tariff is the tariff which the City charges its external bulk consumers for the purchase of bulk potable water. The unit of the tariff is cents/kilolitre. The tariff is used as a basis for the internal charge between the bulk water and reticulation branches within the Water and Sanitation Directorate. The Bulk Water Branch also has miscellaneous tariffs relating to charges for non-core functions.

2.28.3 Existing legislation

Included in the Bulk Water Branch's total expenditure is the cost of raw water which is payable to the National Department of Water and Sanitation ("DWS"). The cost of this raw water is governed by National DWS's Pricing Strategy for Raw Water Use Charges (November 1999), which was gazetted in terms of section 56 (1) of the National Water Act, 36 of 1998. Water is supplied to other Local Councils or water services authorities through contracts in terms of the Water Services Act.

2.28.4 Bulk Water Users

The users of bulk water are the Reticulation Branch of the Water and Sanitation Directorate, responsible for distribution to end-users within the City's municipal area, as well as a number of adjacent local or regional authorities responsible for distribution of water to end-users within their area of responsibility, as well as by agreement with some individual consumers outside the City's municipal area.

2.28.5 Method used to determine the bulk tariff

The bulk water tariff is determined by dividing an estimate of the net expenditure of the Bulk Water Branch in that financial year by an estimate of the expected total volume of water to be produced in that financial year less the water allocated by special agreements and unaccounted-for water. The estimate of the total amount of water produced is based on short-term and long-term water demand projections for the area of supply of the Bulk Water Branch including the areas external to the City's municipal area. The effect of the City's Water Demand Management Strategy is taken into account in determining the water demand projections. The total expenditure comprises the following:

(i) the cost of raw water purchased from National DWS;
(ii) water treatment costs and all other operational costs associated with the bulk water system; and
(iii) the cost of augmentation of the bulk supply system.
(iv) Allowance for the long term sustainability of this service.

2.28.6 Additional charges

An additional charge is levied by the City as an Agent for the Water Research Commission.

2.28.7 Other factors affecting revenue and possible tariff setting

The effect of having to impose water restrictions may affect the tariff setting of the Bulk Water Branch. If sustained low level water restrictions or medium/high level restrictions are imposed, the bulk water tariff would have to be determined based on a reduced total volume of water supplied as a result of the restrictions being implemented. This will support the principle of full cost recovery and long-term sustainability of the service.

The Bulk Water Branch may also increase its bulk water tariff during periods of water restrictions should the need arise, in order to restrict consumption and discourage wasteful water practices.

Other factors which could affect the tariff setting are the introduction of more stringent water quality standards and the construction of new water supply schemes by National DWS.

2.28.8 No basic free allocation

No monthly domestic basic free allocation is granted to consumers supplied outside the City's area of jurisdiction.

2.29 UNDERGROUND LEAKAGE REBATES ON WATER ACCOUNTS

2.29.1 Philosophy

The City should seek to address the problem of underground leaks or leaks otherwise not visible to the eye on private property in a caring and understanding manner by granting an "underground rebate" for *bona fide* claimants of such plumbing leaks, who have made appropriate application for a rebate, where the City should share the costs on an equal basis with the consumer. Care needs to be taken to prevent the abuse of the rebate system by excluding leaks on plumbing to convenience fixtures such as irrigation systems, automatic filling systems to ponds, pools, fountains and similar, where the possibility of the disconnection of those systems from the primary erf plumbing would have prevented the water waste in the first instance.

2.29.2 Plumbing leaks subject to the rebate system

Rebates shall only be granted in the case of leaks that are underground or not otherwise visible to the eye on the erf's primary plumbing which would normally be kept pressurised for normal activity requirements.

Rebates will apply to Domestic Customers, schools, religious institutions, charities, homeless shelters, children's homes, homes catering for the health of physically or mentally challenged individuals, old aged homes as defined and vulnerable groups.

Rebates will not apply to customers within the Industrial, Commercial and Miscellaneous Categories and as well as customers outside the municipal area.

2.29.3 Derivation of rebates for underground leaks

Rebates for underground leaks or leaks not visible to the eye shall be determined by establishing the difference between the "average" consumption over a corresponding consumption period and the increased consumption resulting from the leak.

This difference shall then be halved and the consumer shall be charged for half the consumption associated with the leak at a rate deemed to be the average Reticulated Water Cost for the City for the financial year.

The Reticulated Water Cost, (Rc), shall be derived as equal to:

- Bulk Water cost (R/kl) plus
- Estimated distribution cost (excluding contribution to any Rates account, Tariff stabilisation or Capital Replacement Reserve fund or Budgeted Surpluses, in Rand) divided by
- Estimated water sales in kl.

2.29.4 Time period over which the rebate will extend

It is considered reasonable that two months of actual metered high water consumption would be sufficient time to alert a consumer to the possibility of water leakage. A further month is considered a reasonable time to have this leakage repaired. Accordingly, the total period over which the rebate will extend is defined as the period covering the last three municipal bills based on actual Meter readings. (This period may be in excess of three months if bills are based on estimated consumption).

2.29.5 Steps to prevent abuse of the rebate system

All rebate claims will be subject to the production of a plumbing certificate by the claimant detailing the exact location of the leak on the property, the nature of the leak and the steps taken to repair the leak. The City needs to inspect the plumbing after repair of leakages that are subject to rebate claims. The Director: Commercial Services (Water and Sanitation) shall have delegated authority to grant rebates at the discretion of the City.

Each property owner shall be limited to one rebate claim (not including properties previously exhausting their maximum number of rebates).

All documentation concerning rebate claims shall be filed for audit scrutiny as and when required.
Finally, the City reserves the right to delay the granting of a rebate in instances where the applicant's account reflects outstanding debt.

The onus is on the customer to apply for the rebate as soon as possible and within a reasonable period. The period of account adjustment will not be extended beyond three years due to delayed application.

2.30 Compliance and monitoring of water (e.g. Water Services Intermediaries)

Where an agreement exists between the City of Cape Town and a customer (e.g. a Water Services Intermediary), the City of Cape Town has an obligation to perform compliance monitoring and enforcement on the customer (e.g. Water Services Intermediary) related to the statutory frameworks, including conditions specified in the contract. The specific customer (e.g. Water Services Intermediary) will have to accept responsibility for the additional compliance monitoring cost.

This additional charge shall be based on the Miscellaneous Tariff as reflected in the schedule of tariffs. This shall be billed on a monthly basis.

3. SPECIFIC POLICIES FOR SANITATION TARIFFS

3.1 User categories

Sanitation tariffs shall distinguish between at least three user categories: domestic users, industrial / commercial users and other users.

Domestic Use:

3.2 Domestic user categories

The sanitation tariff structure for domestic users shall distinguish between significantly different levels and standards of services and shall include at least the following five categories for domestic users.

(i) **domestic communal:** Users (households) with access to Communal sanitation facilities (rudimentary sanitation and communal ablution facilities).

(ii) **domestic full:** Users with waterborne sanitation and uncontrolled or controlled discharge to a sewer network.

(iii) **domestic on-site waterborne:** Users with waterborne sanitation collected on site (e.g. septic tanks).

(iv) **domestic on site:** Users with a non-waterborne system collected on site (container or VIP).

(iv) **domestic cluster:** Where one connection point serves a multi-Residential Unit development.

(vi) **domestic backyarders:** where one meter device serves backyard occupants.

3.3 Universal billing

All users are to be billed unless provided with a rudimentary or basic service such as communal facilities.

Where billing is performed for a stepped tariff, the calculation is based on the "daily average" methodology, to prevent the number of days in the billing cycle having a negative impact the customer. The consumption allocated into the various steps will thus be a function of:
Step 1 (0-4.2kl per month) = 4.2kl x 12 months / 365 days x Number of days
Step 2 (4.2 – 7.35kl per month) = 3.15kl x 12 months / 365 days x Number of days
Step 3 (7.35 – 24.5kl per month) = 17.15kl x 12 months / 365 days x Number of days
Step 4 (24.5 – 35kl per month) = 10.5kl x 12 months / 365 days x Number of days
(Note: 366 days are used during leap years)

3.4 Volumetric domestic tariffs - domestic communal

No charge shall be rendered for the use of communal facilities.

3.5 Volumetric domestic tariffs - domestic full

Consumption tariffs for domestic connections shall be based on the same increasing block structure as specified in paragraph 2.5 above. Volumetric sanitation tariffs for domestic users shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed at 70% of the user's domestic water consumption and shall be limited to a maximum billable volume of 35 kl per month. The block structure for sanitation tariffs are Basic Usage (0 – 4.2kl), Basic Usage (4.2 – 7.35kl), Basic Usage (7.35 – 10.5kl) and Above Basic Usage (10.5 – 24.5kl) and Usage that will jeopardise water conservation (24.5 – 35kl). An allowance of 10 500 litres per month will be made available at zero cost to indigent customers.

For purposes of indigent customers, this allocation aligns with the free basic allocation for poor households as contained under paragraph 7 of Chapter 1 above.

3.6 Volumetric tariffs - domestic on-site waterborne

Volumetric sanitation tariffs for this category of user shall be based on a volume as measured in the tank of the truck. The tariff shall be a tariff per kilolitre of wastewater. Users will be permitted to make use of private contractors.

In cases where free removals apply, one free removal will not exceed 10 000 liters. Registered *bona fide* non-profit organisations, which operate homes catering for the health of physically or mentally challenged individuals, and are serviced by a tanker service can apply for an 80% rebate. Such organisations must be accredited by the relevant Council Committee / Body.

3.7 Basic sanitation charges / fees

This tariff shall be a fixed charge where necessary in informal areas depending on the mechanism. Different charges / fees may apply for different systems.

3.8 Volumetric tariffs – domestic cluster

Consumption tariffs for domestic connections shall be based on an increasing block structure as specified in paragraph 2.5 and 3.5 above. Volumetric sanitation tariffs for users in multi-Residential Unit developments (i.e. Sectional Title, Single Title cluster developments, Gated Villages, Block of Flats with unregistered individual ownership of units) shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed as 90% of the monthly metered water consumption and subject to a maximum allowable volume of 35 kl per unit per month.

An allowance of 10 500 litres per Residential Unit per month will be made available at zero cost subject to approval of indigency of the full development.
Allowance to apply the tariff structure per unit per month will be made:

(i) upon submission of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or
(ii) upon updating of the information on the City of Cape Town master data base (e.g. completed and occupied number of units).

Backdating of the free basic allocation will be considered and implemented in accordance with Chapter 1 paragraph 4.14 on condition that proof of occupancy is provided. The allocation can however not be backdated further than the date of transfer of the property from the developer to the domestic cluster owner(s).

3.9 Volumetric tariffs – domestic backyarders

Consumption Tariffs for backyarder occupants served by meter device.

An allowance of 7 350 litres per unit per month will be made available at zero cost but usage above 7 350 liters per month multiplied by the number of units will however be subject to restriction as part of the water abuse procedure:

(i) upon submission of a signed affidavit by a properly authorised person stating the number of completed and occupied Residential Units supplied from that metered connection; or

(ii) upon updating of the information on the City of Cape Town master data base.

(iii) upon confirmation that a tagged water dispenser has been installed

Industrial and Commercial Use;

3.10 Volumetric tariffs - industrial and commercial

The consumption tariffs should be set at a Function of Future Incremental Marginal Cost. Volumetric sanitation tariffs for industrial and commercial users shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed as 95% of the monthly metered water consumption.

In cases where indigent domestic customers reside in cluster units on mixed-use zoned properties, and the mixed use property has been categorised as domestic based on the predominant use principle, they may apply for a free 10 500 litres per residential unit per month which will be subject to approval if indigency of the full development.

In cases where domestic customers reside in cluster units on mixed-use zoned properties and the mixed use property has been categorised as domestic based on the predominant use principle, they may apply for the tariff structure to be allocated per residential unit per month by submitting an affidavit to this effect, signed by a properly authorised person, where the number of residential units are specified. An investigation will need to be performed to confirm the information and consider whether such application can be approved by the Director: Water and Sanitation, based on the proportion of predominant use. The “predominant use” principle will therefor apply for tariff categorisation and allocation of free basic services for such approved indigent customers. Specific tariffs will only be considered if separate meters are installed and private plumbing altered at the cost of the customer.

Other Use:

3.11 Volumetric tariffs - other: Government, organs of state, educational institutions, sports bodies, clubs, hospitals, municipal users and religious institutions / places of worship

The consumption tariffs should be set at a Function of Future Incremental Marginal Cost. Volumetric sanitation tariffs for all other users shall be based on the estimated volume of wastewater discharged into the sewerage system, deemed as 95% of the monthly metered water consumption.

3.12 Volumetric tariffs – Charities / Public Benefit Organisations / Non-profit organisations used for animal shelters / early childhood development facilities / youth development facilities / local community museum facilities)

The volume of sanitation shall be deemed to be 95%

The consumption tariff for registered charities, public benefit organisations and non-profit organisations will be charged at the Average Cost of Sanitation.

To allow for the approval process, financial adjustments will be backdated to the start of the financial year in which an approved application was received.

3.13 Volumetric tariffs – Accommodation for the vulnerable (homeless people's shelters / children's homes / homes catering for the health of physically or mentally challenged individuals / Old Aged Homes as defined

In order to provide free basic services to people without title deed, indigent people living in homeless people's shelters, children's homes, **homes catering for the health of physically or mentally challenged individuals** and old aged homes as defined, a special sub-category shall be used. The volume of sanitation shall be deemed to be 70% of water consumption with no capped maximum.

The consumption tariffs for this consumer sub-category shall be based on the number of people or beds normally accommodated in each residence as defined in an affidavit, signed by a properly authorised person, upon annual application for such residence to be registered with the Council, and receive a free sanitation allocation of 17,5 litres per person per day or 525 litres per person per month. Beyond such consumption, the specific defined consumption sub-category equal to the Tariff categorisation of the property for Sanitation per kl shall be applied.

The consumption tariff for "accommodation for the vulnerable" consumers will be charged at the Average Cost of Sanitation.

To allow for the approval process, the free allocation will be backdated to the start of the financial year in which an approved application was received.

3.14 Users only making use of a sanitation service

Users who obtain their water supply from a source other than the Council such as a neighbouring water supply authority or from unmetered boreholes, but make use of the Council's sanitation services, are liable to pay for the services. The volume on which the charge is based shall be determined and verified on an annual basis by the Director: Commercial (Water and Sanitation) by measurement or estimation of the water used. Determination of the percentage wastewater will be as per the user category.

3.15 Charges and quantity of industrial effluent

The charges referred to in section 7 of the by-law, are calculated and reviewed hereunder:

(1) The charge is, subject to the succeeding provisions of this Schedule, the amount obtained by applying the formula calculated in terms of item (2) below.

(2) **Vw (SVC) + VieT (COD-1000)/1500 + VieT (SF)**

Where –

"**Vw"** is the total volume, expressed in kiloliters, of wastewater discharged from the premises during the period concerned.

"SVC" is the sewerage volumetric charge in terms of the sanitation tariff.

"Vie" is the total volume, expressed in kiloliters of industrial effluent discharged from the premises during the period concerned.

"T" is the cost, as determined by the Council, of treating 1 kiloliter of wastewater.

"COD" is the chemical oxygen demand of the effluent in milligrams per liter. In the event of the COD being less than 1 000, the COD factor falls away.

"SF" is the surcharge factor of the effluent calculated according to the formula:

SF = Y(X-L)/Ls

Where –

"Y" is the appropriate factor applicable to such parameters as stipulated in the miscellaneous tariffs of the City

"X" is the concentration of one or more of the parameters listed in Schedule 1.

"L" is the by-law limit applicable to that particular parameter

"Ls" is the Department of Water Affairs license standard for a particular parameter

(i) No factor calculated by this formula may have a value less than zero;

(ii) In the case of the pH parameter X represents the pH value and, if (X-L) results in a negative value, a positive value of the same magnitude must be substituted.

(iii) Ls has been introduced into the formula in consideration of the National DWS's stringent permit/license conditions that the City's wastewater treatments plants must comply with. Where there are permit and license standards, the license standard will be applied; and where there are no license standards, the permit standard will be applied.

(3) The COD of industrial effluent is the rolling arithmetic average of four samples taken at any time during a six to twelve-month period.

(4) The SF of industrial effluent is the latest value determined.

(5) The SF is cumulative for all parameters which are outside the limits set in Schedule 2.

(6) If, for any reason, the requisite number of samples referred to in items (3) or (4) above is not taken, or more than four samples are taken, Council may determine an equitable COD and/or SF.

(7) The owner/occupier of any premises is entitled to receive, on request, part of any sample taken from the premises before that sample is removed by Council.

(8) Council shall make use of its part of the sample for billing purposes.

(9) Test samples may be taken at any time deemed necessary by an authorized official to ascertain compliance of the industrial effluent with this by-law or any other standard determined in a permit, and the full costs shall be charged to the permit holder.

Calculation of quantity of industrial effluent discharged

(1) The Council determines the total quantity of industrial effluent discharged from any premises.

(2) If industrial effluent and other wastewater are measured together, Council will make such allowance as it considers fair for such other wastewater.

(3) If the amount of industrial effluent discharged from any premises is not directly measured:

(a) the Council will base the determination on the amount of water used at the premises, after making whatever allowance it considers fair for water used for domestic purposes or irrigation, loss to the atmosphere, or present in the products produced at the premises, and

(b) if industrial effluent is discharged from the premises at more than one point, the Council will allocate the said amount of water to the points of discharge as accurately as possible.

(4) If a measuring device is proved to be defective, the Council will, subject to item (5) below, make due allowance for the defect in its calculation of the quantity of discharge.

(5) The Council may, by notice in writing, require the occupier, owner or person in control of, or using, any premises to provide such information, access or facilities Council considers necessary either for the accurate calculation of the charge payable, or to establish whether a charge is in fact payable in respect of the premises.

(6) If the Council is of the opinion that the sampling does not represent the actual average quality of industrial effluent, then it may use an alternative acceptable method in order to determine an equitable industrial effluent charge.

(7) If the Council is unable to assess the quantity or charge due because –

(a) the formula referred to in item 1(2) above, is dispensed with, and/or

(b) a notice referred to in item 2(5) above is not complied with and/or;

(c) any contravention of this by-law has taken place and as a result the charges due in respect of the premises concerned cannot be calculated accurately,

the Council will assess the charge due as being such amount as it considers fair.

(8) Notwithstanding item (7) above, the Council may, in order to assess any charge provided for in this by-law or to ensure compliance with any provision of this by-law, by notice in writing, require the owner of any premises, within a specified period and at the expense of the owner to provide and maintain such gauges or other measuring devices as the Council considers necessary to–

(a) measure the volume of water used at the premises and the volume of water obtained from any source other than council;

(b) measure separately the volume of water used for any specified purpose or in any specified portion of the premises; and

(c) provide proof to the satisfaction of the Council that any gauge or device referred to in items 8(a) and 8(b) is functioning correctly and accurately.

(9) Where the discharger applies for the disposal of Wastewater / Chemical Toilets at a designated facility, a Direct Disposal Permit Application Fee will be charged to the applicant.

3.16 Surcharge: extraordinary treatment cost for industrial effluent

Where the pollution loading (quality) of wastewater discharged into the sewerage system exceeds the pollution loading of ordinary domestic wastewater, the specific user or industrialist/owner will have to accept responsibility for the additional treatment and additional compliance monitoring cost (excluding the initial compliance monitoring).

This additional charge shall be based on the Industrial Effluent Miscellaneous Tariff as well as the industrial effluent formulae as stipulated in this policy. This additional charge shall be billed monthly.
Where a discharger applies for an industrial effluent permit as stipulated in the Wastewater and Industrial effluent by-law, an applicable and non-refundable charge will be levied to the applicant for administrative costs associated with the processing, according to the Miscellaneous tariff schedule as reviewed annually.

3.17 Industrial effluent rebates

Industrial Effluent rebates shall only be granted on instances that aim to avoid detrimental impact to municipal infrastructure; where the owner has shown capital budget expenditure to improve the quality of industrial effluent and quantity discharged into the municipal system; and subject to the availability of an agreement between the City and the property owner. The agreement will be reviewed annually and applied for a specified period at an agreed upon percentage rate. The Director of Water and Sanitation shall have delegated authority to grant/revoke rebates at the discretion of the City. Each erf shall be limited to two rebate claims in each twelve-month period.

3.18 Industrial effluent account adjustments

Industrial Effluent account adjustments shall be granted, where applicable or upon request where there are disagreements with the Industrial Effluent account, subject to submission of credible documentation, by the applicant, in support of the adjustment claim. The Director of Water and Sanitation shall have delegated authority to investigate the matter, approve or not approve the adjustment claim, at the discretion of the City. Should a dispute arise, the Director of Water & Sanitation will endeavour to resolve the dispute at the discretion of the City and in accordance with the dispute procedure as stipulated in the City's Credit Control and Debt Collection Policy. All documentation concerning adjustment claims shall be filed for audit scrutiny as and when required.

3.19 Surcharge: storm-water discharges into sewer

Where an unauthorised discharge connection for storm-water runoff into the sewer is found, the owner of the premises will be given a notice period to either amend the connection to discharge it in an approved manner into the storm-water/road drainage system, or reach agreement for condoning the existing connection. An agreement is an option if a connection to the sewer is not deemed practically possible at the discretion of the Director: Water and Sanitation. The applicable Miscellaneous Tariff for either case will be charged on a monthly basis.

3.20 Compliance and Monitoring of Effluent at Water Services Intermediaries

Where the pollution loading (quality) of wastewater discharged into the sewerage system exceeds the pollution loading of ordinary domestic wastewater, the Water Services Intermediaries will have to accept responsibility for the additional treatment and additional compliance monitoring cost (excluding the initial compliance monitoring).

This additional charge shall be based on the Industrial Effluent Miscellaneous Tariff as well as the industrial effluent formulae as stipulated in this policy. This additional charge shall be billed monthly.

The WSI shall be responsible for compliance with and must discharge and comply with all of the WSA obligations under by-laws, policies and consumer charter which obligations the Water Services Intermediaries has assumed under the contract.

Where a discharger enters into an agreement, an applicable and non-refundable charge will be levied to the applicant for administrative costs associated with the processing, according to the miscellaneous tariff schedule as reviewed annually.

3.21 Charges for Water Services Intermediaries where alternative sources of water are used and disposed via the Sewer System

Cases where Water Services Intermediaries are making use of alternative sources of water for purposes which give rise to the discharge of such resulting water (wastewater) or portion thereof into the sewer system are not billed for the disposal of wastewater as no or very little water consumption is registered on the municipal water meter of which a specified percentage is used as the current conventional methodology to calculate the volume disposed. In order ensure that such customers still contribute towards recovering the cost of the service delivered, i.e. the disposal of wastewater that need to be transported and treated at the wastewater treatment plants, a fixed basic charge will apply. The charge to specific Water Services Intermediary will be a function of the Water Services Intermediary's tariff category and the result of a water audit on the specific property.

3.22 Charges for Customer where alternative sources of water are used and disposed via the Sewer System

Cases where customers are making use of alternative sources of water for purposes which give rise to the discharge of such resulting water (wastewater) or portion thereof into the sewer system are not billed for the disposal of wastewater as no or very little water consumption is registered on the municipal water meter of which a specified percentage is used as the current conventional methodology to calculate the volume disposed. In order ensure that such customers still contribute towards recovering the cost of the service delivered, i.e. the disposal of wastewater that need to be transported and treated at the wastewater treatment plants, a fixed basic charge will apply. The calculated volume and categories where such volume needs to be determined via a water audit on the specific property are reflected in the miscellaneous tariff schedule.
The charge will be a function of the category's tariff and the deemed volume / volume determined as a result of a water audit on the specific property.

3.23 Fixed Basic Charges / Fees

No fixed monthly charge will be levied on users who discharge wastewater obtained from municipal sources into a sewer system.

3.24 Connection charges

Connection charges for all consumer categories shall be recovered, i.e. the full costs of the sewer connection installation. Correct cost allocation should be set up in the financial system to ensure that costs are recovered by the relevant tariff and that no inappropriate subsidisation occurs.

3.25 Disconnections

Domestic users - Due to the health risk related to effluent, a sewerage connection should not be disconnected if a user fails to pay. The water supplied to the user may be restricted in terms of the Credit Control and Debt Collection Policy that in turn will minimise the effluent discharged.

Industrial/commercial users – In the event of an industrial effluent discharge from a user being found to be non-compliant with the Wastewater By-Law and in the opinion of the Director: Technical Services (Water and Sanitation) to be harmful to the reticulation, treatment infrastructure or receiving bodies, Council may disconnect or seal off the sewer connection until such time that Council is satisfied that the non-compliance has been fully attended to. Only then will Council authorise a reconnection at the cost of the user. The Sanitation By-Law also allows for Council to recover any cost of making good damages to its infrastructure, irrespective of whether the connection had been sealed off or not.

3.26 Adjustment to the calculated volume

For industrial, commercial, domestic (cluster) and other rates categories only and specifically excluding the domestic full rates category, the relevant Director: Water and Sanitation shall have delegated authority to adjust the deemed percentage of water used which is discharged into the sewerage system as wastewater. Scientifically-based calculations undertaken or accepted by a delegated official shall determine the adjustments which should more closely predict or measure the actual wastewater discharged. Should an applicant not return the necessary documentation, within he stipulated time-frames, for processing, the industrial/commercial will be billed at the default percentage 95% industrial/commercial and 90% domestic cluster.

3.27 Contributions

Income from sanitation charges should not be used to subsidise other rates and general funded services.

3.28 Sanitation charges where Prepayment Meters have been installed

A Prepayment Municipal Meter may be installed at the discretion of the Director: Commercial Services (Water and Sanitation). The relationship between the amount offered and the volume supplied will be dependent on the standard monthly consumption as calculated. The sanitation discharged will be purchased at the same time as the water.

3.29 Relationship between rebated water for underground leaks and volumetric sanitation charge

Any water deemed to be lost through a leak on the primary plumbing of an erf, as provided for in paragraph 2.29 of the Policy, shall be deducted from the volume of water used to compile the volumetric sanitation charges, taking into account the sanitation charge capping that exists on relevant tariff categories.

Rebates will apply to Domestic Customers, schools, religious institutions, charities, homeless shelters, children's homes, homes catering for the health of physically or mentally challenged individuals old aged homes as defined and vulnerable groups.

Rebates will not apply to customers within the Industrial, Commercial and Miscellaneous Categories and as well as customers outside the municipal area.

4. GENERAL POLICIES FOR WATER AND SANITATION TARIFFS

4.1 Contributions

As a general principle there will be no contribution from water and sanitation to the Rates and General Fund, unless specifically imposed by Council for a specific financial year.

4.2 Subsidies

Reasonable and appropriate cross-subsidisation may be applied between consumer categories. All applied subsidies (including those within and between consumer categories) must be disclosed to the extent that this is practical.

4.3 Departures

Departures from any of the principles in this Policy may be made at the discretion of the Director: Commercial (Water and Sanitation), only where there are sound practical reasons that prevent the implementation of the Policy at the present time and/or where the phased adoption of the Policy or policies would reduce an otherwise onerous burden on Council and/or consumers. A financial burden on an indigent household under specific exceptional circumstances could also be a valid reason for authorising a departure. The reasons for any departures must be recorded in writing.

4.4 Principles upon which tariff policy is based

The calculation of all tariffs is based on the general principles of full cost recovery, to protect the basic level of service and to ensure long-term sustainability of the service. This will include the cost of backlogs, maintenance and renewal of plants and networks as well as the cost of new infrastructure.

4.5 Frequency of tariff setting

All tariffs are determined on an annual basis, with due cognisance of adjustments between approved reduction levels necessitated by water restrictions.

4.6 VAT

VAT is charged as per the existing national tax legislation on all consumptive tariffs and all miscellaneous tariffs as indicated in the schedules.

4.7 Availability charge

An availability charge shall apply to serviced vacant or undeveloped land for both the water and sanitation services excluding unproductive vacant land (e.g. public open space, private road).

4.8 Consumer deposit

A consumer deposit will be levied with the commencement of services to a consumer, to allow for unpaid bills that may arise later, especially during ownership transfer periods. With effect from 2014/15 onwards the payment of the consumer deposit will no longer be applied to domestic customers.

4.9 Charges for the replacement of standpipe tags

A charge for the tag used to obtain access to water will become effective where such needs to be replaced.

4.10 Charges for Standard or Pre-Paid Hydrant Standpipes

The charges for standard or pre-paid hydrant standpipes are reflected in the miscellaneous tariff schedules.

In instances where a hydrant standpipe is not returned or cannot be presented for reading purposes by the applicant/user to the City of Cape Town, the City will continue to charge the monthly rental charge as well as an estimate of water consumed based on the standard flow rate:

20mm Standpipe: 2.5kl/h x 8 hours' x 21days = 420kl per month x Miscellaneous tariff charge

50mm Standpipe: 25kl/h x 8 hours' x 21days = 4200kl per month x Miscellaneous tariff charge
Such rates will continue to be applied until such time that applicant/user returns the hydrant standpipe or advises council that such hydrant standpipe has been lost.

4.11 Charges for plumbing related work performed by City official on private property

The owner is responsible to comply with the by-law on items relating to the abuse of water which includes the identification of leaks that exist on the private property. The request for an official of the City of Cape Town to perform plumbing related investigation or work on private property will be charged at the appropriate tariff.

4.12 Forfeiting of unused free basic allocations

Any free basic allocation not used by the end of each month/ metering period/billing cycle will be forfeited. Such allocation per month/metering period/billing cycle to be calculated as:

6 kiloliters x 12 months / 365 days (366 in leap years) x the number of days for the specific period for water; and
4.2 kiloliters x 12 months / 365 days (366 in leap years) x the number of days for the specific period for sanitation.

4.13 Installation of Private Prepayment Sub-Metering System

Installation of private sub-metering devices on private plumbing infrastructure have been standard procedure implemented by property owners/Body Corporates/Home Owners Association to administer the allocation of cost. In this regard, adherence must be given to the water by-law which specifies that property owners / Body Corporates / Home Owners Associations may not charge the internal customers more than the water and sanitation tariffs approved by the City of Cape Town.

When prepayment sub-metering systems are installed by property owners/Body Corporates/Home Owners Associations, application needs to be made with the City to ensure that property owners/Body Corporates/Home Owners Associations ensure access to basic water. The terms and conditions of such application are specified on the application form. Any administrative cost recovered will be an agreement between the owner(s) and the service provider and may not form part of the tariff.

4.14 Measures to be applied during water restrictions when customers exceed the allowable usage promulgated in the restriction measures

The setting of consumption limits form part of the promulgated restriction measures to ensure the protection of the available water resources. Should customers not be adhering to such limits, the City reserves the right to enforce such limits. Enforcement of such limits will only commence after a warning letter has been sent to the customer advising that the customer is in contravention of the water restriction measures, that a specific period will be given for reduction of the consumption levels or to allow for formal application (with motivation) for consumption in excess of such limits (quota increase) via the standard processes.

4.15 Assistance Factor to be applied during the application of punitive tariffs during periods of water restrictions

The purpose of the assistance factor is to ensure that large families are not penalised (moving in to higher tariff step) whilst still adhering to the restriction level per person. The assistance factor is only applicable for step 1 and 2 of the domestic grouping as any usage above these steps will represent assistance to customers that are in contravention of the restriction measures. Assistance factors will only be considered for the Domestic Cluster grouping where the average household size per property of the development aligns with the family sizes. The assistance factors to be applied during periods of severe restrictions are contained in the schedule of tariffs and will only be applied after formal application for assistance is obtained via the standard processes.

4.16 Regularising of meter connections and meter related issues where new connections applications and payments were not submitted during development of low cost housings

Where identified through proper investigation that, due to legacy issues related to low cost housing developments, the circumstances that exist on the ground require regularisation to ensure alignment with the proper standards as contained in the Water By-law, the following procedures will apply for low cost housing developments:

a) Where one water meter is serving more than one indigent property it will be corrected to create a one meter to one property service level;
b) Where no meter connection exists to an indigent property, the application for new connection at the applicable down-payment tariff amount for these indigent properties retrospectively be treated in the same manner as that applied for current low cost housing projects;

c) Where these specific properties are identified for new connection due to correction of one indigent property feeding multiple properties as well as indigent properties where the requirement for a new metered connections are identified, deviation from paragraph 4.14 of this policy be authorized in order not to be backdated for a period of one year, but billed for future consumption after installation of the meter.

d) Where the new connection meter installations require re-alignment of private infrastructure which indigent customers are not able to pay for, along with other work to be performed on private property be incorporated into the assistance to indigent customers where Council have approved work on private property funded from the Water and Sanitation Directorate's operating budget.

e) Where specific low cost housing areas, identified for regularisation by the Director: Commercial (Water and Sanitation) based on (a), (b), (c) and (d) above and such specific low cost housing area includes properties that do not qualify for indigent status, these properties be treated in the same manner as indigent properties as an once-off exemption in order to present a holistic plan of action.

f) Should the number of properties that do not qualify for indigent status as specified in (e) above in the specific low cost housing areas exceed 10% of the total number of problematic items (as identified by the Director: Commercial (Water and Sanitation), Council approval be obtained to proceed with the non-indigent properties in these specific low cost housing area.

3. CHAPTER 3: ELECTRICITY TARIFF POLICY

DEFINITIONS

General Definitions

"Customer" means a consumer as defined in the Electricity Supply By-law. In the case of multiple-metered connections where premises are metered directly by the Service Provider, the occupier of each premises thus metered shall be deemed to be a customer. May also refer to Generators where relevant.

"Meter" means a device that records the demand and/or electrical energy consumed and includes prepayment meters (a meter that can be programmed to allow the flow of a pre-purchased amount of energy in an electrical circuit).

"AMI" means an advanced Metering Infrastructure. Systems that measure, collect, and analyse energy usage, and communicate with metering devices either on request or on a schedule.

"Point of Supply" means the point determined by the Service Provider at which the Service Provider supplies electricity to any premises. Each meter shall constitute a point of supply.

"Service Provider" means the institution authorised by the City to provide electricity distribution services.

"Premises" means any land or any building or structure above or below ground, or part thereof, and includes any vehicle, aircraft or vessel.

Consumption Based Tariff Charges Definitions

"Demand Charge" means the charge payable per unit of the Maximum Demand supplied during any 30 consecutive minutes of the billing period (e.g. a month) measured in kilovolt-ampere (kVA).

"Energy Charge" means a charge for each kilowatt-hour (kWh) of electrical energy.

"Service Charge" means a fixed charge to recover fixed costs such as network operations and maintenance, capital, meter reading, billing, etc. and may be recovered as a daily or monthly charge. It is applicable throughout the entire period during which the relevant premises are connected to the supply mains irrespective of whether any electricity is used or not.

"Wheeling Charge" means a charge for the transport of electrical energy over the Service Provider's network infrastructure.

Sundry Tariffs Definitions

"Connection Fee" means the fee payable as a contribution towards the cost of providing a supply. This may be subsidised to facilitate electrification of poor households.

"Shared-network Charge" means a charge to cover the costs incurred to increase the capacity of shared networks to meet the additional demand imposed by new developments and additional capacity requested.

"Miscellaneous Tariff" means a charge for additional general services rendered such as reconnections, disconnections, meter testing etc.

"Special Tariffs" means tariffs that may be introduced from time to time in terms of the Municipal Systems Act 32 of 2000 clause 74 (2) (g) to accomplish specific aims not covered by the standard tariffs.

"Subsidised Tariffs" means tariffs where the full cost of delivering the service is not recovered within the target window of consumption.

Authorised Capacity and Maximum Demand Definitions

"Maximum Demand" means the highest averaged demand, measured in kVA or kW, during any integrating period within a designated billing period.

"Notified Maximum Demand" means the maximum demand or capacity notified in writing by the consumer and accepted by the Service Provider as that which the customer requires the Service Provider to be in a position to supply on demand.

"Maximum Export Capacity" means the maximum capacity measured at the point of supply notified by a Generator and accepted by the Service Provider for the transmission of electrical energy between the Generator and the Distribution System.

"Authorised Capacity" means the capacity per point of supply made available by the Service Provider and paid for by the customer or developer.

Types of Connection Definitions

"Low Voltage (LV)" means nominal voltage levels up to and including 1 kV

"Medium Voltage (MV)" means the set of nominal voltage levels greater than 1 kV up to and including 33 kV.

"High Voltage (HV)" means the set of nominal voltage levels greater than 33 kV up to and including 220 kV.

"Renewable Energy" means energy generated from a sustainable source such as solar, wind or wave.

"Embedded Generation Connection" means a connection approved by the City for the grid connection of renewable energy generation plant.

1. ELECTRICITY TARIFFS

1.1 Electricity tariffs consist of consumption based tariffs and sundry tariffs.

1.2 Consumption based tariffs will be used for the service consumption of electrical energy and/or demand capacity supplied, wheeled, installed or required by the customer.

1.3 Consumption based tariffs may consist of any combination of service charges, administration charges, network access charges, energy charges, demand charges, and wheeling charges. These charges may be further subdivided and may be seasonally differentiated.

1.4 Sundry tariffs may include Connection Fees, Miscellaneous Tariffs, Special Tariffs, Shared-Network Charges, Street Lighting Tariffs and Subsidised Tariffs as contained in the Schedule of Tariffs.

2. CATEGORIES OF USERS

2.1 Consumption based tariffs shall distinguish between Residential and Commercial/Industrial Customers.

2.2 Residential customers shall be customers in private residential establishments (including, but not limited to, houses, apartments, blocks of flats, townhouse complexes, bed-and-breakfast establishments, second dwellings, and establishments defined in Chapter 1 of this Policy) where electricity is used primarily for residential use and the authorised capacity provided to a single customer does not exceed 100 A three phase.

2.3 Commercial/Industrial customers are those not defined as Residential Customers and includes, but are not limited to, halls, places of worship, schools, sports clubs, restaurants, theatres, consulting room establishments, and all other commercial and industrial premises. Residential establishments such as hotels, hostels, guest houses, boarding houses and retirement homes, separately metered general lighting areas in residential complexes, or where the authorised capacity provided to a single residential customer exceeds 100 A three phase will also be regarded as Commercial customers.

2.4 There may be sub-categories for Residential Customers and Commercial/Industrial Customers based on Categories of Service.

3. CATEGORIES OF SERVICE

3.1 Electricity tariffs may be defined for different categories of service provided where these categories of service are based on:

(a) type of service;
(b) level of Service Consumption;
(c) type of connection;
(d) time of use; and
(e) Other.

3.2 Type of Service may include Wheeling and the supply of Renewable Energy.

3.3 Levels of Service Consumption may include all service consumption as defined in Chapter 3 paragraph 1.2 and also levels of electricity purchases.

3.4 Type of connection may include Low Voltage, Medium Voltage or High Voltage supply at the Point of Supply. It may further include the Authorised Capacity at any one of these voltage levels.

Other may include the type of Meter installed, municipal property valuation and/or geographic location.

3.5 A Basic Service, that is applicable to Residential Customers only, will consist of access to 50 kWh per month at a Notified Maximum Demand of at least 20 A. This service may be subsidised.

4. APPLICATION OF TARIFFS

4.1 General

4.1.1 Electricity tariffs shall be applied consistently with the categories of users and categories of service at each metered point of supply, provided that final discretion resides with the Service Provider.

4.1.2 Approved Sundry Tariffs and Charges for Damages shall be applied consistently by the Director: Electricity Generation and Distribution or his Nominee, provided that final discretion resides with the Service Provider.

4.1.3 Where a choice of tariff exists, the responsibility for that choice lies with the customer. No retrospective adjustments will be entertained.

4.1.4 Any approved change in the tariff shall be applied to monthly accounts on a pro-rata basis from the day on which the revised tariff is implemented, with the exception of demand charges which will be levied at the revised rate.

4.1.5 Any Customer installing a prepayment meter may pay the cost up front or via the prepayment vending system irrespective of the reason for the installation.

4.1.6 All SSEG customers will be entitled to an incentive payment per kWh for energy fed back into the grid for a period ending 30 June 2025.

4.2 Commercial/Industrial

4.2.1 Customers with Notified Maximum Demand of up to 500 kVA may elect to take their supply at a Small Power User or Low Voltage Large User Tariff.

4.2.2 Customers with Notified Maximum Demand of between 500 kVA and 1 MVA shall take their supply at either the Low Voltage or Medium Voltage Large User Tariff.

4.2.3 Customers with Notified Maximum Demand above 1 MVA shall take their supply at either a Medium Voltage or High Voltage Large User Tariff. The latter will only apply where a High Voltage supply is available.

4.2.4 Customers requiring a supply of more than 12MVA firm may be required to take the connection at a higher Medium Voltage than 11 kV, or at an appropriate High Voltage. Customers requiring a supply of more than 20MVA may be required to take the connection at an appropriate High Voltage. This will be at the discretion of the Service Provider.

4.2.5 Customers wishing to take their supply at Small Power User 2 shall be permitted to do so only if a prepayment meter or AMI is installed.

4.2.6 Customers wishing to take their supply at the Small Power User 2 with AMI installed (may include SSEG customers) shall be required to pay the AMI Access Charge.

4.2.7 Customers with AMI installed, and Non-Residential Small-scale Embedded Generation customers, shall not be permitted to take their supply at the Small Power User 3 Tariff.

4.2.8 Customers may only take their supply at the Small Power User 3 Tariff if they have installed a prepayment meter at their own expense, should one not already be installed.

4.2.9 Non-Residential Small-scale Embedded Generation customers shall have the option to either retain the green attributes of the energy fed into the system (and be compensated at the Non-Residential SSEG Feed-in 2 Tariff), or transfer these attributes to the City (and be compensated at the standard Non-Residential SSEG Feed-in 1 Tariff), with the latter being the default option.

4.2.10 Billed Energy Maximum Demand shall be based on the highest half-hourly integrated demand measured in either direction during peak or standard time. Maximum Demand may also be measured (but not billed) during Off Peak periods for the purpose of monitoring the contracted Notified Maximum Demand, Maximum Export Capacity, and/or Authorised Capacity.

4.2.11 The Network Access Charge (where applicable) shall be based on the contracted Notified Maximum Demand or Maximum Export Capacity of the customer.

4.2.12 Where the demand billing cycle is interrupted as a result of a change of customer the final reading date shall be deemed to end the demand reading cycle and the maximum demand recorded will be billed to the previous customer where after the demand shall be reset and the maximum demand recorded in the ensuing period (i.e. from move-in date to the end of the normal billing cycle) shall be charged to the new customer.

4.2.13 Only qualifying customers, as defined by and/or within an approved geographic area as set out in the City's Investment Incentive Policy will be eligible for the Investment Incentive Tariffs.

4.3 Residential

4.3.1 Customers who have a credit meter installed (including AMI) shall take their supply at the Home User Tariff.

4.3.2 Customers who have a prepayment meter installed and have a municipal property valuation of R1 million or more shall take their supply at the Home User Tariff.

4.3.3 Customers who have a prepayment meter installed and have a municipal property valuation greater than R400 000 but less than R1 million shall take their supply at the Domestic Tariff.

4.3.4 Customers who have a prepayment meter installed and have a municipal property valuation equal or less than R400 000 may take their supply at the Lifeline Tariff.

4.3.5 The municipal property valuation of the entire property shall be used as the property value for each premises on the property for the purposes of application of the Tariff Policy, except where each premises on the property has an individual municipal property valuation (e.g. sectional title schemes). Any rebates available shall attach to the customer receiving the rebate (and therefore only to the premises directly affected), and not to all premises on the property.

4.3.6 Customers who may ordinarily take their supply at the Lifeline Tariff but receive more than 450 kWh per month on average over a period of 12 consecutive months shall take their supply at the Domestic Tariff. Any customers who receive more than 450 kWh per month and would otherwise be able to take their supply at the Lifeline Tariff as a result of a rebate as defined below, shall take their supply at either the Domestic or Home User Tariff, whichever is applicable.

4.3.7 Notwithstanding 4.3.2 and 4.3.3, and subject to 4.3.6, customers may also take their supply at the Lifeline Tariff provided that they receive a full or partial Pensioner Rates rebate as set out in the City's Rates Policy. On application, such customers may also include legitimate tenants that otherwise would have received a partial Rates rebate, provided that no member of the household may own property elsewhere.

4.3.8 Notwithstanding 4.3.2 and 4.3.3, and subject to 4.3.6, customers may also take their supply at the Lifeline Tariff provided that they qualify and are registered as indigent as set out in Chapter 4 of the City's Credit Control and Debt Collection Policy.

4.3.9 Notwithstanding 4.3.2 and 4.3.3, and subject to 4.3.6, bona fide Old Age Homes being run by a registered Public Benefit Organisations as defined in the City's Rates Policy and where individual metering exists, may upon application to and at the discretion of the Service Provider be permitted to take these individual supplies at the Lifeline Tariff.

4.3.10 Customers in qualifying low cost housing schemes, City Backyarder Programmes or informal settlements may pay the subsidised connection fee.

4.3.11 As of 1 July 2021, all current and new Residential Small-scale Embedded Generation customers shall take their supply at the Home User Tariff, with the addition of the AMI Access Charge and (where applicable) the Residential Feed-in Tariff.

4.3.12 As of 1 July 2021, all Home User customers wishing to take their supply via AMI shall be permitted to do so, subject to the installation of an AMI meter at their own expense and subject to the payment of the monthly AMI Access Charge.

5. WHEELING

5.1 Customers wishing to participate in a Wheeling arrangement shall be liable for both the Wheeling Customer Medium Voltage Tariff and the Wheeling Use of System tariff in accordance with the Wheeling Agreement.

5.2 Generators embedded in the City Distribution Network connected at medium voltage wishing to wheel to a customer outside the City Distribution Network shall be required to pay the Wheeling Use-of System tariff.

5.3 Where excess energy is wheeled to a customer, but not consumed, this energy shall be regarded as being fed back into the City grid and will be compensated for at the Wheeling Excess Energy Feed-in Tariff, with the customer retaining the green attributes of this energy.

5.4 Residential and other Commercial/Industrial customers not covered in 5.1 or 5.2 shall not be permitted to participate in a Wheeling arrangement at this time.

6. PREPAID TOKENS

6.1 All unused prepaid tokens purchased as of 1 July 2016 shall expire after 36 months. Customers will need to utilise tokens prior to the expiry date of the token, or forfeit the energy purchased. No refunds or replacements of expired tokens shall be entertained.

6.2 For tokens utilised that need to be transferred between prepayment meters, or between a prepayment meter and Small Scale Embedded Generation or Small Power User, the following applies:

6.2.1 The first 2000 verified kWh will be replaced/monetised unit for unit (for prepayment meter to prepayment meter) or at the current average rate (for SSEG/SPU)

6.2.2 The next 3000 verified kWh (2001-5000kWh) will be replaced/monetised at a calculated historic purchase price

6.2.3 Replacement/monetisation of any verified kWh above 5000kWh shall require approval by the Director: Electricity Generation and Distribution.

7. TARIFF APPROVAL

7.1 The Regulated portion of the Tariffs are approved by Council in terms of clause 24(2)(c)(ii) of the Municipal Finance Management Act 56 of 2003, and by the National Energy Regulator of South Africa (NERSA) in terms of clause 4(a)(ii) of the Electricity Regulation Act 4 of 2006. If the tariffs approved by Council differ from the tariffs approved by NERSA, the Council approved tariffs shall be applied.

7.2 The Unregulated portion of the Tariffs are approved by Council in terms of clause 24(2)(c)(ii) of the Municipal Finance Management Act 56 of 2003, and in terms of clause 74(2)(f) the Municipal Systems Act 32 of 2000, and are subject to any norms and standards as imposed by the Minister of Finance in terms of the Municipal Fiscal Powers and Functions Act 12 of 2007.

4. CHAPTER 4: SOLID WASTE MANAGEMENT TARIFF POLICY

DEFINITIONS

"240 L Container (Wheelie bin)" means a plastic wheeled waste container with a capacity of 240L, provided for the storage of waste prior to collection by the City or private service provider for disposal or waste diversion in areas identified for containerisation.

"660L and 770L Container" means a wheeled waste Container with a capacity of 660L and 770L provided by the City for the storage and disposal of waste, to be used for informal traders' waste.

"Agricultural Property" means property categorised as agricultural on the Valuation Roll.

"Availability Charge" means a charge payable on all Vacant Land.

"Backyarders" means households on council rental stock property within a given area and registered as backyard dwellers as determined by Council.

"Building and Demolition Waste" means waste, excluding hazardous waste, produced during the construction, alteration, repair or demolition of any structure either man made or natural, and includes rubble, earth and rock and wood displaced during that construction, alteration, repair or demolition, which include discarded concrete, bricks, tiles, and ceramics, discarded wood, glass and plastic, discarded metals, discarded soil, sand, stone and dredging spoil and other discarded building and demolition wastes excluding Asbestos waste.

"Clean Rubble, Sand & Soils" means clean rubble defined as waste consisting of concrete chunks, broken bricks, sand, stone, cement, plaster and similar inert materials, but excluding paper, plastic, asbestos cement waste, wood, glass and metal. However, if Builders Rubble is contaminated by more than 10% then it will be regarded as mixed general waste, which will be charged at the Full General Waste Disposal Tariff.

"Clean Garden Waste" means organic waste which emanates from gardening or landscaping activities at Residential Properties, business or industrial properties, which includes but is limited to grass cutting, leaves and branches, and includes any biodegradable material and includes such waste emanating from Residential Properties and business properties, but excludes waste products of animal origin.

"Containers" means 240 L Container (Wheelie bin), Recycling Container (Wheelie bin), 660L and 770L Containers or any other for waste storage as approved by the Waste Management Officer.

"Domestic Waste" means waste excluding hazardous waste that emanates from premises used wholly or mainly for residential, educational, health care, sport or recreational purposes.

"Disposal coupon" means a prepaid coupon purchased at municipal offices for the disposal of waste at disposal sites and available per waste category

"Formal Households" means a developed residential property where individual erven were approved in terms of Town planning legislation.

"General Waste" means a generic term for waste (excluding garden waste and builder's rubble) that, because of its composition and characteristics, does not pose a significant risk to public health or the environment if managed properly, and typically consists of plastics, paper, food and liquids not considered to be infectious or contaminated with hazardous or toxic substance.

"Generator" means any person or any agent of a person that generates health care waste, but does not include household generator of health care waste.

"Hazardous Waste" means waste that may, by circumstances of the production, use, quantity, concentration or inherent physical, chemical or toxicological characteristics therefore, have a significant adverse effect on the environment, or the health of a person or other living organisms. Such waste has a high risk rating of 1 and 2 and may not be disposed-off at Council landfills. An example is health care risk waste.

"Health Care Waste" means any Waste: a) generated by or derived from medical care or medical research; or b) that has been in contact with blood, bodily fluids or tissues from humans, or infected animals from veterinary practices

"Household Hazardous Waste" is the collective name for common household chemicals and substances containing toxic ingredients that are no longer useful to the house holder. Examples are compact fluorescent tubes, used oils, asbestos cement heaters and flower pots, old paints, old pesticides, batteries, pool chemicals, etc. It does not include health care risk waste, explosives, etc.

"Informal Settlements" means an area where no sub division of individual erven has taken place in terms of Town planning legislation.

"Indigent Register" means registered indigent debtors who meet certain criteria as determined by the City from time to time.

"Industrial Waste" means waste that emanates from premises that are used wholly or mainly for industrial purposes and generate waste through manufacturing, industrial or fabricating processes, which includes premises used for agricultural land and/or the operation of power stations.

"Lockable 240L container" means containers that are capable of being locked, that is, secured by a device operated by a key, combination, or otherwise

"Non-domestic/business waste" means waste that emanates from premises that are used wholly or mainly for commercial, retail, wholesale, entertainment or government administration purposes and includes waste generated by informal traders and Residential Properties where commercial activities are being conducted.

"Non-Residential Properties" means all developed properties not used for residential purposes such as Business and commercial properties; Industrial properties; Agricultural properties – any agricultural property not used for bona fide farming will not fall within this category; Mining properties; State-owned properties that are used for public service purposes; Public Service Infrastructure properties (PSI);Public Service Infrastructure properties (Phase out): Properties owned by Public Benefit Organisations (PBOs) and used for specified public benefit activities; Properties used for multiple purposes; and includes Vacant Land, hostels, guesthouses, old age homes and frail care centres.

"Normal Removal" means scheduled collection of refuse which frequency and quantity is subject to determination by the respective Manager of Collection from time to time.

"Rebates" means discounts granted to single Residential Properties valued from R1 and up to R500 000. Residential Sectional Title Properties, guesthouses, old age homes and hostels are excluded. Properties at a R0 value will only start to qualify for a Rebate from the time that it has been valued by the Valuations Department Rebates do not apply to Vacant Land and Non-Residential Properties.

"Recyclable Material" means waste that can be reclaimed for further use, and/or converted into raw material that can be reused make new products or resources.

"Recycling Container" means a wheeled waste Container, provided by the City for the storage and collection of recyclable waste for participating users in areas identified by the City (which will be phased in over a number of years).

"Residential Properties" means all improved properties, that are:

- Used predominantly (60% or more) for residential purposes;
- Sectional Title Properties;
- Owned by a share block company, flats, and retirement villages used for residential purposes irrespective of the Usage Codes;
- A rateable residence on property used for or related to educational purposes; and organisations accredited.

"RFID" means Radio Frequency Identification Device.

"Sectional Title Properties" means all properties registered in terms of the Sectional Titles Act, 95 of 1986.

"Services" means the waste management services to be provided by the City and as defined in Chapter 4 paragraph 4.

"Special Waste" includes solid waste, requiring special handling, e.g. all low hazard wastes for example off spec food, non-infectious animal carcasses, approved sanitary waste, etc. Adherence to our Waste Management License requires that all special waste types will require prior approval for acceptance from the City's Scientific Services Branch.

"Usage Code" means a code that identifies properties per their valuation status on the Valuation Roll and the City's SAP system.

"Vacant Land" Property that is currently categorised as vacant land and where construction has commenced but which is incomplete, will be deemed to be vacant land and will remain categorised as such until the completion of the building works and the use of the property is determined by the Municipal Valuer for categorisation purposes.

Any reference in this policy to "working days" shall be construed as any day other than a Saturday, Sunday or public holiday as gazetted by the government of the Republic of South Africa from time to time.

1. PREAMBLE

1.1 The demand for waste disposal has grown in recent years due to economic and population growth in the City. This has placed strain on the available airspace resources of landfill sites in the area and the City is rapidly running out of airspace for the disposal of waste.

1.2 To combat this trend, the Integrated Waste Management Plan has determined various principles and objectives that must be implemented by local government. To achieve this, the City is in the process of restructuring and realigning its services. The latter will include partnership arrangements and local economic development initiatives focused on community, business and industry involvement linked to various technical solutions and financial mechanisms to achieve the strategic objective of minimising waste as far as possible.

1.3 Responsible waste management services are vital to the health and wellbeing of all people and the conservation of the environment. While waste management services in the Cape Metropolitan Area are generally of a high standard, there should be a striving for continual improvement in four broad areas:

1.3.1 extending access to basic waste management services (to all Formal and Informal Households);

1.3.2 efficient and effective provision of services (through service optimisation, improved resource management, waste minimisation, public awareness and education, reducing expenditure and increasing efficiency);

1.3.3 managing and improving the quality of services provided (through a performance management system to effect improved service responsiveness, and greater customer care); and

1.3.4 the maintenance of waste management infrastructure to minimise the cost of replacement or development of capital assets and infrastructure.

1.4 The Policy deals with both residential waste management and non-residential waste management services, as provided by the City or on behalf of the City. This Policy, however, establishes the principle that the cost-benefit of services provided on behalf of the City should be equal to or better than the cost benefit of the City-provided services.

1.5 The Policy does not deal with the cost for services rendered by another entity where the City does not render a service due to a decision of the City.

2. PURPOSE AND OBJECTIVE

2.1 The Policy is developed in accordance with the General Tariff Policy and the legislative compliance recorded in paragraph 1 thereof.

2.2 The purpose of the Policy is to establish guidelines for the determination of waste management tariffs.

2.3 The main objective of the Policy is to record –

2.3.1 the principles that guide the tariff structure and how the tariff is determined; as well as

2.3.2 the tariffs.

3. POLICY PRINCIPLES

The following broad principles have been used to inform the development of the Policy –

3.1 **Access to basic services**

Waste management tariffs for residential use should be “pro-poor” in their orientation and should seek to ensure that a minimum basic level of service is affordable for all households, ensuring that all Formal and Informal Households have access to basic waste management services. The Policy must support the viability and sustainability of waste management services to the poor. Formal and Informal Households must have access to at least basic services through –

3.1.1 a free basic bagged service for Informal Households;

3.1.2 a basic 240L Container for Formal Households;

3.1.3 tariffs that cover operating and maintenance costs; and

3.1.4 any other direct or indirect method of subsidisation of tariffs for poor households.

3.2 Non-Discrimination and Fairness

The City is committed to fairness.
The Policy should be fair to ensure that it treats all users in similar circumstances in the same way. In other words, it treats waste management service users equitably in the application of tariffs and does not unfairly discriminate between users. Waste management tariffs may, however, differentiate or discriminate between different categories of users, debtors, service providers, services, service standards, geographical areas (based on the usage of properties) and other matters. Such differentiation or discrimination may not necessarily be in breach of this Policy as long as the differentiation or discrimination does not amount to unfair discrimination.

3.3 Cost reflectivity

Waste management tariffs must include all the costs reasonably associated with rendering the service including capital, operating, maintenance, administration and replacement costs and interest charges. Correct cost allocations should be made that will allow costs to be mapped against the tariffs required so as to reflect those costs and prevent residential users cross subsidising non-residential users. It should also include the cost for those waste management services provided for or on behalf of the City, which cannot be allocated to a specific consumer. This may include Cleansing and *ad hoc* cleaning services.

3.4 Revenue sufficiency

The revenue from all waste management-related tariffs should cover the full costs of service delivery, including operational and maintenance costs, rehabilitation, replacement and extension of the infrastructure, provision for bad debt as well as financing and depreciation charges for capital work not financed through any grant, subsidy or donation. Revenue sufficiency may be defined to include surcharges on the tariff for a service in appropriate circumstances, and contributions to capital development and other funds.

3.5 **Sustainability**

Waste Management tariffs should be set at levels that facilitate the financial sustainability of the service. Innovative debt management schemes should be implemented to promote payment. Waste management tariffs shall also encourage the economical, efficient and effective use of airspace, the reduction of waste to landfill, the recycling of waste and other appropriate environmental objectives. Adequate provision must also be made for funding the on-going rehabilitation of waste infrastructure. Tax incentives, rebates and other income streams, such as waste to energy cost recoveries are components that can only be factored in once a full cost accounting model, which takes into account development, social and environmental factors, has been developed to inform future waste management financial decision-making.

3.6 **Transparency**

The extent of subsidisation of tariffs for low-income persons or persons comprising low-income communities; who live in remote, isolated or low density communities who are seniors or other similarly vulnerable users and other categories of users should be fully disclosed. Correct cost allocation should be done in the spirit of transparency.

3.7 **Alleviation of poverty**

Subsidies (including those within and between User categories) should be disclosed to the extent that this is practical. Correct cost allocations and measurement of historical costs must take place to ensure that the policy of cost recovery is adhered to and that no inappropriate subsidisation occurs.

4. SERVICE

The City shall, for purposes of this Policy, render the following services:

4.1 **Waste Collection**

A containerised kerbside Collection of Clean Garden Waste, Domestic Waste, Non-domestic/business waste, Recyclable Material and the handling of Special Events waste, on request, by the City;

4.2 **Cleansing**

4.2.1 Removal of any solid waste (litter, dumping etc.) on City owned open public property in preparation for or after any events held in the Metro;

4.2.2 The supply, servicing and removal of 660L / 770L containers utilised for events or traders waste;

4.2.3 The supply, servicing and removal of street litter bins for events on City owned public properties.

4.3 **Waste Minimization**

Any activity to prevent or reduce the volume and/or environmental impact of waste that is generated, treated, stored or disposed of through mechanisms such as re-using, recycling and processing waste for re-use; and

4.4 **Waste Disposal**

The disposal of Building/Demolition Waste, Clean Garden Waste, Domestic Waste, Hazardous Waste, Industrial Waste, Residential Garage Waste and Recyclable Material by the City.

5. TARIFF DETERMINATION CONSIDERATIONS

5.1 The costs incurred by the City are unique and the costs include the following:

5.1.1 Waste generation volumes;
5.1.2 Emptying the Containers;
5.1.3 Transporting the waste collected to the nearest disposal facility;
5.1.4 Remuneration;
5.1.5 Handling costs flowing from the separation of recyclable material from the non-recyclable waste;
5.1.6 Disposal /land filling costs;
5.1.7 Management of drop-offs at Disposal facilities;
5.1.8 Provision for Containers and replacement thereof if damaged, lost or stolen;
5.1.9 Provision for bad debts;
5.1.10 General administrative costs and overheads;
5.1.11 Depreciation and interest on borrowings;
5.1.12 Capital and infrastructure replacement reserves;
5.1.13 Rehabilitation of landfill sites: and
5.1.14 Implementation of waste minimisation initiatives.

6. USER CATEGORIES

The City shall distinguish all waste collection services between **two User categories**, namely, Residential Properties and Non-Residential Properties.

Waste management tariffs for the City-provided services or those provided by other entities on behalf of the City shall accordingly distinguish between the same **two** User categories. The City reserves the right to render the Services to Residential Properties.

Both User categories, with the exception of Vacant Land, must have a legal waste service as prescribed in the Tariff By-Law. Based on the infrastructure of the City and environmental and health concerns, Residential Properties are compelled to use the City service and may not use private contractors directly.

Non-Residential Properties may opt to use either the City service or the private contractor directly.

All Vacant Land, irrespective of its current or future intended usage, will, until developed, be charged for availability.

6.1 Residential Properties

6.1.1 Service categories

6.1.1.1 The waste management tariff structure for Formal Residential users shall distinguish between four different service categories, which are defined in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)**, namely –

6.1.1.1.1 Black/Grey lid 240L Container service.

6.1.1.1.2 Additional Black/Grey lid 240L Container service. Any Residential Property User may request one or more additional Black/Grey lid 240L Container service subject to the area being containerised and subject to the Credit Control and Debt Collection Policy.

6.1.1.1.3 Enhanced (thrice per week) 240L Blue lid Container service (excluding Single residential properties).

6.1.1.1.4 Lockable 240L Black/Grey Container service.

6.1.1.1.5 Recycling Container service. A dry waste collection service for participating users in pilot areas as determined by Council. The City to provide recycling Container(s).

6.1.1.2 The service levels for each of the service categories referred to in paragraph 6.1.1 are defined in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous).**

6.1.2 The waste management tariff structure for Informal Residential users shall be:
A free bagged service is provided to Informal Settlements because of the lack infrastructure to accommodate Containers. Should the infrastructure of the Informal Settlements change, the City will review the service offered and consider rendering a containerised service.

6.1.3 The City shall provide the Containers to the Users. The Containers shall at all times remain the property of the City.

6.1.4 The property owner shall at all times be responsible for the Container and may only use it for the intended purpose of the rendering of the Services by or through the City.

6.1.5 The replacement cost of the Container will be for the property owner when lost/stolen or damaged as a result of the negligence of the property owner or persons residing at, visiting, or occupying the property. Bins damaged by the City during collection operations and as a result of wear and tear will be replaced at no cost.

6.1.6 **Billing**

6.1.6.1 In all instances the property owner will be billed and not the tenant, excluding City-owned properties. The City will not enter into a service delivery agreement with a tenant of a property. In the case of sectional title developments and blocks of flats, billing will be in terms of a service delivery agreement. The minimum number of Containers to be billed will be at least a third of the total number of living units in the development whether the Service is used or not. In the case of hanging and holding properties refuse will we charged to the holding property where the valuation reflects in terms of the Rates Policy Section 18.

6.1.6.2 Basic 240L bin (Minimised) service rebate. Only to be considered and approved for residential Sectional Title complexes & blocks of flats who are able to prove that they are using a City accredited contractor to separate and remove recyclables. The evaluation of applications and determination of rebates are considered & authorised by the Director: Solid Waste Management Services or Delegated Authority. The number of 240L containers may be reduced up to a minimum of a quarter of the number of habitable units. The rebate is applicable from date of approval and must be re-newed on an annual basis. Regular inspections will be held to confirm that the terms of the contract are being upheld. In the event of breach of contract: 1) Benefits will be void from date of inspection, and 2) Billing will revert to compliance with this Policy (Section 6.1.7.1)

Single Residential Properties will be billed for a basic 240L Container service irrespective of whether the Service is used or not, whether a Container is issued or not. Billing for Residential Properties (first Container) is automatic and no service delivery agreement is required or the owner will be billed for the number of containers as confirmed by internal inspectors and/or external auditors appointed by the City.

6.1.6.3 The RFID will be fitted to all new and existing 240L and recycling Containers, subject to availability.

6.1.6.4 In areas where the Lockable bin service is considered necessary, in the discretion of the City, the prevailing tariff will be applicable without exception.

6.1.6.5 Only in the case of Residential Sectional Title Properties will the body corporate be billed. The 240L Containers will be charged to the body corporate and the Container rebate will be "R0". However, if the body corporate requests that each owner (of a unit) be billed separately, then all units will be billed for one Container each at the applicable tariff **and rebate**.

6.1.6.6 In the case of Organisations accredited the account will be linked to the accredited organisation, subject to a service delivery agreement with the City.

6.1.6.7 Formal Households participating in the dry recyclables project will be billed at a zero tariff for the Recycling Container.

Black/Grey lid 240L Container service. All property owners (excluding sectional title properties and blocks of rented flats) are automatically billed for one basic Black/Grey lid 240L Container service.

6.1.6.8 **Additional Black/Grey lid 240L Container service.** Any Residential Property User may request one or more additional Black/Grey lid 240L Container service subject to the area being containerised. The account is directly linked to the residential property number (erf number etc.) and served on the property owner. The additional service is subject to a service delivery agreement with the City and subject to the Credit Control and Debt Collection Policy or as confirmed by the City through a bin audit.

6.1.6.9 **Enhanced** (thrice per week) **240L Blue Lid Container service**. Only specified Users (sectional title and blocks of flats) may request a Blue lid 240L Container service in addition to the Black/Grey lid 240L Container service subject to the area being containerised and users will be billed for at least a minimum of a third of the number of living units. The number of Containers is based on the service delivery agreement with the City. The account is directly linked to the property number (erf number etc.) and served on the property owner.

6.1.6.10 **Lockable 240L Container service**. Lockable 240L Container Service. Will be provided in baboon-affected areas as determined by the City in consultation with the Baboon Management Team. Other areas may be considered by Council.

6.1.6.11 **Recycling Container service**. Recycling Container service: A dry waste collection service for participating users in pilot areas as determined by Council. The City to provide recycling Container(s).

6.1.7 **Exemptions –**

6.1.7.1 separate title common property for non-habitable purposes only, in group housing and sectional title developments e.g. roads, pools, parking areas, garages, refuse rooms, security, etc.;

6.1.7.2 islands e.g. Robben Island;

6.1.7.3 properties where refuse exemption clauses in terms of town planning legislation were approved prior to 2008;

6.1.7.4 hostels, guesthouses, old age homes and frail care centres are not regarded as residential; and
private land which the City, due to economic, operational and practical reasons should not service. (Accredited service provider will be supported.).

6.2 Non Residential Properties

6.2.1 Service Categories

6.2.1.1 The waste management tariff structure for Non-Residential Users shall distinguish between **three** services categories, namely:

6.2.1.1.1 Black/Grey lid 240L Container service.

6.2.1.1.2 Enhanced 240L Blue Lid Container service.

6.2.1.1.3 Lockable 240L Container Service.

6.2.2 Billing categories

6.2.2.1 Non-Residential Properties will be billed as set out below or as confirmed by internal inspectors and/or external auditors appointed by the City to do a bin audit. The charges will not be variable, irrespective of whether the service is used or not or whether no waste is generated.

6.2.2.2 Billing categories will be in accordance with the Credit Control and Debt Collection Policy and By-Law.

6.2.2.3 The RFID will be fitted to all new and existing 240L Containers, subject to availability, at no additional cost to property owners.

6.2.2.4 In all new agreements the property owner will be billed and not the tenant, except for Council-owned properties. In the case where a property management agency is involved and they have power of attorney, they may apply for services on behalf of the owner, although the settlement of the account remains the responsibility of the property owner. Existing agreements with tenants will be phased out. In the case of hanging and holding properties refuse will we charged to the holding property where the valuation reflects in terms of the Property Rates Policy.

6.2.2.5 In the case of Non-Residential sectional title developments, the owner or body corporate will be billed as follows

6.2.2.5.1 **Black/Grey lid 240L Container service**. Request for one or more Black/Grey lid 240L Container service. The billing is based on the actual service delivery agreement with the City. The account is directly linked to the property owner.

6.2.2.5.2 **Enhanced 240L Blue Lid Container service**. Request for increased collection frequency. The service level (number of Containers and frequency) is based on the actual service delivery agreement with the City. The account is directly linked to the property owner.

6.2.2.5.3 **Lockable 240L Container Service**. Lockable 240L Containers will be provided in baboon-affected areas as determined by the City in consultation with the Baboon Management Team. Other areas may be considered by Council. The account is directly linked to the property owner.

6.3 Vacant Land

6.3.1 Service categories

6.3.1.1 The waste management tariff structure for Registered Vacant Land only provides for a single tariff, namely:

6.3.1.1.1 **Availability Charge:** A fixed charge for all Vacant Land. All Vacant Land is included irrespective of its current or future intended usage.

All Vacant Land within the municipal area is considered to be serviceable.

6.3.2 Billing categories

6.3.2.1 In all instances the property owner will be billed and not a tenant.

6.3.2.2 **Availability Charge:** All property owners of Vacant Land are automatically billed for an Availability Charge.

6.3.3 **Exemptions**

6.3.3.1 City-owned property;

6.3.3.2 private land not serviceable (individual erven not reachable due to un-built roads);

6.3.3.3 private land which the City, due to economic, operational and practical reasons should not service.

6.3.3.4 Agricultural Property as defined in the City's Rates Policy;

6.3.3.5 separate title common property, for non-habitable purposes only, in group housing & sectional title developments e.g. roads, pool, parking areas, garages, refuse rooms, security, etc.

6.3.3.6 leased City-owned land used for non-habitable purposes, e.g. servitudes, splays, parking areas etc.

6.3.3.7 "Cemeteries" properties as per paragraph 2.4 of the City's Rates Policy will not be treated as vacant land and such will not attract availability charges.

7 REBATES AND SUBSIDIES

7.1 Rebated services funded from the indigent account: Residential Properties

7.1.1 Indigent Bin Subsidy/Rebate applies to the total improved value of the property.

7.1.2 The City has implemented a Rebated Waste Management Service Policy as follows:

7.1.2.1 Informal Settlements – receive a free door-to-door waste collection service as determined by the City;

7.1.2.2 Formal Households (excluding Sectional Title Schemes) – receive a rebated waste collection service based on property value as follows:

7.1.2.2.1 Value from R1 and up to R300 000 receive a 100% rebate – this excludes Housing properties valued at R0, which will continue to receive 100% rebate;

7.1.2.2.2 valued between R300 001 and up to R350 000 receive a 50% rebate;

7.1.2.2.3 valued between R350 001 and up to R500 000 receive a 25% rebate.

7.1.3 In terms of paragraph 24 (4) (b) of the Credit Control & Debt Collection Policy, customers registered on the Indigent Register will qualify for a rebate on the first 240L Container.

7.1.4 Relief available to the indigent in Council-owned housing rental and selling schemes will be as outlined in the housing chapter of the Credit Control and Debt Collection Policy, paragraph 19 (1) (i) adopted by Council, as amended from time to time.

7.2 **Rebated services for Organisations accredited by the relevant Council Committee / Body are subsidised by the Residential Tariff**

The City has implemented a rebate for Organisations accredited by the relevant Council Committee / Body as follows: A 50% rebate on the collection charge for a once per week frequency will apply for the first 15 (fifteen) 240 L black/grey lid refuse Containers. Any additional Containers will be charged at the full rate.

7.3 **Contributions**

Income from disposal charges should not be used to subsidise other rates-funded services. Income from collection charges could be used to subsidise the provision of integrated collection, disposal and cleansing services to informal households.

8 AD HOC GARDEN REFUSE REMOVAL SERVICE

This service is only available to Formal Residential Properties on the scheduled refuse collection day. Charges will be raised in terms of the number of 85L bags removed.

9 SCHEDULED REFUSE COLLECTION SERVICE

Refuse collection is a scheduled service. However, if it is not collected on the scheduled day, it will be collected soon thereafter. At the latest it will be collected on the following scheduled day and any additional bags due to accumulation of additional waste will be accepted.

10 WASTE DISPOSAL

Disposal of waste at a disposal facility is based on a fixed rate per mass of waste disposed which will be applied as follows:

10.1 Actual mass per weighbridge transactions; or

10.2 Carrying capacity in the absence of operational weighbridges based on:

10.2.1 Fixed body vehicle which will be charged at carrying capacity of the vehicle; or

10.2.2 Loose body vehicle which will be charged at an average carrying capacity of the Container.

10.2.2.1 10/15/30 cubic meters = 9tons
10.2.2.2 6/8 cubic meters = 6tons
10.2.2.3 <6 cubic meters = 3tons
10.2.2.4 <3 cubic meters = 1ton

10.3 The rounding of quantities at disposal facilities (tonnages) will be as follows:

10.3.1 Any quantity will be rounded up to the nearest quarter Ton. This is applicable to actual mass at the weighbridges.

10.3.2 At any one given transaction a maximum of 3 x Quarter ton coupons may be presented.

10.4 As per the NEMWA (National Environmental Management Waste Act) Regulations tyres may no longer be accepted at our Disposal facilities.

10.5 Use of Disposal facilities by entities outside of the City boundaries:

All waste disposal facilities are reserved for waste generated by the City's residents and businesses. Any other entity wishing to use same must formally request permission in writing, which will be subject to terms and conditions intended to safeguard the City's interests. The other entity is obligated to report accurately on waste information to the licensing authority.

In light of established airspace challenges, Council may on receipt of a properly motivated request from any entity consider waiving the current surcharge, partly or wholly, for the disposal of waste originating from outside of the municipal boundary of the City. Waste to be disposed directly at a designated City landfill site for a period not exceeding a year is subject to a written contract that adequately mitigates all known risks for the City, including the diversion of waste from landfill in accordance with the current legislation. In these cases, the tariffs in paragraphs 1.3.5.2.1.1 to 1.3.5.2.1.4 of the Tariff Book will apply.

11 CLEANSING

Illegal dumping and/or cleaning before, during or after events will be based on actual cost.

12 APPLICATION FOR THE SUPPLY OF SERVICES: SOLID WASTE

In the following instances the completion of an application form by the registered property owner for the supply of Services is required –

12.1 for new or change in level of service required by Non-Residential Properties;

12.2 for the change in the level of service required by Residential Properties;

12.3 in the case of change in ownership of the property, the old service level will be retained pending changes to **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous).**

13 ADJUSTMENT TO ACCOUNTS

13.1 Accounts to be adjusted on documented proof of an amended service level agreement (letter, email, etc.) may be corrected in line with Chapter 1 paragraph 4.14.

13.2 If the City has proof of initial service, but neither the City nor the owner has proof of an amendment to the service and the current service level verified by the City is different to the financial billing, then the billing may be corrected in line with Chapter 1 paragraph 4.14.

13.3 If the City also does not have any documented proof of the initial service, the adjustment may be corrected in line with Chapter 1 paragraph 4.14. During data clean-up exercises the City may adjust the account in line with Chapter 1 paragraph 4.14, if the City has provided a service, but the financial billing is different to the current service level.

14 SPECIAL REMOVAL SERVICE FOR COLLECTIONS

14.1 Special Events for Collection Services will be rendered if requested by a registered account holder and based on acceptance of a quote provided by the City.

14.2 The Special Events Collection Services will be rendered, on request and subject to the availability of resources and not exceeding a period of 21 calendar days, in accordance with the service levels defined in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)** provided on request.

14.3 Delivery & Retrieval of Containers from the bin store may occur during the City's office hours. The prescribed application documents must be fully completed and approved at the Solid Waste Collection Branch 15 working days prior to the date of the service being required. If Containers are lost, stolen or damaged, replacement and/or repairs are to be borne by the applicant **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)**.

14.4 The Do It Yourself Event service is only available to Non-profitable Organisations e.g. Church, School, Hospital, Crèche, Sport Body, Old Age Home, etc.;

14.5 The containers may only be used for Events that occur within the City of Cape Town boundaries.

15 SERVICE AT DROP OFF

The Service at the drop-off facilities is free provided Users adhere to conditions for Usage including that waste must be transported by car, trailer or LDV with total carrying capacity not exceeding 1.5 tons in accordance with the service levels contained in **Schedule 1: Utility Services – Solid Waste Management Tariffs (Consumptive and Miscellaneous)**.

16 DISPOSAL COUPONS AND/OR SPECIAL WASTE PERMITS

Disposal Coupons and/or Special Waste Permits do not expire until the earlier of –

16.1 the date on which its full value has been redeemed in exchange for the disposal; or

16.2 three years after the date on which it was issued.

Disposal Coupons and/or Special Waste Permits not redeemed during the Financial Year within which it was purchased, will be refunded for up to three years after the date on which it was issued.

16.3 Disposal Coupons must be purchased in advance at Municipal Offices.

16.4 Refunds of Disposal Coupons will be dealt with in terms of Chapter 6 of the Credit Control & Debt Collection Policy

16.5 The approval for the purchasing of Special Waste permits lies with the Director: Solid Waste Management

17 GENERAL

The City may supply bags for utilization in clean-up campaigns at no cost subject to the availability of funds and at the discretion of the Director: Solid Waste Management Services.

18 APPEAL

Should the owner, body corporate or property management agent not be satisfied with the outcome of an adjustment in the tariffs, he/she may appeal (in writing) to the City Manager within 21 days in terms of Section 62 of the Systems Act.

19 TERMINATIONS

Termination of service is to be done by letter, e-mail, fax or standard disconnection form. If this is not done then the disconnection date of the electricity supply, in the case of the change in ownership of a property, will be regarded as the date of termination of the service.

20 DEPARTURES

Departures from the above principles and Policy may only be made where there are sound practical reasons that prevent the implementation of the Policy at the present time and/or where the phased adoption of the Policy or policies would reduce an otherwise onerous burden on the City and/or consumers. The reasons for any departures must be recorded in writing.

21 REGULAR REVIEW PROCESSES

The Policy will be reviewed on an annual basis to ensure that it complies with the City's strategic objectives and with legislation.

CHAPTER 1: GENERAL

1. Definitions

In this policy, unless the context indicates otherwise, a word or expression to which a meaning has been assigned in the City of Cape Town: Credit Control and Debt Collection By-law 2006, as amended, has the same meaning, and -

"**240L container**" or "**wheelie bin**" means a wheeled waste container with a capacity of 240L, provided by the City for the storage and disposal of waste in areas identified for containerisation, as more fully defined in the Tariff Policy as a "240LContainer (Wheelie bin)";

"**Administration of Estates Act**" means the Administration of Estates Act, 66 of 1965;

"**Advanced collection**" means any estimated amount that will be collected as a security for any debt, inclusive of any estimated tenant debt, that may accumulate against the property for a period up to 120 (one hundred and twenty) days from the date of issuing a section 118 certificate in terms of the Systems Act;

"**Backyard dwellers**" means households on council rental stock property within a given area and registered as being backyard dwellers as determined by Council;

"**Child-headed household**" means –

(*a*) a household where all the occupants of a residential property are younger than 18 (eighteen) years old; or

(b) any as recognised in terms of section 137 (1), of the Children's Act;

"Children's Act" means the Children's Act, 38 of 2005;

"City" or **"City of Cape Town"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority;

"**Conversion of balances of old dormant accounts**" means accounts carried forward from the previous municipalities which now form part of the City of Cape Town on which no further transactions, other than interest, if any, have been recorded;

''**Credit meter**'' means a meter where an account is issued subsequent to the consumption of a metered service;

"**Development charge**" means any development charge levied in terms of the City's Development Charges Policy for Engineering Services for the City of Cape Town, 2020, as amended from time to time;

"**Dishonoured payment**" means a payment returned by the debtor's bank as unpaid;

"**Dispute**" means a dispute as referred to in section 102 (2) of the Systems Act as read with item 7 of this policy;

"**Finance Management Act**" means the Local Government: Municipal Finance Management Act, 56 of 2003;

"Financial year" means a year ending on 30 June;

"Flow limiting device'' means a device capable of controlling and limiting the flow of water to a consumer;

"I**ncome**" means the gross monthly household income of both the owner and spouse or partner including any party in a cohabitation relationship from all sources, including but not limited to salaries, wages, dividends, pensions, grants, rentals, board and lodging, interest received, and any investment income. This income definition is specific to this policy and does not relate to any other external definitions of income; and

(a) grants exclude care dependency grants, foster child grants and child support grants; and

(b) this definition also excludes child maintenance payments;

"**Indigent relief**" means the applicable indigent relief as determined by Council from time to time;

"**Insolvency Act**" means the Insolvency Act, No. 24 of 1936;

"Irrecoverable debt" means debts that are considered as uncollectable and that will be written off;

"**Juristic person**" includes a partnership, association or other body of persons, corporate or unincorporated and includes a trust;

"**Meter**" means any device which measures any demand or quantity of either electricity energy or water passing through such meter as further defined in the Tariff Policy or any other by-law or policy of the City of Cape Town;

"**Municipal valuation**" means the property valuation on the current general valuation roll of the property as determined in terms of the Property Rates Act;

"**Non-residential debtors**" means any debtor who is not a residential debtor;

"**Prepayment meter**" means any meter that can be programmed to allow the flow of a pre-purchased amount of energy in an electrical circuit;

"**Prepayment electricity meter**" means a meter that can be programmed to allow the flow of a pre-purchased amount of energy in an electrical circuit;

"**Property**" means—

(a) immovable property registered in the name of a person, and includes a unit as defined in section 1 of the Sectional Titles Act, 1986 (Act No. 95 of 1986); or

(b) a right registered against immovable property in the name of a person;

"**Property Rates Act**" means the Local Government: Municipal Property Rates Act, 6 of 2004;

"**Query**" and "**verify**" means any query which is not defined as a dispute;

"**Rate**" or "**rates**" means a municipal rate as defined in section 1 of the Property Rates Act and includes any additional rates on property as envisaged in section 19 (1) *(d)* and section 22 of the Property Rates Act;

"**Rates Policy**" means the City of Cape Town: Rates Policy;

"**Reconnect**'' means connect, reconnect, reset restriction, lift restriction or restore a service supply with or without restriction as permitted in terms of this policy*;*

"**Residential debtors**" means debtors as defined in this policy who utilise property for residential purposes and who may qualify for and who may receive free water or free electricity or a rates rebate, as determined by Council from time to time;

"**Residential property**" means residential property as defined in the Rates Policy;

"**Revenue Credit Profile Certificate**" means a certificate issued by any Municipal Manager or City Manager showing the credit profile of a customer or debtor of that applicable municipality and confirming any debt owed to that applicable municipality;

"Sewerage" has the same meaning as **"sanitation"** as found in any City by-law or policy;

"**Special rating areas**" means special rating areas as defined in the City of Cape Town: Special Rating Areas By-law;

"**Special Rating Areas By-Law**" means the City of Cape Town: Special Rating Areas By-law, 2012;

"**Sundry**" means any sundry debt raised on a municipal account;

"**Supply Chain Management Policy**" means the City of Cape Town: Supply Chain Management Policy;

"**Tariff Policy**" means the City of Cape Town: Tariff Policy;

"Tampering" to meddle, bypass, change any settings, especially for the purpose of altering, damaging, or any misuse which results in the falsification of any consumption;

"**Third party debt collector**" means any person or juristic person that collects debt on behalf of the City;

"**This policy**" includes the City of Cape Town: Credit Control and Debt Collection By-law and any amendment thereto;

"Unproductive vacant land" means land with no development potential and which is likely to attract no more than a nominal value. It includes properties, amongst others, that are lanes, stairs, slivers of land and small irregularly shaped pieces of land that cannot be developed. It can also sometimes include strips of land bordering rivers, as well as road reserves upon which roads that have not been constructed (excluding roads);

"**Verify**" see the definition of the word "**query**"; and

"**Water abuse**" for purposes of indigent properties means properties that exceed the consumption, per month, as contained in the Tariff Policy due to continued inefficient use of water.

2. Object

(1) The object of this policy is to-

(a) focus on all outstanding debt as raised on the debtor's account;
(b) provide for a common credit control and debt collection policy;
(c) promote a culture of good payment habits amongst debtors and instil a sense of responsibility towards the payment of accounts and reducing municipal debt;
(d) subject to the principles provided for in the policy, use innovative, cost effective, efficient and appropriate methods to collect as much of the debt in the shortest possible time without any interference in the process; and

(e) effectively and efficiently deal with defaulters in accordance with the terms and conditions of this policy.

3. Principles and guidelines

(1) This policy takes into account the following principles and guidelines:

(a) Human dignity must be upheld at all times;
(b) this policy must be implemented in accordance with equity, fairness and consistency;
(c) every reasonable effort should be made to ensure that details related to the debt and the account of the debtor are correct at all times;
(d) the City Manager may treat any debt, and arrangements to repay arrears holistically, but different repayment periods or methods may be determined for different types of service, debtors or areas within the general rule that the repayment period should take into consideration the financial capacity of the debtor;
(e) the implementation of this policy is based on sound business practices and any other applicable legislation, including but not limited to the Electronic Communications and Transactions Act No. 25 of 2002;
(f) new applications for services will be subject to prescribed credit information and outstanding amounts may be transferred to the new account. All information furnished on the application form may be verified by the City with any or all data information institutions, credit information bureaux and any financial institutions as may be deemed necessary by the City in determining the applicant's credit worthiness or for any other reason as determined by the City Manager. The City reserves its rights to share bad payment behaviour in a responsible manner with the aforesaid institutions, should it become necessary to do so, as determined from time to time;
(g) where alternatives are available the City may provide reduced levels of service to manage the debt growth;
(h) debtors may be referred to a third party debt collector and may be placed on the National Credit Rating List;
(i) if an account is not paid by the due date, at least 30 (thirty) days will be allowed to elapse before interest is charged. Where interest on unpaid accounts is raised by the City Manager, it will be based on a full month and any part of a month will thus be deemed to be a full month;
    (i) unless specifically provided for in other agreements; and
    (ii) interest will be suspended on indigent debtors and, where relevant or viable, a prepayment electricity meter may be installed at the property until the applicable debt is written off;
(j) for purposes of an arrangement a debtor may be required to co-operate with any reasonable measures that might be required to reduce their level of use of consumable services to affordable levels;

(k) the terms and conditions as contained in any prescribed form or document utilised in implementing this policy, forms part of this policy and are incorporated therein as specifically stated;

(l) the suspension of any debt management action, when interrupted for whatever reason, shall, where practical, continue from the previous action taken*;*

(m) service of documents and processes may be in accordance with section 115 of Systems Act*;*

(n) all legal costs, including attorney-and-own-client costs incurred in the recovery of arrears, shall be levied against the debtor's account*;*

(o) where a company, closed corporation, trust in terms of the Trust Property Control Act No. 57 of 1988, home owner's association or a body corporate in terms of the Sectional Titles Act, 1986 (Act No. 95 of 1986), is indebted to the City, the liability for such arrears may, in terms of any legislation or court order, be extended to the directors, members or trustees thereof jointly and severally; and

(p) notwithstanding anything contained in this policy, the City Manager may recover any debt incurred at a property as set out in section 118 (3) of the Systems Act, from the owner of that property; however

(i) Deleted

(ii) Deleted

(iii) where the City is the registered owner of a property which has been leased or occupied, the City shall not be held liable for any debt incurred by the tenant, lessee or any occupant of that property; and

(*aa*) where the lessee is not in occupation for any reason, the City may take whatever action it deems necessary to recover any debt incurred from the occupants of the property.

(q) any reference to any rand value or measured quantity as reflected in this policy may be determined or amended by Council from time to time;

(r) in the event of the City expropriating immovable property:

(i) For owners who do not co-operate with the City, the proceeds of the sale of the property, if any, will be deposited into their Municipal account;

(ii) for property owners who are not clients of the City or do not have a Municipal account, the proceeds of the sale, if any, will be paid into a sundry account, until such amount is claimed by such owner, successor in title, heirs or any person appointed by the Master of the High Court or in terms of any court to administer or take over the affairs of the owner;

(iii) no interest will be paid to such owners referred to in sub-item (1) *(r)* (i) and (ii) unless permitted in terms of any other legislation, policy or as determined by Council from time to time; and

(iv) all the proceeds will be further subject to all the conditions contained in this policy.

(*s*) notwithstanding anything else contained in this policy, and in exceptional circumstances, and at the sole discretion of the City Manager, the City Manager may –

(i) approve the indigent benefit even though the applicant does not meet all the registration criteria as set out in this policy;
(ii) approve the indigent benefit even though the property in question does not meet all criteria as set out in this policy; and
(iii) grant an extension of the indigent period for any beneficiary.

(*t*) notwithstanding anything else contained in this policy, the City Manager may –
(i) approve that residential properties with a municipal valuation of more than R300 000, but not more than R400 000, including properties which formed part of the City's Integrated Water Leaks Repair Strategy, receive a write off and the water and sewerage indigent tariff.

(2) Misrepresentation

(a) Debtors found to have misrepresented themselves in order to benefit from any of the City's relief or any benefit will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and all relief or any benefits that have been received, will be reversed by the City Manager; and
(i) any person who has received any benefit or relief in terms of this policy and who has misrepresented themselves in order to qualify for such benefit or relief will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and all benefits or relief received, will be reversed by the City Manager; and
(ii) the City Manager shall report any misrepresentation in terms of this policy to the South African Police Services.

(3) The City Manager may sign all necessary supporting documents, including but not limited to instructions, affidavits, powers of attorney;
(*a*) when lodging claims for insolvency, liquidation and business rescue purpose; or
(*b*) when handing over debt to third party debt collectors; or
(*c*) for any other reason in support of these principals and guidelines and which are in line with the terms of this policy.

(4) The City Manager may determine that any payments made to the City, at any time, including payments towards, debt, services, fines and licence fees, shall be paid for in cash, or any other acceptable method of payment;
(*a*) no cheque payments will be accepted.

(5) Members of the community must ensure that they receive accurate and regular accounts and that the fees and charges are related to the service received.

(6) The City Manager may sign all necessary documents or processes, including but not limited to, affidavits, declarations and any document to appoint an attorney, including an executor from the panel of third party debt collectors, for the collection of debt, owed by a deceased estate, to the City.

(7) The City Manager may, subject to any legislation, contract with any organ of state, including any licensed service provider registered or recognised in terms of national legislation, for the provision of any service or any assistance, in terms of this By-law and Policy which may include the recovery of this City's debt via;

(*a*) any prepaid electricity services; or

(*b*) any other lawful means available.

(8) Where a child-headed household is the applicant for indigent relief, the City Manager may refer such application to the relevant authority, in order to comply with s110, of the Children's Act.

(9) At the sole discretion of the City Manager, debt older than 3 years may be written off when debtors enter into payment arrangements on condition that the written off debt will be reinstated if the debtor defaults on the payment arrangement.

4. Employer deductions

Whenever an agreement in terms of section 8, of the City of Cape Town: Credit Control and Debt Collection By-law, is concluded with an employer the City may pay a commission to the employer, the amount of which will be determined from time to time.

5. Councillor and municipal staff arrears

(1) Staff arrears will be dealt with in terms of item 10 of Schedule 2 to the Systems Act, and in terms of any procedures, method or actions referred to in this policy. Notwithstanding any other procedure, method or action that may be taken in terms of this policy, the City Manager shall deduct any outstanding amount from such staff members' salary or remuneration after the 3 (three) month period referred to in item 10 of Schedule 2 to the Systems Act, has elapsed; or

(a) notwithstanding sub-item 5 (1) the City Manager shall deduct any outstanding amount from such staff members' salary or remuneration after a period of not less than 2 (two) months from the due date thereof.

(2) In accordance with Schedule 1, item 12A of the Systems Act, a Councillor of the City may not be more than 3 (three) months in arrears for municipal service fees, surcharges on fees, rates or any other municipal taxes, levies and duties levied by the City. Notwithstanding any other procedure, method or action that may be taken in terms of this policy, the City Manager shall deduct any outstanding amount from such Councillor's remuneration after the 3 (three) month period has elapsed; or

(a) notwithstanding sub-item 5 (2) the City Manager shall deduct any outstanding amount from such Councillor's remuneration after a period of not more than 2 (two) months from the due date thereof.

(3) At the sole discretion of the City Manager and after complying with sub-items (1) and (2), deduct any amount owing to the City by any Councillor or staff member from such Councillor's or staff member's remuneration or salary.

(4) The City Manager shall deduct, by agreement, from any councillor's or staff member's remuneration or salary any amount pertaining to arrears accrued at a property where they are residing even if they are not the property owners.

(5) Any Councillor or staff member, who concludes an arrangement, will, thereby agree to a debit order or salary deduction from such Councillors allowance or from such staff member's salary, towards any arrears and current account.

6. Credit control

(1) All new applications for the provision of a service may be subject to the payment of a deposit based on the applicant's municipal payment record with a minimum deposit as per the Tariff Policy; or

(a) the City Manager may waive the requirements for a deposit where a prepayment electricity meter have been installed; or

(b) at any other time as determined by the City Manager.

(2) Any adjustment to the basic deposit will be determined by the debtor's municipal payment record, as read with the Tariff Policy; and

(a) any deposit no longer required by the City Manager may be credited to the debtor's account.

(3) The applicant may be required to undergo a full credit check in an endeavour to trace all debt inclusive of municipal debt owed by the applicant. This will require the provision of, inter alia, acceptable means of identification and if applicable, the binding lease agreement, title deed and other relevant supporting documentation as required by the City from time to time. The relevant application form as approved by the City from time to time forms an integral part of this policy insofar as the contents of such application form are not in conflict with any of the provisions of this policy.

(4) Application for services for businesses**,** including but not limited to, trusts, companies, close corporations, partnerships, sole proprietors and government institutions should be approved subject to the provisions of sub-items (1) to (3) above. The application must include the submission of a resolution delegating authority to the applicant and furnishing, if applicable, the business entity's registration number or Trust Reference Number with the Master of the High Court. The names, addresses and all relevant contact particulars of all the business's directors or members or trustees or proprietors or partners must be submitted with the resolution. The relevant application form as approved by the City from time to time forms an integral part of this policy insofar as the contents of such application form are not in conflict with any of the provisions of this policy.

(5) The City shall not conduct any business activity with or provide any services to any persons who are in arrears with municipal accounts except as provided for in legislation or policy and as determined by the City from time to time, nor will any refunds of credits or any payments for services rendered be made to any debtor or any debtor's nominee or service provider who is in arrears with their Municipal account.

(6) Contract sureties

(a) Contract Sureties for contractors are governed by the City of Cape Town: Contract Sureties Policy as found on the City's Website.

(7) Service guarantees

(a) Introduction
In terms of this policy deposits should be made by way of cash payments. Council however recognises that for large and very large electricity users guarantees may be accepted in place of cash deposits.

(b) The City Manager may accept a service guarantee as provided for in sub-item (6) as read with the necessary changes as the context may require.

(8) Rental guarantees

(*a*) The City Manager may accept a guarantee for deposits in terms of a lease agreement as provided for in this item.

(*b*) Sub-item (6), as read with the necessary changes as the context may require, apply to the conditions of rental guarantees.

(9) Guarantees against potential damages

(*a*) The City Manager may accept a guarantee against potential damages to the City for any reason.

(*b*) Sub-item (6), as read with the necessary changes as the context may require, apply to guarantees against potential damages.

(10) The City Manager may reverse any benefit received should a debtor fall into arrears after receiving such benefit.

(11) The City Manager has a right to conduct a full credit check on any person who is or who will become subject to this policy or any other policy of the City.

(12) All debtors, may, having paid the prescribed fee, obtain a Revenue Credit Profile Certificate from the City Manager, and the City Manager may –

(*a*) call for an equivalent certificate as issued by any other municipality before entering into any business transaction with the City; or

(*b*) approach any other municipality to obtain a municipal credit profile of any potential debtor.

(13) The City Manager requires payment in full prior to the rendering of any services as contained in the City of Cape Town: Cemeteries, Crematoria and Funeral Undertakers By-law, 2011 as amended from time to time or as superseded by any subsequent legislation.

(14) Any councillor or staff member, who enters into a lease agreement, with the City in their personal capacity, shall agree to sign a stop order in favour of the City, for the agreed rental and all charges relating to the lease.

7. Query, verify or dispute

(1) Query or verify

(*a*) In this sub-item to query or verify an account refers to the instance when a debtor queries any specific amount or any content contained in any account as rendered by the City to that person as per the process contained herein;

(*b*) any query can be raised orally in person at any walk in centre, via the City's Call Centre or by way of correspondence;

(*c*) when a debtor queries an account such debtor must furnish full personal particulars including any acceptable means of identification, all account numbers held with the City, direct contact telephone numbers, fax numbers, postal and e-mail addresses and any other relevant particulars required by the City;

(*d*) a debtor may be represented by a duly appointed nominee or agent; and
  (i) such nominee or agent shall, upon request, produce sufficient proof of such appointment;

(*e*) all queries shall be acknowledged and dealt with as promptly and efficiently as possible by the City; and
  (i) where required an outcome shall be conveyed to the debtor; and
  (ii) where an account query has arisen, the amount queried shall not be subject to debt collection by the City until the query has been resolved and the outcome has been communicated to all parties, where relevant;

(*f*) the City Manager may suspend any debt collection action, pending the outcome of any query;

(*g*) notwithstanding any query on any account the account must still be paid, in terms of the provisions contained in this policy, once any queries have been resolved, where relevant; or
  (i) subject to any other legislation, payment must be based on the normal average of past accounts rendered until the query is resolved by the City Manager; and
  (ii) that portion of the account which is not subject to the query must still be paid; and

(*h*) should a debtor not be satisfied with the outcome of the query, a debtor may lodge an appeal in terms of section 62, as read with section 95 *(f)*, of the Systems Act;

(*i*) the onus will be on the debtor to ensure that a written acknowledgement of receipt is received for any correspondence lodged with the City; and

(*j*) the onus will be on the debtor to ensure that a suitable response to any query is received.

(2) Dispute

(a) In this sub-item a "dispute" refers to the instance when a debtor disputes any specific amount claimed by the City from that person.

(b) any person who has a dispute with the City has a right, in terms of section 34 of the Constitution, to have any dispute that can be resolved by application of law decided in a fair public hearing before a court or, where appropriate, another independent or impartial tribunal or forum;

(c) where the dispute process has been implemented in terms of sub-item (2) *(b)*, section 102 (2) of the Systems Act will be applicable;

(d) the City Manager has a right to declare a dispute on any specific amount claimed by the City from any person as may be considered necessary; and

(e) disputes lodged with the City prior to the implementation of this policy, in terms of any previous policy, shall continue to be dealt with in terms of that policy.

(3) General

(*a*) The City Manager may require that any official attend any meeting in order to assist with the investigation relating to the facts surrounding any query, verification of any account or any dispute; and

(i) the City Manager has the right to call for and verify any document book, computer data or record which in his or her sole discretion is deemed necessary to assist in attempting to deal with any issue referred to in this policy.

8. Accounts

(1) The City, in terms of section 102 *(a)* of the Systems Act, together with the City Manager, in terms of section 15 of the City of Cape Town: Credit Control and Debt Collection By-law, considers all separate accounts of a person liable for payment to the City, to be consolidated, regardless of the fact that separate accounts for such debtor may be rendered, and includes all pre-paid services for which no account is rendered.

(2) All separate accounts of a debtor shall for the purpose of this policy be considered consolidated and shall, for the purpose of this policy, be treated holistically.

(3) Subject to section 118 (1) of the Systems Act payment of any undisputed debt, in terms of section 7, of the City of Cape Town's Credit Control and Debt Collection By-law, will firstly be allocated to the debtor's account as follows-

(a) allocation to down payments; then

(*b*) allocation to cash security deposits; then

(*c*) allocation to penalty fees (e.g. Dishonoured payments); then

(*d*) payments received via third party receipting will always be allocated as per sub-item *(e)* below; then

(e) if there is a partial payment the allocation shall be as follows

(i) payments are allocated from oldest debt to youngest debt until all debt is paid.

(4) A debtor may make a payment at a municipal cashier, which has the facility to allocate the payment. The payment will then be allocated as specified and any overpayments will be allocated as per sub-item (3) where applicable.

(5) Subject to section 118 (1) of the Systems Act the City Manager has the right to offset any credit, or any amount due to a debtor, against any debit pertaining to that same debtor; or

(a) to transfer any debt to another account of that same debtor.

(6) The City Manager has the right to transfer any property debt, incurred by a tenant, to any account of the registered owner, provided the registered owner was the owner of the property at the time the debt was incurred.

(7) The City Manager may apply any of the credit control and debt collection measures, contained in this policy, with the relevant changes that the context may require, for any debt.

(8) The City Manager may raise any costs, charges and fees and collection commission as levied in terms of policy.

(9) Notwithstanding anything to the contrary contained in this policy the City Manager may deduct any amount owing to the City by any Councillor or staff member from such Councillor's or staff member's remuneration or salary where there is a history of late payments.

(10) The City Manager will require debtors or service providers to register with the City by providing the relevant documentation, as determined from time to time, confirming, amongst others, and not limited to, all contact details, proof of identification and postal and contact addresses; or

(*a*) at any time require such debtor or service provider to complete any form so required; and
(*b*) the City Manager may, at any time, approach any person in order to verify the content of any such document or form so received; and
(*c*) may take any steps necessary to determine whether the information so provided is true and correct.

(11) Failure to produce any information as required in terms of sub-item (10) may result in the restriction, disconnection or discontinuation of any supply of services, or any other relevant action in terms of this policy; or
(*a*) should any information so produced find that a debtor or service provider no longer qualifies for any benefit or concession given or received such benefit or concession may be withdrawn or reversed.

9. Irrecoverable debt

Criteria for irrecoverable debt

(1) Debt will only be considered as irrecoverable if it complies with one or more of the following criteria:
(*a*) All reasonable notifications and cost-effective legal avenues have been exhausted to recover a specific outstanding amount; or

(i) at the sole discretion of the City Manager any amount may be written off; or

(b) any amount equal to or less than R2 000.00, or as determined by Council from time to time, will be considered too small, after having followed basic checks, to warrant further endeavours to collect it; or

(c) the cost to recover the debt does not warrant further action; and

(i) where a company or close corporation has been deregistered or is dormant and has no assets of value to attach; or

(d) the amount outstanding relating to insolvency;

(i) is the residue after payment of a dividend in the rand from an insolvent estate; or

(ii) there is a danger of a contribution;

(iii) no dividend will accrue to creditors; or

(iv) there are insufficient funds to cover any preference afforded by section 118 (3) of the Systems Act; or

(e) the amount outstanding relating to a deceased estate;

(i) has no liquid assets to cover the outstanding amount following the final distribution of the estate; or

(ii) where the estate has not been reported to the Master and there are no assets of value to attach; or

(iii) where it is determined by the delegated official, that the debt cannot be recovered; or

(f) it has been proven that the debt has prescribed; or

(g) the debtor is untraceable or cannot be identified so as to proceed with further action; or

(i) the debtor has emigrated leaving no assets of value to cost effectively recover Council's claim; or

(h) it is not possible to prove the debt outstanding; or

(i) a court has ruled that the claim is not recoverable;

(ii) the claim is subject to any order of court;

(iii) the claim is subject to an out of court settlement agreement; or

(iv) the debt is subject to a settlement in terms of section 109 of the Systems Act; or

(i) the outstanding amount is;

(i) due to an irreconcilable administrative error by the City;

(ii) as a result of an administration error; or

(j) Deleted

(k) arrears owed by previous administrations, amongst themselves, that now form part of the City; or

(*l*) expenditure incurred, in respect of internal accounts raised in the name of the City, in any previous financial year; or

(*m*) conversion of old dormant account balances of debtors, inherited from the previous municipalities which now form part of the City, and where reasonable steps have been taken to recover these debts; or

(*n*) all debtors who are registered as indigent as provided for in item 23 will have their property related arrears written off as provided for in item 22 and sub-item 23 (5); and

(i) any subsequent debt as set out in item 23 (1) (*g*) (iii); or

(*o*) if an offer of full and final settlement is confirmed in writing by the City Manager in terms of section 14 (2) of the City of Cape Town: Credit Control and Debt Collection By-law; or

(*p*) where Council-

(i) expropriates any property; or

(ii) purchases any property in terms of item 10 (1) (f); or where a property has been forfeited to the State in terms of the Prevention of Organised Crime Act 121 of 1998; or

(iii) where the occupiers of a property have been evicted from a Council, Provincial or State property due to criminal activities;

(*q*) Deleted

(*r*) Deleted

(s) where an item 7 query or dispute or any dispute in terms of any previous policy, or a Systems Act, section 62 appeal determines what needs to be written off; or

(t) where a debtor has been approved and granted an indigent grant, in terms of items 19 or 32, such debtor's rates, services and sundry debt related to that property, as at date of such grant, shall be written off once; and

(i) all rates, services, rental and sundry debt, with the exclusion of any indigency rental and tampering fees, accrued against the property under items 19 (1) (*j*) and 32 (3) (*j*);

(ii) any subsequent rates, services, rental and sundry debt, with the exclusion of any capital debt of home ownership debtors, indigent rental and any tampering fees, accrued against the property for that debtor, while qualifying for the indigent grant, as determined by Council from time to time;

may be written off as and when they are accrued and all such write-offs may be reversed if the original application is, in any way, found to be fraudulent; and

(u) where registered –

(i) PBOs who qualify for 100% rates rebate, in terms of the Rates Policy; or

will, with effect from the date of qualification, have all their arrears written off; and

(*aa*) this assistance will only be granted once to an organization subject to the condition that a prepayment electricity meter be installed, where applicable or viable;

(*bb*) should any tampering with or bypassing of the water and electricity meters be discovered, any arrears written off, in terms of this sub-item, will become payable with immediate effect and any other action as per any legislation or policy that applies to such tampering and/or bypassing will be instituted;

(*cc*) should the City Manager become aware that the focus of the organization has changed, or its registration as a PBO has lapsed or terminated within three years after the arrears were written off, such arrears will become payable with immediate effect;

Sporting bodies and community organisations

(v) where registered sporting bodies and community organisations which includes religious communities, qualified to receive a 100% rates rebate, in terms of the applicable Rates Policy, or in instances where such sporting bodies or community organisations, which includes religious communities, occupied land, registered in the name of any sphere of government, and are not liable for the payment of rates –

(i) will with effect from the date of qualification, have all their arrears written off; provided that –

(ii) this assistance will only be granted once to an organisation subject to the condition that a prepayment electricity meter be installed, where applicable or viable;

(iii) should any tampering with or bypassing of the water and electricity meters be discovered, any arrears written off, in terms of this sub-item, will become payable with immediate effect and any other action as per any legislation or policy that applies to such tampering and/or bypassing will be instituted;

(iv) should the City Manager become aware that the focus of the organisation has changed, or its financial position has improved or its registration as a sporting body or community organisation has lapsed or terminated within three years after the arrears were written off, such arrears will become payable with immediate effect; or

(v) the body or organisation referred to in this sub-item *(v)* must-

(aa) have had a constitution which does not preclude any resident of Cape Town from being a member of the said body or organisation;

(bb) not have been a profit making body or organisation;

(cc) when winding up its affairs leave all its assets to a similar body or organisation;

(dd) promote the values and purpose of the body or organisation as set out in the respective constitution; and

(ee) use its funds for the sole benefit of the body or organisation or the greater community of Cape Town; and

(w) where an organisation has been accredited by the City Manager or any delegated official, then all the arrears, appearing on the accounts of these accredited organisations, will be written off once only; or

(x) where any land including any improvements thereon has been devolved, donated, transferred, or sold either by the City or to the City by any person, sphere of government, organisation, association, trust, close corporation or company and such property is reclaimed, donated, transferred, forfeited or purchased by the City then all the arrears will be written off to facilitate transfer thereof; and

(i) notwithstanding sub-item *(w)* nothing in this sub- item shall preclude the subsequent collection by the City of any amount so written off; or

(*y*) where the City Manager has identified a cemetery which is dormant and no longer being maintained, by the owner, and the owner can no longer be traced or for any other reason as determined by the City Manager; and

(i) after the installation, where relevant or viable, of a prepayment electricity meter;

(*z*) where a property used primarily as a cemetery as defined and listed in the Rates Policy;

(i) after the installation, where relevant or viable, of a prepayment electricity meter; and

(*aa*) notwithstanding anything else contained in this policy and where any debt resulting from any error or omission, made by the City or its service providers, including any specific technical problem with regard to –

(i) Deleted;
(ii) Deleted;
(iii) a prepayment electricity meter; or
(iv) any other official metering device.

Social Housing

(*bb*) residential properties that, except for the fact that there are arrears on the account, that are valued at R300 000 or less, and after the installation, where relevant or viable, of a prepayment electricity meter;

(*cc*) residential properties transferred from the national government, a provincial government or a municipality of a residential property which was financed with funds or loans made available by the national government, a provincial government or a municipality, and which have been transferred and registered;

(i) incorrectly; or
(ii) allocated incorrectly; or

(iii) occupied by illegal occupants; or

for any other reason as determined and approved by the City Manager and

(*dd*) Deleted

(*ee*) where residential properties, which were financed with funds or loans made available by national government, a provincial government or a municipality which have been handed over to a beneficiary, and not yet registered in such beneficiary's name, and where such residential property may not as yet have been valued, these debtors, may be deemed to be indigent; and

(i) after the installation, where relevant or viable, of a prepayment electricity;

(*ff*) debt, including interest charges, older than 3 years, after a financial assessment has been made, can be considered for write-off at the discretion of the City Manager when debtors, who do not own more than one property, make arrangements to pay off the current debt, or at any other period, during times of –

(i) unforeseen circumstances; or

(ii) bad economic conditions; and

(*gg*) any debt, including debt not yet due, identified as rental remission as more fully set out Chapter 5, of this policy.

(*hh*) any residential properties that have a municipal valuation of more than R300 000, but not more than R400 000, including properties which formed part of the City's Integrated Water Leaks Repair Strategy, in terms of item (3)(1)(*t*)(i).

(*ii*) all debtors who enter into arrangements will have their arrears written off in terms of items 13 (3), 13 (13) (*b*), 15 (4) (*b*) and 30 (7) (*e*). *Special Conditions*

(2) Deleted

(2A) Where property rates were raised during the 2019/2020 financial year, on properties which received a property rates rebate during the 2018/2019 financial year and now receive a reduced rates levy, in terms of the Rates Policy, for the 2020/2021 financial year, such properties, may qualify for a write-off, of any accumulated arrears, for the first said period;

(i) sub-item (2A) only refers to those owners that fall within Part B, Paragraph 1 (k) to (u) of the Rates Policy 2020/2021.

Authorisation

(3) In respect of other debt, schedules indicating the debtor account number, the debtor's name, the physical address in respect of which the debt was raised,

address, erf number, if applicable, amount per account category as well as a reason to write-off the amount must be compiled.

(4) Notwithstanding the above, the City or its authorised officials will be under no obligation to write-off any particular debt and will always retain sole discretion to do so.

(5) Where a debt has been written off in terms of item 9, and where applicable, the City Manager shall have a right to offset any credit against any such debt written off, for the same debtor.

(6) Subject to the City of Cape Town: System of Delegations the City Manager may write-off any debt as determined in this item.

CHAPTER 2: RATES AND SERVICES

10. Rates

(1) The following provisions apply to rates and any levies:

(a) interest shall be charged on all overdue accounts;

(b) if the account is not paid by the due date as displayed on the account the City Manager may issue any notice in terms of this policy showing the total amount owed to the City;

(c) if the account is not settled or there is no response from the debtor to make acceptable arrangements to repay the debt –

(i) the supply of any service to the property may be restricted, disconnected, or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and items 8 (7) and 11 of this policy; and

(ii) irrespective of the exercise of the powers by the City Manager in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and sections 8 (7) and 11 of this policy summons may be issued and the legal process followed;

(d) in instances where the rates debt is in respect of municipal property sold by suspensive sale agreement, the collection thereof will be dealt with in terms of the relevant deed of sale, and if applicable, this policy, or any subsequent applicable written agreement between the City and the debtor;

(e) at any stage while the debt is outstanding, all reasonable steps shall be taken to ensure that the ultimate sanction of a sale-in-execution is avoided or taken only as a last resort. The City, however, has total commitment to a sale-in-execution should the debtor fail to make use of the alternatives provided for by the City from time to time. This is also applicable to all debt, and includes all debt which is a charge against a property, as referred to in this Chapter;

(f) as part of the recovery process the City Manager may bid, to a maximum of Rx (Rx could equal R10.00 or the total of the debt plus costs and include any reasonable amount for clearance purposes.), at a sale-in-execution and, if successful, sign all relevant documentation to acquire and take transfer of the property;

(g) the City Manager shall have the right to negotiate and to cancel the deed of sale, as referred to in sub-item *(f)* before transfer to the City, if such cancellation results in either the bond holder or the debtor, or both the said parties, paying in full for all debt in connection with that property as well as all costs related thereto; and

(h) the City Manager may proceed to sale–in-execution of any immovable property classified as a problem building in terms of the City of Cape Town: Problem Building By-law, 2010, for any debt owing to the City, and may attach any condition to such property as determined in terms of the aforesaid By-law when proceeding as aforesaid.

11. Services

(1) The following provisions apply to the payment for services;

(a) accounts must be paid by the due date as shown on the account;

(b) interest will be charged on all overdue accounts;

(c) the debtor must be warned on the monthly account of a possible disconnection if payment is not received by the due date;

(d) if payment is not received or suitable payment arrangements are not made by the due date, a notice may be served in terms of section 115 of the Systems Act, warning of an imminent restriction, disconnection or discontinuation of a service after 14 (fourteen) days from the date as stated on the notice;

(e) if payment is not received or suitable payment arrangements are not made by the due date as shown on the notice, the supply or supplies may be restricted, disconnected or discontinued for any service in respect of any arrear debt; and

(i) notwithstanding sub-item 11 (1) (*e*), services may be limited, if deemed necessary, by the City Manager;

(f) a notice shall be left at the property advising that the supply has been restricted, disconnected or discontinued and warn that all electric points should be considered live and that all water outlets should be closed.

(i) the notice must also advise that the supply will only be reconnected after the amounts specified on the notice, and any other debt including the reconnection fee, have been paid or an arrangement acceptable to the City has been made;

(g) the above notices must also warn of the consequences of illegal reconnection;

(h) all residential consumers, whose water supply has been restricted, may have access to a basic water supply as determined by Council from time to time by means of a flow limiting device to their property or where the water supply has been disconnected or discontinued as a result of, but not limited to, unauthorised or illegal reconnections and tampering, a communal water supply point, within a radius of approximately 200 meters from their property, maybe provided; and

(i) and debt maybe recovered in terms of the provisions contained in this policy.;

(ii) Deleted; or

(i) subject to the provisions contained in sub-item *(f)*, debtors may be required to pay all penalties and arrears in full before the supply is restored;

(j) subject to the City's capacity at the time to restore such service which has been, restricted, disconnected or discontinued, such services will be restored within a reasonable period of time after the relevant conditions contained in this policy have been met;

(k) the onus shall always be on the debtor to request reconnection and to prove that the full amount for which the service was restricted, disconnected or discontinued, as shown on the disconnection notice referred to in item 11 (1) *(d)* has been paid or that an arrangement was entered into in terms of sub-item *(f)*;

(l) despite the provisions of sub-items *(a)* to *(k)*, should the amount outstanding for the supply of services remain unpaid, full recovery procedures, including appropriate legal actions may be undertaken in order to collect these monies;

(m) in the event of an insolvency, and notwithstanding any provisions provided for in this policy, the City Manager, shall serve notice in terms of sub-item (1) *(d)* at the property and shall notify the trustee by giving 14 (fourteen) days' notice of the intention to restrict, disconnect or discontinue the services to the property; and

(i) notwithstanding sub-item *(m)* the period referred to therein may be waived at the request of the trustee;

(n) Deleted;

(o) Deleted;

(p) water and electricity meters must be read with regularity and accuracy so that the correct consumption information is recorded on the billing system; and

(i) consecutive estimations of metered consumption should be minimised to the extent that such is practically possible and with due cognisance of the right of the City to generate estimations as contained in the relevant by-laws and Tariff Policy or any other applicable legislation.

(2) The following provisions apply in the event of illegal reconnection of, or tampering with, water or electricity supply:

(a) Where this has occurred the water or electricity supply may be effectively disconnected;

(b) the full amount of arrears plus any illegal consumption, and any applicable tariffs, may be required to be paid prior to reconnection. Should exceptional circumstances exist, adequate payment arrangements may be permitted at the sole discretion of the City Manager; and

(c) the illegal reconnection of, or tampering with, a service supply is considered a criminal offence which may result in legal action being taken.

(3) The installation of a prepayment meter, with the written permission of the owner, is encouraged, however;

(a) the City Manager has the sole discretion to insist on a prepayment meter being installed on a property, at a cost to the debtor, where the electricity supply has been disconnected for non-payment; or

(b) the City Manager deems the debtor to be a credit risk to the City; and

(c) a prepayment meter may be disconnected or may be subject to the terms contained in sub-item (4); and

(*d*) such meter shall be subject to any other action permitted in terms of any other relevant legislation including this policy.

(4) When purchasing electricity units, the City Manager may deduct a percentage of the monetary value towards settling any amount referred to in sub-item (4) (*b*). This action will be by prior notification to such debtor and shall remain unchanged unless by default; and

(*a*) the deduction applied may be based on the following:

(i) For a property valued up to and including R500,000 the minimum deduction may be 30% and the maximum deduction will be 50%;

(ii) for a property valued from R500,001 to R1,000,000 the minimum deduction may be 50% and the maximum deduction will be 70%;

(iii) for a property valued greater than R1,000,000 the minimum deduction may be 70% and the maximum deduction will be 90%;

(iv) for single residential properties, who are charged at the domestic full tariff, in terms of the Tariff Policy, and who consume in excess, of any volume, of water, per month, as determined by Council from time to time, for water restriction purposes, may have such costs recovered in line with this sub-item; and

(v) for any commercial or industrial customers, as determined in the Tariff Policy, such deduction will be 90%.

(*b*) The deduction referred to in sub-item (*a*) may be offset against any debt as follows:

(i) Electricity arrears;

(ii) any other arrears;

(iii) any fines; and

(iv) any penalties.

(5) An authorised representative of, or service provider to the City, shall be given access to any premises in accordance with the provisions of section 101 of the Systems Act.

(6) The City Manager shall have the right to restrict, disconnect or discontinue any service to a property, regardless of who has occupation, upon the written request from the registered owner and provided the service account is in arrears; and

(a) a notice may first be served in terms of section 115 of the Systems Act, giving 14 (fourteen) days' notice of the intention to restrict, disconnect or discontinue such service.

(7) Where a service account, which is not in the name of the registered owner, has been restricted, disconnected or discontinued, the City Manager may insist that the service be transferred into the name of such property owner; and

(a) notwithstanding sub-item (7) the City Manager may at any other time insist that the service be transferred into the name of such property owner.

(8) Notwithstanding anything to the contrary the provisions of this item shall apply to any debt and the supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and item 8 (7) of this policy.

(9) Where a close corporation or a company has been deregistered in terms of section 26 of the Close Corporation Act, 69 of 1984 or section 83, of the Companies Act, 71 of 2008, as amended;

(*a*) any services may be restricted or disconnected; and

(*b*) any services which have been restricted or disconnected may remain in this state,

until the company or close corporation has been re-registered in terms applicable legislation or court order and meets the criteria in terms of this policy to be reconnected.

12. Other debt

(1) All debt under this item will be subject to:

(a) Interest being charged on all overdue accounts;

(b) the supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and item 8 (7) and 11 of this policy; and

(c) in the recovery of sundry debt, the City reserves the right to utilise any legal action at its disposal as well as making use of any third party debt collectors.

Dishonoured payments: rates and general services

(2) Where a cheque, debit order, credit card or EFT payment is dishonoured and where the customer who received value from such payment, is an existing debtor of the City, the reversal; and

(*a*) any penalty fee, which may be raised by the City Manager as contained in the Tariff Policy, may be debited to an account of such payer and a letter of notification must be sent to the debtor. Such fee shall be considered to be a tariff charge and shall be recovered from the debtor. The City reserves the right to refuse to accept or to cancel such further payment methods from such person, to place the matter on the relevant adverse credit rating lists, or take any steps as contained in this policy, which may include criminal charges, if applicable, against the offender; and

(b) where a payment referred to in sub-item (2) was tendered and any debt management action, in terms of this policy, was suspended, and such payment was not honoured, such debt management action shall continue without further notice to such debtor.

Dishonoured payments sundry services

(3) Where a cheque, debit order, credit card or EFT payment is dishonoured and where the payment is not from an existing debtor of the City, then a *sundry* debtor account will be opened and a debit raised; and

(a) any penalty fee, may be raised by the City Manager as contained in the Tariff Policy, and debited to the account and a letter of notification must be sent to the debtor. Once the account is submitted and the debtor fails to honour the debt by due date, a final demand will be generated and dispatched to the last known address of that debtor. If there is still no response, then the matter may be handed over for placement on the relevant adverse credit rating lists, or any steps as contained in this policy which may include criminal charges, if applicable, against the offender may be taken; and

(b) where a *payment* referred to in sub-item (3) was tendered, and any debt management action, in terms of this policy, was suspended, and such payment was not honoured, such debt management action shall continue without further notice to such debtor.

(4) Where a cheque, debit order, credit card or EFT payment is dishonoured and where the customer who received value from such payment method, is an existing debtor of the City, the reversal; and

(a) any penalty fee, which may be raised by the City Manager as contained in the Tariff Policy, may be debited to an account of the drawer, or the person or entity who made the payment or the beneficiary and a letter of notification must be sent to the debtor. Such fee shall be recovered from the debtor. The City reserves the right to refuse to accept such further method of payment from such payer and or beneficiary and may take any steps as contained in this policy which may include criminal charges, if applicable, against the offender.

(5) The City may attach the rental or any other payments due to debtors who are in arrears with their municipal accounts:

(a) if any debt levied in respect of a property is unpaid by the owner of the property the City Manager may recover the amount in whole or in part from a tenant or occupier of the property, despite any contractual obligation to the contrary on the tenant or occupier.

(b) the City Manager may recover an amount only after a written notice may have been served on the tenant or occupier as provided for in section 115 of the Systems Act; and

(c) the amount the City Manager may recover from the tenant or occupier of a property in terms of sub-item *(a)* is limited to the amount of the rent or other money due and payable, but not yet paid, by the tenant or occupier to the owner of the property; and

(d) any amount the City Manager recovers from the tenant or occupier of the property must be set off by the tenant or occupier against any money owed by the tenant or occupier to the owner; and

(e) the tenant or occupier of a property must, on request by the City Manager, furnish the City Manager with a written statement specifying all payments to be made by the tenant or occupier to the owner of the property for rent or other money payable on the property during a period determined by the City Manager.

(f) the City Manager may recover the amount due for debt on a property in whole or in part from the agent of the registered owner, if this is more convenient for the City Manager; and

(g) the City Manager may recover the amount due for debt from the agent of the registered owner only after a written notice which may have been served on the agent as provided for in section 115 of the Systems Act; and

(h) the amount the City Manager may recover from the agent is limited to the amount of any rent or other money received by the agent on behalf of the registered owner, less any commission due to the agent; and

(i) the agent must, on request by the City Manager, furnish the City Manager with a written statement specifying all payments for rent on the property and any other money received by the agent on behalf of the owner during a period determined by the City Manager; and

(*j*) the City Manager may take any action as provided for in this policy or any other relevant legislation, against the tenant, for not more than the amount as determined by this sub-item; and

(i) where such tenant fails to respond to the notice as referred to in sub-item (5) *(b)*; or

(ii) fails to comply with any notice or fails to adhere to any terms, conditions or undertakings in terms of this sub-item; or

(iii) fails to make any agreed or required payments.

Revenue clearance certificates

(6) All debt, inclusive of any advanced collection shall be deemed to be due and payable, for the purpose of issuing any Revenue clearance certificate in terms of section 118, of the Systems Act, and must be paid in full:

(a) no interest shall be paid in respect of any payment made in terms of this sub-item unless permitted in terms of any other legislation or policy;

(b) all payments will be allocated to the registered seller's municipal accounts in terms of this policy;

(c) prior to any refund this payment will be dealt with as follows:

(i) the advanced collection shall be used to offset any debt that accumulated against the property as follows –

(aa) any tenant debt; and

(bb) any of the seller's debts: -

(d) any refund, in respect of any credit remaining after registration of transfer has been registered in the Deeds Office, shall be refunded, in the first instance, to the relevant conveyancer, or failing such conveyancer, to such seller subject to Chapter 6 of this policy;

(e) no certificate, in terms of section 118 of the Systems Act, will be issued where the registered owner (and, in this instance, the seller) has not complied with any relevant legislation, policy or agreement relating to the property in question;

(f) the City Manager may require the purchaser to apply for all services at the property as part of the application for a Revenue clearance certificate; or

(i) by virtue of registration of the property, the registered owner accepts liability for all services rendered by the City to the said property, except as provided for in other legislation or policy;

(g) Prior to issuing the Revenue clearance certificate, in terms of section 118, of the Systems Act, the City Manager has a right to visit the property and take all steps deemed necessary to ensure that all recoverable debt is accounted for against the existing owner.

(h) all figures issued in terms of section 118 of the Systems Act will only be valid for the validity period attached to such figures and only payments made within the validity period will, for the purpose of issuing the certificate, be offset against these figures; and

(i) should any certificate be issued in respect of any payment made in sub-item *(h)* above and should such certificate lapse then any payment so made will be regarded as a payment on account and may be offset against any debt of such debtor.

Property related debt

(7) In terms of section 118 (3) of the Systems Act an amount due for municipal service fees, surcharges on fees, property rates and other municipal taxes, levies and duties is a charge upon the property in connection with which the amount is owing and enjoys preference over any mortgage bond registered against the property; and

(*a*) in addition, the City Manager may consider this amount to be the liability of the registered owner regardless of who incurred such debt, provided the debt was incurred during the ownership of such owner; and

(*b*) Deleted

(*c*) the City shall not hold any City tenant, lessee or occupant, liable for any section 118 (3) debt, incurred, by any other person, at that City owned property, unless agreed otherwise with the City; and

(i) no municipal service will be denied to such tenant or lessee as a direct result of any such debt incurred at the property.

(8) Any service to a debtor's property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law and item 8 (7) and 11 of this policy.

(9) Any unauthorised consumption of services, theft and damages may be recovered in terms of this policy.

13. Arrangements

Principles for residential debtors

(1) Current accounts must be paid in full on or before due date.

(2) The debtor may be required to prove levels of income and must agree to a monthly payment towards arrears based on such debtor's ability to pay or based on such debtor's total liquidity if the City Manager so requires.

(3) All negotiations with the debtor should strive to result in an agreement that is in the interests of both parties, is sustainable and at the sole discretion of the City Manager, debt older than 3 years may be written off when debtors enter into payment arrangements on condition that the written off debt will be reinstated if the debtor defaults on the payment arrangement.

(4) Interest will be charged on arrears.

(5) Interest on –

(a) arrears in respect of all services may be suspended;

(b) rates may be calculated at 0%;
whilst the debtor adheres to the conditions of the arrangement; and

(c) should a debtor default on an arrangement interest will be calculated from the original due date of the debt, taking any payments into consideration.

(6) Notwithstanding anything contained in this item the City Manager shall be under no obligation to enter into an arrangement with a debtor.

(7) All arrangements may be subject to periodic review in accordance with the terms and conditions contained in this policy; and

(a) no arrangement, in terms of the conditions contained in this policy, will be made for a period longer than 12 (twelve) months, where after, such arrangement shall cease and the debtor shall be required to enter into a new arrangement for the remainder of the debt; and

(b) failure to enter into a new arrangement after the expiry of the 12 (twelve) months referred to in sub-item (7) *(a)* shall result in the debt becoming due and payable forthwith; and

(i) all the credit control and debt collection measures as contained in this policy may be enforced.

(8) All services may be restricted, disconnected or discontinued and legal action may be taken against debtors who default on any arrangement and such debt may be referred to third party debt collectors, for recovery.

Arrangement Criteria for residential debtors

(9) In cases where residential debtors wish to make arrangements to liquidate their arrears, the following payment criteria, inter alia, will apply:

(a) Current account; and

(b) an agreed payment towards arrears based on the principles contained in this policy and sub-items (2) and (3) –

(i) with a minimum upfront payment as agreed;

(c) this minimum payment must be paid in order for the arrangement to be considered; and

(d) the City Manager has the sole discretion to determine the amount to be paid in terms of sub-item (9) *(c)*.

(10) Each following month the debtor will be required to pay:

(a) Current account; and

(b) an instalment as determined in sub-item (9) *(b)* above.

(11) Should the debtor default, payments may be as follows:

(a) Upon the first default: Current account and the monthly payment as determined in sub-item (9) (*b*), to be increased by 50% of that payment;

(b) upon the second default: Current account and double the monthly payment as determined in sub-item (9) (*b*); and

(*c*) upon the third and final default: The current account and all the arrears may be payable in full.

(12) In all cases failure to respond to notices will result in normal credit control procedures and all debt collection processes as provided for in this policy may be taken.

Principles for non-residential debtors

(13) In cases where non-residential debtors wish to make arrangements to liquidate their arrears, the following criteria, amongst other things, will apply-

(a) debtors may be required to furnish the City with their latest audited financial statements and other supporting documentation relevant to their financial position in order to negotiate a settlement arrangement acceptable to the City;

(b) all negotiations with debtors should strive to result in an agreement that is in the City's best interests, is sustainable; and at the sole discretion of the City Manager, debt older than 3 years may be written off when debtors enter into payment arrangements on condition that the written off debt will be reinstated if the debtor defaults on the payment arrangement.

(c) interest will be charged on arrears at an interest rate that shall be determined by Council from time to time;

(d) interest on-

(i) arrears in respect of all services may be suspended; and

(ii) rates may be calculated at 0%; and

whilst the debtor adheres to the conditions of the arrangement;

(e) all arrangements shall be subject to item 13 (7); and

(f) the final decision to make these arrangements will rest with the City Manager.

Arrangement criteria for non-residential debtors

(14) If the non-residential debtor wishes to make an arrangement, interest may be charged or suspended on any outstanding amount and such arrangement will be subject to approval of the official as delegated in terms of sub-item (13) *(f)*; and

(a) all arrangements may be subject to periodic review in accordance with the terms and conditions contained in this policy; and

(i) no arrangement, in terms of the conditions contained in this policy, will be made for a period longer than 12 (twelve) months, where after, such arrangement shall cease and the debtor shall be required to enter into a new arrangement for the remainder of the debt; and

(b) failure to enter into a new arrangement after the expiry of the 12 (twelve) months referred to in sub-item (14) (a) shall result in the debt becoming due and payable forthwith; and

(i) all the credit control and debt collection measures as contained in this policy may be enforced.

(15) Should the debtor default on any arrangement, all services may be restricted, disconnected or discontinued and, any agreement may be terminated and legal action may be taken and such debt may be referred to a third party for recovery. Interest will be calculated from the original due date of the debt taking any payments into consideration.

Special conditions regarding arrangements

(16) Where any residential or non-residential debtor has entered into an arrangement with the City in respect of the arrears on a property, the prescribed certificate as referred to in section 118, of the Systems Act, will not be issued until such time as the full outstanding amount is paid.

(17) The conditions contained in the City's arrangement document, as amended from time to time, will form part of the arrangement criteria contained in this policy; and

(a) the conditions contained in this policy shall form part of the conditions contained in any of the City's arrangement document as amended from time to time*;* and

(*b*) the City Manager may require that a consent to judgment form also be signed.

(18) Should the current account be higher than normal, due to, but not limited to, under-estimations and faulty meters, previous accounts rendered may be taken into consideration, when determining an amount to pay in order to enter into an arrangement.

(19) Notwithstanding sub-item (9) *(a)* and *(b)* above, the City Manager may determine that the current account, interest, disconnection, reconnection charges including any cost of installing any prepayment meter, be excluded from the initial payment, when entering into an arrangement; or

(a) any charges or costs for any disconnection, reconnection including any cost of installing any prepayment meter which appear on any subsequent account following the arrangement concluded in sub-item (19) may be subject to a renegotiated arrangement.

(20) All debtors entering into arrangements shall provide their banking details, and those who have the facility to sign a debit order with their financial institutions shall do so*; and*

(a) it will be the sole responsibility of the debtor to ensure that the debit order does not exceed any maximum amount as stipulated by the debtor;

(b) where no maximum amount has been stipulated by the debtor the City Manager shall debit the debtor's bank account with the amounts owing on the account; and

(c) the debtor shall remain responsible for the payment of any shortfall arising from this transaction.

(21) Where a tenant or occupier, who has the ability to pay, wishes to make an arrangement the following will apply:

(a) Item 12 (5) must at all times be complied with;

(b) where the rental is insufficient or there is no rental paid by the tenant or the occupier an arrangement to recover the monthly current account and the property debt must be entered into in terms of the conditions and requirements of this policy;

(c) where any service is in the name of tenant or occupier an arrangement to recover the monthly current account and the property debt must be entered into in terms of the conditions and requirements of this policy; and

(d) where the tenant or occupier is unable to meet the criteria set out in this policy the tenant or occupier will receive services, if any as contained in the Tariff Policy.

(22) The City Manager would normally only enter into arrangements with the registered owners, but may enter into an arrangement with a tenant or occupier, who can show that they have the ability to pay, upon receipt of an affidavit, by the occupier or a tenant of a residential property, which certifies that;

(a) the registered owner of the property at which such tenant or occupier so resides in is;

(i) untraceable; or

(ii) not contactable: or

(iii) such registered owner's whereabouts are unknown; or

(iv) where there is no co-operation by the registered owner with the occupier, and

(b) that they have a right to so occupy such property and stating the time period that they have so occupied the property;

(c) the last known address of the registered owner;

(d) the rental due for such right to so occupy;

(e) that such occupier or tenant undertakes to advise the registered owner at the first reasonable opportunity of the current situation and that the tenant or occupier further agrees to obtain the consent of the registered owner to condone the process as set out in this sub item failing which the arrangement may be null and void; and

(f) where applicable provide comprehensive details of the non-co-operation of the registered owner;

enter into an arrangement with such a tenant or occupier in terms of this policy, to pay off arrears on an account which is a charge against the property:

Steps to be taken by the City Manager

(g) authorise an arrangement be entered into with the occupier or tenant subject to;
(i) the possible installation of a prepayment electricity meter.

(23) Notwithstanding the provisions of sub-items (21) and (22), the City Manager may refuse to reconnect or restore any service to a tenant unless written permission is obtained from the registered owner:
(a) authorising the tenant to enter into an arrangement in terms of this policy; and
(b) authorising the reconnection or restoration of any service.

(24) The City Manager may restrict, disconnect or discontinue any service to a property;
(a) if the registered owner withdraws, in writing, any permission granted in terms of sub-item (23) where the tenant has defaulted on the arrangement made; and
(b) no new application for any service to the property will be authorised until all the arrears have been settled in full.

(25) Where an arrangement has been concluded in order for an applicant to qualify for any exemptions, rebates or reductions in terms of the Rates Policy such arrangement shall be adhered to; and
(a) should there be any default on the arrangement referred to in sub-item (23) then all the exemptions, rebates or deductions granted will be reversed with effect from the date on which the relevant application was granted.

(26) The City Manager is not obliged to enter into any arrangement or any instalment plan –
(*a*) where a property has been classified as a problem building in terms of the City of Cape Town: Problem Building By-law, 2010, for any debt owing to the City; and
(*b*) for any services as contained in the City of Cape Town: Cemeteries, Crematoria and Funeral Undertakers By-law, 2011 as amended from time to time or as superseded by any subsequent legislation.

(27) Arrangements, that meet the requirements of this item, may be concluded, via any electronic communication, as defined in section 1, of the Electronic Communications and Transactions Act, 25 of 2002.

(28) The repayment of debt, including interest charges, and any current accounts, can be considered for deferment, during periods of unforeseen circumstances, or during bad economic conditions, at the sole discretion of the City Manager, based on a financial assessment, conducted by an official, where debtors are unable to make and adhere to arrangements or pay their current accounts; and

(*a*) any deferment agreed upon in sub-item (28) shall be reassessed at least every six months.

Development charges

(29) Notwithstanding anything else contained in this Policy or any other policy of the City, and at the sole discretion of the City Manager, The City Manager, may enter into any arrangement for development charges, subject to the signing of an acknowledgement of debt, and the acceptance of all the terms and conditions, contained therein.

14. Special rating areas

(1) Any additional rate, tariff or levy will be determined in accordance with Section 22 of the Property Rates Act, the Rates Policy, the City of Cape Town: Special Rating Areas By-law and the Special Rating Areas Policy.

(2) Any additional rate, tariff or levy will be added to the monthly municipal account and must be paid by the due date to avoid interest being charged.

(3) The additional rate, tariff or levy will be subject to the debt management procedures as described in this policy.

(4) Interest will be charged on all overdue accounts.

CHAPTER 3: HUMAN SETTLEMENTS

15. General principles

Additional definition

(1) In this Chapter the definition of –

(*a*) 'income' as stipulated in Chapter 1 applies but child, foster and dependency grants are excluded from the income of the debtor and spouse. Where reference is made to the owner, it includes the lessee or purchaser who has still to take transfer.

Interest on arrears

(2) Interest may be charged on all overdue accounts at an interest rate that shall be calculated at 0% or as determined by Council from time to time.

(3) Where applicable interest charges on arrears will be frozen subject to the debt arrangement being honoured.

Debt arrangements

(4) The debtor may be required to prove levels of income and must agree to a mutually agreed debt arrangement based on such debtor's ability to pay or based on such debtor's total liquidity if the City Manager so requires; and

(*a*) this debt arrangement requires the payment of the current monthly charges plus a mutually agreed amount, of not less than R70.00 for non-indigent debtors, towards the arrears each month with a minimum 90% payment in the review period.

(*b*) at the sole discretion of the City Manager, debt older than 3 years may be written off when debtors enter into payment arrangements on condition that the written off debt will be reinstated if the debtor defaults on the payment arrangement.

(5) If a debt arrangement is not honoured, the debt collection process or legal action will resume from where it was suspended and not restart at the beginning of the debt management process.

(6) A debtor who defaults on arrangements made may not be allowed to enter into an arrangement after defaulting for the third time. Such debtor will proceed in the debt management process if regular payment is not received.

Recovery of costs

(7) The City Manager may recover from the debtor the following costs in instances where such costs are incurred by or on behalf of the City,

(a) cost and administration fees where payments, made to the City by negotiable instruments, are dishonoured by banks when presented for payment;

(b) legal and administration and all other costs/charges, including attorney and client costs, and tracing fees incurred in the recovery of debts; and

(c) any collection and related commission.

Minimum payments

(8) Providing that the debtor has not defaulted on debt arrangements on more than three occasions and notwithstanding the criteria in sub-item (4), the following minimum payments added to legal costs may be required from the debtor prior to entering into an arrangement and stopping the legal process:

On signing a debt rescheduling arrangement	1 X total monthly housing charge
Following the service of a summons	2 X total monthly housing charge
Where judgement has been granted	3 X total monthly housing charge
On day of eviction	12 X total monthly housing charge

(*a*) in each case the payment will be limited to the lesser of the outstanding balance or the amount calculated above; and

(*b*) the City Manager may use discretion in terms of the amount payable where the tenant is found to be indigent.

Arrangements at eviction stage

(9) Providing that the debtor has not defaulted on debt arrangements more than three times, the following arrangement may be made –

(*a*) If the debtor defaults on an arrangement entered into on the day of eviction, a re-issued warrant of eviction will be obtained and the subsequent eviction process will be enforced unless the debtor pays the amount owing in full.

There will be no reinstatement after eviction

(9A) Once an eviction has taken place there shall be no reinstatement after an eviction.

Suspension of dunning due to infirmity

(10) The City Manager may approve suspending the housing dunning procedure for a period not exceeding six months in instances where the contracted party is severely physically or mentally infirm. Such decision will be based on a comprehensive report compiled by the relevant official of the area in which the debtor resides.

Outsourcing of services

(11) The City may utilise the services of any organisation in order to facilitate the recovery of housing debt.

Attachment of goods

(12) The City Manager may attain a court order and attach the personal possessions of a debtor which may be auctioned in order to recover any debt owed by the debtor.

(13) Items 11, 12 and 13 found in Chapter 2, the whole of Chapter 4, item 37 of Chapter 6 and the whole of Chapter 8 do not relate to housing charges under this policy.

Subsidy phase out programme

(14) In order to ensure the affordable implementation and recovery of all housing charges, as aligned to the City's housing debt management programme, the subsidy phase out programme status will remain at its current level, of an automatic 20% rental subsidy for all qualifying tenants residing in Council rental properties, prior to 1 January 2007.

Disconnection of supply of services for debt

(15) The supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law.

(16) When purchasing electricity units, the City Manager may deduct a percentage of the monetary value towards settling any arrears. This action will be by prior notification to such debtor and shall remain unchanged unless by default; and
(*a*) where the debtor is not in occupation for any reason, the City reserves the right to take whatever action it deems necessary to recover any debt incurred from the occupants of the property.

Delay in transfer of tenancy

(17) Where a transfer of tenancy has been delayed, the City may adjust the rental account as follows:

(*a*) Should the delay in finalizing the tenancy be due to an administrative error, the rental account may be adjusted for a maximum period of one year from the date of the signing of the rental contract; or

(*b*) should there be a delay in finalizing the tenancy due to negligence on the part of the prospective tenant, then the rental account may be adjusted for a maximum period of three years from the date of the signing of the rental contract; and

(*c*) the City may also agree to such amounts being settled by way of a debt arrangement.

16. Collection process: Rental Schemes

(1) Rental is payable in advance by the due date; and

(*a*) any councillor or staff member, who enters into a lease agreement, or any subsequent payment arrangement, with the City, in their personal capacity, shall agree to sign a stop order, on their respective remuneration or salary, in favour of the City, for the agreed rental and all charges relating to the lease.

(2) If payment is not received, a letter of demand is sent to the defaulting debtor requesting payment and offering the debtor an opportunity to make an arrangement within 30 (thirty) days, from the date of the letter.

(3) Failure to respond to this letter of demand timeously will result in legal proceedings.

(4) The legal collection process will start with a letter demanding payment within a stipulated period.

(5) If the debtor fails to respond within the stipulated period, summons will be issued.

(6) No response to the summons will result in the City making an application to court for default judgement and, ultimately, the commencement of eviction proceedings.

17. Collection process: Home-ownership Schemes

(1) Instalments and other housing charges are payable by the due date; and

(*a*) these amounts including any other debt due, where they are payable by any councillor or staff member, shall be recovered by way of a stop order, from their respective remuneration or salary, which they shall agree to.

(2) If payment is not received, a letter of demand is sent to the defaulting debtor requesting payment and offering the debtor an opportunity to make an arrangement within 30 (thirty) days from the date of the letter.

(3) Failure to respond to this letter of demand timeously will result in legal proceedings.

(4) The legal collection process will start with a letter demanding payment within a stipulated period.

(5) If the debtor fails to respond within the stipulated period, summons will be issued. No response to the summons will result in the City making an application to court for default judgment and ultimately, the commencement of eviction proceedings.

(6) If the amount due on the day of eviction is not paid, repossession of the property will take place and immovable property may be sold or converted to a rental unit and let in accordance with the City's Allocations Policy: Housing Opportunities.

18. Rates rebate benefits: Home-ownership Schemes

All residential property owners, who are registered as indigent, and who qualify in terms of item 19 (1), will receive the same rates rebate benefits as approved by Council for owners who are dependent on pension or social grants for their livelihood, as found in the Rates Policy, at the equivalent gross monthly household income level as set out in the Rates Policy.

19. Indigent relief

(1) Housing Indigent Relief (rental and home ownership schemes) shall be applied as follows:

(a) Where the joint income of a housing debtor and spouse or partner does not exceed R4 500.00 per month, such debtor shall be deemed to be indigent;

(b) where a housing debtor has been registered for indigent relief, all debt related to that property for that debtor (excluding capital debt of home ownership debtors) up to the date of registration will be written back. Such write back will occur only once for any debtor, thereby allowing for a once off rehabilitation;

(c) water and sanitation services, for indigents, will be charged as determined in the Tariff Policy, by Council from time to time; and

(*d*) an indigent debtor will have any credit meter for electricity at the premises replaced with an electricity dispensing unit (EDU); and

(i) the Electricity Department and the maintenance section of the Public Housing and Customer Services department will be notified regarding the required installation of the EDU and will be responsible for the installation thereof;

(e) failure by an indigent debtor to pay 90% of the amount due within a review period of 2 (two) months will lead to the indigent relief being cancelled; where after the debtor will immediately be subject to the housing debt management policy;

(f) the indigent relief will be valid for a period of 12 (twelve) months and all registered housing indigent applicants are required to re-apply after 12 (twelve) months;

(g) should it be discovered that there were any purposeful omissions by the applicant with respect to the indigent application which result in the applicant not complying with the indigent relief requirements, such relief will be cancelled and reversed to the date of application;

(h) any debtor who fails to pay the indigent rental regularly and on time, causing the indigent relief to be cancelled, may not be allowed to re-apply for indigency after defaulting and re-applying 3 (three) times. The City Manager has the discretion to consider each case on its merit; and

(i) the indigent rental will be calculated according to the following table:

INCOME	PERCENTAGE OF INCOME PAYABLE	MINIMUM ARRANGEMENT AMOUNT
R0 to R2 000	5 % with a minimum rental of R10	R15
R2 001 to R3 500	8%	R25
R3 501 to R4 500	10%	R40
For the purpose of income the cents value is disregarded except that the maximum income permissible is capped at R4 500.00.		

(i) an indigent debtor, where applicable, will receive a waste collection service rebate of 100% for the first 240L container; and

(*j*) All new applicants who apply and are registered and who are 60 (sixty) years of age and older, will, in terms of item 19 of this policy, have their indigent relief validated for 3 (three) years or up to the termination date of the lease whichever date is the earlier; and

(i) subject to sub-item 28 (3) and (4) the indigent debtor shall be further subject to the applicable terms and conditions set out in the Tariff Policy or any other applicable City Policy or other applicable legislation; and

(ii) any subsequent late application received from a beneficiary, under this sub-item, may be regarded as having been received timeously; and

(iii) notwithstanding sub-item (*j*) (i), services may be limited, if deemed necessary, by the City Manager; and

(iv) debtors who have been registered as indigent, and who are in receipt of an older persons grant or a war veterans grant from the South African Social Security Agency (or their successor in title) will continue to receive indigent relief until they no longer qualify for such older persons grant or until they no longer meet the indigent criteria; and

(v) any penalty rental or surcharge based on an income amount exceeding R3 500.00 but not more than R4 500.00 per month may be subject to an indigent relief.

(2) Where the City's rental units, have not been valued, or where water and sewerage accounts are in the name of the tenant or the tenant is responsible for the payment of these charges, such tenant will be deemed to be indigent, unless proven otherwise.

CHAPTER 4: INDIGENT RELIEF FOR RESIDENTIAL PROPERTIES

20. Tariff structure

(1) The Rates Policy and Tariff Policy are designed to enable those residential debtors who meet the criteria as defined therein to obtain free basic services and a rates rebate.

(2) The free basic services and the rates rebate referred to in this Chapter will be as determined by Council from time to time, and

(a) such determination will override anything else to the contrary as contained in this Chapter.

21. Excess consumption

Any consumer who uses in excess of any free allocation of services, will be charged for those services in accordance with the Tariff Policy and will be subject to this policy.

22. Arrears

(1) All residential debtors who qualify and are registered as indigent, will have their arrears written off once during ownership of that property, and thereafter will be subject to item 21, provided that;

(*a*) a prepayment electricity meter be installed, where applicable or viable; and

(*b*) the arrears are not as a direct result of tampering or any illegal usage of services.

(2) After the arrears have been written off in terms of sub-item (1), and irrespective of whether consumers receive a current account for any subsequent rates and services, consumers who again fall into arrears are still required to make an arrangement with the City Manager to pay off their arrears in accordance with the principles and conditions contained in this policy.

(3) Sub-item (2) applies to all persons who have had their arrears written off in terms of sub-item (1) and who at any stage thereafter re-apply for indigent status.

(4) Where any arrangement, as referred to in sub-item (2), is defaulted on, then all the indigent relief received as a result of being registered, in terms of item 23, will cease, with effect from the date of such default.

23. Registration criteria

(1) In order to qualify for registration as an indigent, for a period not exceeding twelve months, an applicant, which could include any combination of applicants, must satisfy the following criteria:

(a) The property must be a residential property as defined in the Rates Policy; and

(b) the applicant, or any combination of applicants, must be –

(i) the registered owner of the residential property; or

(ii) an occupier of a child-headed household where the residential property is registered in the name of the deceased parent or deceased parents; and

(*aa*) any such application shall be further subject to item 3 (8); or

(iii) a purchaser of a residential property from any of the spheres of government on a delayed transfer basis; or

(iv) the party to whom the residential property is awarded in the event of a divorce; or

(v) where a deceased estate has not been wound up;

(aa) in the case of a deceased estate, in whose name the residential property is registered, any heir to whom the registered property has been bequeathed; or

(bb) a surviving spouse, where the surviving spouse was married in community of property to the deceased, and where the residential property is registered in both spouses' names, and the surviving spouse is the sole heir; or

(cc) a surviving spouse, who was married in community of property to the deceased, together with any other heirs, if any, where the residential property is registered in the name of that deceased; or

(dd) in the case where a portion of a residential property is registered in the name of a deceased estate, the surviving registered owners together with the heirs to the deceased estate; or

(vi) in the event of the residential property being registered in the name of a trust,

(aa) the beneficiaries, for the meantime, of a testamentary trust established in terms of the Administration of Estates Act, 66 of 1965; or

(bb) the trustees together with any beneficiaries, for the meantime, of a trust established in terms of the Trust Property Control Act, 57 of 1988; or

(vii) a usufructuary or habitatio where such usufruct or habitatio right is registered against a residential property in the name of that usufructuary or habitatio; or

(viii) where there is more than one person residing at the residential property who meet any of the criteria set out in this sub-item then they must jointly make application in terms of this item;

(ix) all the members of a close corporation who meet all the relevant criteria;

(x) notwithstanding anything else contained in this policy a backyard dweller receives indigent relief as determined by Council from time to time as more fully set out in the Tariff Policy; and

(c) the total household income of the residential property may not exceed the maximum income of the owners who are dependent on pension or social grants for their livelihood as provided for in the Rates Policy, who receive a 100% rates rebate; and

(d) the applicant may only be the registered owner of the property, referred to in sub-item (1) (*a*), and may not be the registered owner of any other immovable property both nationally and internationally; and

(i) sub-item 23 (1) (*d*) excludes any unproductive vacant land; and

(e) be a full-time occupant of the residential property or where the registered owner is unable to occupy the property due to no fault of such registered owner, the spouse, or partner and including any party in a cohabitation relationship or minor children may satisfy the occupancy requirement; and

(f) where applicable or viable, must have a prepayment electricity meter; and

(g) notwithstanding the aforesaid, registered owners of residential properties which have a municipal valuation of R300 000, or less, or as determined by Council from time to time, will be deemed to meet the criteria in sub-item *(a)* to *(e)* above and will be regarded as being registered, unless proven differently; and

(i) in addition, any property that qualified, in terms of sub-item (*g*), may be deemed to meet the criteria, in sub-item *(a)* to *(e)* above, and will be regarded as being registered, even if such property value subsequently exceeds a municipal valuation, of R300 000 or less, as referred to sub-item (*g*); and

(ii) interest on –

(*aa*) rates may be charged at 0%;

(*bb*) other debt may be suspended; and

any devices may be installed as referred to in sub-item 22 and the arrears written off; and

(iii) any subsequent debt that accrues against these properties may be written off.

(2) The City Manager may call upon an applicant, an indigent or a debtor at any time to produce documents in support of their claim for indigency or indigent status; and

(a) may at any time approach any person in order to verify any claim made by an applicant or indigent.

(3) Council may determine any criteria as mentioned in sub-items (1) and (2) from time to time.

(4) Deleted

(5) Notwithstanding sub-item (1) (*g*) any interest charges already raised on the properties identified therein may be written off.

(6) The City Manager may approve indigent relief where an applicant can prove that a spouse, or partner and including any party in a cohabitation relationship can no longer be traced and such spouse, or partner or any party in a cohabitation relationship has left the home, for a period of at least three years, but the applicant still meets all the other qualifying criteria.

(7) Notwithstanding sub-item (1) (*g*) where the property was valued at R88 000,00 or less, during the 2006 General Valuation ("GV") inclusive of any Supplementary Valuations ("SV") thereto, with the exception of any SV which increased the value of the 2006 GV as a direct result of the property having been undervalued in the first instance, as compiled in terms of the Property Rates Act, and regardless of any subsequent GV or SV, until determined otherwise by Council, will be deemed to meet the criteria in sub-item (1) *(a)* to *(e)* and will be regarded as being registered, unless proven differently ; and

(i) interest may be charged at 0% and any devices may be installed, as referred to in sub-item 22, and the arrears written off.

(8) All new applicants who are registered in terms of item 23 (1), and who are 60 years of age and older, will remain valid until the next GV or SV is implemented; and

(i) subject to sub-item 28 (3) and (4) no restriction, disconnection or discontinuation of any service or legal action will be instituted against any debtor, who has been registered as indigent for the duration of the GV that is in force;

(ii) any subsequent late application received from a debtor, who qualified for indigency, as set out in sub-item 23 (8), within twelve months, after the lapsing of the indigency status, under this sub-item, may be regarded as having been received timeously;

(iii) notwithstanding sub-item 23 (8) (i), services may be limited, if deemed necessary, by the City Manager; and

(iv) debtors who have been registered as indigent, and who are in receipt of an older persons grant or a war veterans grant from the South African Social Security Agency (or their successor in title) will continue to receive indigent relief until they no longer qualify for such older persons grant or until they no longer meet the indigent criteria.

24. Indigent relief: rates

(1) No rates will be levied on any residential property where the municipal valuation does not exceed the municipal valuation as referred to in the Rates Policy.

(2) Deleted

(3) Deleted

(4) All applicants who qualify in terms of item 23:

(a) Will receive the same rates rebate benefits as approved by Council for owners who are dependent on pension or social grants for their livelihood, as found in the Rates Policy, at the equivalent gross monthly household income level as set out in the Rates Policy; or

(b) who do not receive any rates rebate, for persons who are dependent on pension or social grants for their livelihood, in terms of the Rates Policy, and with the exception of item 23 (1) *(c)* and (*f*), will only receive a rates rebate, from the date that the benefit has been approved for a period not exceeding twelve months, or any period as approved by Council in terms of sub-item 23 (8), of:

(i) 100%, if their income is R4,500.00 or less; or
(ii) a 95% rebate, if their income is R4 501.00 to R6 000.00; or
(iii) a 90% rebate, if their income is R6 001.00 or more and not more than R7 500.00; and

on application, the gross monthly household income will be rounded off to the nearest rand in order to determine the percentile rate applicable.

(c) all indigents referred to in sub-item (4) *(b)* must make and abide by an arrangement to repay any arrears in accordance with the principles and conditions contained in this policy, no other indigent relief or rates rebates, as provided for owners who are dependent on pension or social grants for their livelihood, in terms of the Rates Policy, will accrue to such property owner, except as approved by Council from time to time.

(5) All percentages and amounts mentioned in sub-items (1) to (4) shall be as determined by Council from time to time.

(6) All debtors, who qualify and are registered as indigent, who require a municipal valuation certificate of their property, for purposes of applying for a social grant, will receive such certificate at no cost.

25. Indigent relief: water and sewerage

(1) Water and sewerage for indigents, and backyard dwellers, will be as set out in the Tariff Policy.

(2) Deleted

(3) A residential debtor who doubts the validity of the consumption stated on any account may apply for the meter to be tested at his or her cost as per the Tariff Policy relating to indigence.

26. Indigent relief: electricity

(1) Residential debtors will receive indigent relief as set out in the Tariff Policy; and
(a) prepayment meters will not receive the free basic supply of electricity for months in which no energy is purchased unless this is specifically claimed each month at a vending outlet; and
(b) credit meters will be credited with as much of the free basic supply of electricity as is used during the metering period.

(2) The City Manager shall, where applicable and viable, grant authority that a prepayment meter may be installed in those properties where the registered owners qualify and are registered for indigent relief so that the debtor cannot consume electricity beyond such debtor's means. All prepayment meters are installed at the rate as indicated in the Tariff Policy.

27. Indigent relief: solid waste

(1) All residential debtors whose, properties are below a municipal valuation, as determined by Council from time to time, may receive a free or rebated waste collection service; and
(a) all residential property owners, who are registered as indigent, and who qualify in terms of item 23 (1), will receive a waste collection service rebate of 100% for the first 240L container; and
(*b*) all residential property owners, who are registered as indigent, and who qualify in terms of item 24 (4) (*b*), will receive a waste collection service rebate equivalent to the percentage granted in respect of a rates rebate based on the same income levels for the first 240L container.

(2) All informal residential debtors will receive a free basic waste collection service as set out in the Tariff Policy.

28. Debt management actions

(1) Subject to sub-item (3) and (4), the indigent debtor shall be further subject to the applicable terms and conditions set out in the Tariff Policy or any other applicable City Policy or other applicable legislation; and

(*a*) notwithstanding sub-item 28 (1), services may be limited, if deemed necessary, by the City Manager.

(2) An application for registration as indigent is only valid for a period of twelve months from the date of approval, unless determined otherwise by Council.

(3) It is a requirement of this policy that should the personal circumstances of a debtor improve to such an extent that such debtor no longer qualifies as an indigent, then such person must notify the City Manager immediately of this change in order for such persons' name to be removed from the indigent register.

(4) If it is found that a debtor no longer qualifies as an indigent, and such debtor has not informed the City Manager, then this debtor will be de-registered as an indigent, and all suspended steps, as referred to in sub item (1) above, will be lifted, from the time the debtor's circumstances were found to have improved, and interest will be payable on any outstanding amounts.

(5) The City Manager may, at any time, call upon a debtor, who receives any indigent relief, to produce documents, or to complete any form, in support of such indigent status; and

(*a*) may, at any time, approach any person in order to verify the content of any such document or form so received; and

(*b*) may take any steps necessary to determine such debtor's indigent status.

29. Misrepresentation

(1) Debtors found to have misrepresented themselves in order to benefit from the City's indigent relief will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and the City Manager will–

(a) reverse all benefits and relief received; and

(b) raise any fee, as determined by Council from time to time, as set out in the Tariff Policy.

(2) Any person who has received any benefit or relief in terms of this policy and who has misrepresented themselves in order to qualify for such benefit or relief will be deemed to have committed an offence and remedial measures will be taken in a manner as determined by the Council from time to time, and the City Manager will–

(a) reverse all benefits and relief received; and

(b) raise any fee, as determined by Council from time to time, as set out in the Tariff Policy.

(3) The City Manager shall report any misrepresentation in terms of this policy to the South African Police Services.

CHAPTER 5: PROPERTY MANAGEMENT

30. General principles

Definition:

(1) In this Chapter –

"income" means income as stipulated in Chapter 1 and applies but where reference is made to the owner, it includes the lessee; and

"rental remission" means rental relief and cancellation of debt for commercial lessees.

Property Management Portfolio and tenanting allocation strategy

(2) The PM Portfolio is market value driven; and

(*a*) any councillor or staff member, who enters into a lease agreement, or any subsequent payment arrangement, with the City, in their personal capacity, shall agree to sign a stop order, on their respective remuneration or salary, in favour of the City, for the agreed rental and all charges relating to the lease.

(3) The tenanting process of vacant residential properties is geared at speedy turnaround times due to the cost implication of securing the vacant houses. Criteria such as affordability and fit are considered when selecting potential tenants;

Consolidated debt

(4) In terms of this policy, separate accounts of a person liable for payment to the City, are to be consolidated, regardless of the fact that separate accounts for such debtor may be rendered, and includes all pre-paid services for which no account is rendered and as such in conjunction with debt management action already taken, electricity may be disconnected and/or (in the case of residential properties) water restricted to trickle feed for non-payment of rental arrears.

Interest

(5) Interest may be charged on all overdue accounts at an interest rate equal to the prime rate which will be adjusted quarterly to the prevailing rate on the last date of the quarter.

(6) Where applicable interest charges on arrears will be frozen subject to the debt arrangement being honoured.

Debt arrangements

(7) A debt arrangement requires the payment of one month/annual rental (whichever is applicable) when the agreement is signed and the current monthly/annual charges plus a mutually agreed amount towards the arrears each following month, plus, where applicable, legal and other fees incurred to date; and

(*a*) the debt arrangement will be valid for a period of 12 (twelve) months (or the remaining period of the tenure whichever is the shortest), where after such arrangement shall cease and the debtor shall be required to enter into a new arrangement for the remainder of the debt;

(i) failure to enter into a new arrangement after the expiry of the 12 (twelve) months referred to in sub-item (7) (a) shall result in the debt becoming due and payable forthwith and all the credit control and debt collection measures as contained in this policy may be enforced;

(*b*) if a debt arrangement is not honoured, the debt collection process or legal action will resume from the debt stage at which it was suspended;

(*c*) a debtor who defaults on arrangements made may not be allowed to enter into an arrangement after defaulting for the third time;

(*d*) such debtor will proceed in the debt management process unless all arrears are paid in full; and

(*e*) at the sole discretion of the City Manager, debt older than 3 years may be written off when debtors enter into payment arrangements on condition that the written off debt will be reinstated if the debtor defaults on the payment arrangement.

(8) Deleted

Recovery of costs

(9) The City Manager may recover from the debtor, all costs in instances where such costs are incurred by or on behalf of the City, including;

(a) cost and administration fees, where presented payments are dishonoured, e.g. R/D cheques;

(b) legal and administration costs, including attorney and client costs, and tracing fees incurred in the recovery of debts; and

(c) any collection commission/charges.

(10) All charges are payable on demand.

(11) No response to first demand for payment may lead to a restriction and/or disconnection of the water and/or electricity or any other supply for that property.

(12) Departures from the above principles may only be made by the City Manager where there are sound practical reasons which shall be recorded in writing.

Minimum Payments

(13) The following minimum payments added to legal costs are required from the debtor prior to stopping the debt management and legal processes:

On signing a debt rescheduling arrangement	1 X total monthly/annual property management charge (as per lease agreement)
Following the service of a summons	2 X total monthly/annual property management charge (as per lease agreement)
Where judgement has been granted	3 X total monthly/annual property management charge (as per lease agreement)
On day of eviction	12 X total monthly/annual property management charge (as per lease agreement)

a) in each case the payment will be limited to the lesser of the outstanding balance or the amount calculated above; and

(*b*) the City Manager may use discretion in terms of the amount payable where the tenant is found to be indigent in terms of the provisions of the Property Management Indigent Grant.

There will be no reinstatement after eviction.

Attachment of goods

(14) The City Manager may attain a court order and attach the personal possessions of a debtor which may be auctioned in order to recover any debt owed by the debtor.

Suspension of dunning due to infirmity

(15) The City Manager may approve suspending the property management dunning procedure for a period not exceeding six months in instances where the contracted party is severely physically or mentally infirm.

Disconnection of supply of services for debt

(16) The supply of any service to the property may be restricted, disconnected or discontinued in terms of section 9 and 10 of the Credit Control and Debt Collection By-law

(17) Items 11, 12 and 13 found in Chapter 2, the whole of Chapter 4, item 37 of Chapter 6 and the whole of Chapter 8 do not relate to property management charges under this policy.

(18) When purchasing electricity units, the City Manager may deduct a percentage of the monetary value towards settling any arrears. This action will be by prior notification to such debtor and shall remain unchanged unless by default.

(19) Where rental escalation clauses, contained in current and tacit leases, have not been implemented, for whatever reason, the City may –

(*a*) align the current rental, to the escalated rental agreed to in the lease agreement, as if the escalations were effected;

(*b*) back date such rental by no more than12 (twelve) months; and

(*c*) agree to such amounts being settled by way of a debt arrangement.

31. Debt Management process

(1) The debt collection process begins when a lessee falls into arrears in respect of the current charges.

(2) If payment is not received, a notice requesting payment and offering the debtor an opportunity to make an arrangement within 30 (thirty) days, from the date of the letter, is sent to the defaulting debtor.

(3) Failure by the debtor to respond to notice within the 30 (thirty) day period will automatically result in the institution of legal and related proceedings with a letter of demand, demanding payment within a stipulated period.

(4) If the debtor fails to respond within the stipulated period, summons will be issued.

(5) Failure to respond to the summons will result in the City making an application to court for default judgement including a standard instruction that the Writ of Execution be issued and, if applicable, a financial enquiry lodged.

(6) Once all remedies to recover debt have been exhausted, eviction proceedings will commence.

32. Indigent relief

(1) The Property Management portfolio is market value driven and debtors who are no longer able to afford the rental are required to seek alternative accommodation within the period that the indigent relief is valid.

(2) The indigent relief in this policy will thus be applied to indigent households once only and no re-applications will be considered.

(3) Indigent Relief for Property Management debtors shall be applied as follows:

(a) Where the joint income of a Property Management debtor and spouse or partner does not exceed R4 500.00 per month, such debtor shall be deemed to be indigent;

(b) where a Property Management debtor has applied for and been granted an indigent relief, all debt related to that property for that debtor up to the date of registration as indigent will be written back. Such write back will occur only once for any debtor, thereby allowing for a once off rehabilitation;

(c) water and sanitation services, for indigents, will be charged as determined in the Tariff Policy, by Council from time to time; and

(d) an indigent debtor will have any credit meter for electricity at the premises replaced with an electricity dispensing unit (EDU); and

(i) the Electricity Department and the maintenance section of the Property Management Department will be notified regarding the required installation of the EDU and will be responsible for the installation thereof; and

(*e*) failure by an indigent debtor to pay the amount due within a review period of 2 (two) months will lead to the indigent relief being cancelled; where after the debtor will immediately be subject to the property management debt management policy;

(f) the indigent relief will be valid for a period of 12 (twelve) months;

(g) should it be discovered that there were any purposeful omissions by the applicant with respect to the indigent grant application which result in the applicant not complying with the indigent relief requirements, such relief will be cancelled and reversed to the date of application;

(h) any debtor who fails to pay the indigent rental regularly and on time, will cause the indigent relief to be cancelled; and

(i) the indigent rental will be calculated according to the following table:

INCOME	PERCENTAGE OF INCOME PAYABLE	MINIMUM ARRANGEMENT AMOUNT
R0 to R2 000	5 % with a minimum rental of R10	R15
R2 001 to R3 500	8%	R25
R3 501 to R4 500.00	10%	R40
For the purpose of income the cents value is disregarded except that the maximum income permissible is capped at R4 500.00.		

(j) all applicants who apply and are registered as indigent and, who are 60 years of age and older, will, in terms of item 32 of this policy, have their indigent relief remain valid for 3 years or up to the termination date of the lease, whichever date is the earlier; and

(i) all such relief and the conditions thereof are as set out in item 32 and the Tariff Policy or any other City policy or other applicable legislation; and

(ii) notwithstanding sub-item (i), services may be limited, if deemed necessary, by the City Manager.

32. A Leases affected by any other serious adverse social or economic conditions

(1) Item 32A is applicable where the COVID-19 pandemic, commencing 27 March 2020, and any subsequent national lockdown regulations have caused a number of the City's commercial lessees to cease operations resulting in some lessees being unable to operate and thus have had a severe impact on their financial position; and

(*a*) the following leases or property types are specifically excluded from this provision:

(i) Tariff leases (due to the nominal annual amount the impact is considered

(ii) negligible);

(iii) any cellular infrastructure;

(iv) any property used for residential purposes;

(v) any garage;

(vi) private parking; and

(vii) gardening leases.

(2) The City Manager may, subject to any budget constraints, grant, in full or in part, any rental remission, to lessees as mentioned in sub-item (1), where occupation of the premises has been disrupted, with the exception of the following conditions:

(a) No relief will be provided where a lessee has received any additional relief in terms of any national remission program; or

(b) where the financial losses, as a result of these conditions, incurred by the lessee, are covered by any business credit insurance or similar insurance;

(3) The City Manager shall have the right to call for:

(a) Any evidence in support of any claim for rental remission, in terms of item 32A; and

(b) any financial loss shall be substantiated by evidence thereof which shall include and not be limited to any of the following;

(i) any bank statements;
(ii) affidavits;
(iii) reports;
(iv) including third party reports;
(v) photos.

(4) Any new lease signed on or after 1 July 2021, shall require that a lessee be insured against any serious adverse social or economic conditions at such lessees own expense.

(5) The City Manager shall be authorised to terminate any lease which is the subject of item 32A, without any compensation or penalty by either party, should there be mutual agreement thereto.

CHAPTER 6: CREDITS, REFUNDS AND TRANSFERS

33. Credit

(1) In this chapter any reference to the word 'refund' includes the word 'transfer' unless the context indicates otherwise.

(2) The City Manager shall have the right to claim any credits due to the City or any of its predecessors-in-law.

(3) No interest shall be paid in respect of any credit on any account unless permitted in terms of any other legislation, policy or as determined by Council from time to time.

34. Requests for refunds or transfers

(1) All requests for refunds or transfers must be in writing; and
(a) the City Manager shall only refund or transfer credit amounts in terms of this Chapter.

(2) A "Request for Refund Form" must be completed, or dictated to an official who will record it in writing and have it read, and if necessary, corrected, and
(a) all the applicable supporting documentation must be supplied; and
(b) the form must be signed by the person requesting the refund.

(3) The form must then immediately be lodged with the relevant authorised official.

(4) Consideration for a refund or transfer will only be given where credits appear on the account.

(5) Refunds will only be made:
(a) To an account holder; or
(b) notwithstanding anything else to the contrary contained in this policy, to the conveyancer, of the relevant property, after registration of transfer in the Deeds Office.

(6) Notwithstanding sub-items (4), (5) and (7) any payment made on an account by a third party will only be considered for a refund or transferred, by the City Manager, to such third party, after the latter submits proof of the payment and such refund or transfer will be subject to any law and policy of the City.

By the claimant

(a) The claimant will be required to produce the original proof of the payment which includes but does not limit same to any of the following:
(i) original receipt;
(ii) proof of payment method;
(iii) original cheque as processed by the bank, if applicable;
(iv) affidavit in support of the refund or transfer; and
(v) proof of the account intended to be paid, if applicable.

By the City

(b) Before making any refund or transfer the City Manager may –
(i) try to establish the whereabouts of the accountholder and thereafter;
(ii) write to such accountholder, at the last known or established address, giving such accountholder 14 (fourteen) days to show cause why such refund or transfer should not be proceeded with; and
(iii) no refund or transfer shall take place until any objection to the refund or transfer by the accountholder, as referred to in sub-item (ii), has been resolved to the satisfaction of the City; and
(iv) the City Manager shall notify both the claimant and the account holder, of any final decision to either:
(aa) Proceed with the refund or transfer; or
(bb) to reject the request for the refund or transfer.

By the Accountholder

(c) Any accountholder objecting to such refund or transfer must comply with the following:
(i) Submit such objection in writing showing cause as to why the refund or transfer should not take place; and
(ii) may be required to submit such objection in the form of an affidavit.

(7) Except for refunds in terms of section 55, of the Property Rates Act, where there are two or more account holders all of the accountholders must complete and sign the “Request for Refund or Transfer Form” as per sub-item (2).

35. Deceased estates, insolvent estates, judicial management and curatorship

Deceased estates

(1) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed executor or executrix, and such application shall be subject to relevant conditions contained in item 34; and

(a) refunds will only be made payable to the deceased estate's bank account.

(2) Notwithstanding sub-item (1) if an estate is wound up in terms of section 18 (3) of the Administration of Estates Act, then such refund or transfer can be made as per the directions as given by the Master by applying the same or similar principle; and

(a) the Masters direction as referred to in sub-item (2) must be attached to the request for the refund or transfer.

Insolvent estates including any entity in the process of liquidation

(3) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed trustee or liquidator, and such application shall be subject to relevant conditions contained in item 34; and

(a) refunds will only be made payable to the bank account of either the insolvent or an entity in liquidation; or

(b) to an unrehabilitated insolvent; or

(c) notwithstanding anything else to the contrary contained herein to any nominee, subject to the conditions contained in this policy.

(4) Despite anything to the contrary contained in this policy the right to offset any debt against any credit is subject to the Insolvency Act.

Judicial management

(5) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed judicial manager, and such application shall be subject to relevant conditions contained in item 34; and

(a) refunds will only be made payable to the bank account of a company which has been placed under judicial management.

(6) Despite anything to the contrary contained in this policy the right to offset any debt against any credit is subject to the Insolvency Act.

Curatorship

(7) Refunds and requests for transfers will only be considered upon receipt of the duly completed form referred to in item 34, signed by a duly appointed curator, and such application shall be subject to relevant conditions contained in item 34; and

(a) refunds will only be made payable to the bank account of a person under curatorship.

36. Refunds and transfers generally

(1) Subject to sub-item (2) refunds shall take the form of electronic bank transfers only unless catered for elsewhere in law or any of the applicable policies of the City.

(2) Subject to sub-item (3) the City Manager shall have the right to offset any credit against any debt of the same debtor.

(3) The right to offset any debt against any credit is subject to the Insolvency Act, or any court order prohibiting such set-off.

(4) In the case of a refund or transfer to a partnership no set-off against any debt of the individual partner may take place; but

(a) any credit due to a partner may be offset against the debt of a partnership.

37. Revenue clearance certificates

(1) Any refund provided as a result item 12 (6) shall be refunded in terms of that sub-item as read with this Chapter.

(2) Any payment for a Revenue clearance certificate, which results in a credit on the sellers account, shall be refunded, in the first instance, to the relevant conveyer, or failing such conveyancer, to such seller, after registration, and after finalisation, to the satisfaction of the City Manager, of the respective account.

(3) Where a sale does not result in registration taking place no refund shall be made, unless there is a credit on the account, and such refund shall be limited to the total of the amount in credit which shall not exceed the credit placed to the account in order to obtain the Revenue clearance certificate.

(4) The sheriff of the court who sold the property shall be the seller when a property has been sold in execution.

(5) A duly completed 'Request for Refund Form' may accompany any application for a Revenue clearance certificate.

38. Nominees

(1) The City Manager has the right, subject to any applicable legislation, to offset any of the nominee's debt against any credit to be refunded to such nominees banking account.

(2) Notwithstanding sub-item (3) no refund will be made to a nominee where the account holder is a juristic person except where a director, member or trustee can prove that they paid the juristic person's account out of their own personal bank account and that all the required proof and relevant documents are submitted.

(3) Subject to sub-item (1) and (2) and notwithstanding anything else contained in this policy, refunds may be made to a nominees banking account.

CHAPTER 7: MISCELLANEOUS

39. Right of access to property

(1) In terms of section 101, of the Systems Act and the registered owner or occupier of any premises in the City must give an official of the City or any representative of a service provider, who is authorised by the City Manager, access at all reasonable hours to the premises in order to inspect the premises, read, inspect, install or repair any meter or service connection for reticulation, or to disconnect, stop or restrict or discontinue the provision of any service.

(2) Where access has been denied to a property or where it is found that officials are unable to gain reasonable access the City Manager may, having given fourteen days' due notice, install any prepayment meter at the property, at the owners cost.

(3) Where access has been denied to a property, including properties where an indigent, as registered in terms of this Policy, resides, or where it is found that officials are unable to gain reasonable access, the City Manager may, having given fourteen days' due notice, disconnect, stop or restrict or discontinue the provision of any service, at the cost of the owner; and
(*a*) may implement any applicable provision of this policy.

40. Compromising or compounding any action, claim or proceedings

(1) In terms of section 109 of the Systems Act the City Manager may compromise or compound any action, claim and proceedings where applicable.

(2) Sub-item (1) is not applicable to rates except as provided for in section 26 (3) of the Property Rates Act.

41. Review of this Policy

(1) This policy must be reviewed annually as part of the budget process or more frequently if required.
(2) Changes in legislation must be taken into account for future amendments to this policy.
(3) Any amendments to this policy must be submitted to Council for approval.

CHAPTER 8: OTHER COLLECTION PROCEDURES

42. Failure to pay debt by due date

(1) Should any debtor fail to pay any debt, referred to in section 118 (3), of the Systems Act, by due date the City Manager may, serve a notice in terms of section 115 of the Systems Act, –

(a) on the debtor, and

(b) on the property,

calling upon such debtor to pay such debt within 30 (thirty) days of such notice.

43. Content of notice

(1) The notices referred to in item 42 shall state that should any debt not be settled within 30 (thirty) days of such notice, application will be made to court for an order for the sale of the debtor's property for the outstanding debt plus any additional debt incurred in the application of this Chapter.

44. Address for delivery of notifications

(1) Any debtor may notify the City Manager of an address within the Republic to which any notice referred to in sub-item 42 (1) *(a)* may be sent; and

(a) any address given in terms of sub-item (1) may be amended by a debtor by notifying the City Manager in writing of the change thereof; and

(i) such amended address shall take effect when a written acknowledgement of such address is dispatched by the City Manager to the debtor.

(b) the onus shall be on the debtor to ensure that such debtor receives a written acknowledgement of such amended address;

(c) the amended address shall be deemed for all purposes to be the address where all notices in terms of this Chapter may be served to the exclusion of any address previously notified;

(d) shall state either the property account number or numbers of each applicable account; and

(i) the full description of the property;

(ii) the physical address of the property; and

(iii) the full name of the registered owner.

45. Procedures to be followed for debt

(1) Should any debt referred to in item 42, remain unpaid after the final date for the payment thereof, such debt may be recovered in the manner set forth in this Chapter.

(2) The City Manager shall cause a further notice to be served, in terms of section 115 of the Systems Act, advising that an application shall be made to Court, after the lapsing of 14 (fourteen) days from dispatch of this notice, for an Order for the sale of the debtor's property for the outstanding debt plus any additional debt incurred in the application of this Chapter.

(3) If after giving notification in terms of items 42 and sub-item 45 (2) hereof, and such debt remains outstanding, a court of competent jurisdiction, upon the application by the City, showing

(a) the amount of debt not paid; and

(b) the notices provided for in items 42 and 45 (2) has been given,

shall be requested to summarily order any such property against which the debt is owing to be sold by way of public auction, subject to the conditions contained in sub-items (4), (5) and (6) hereof, which order the court shall have the right to grant.

(4) The order shall give the power for the proceeds of the public auction to be paid into court and direct that payment be made to the City, from these proceeds; of

(a) all debt outstanding; and

(b) all costs incurred by the City in respect of the application made in terms of this Chapter;

in preference to any bondholder in terms of section 118 (3) of the Systems Act.

(5) Upon the court order as set out in sub-items (3) and (4) hereof the City shall have the right to have the property or any part thereof, as the case may be, sold in accordance with the court's order without the necessity of issuing a writ or other process of court for that purpose, except as provided for in sub-item (6), provided that in all other respects any such sale shall be deemed to be a sale of immovable property in execution of the judgment of such court, save that it shall not be necessary to notify or consult the debtor, against which the amount is owing, with regards to the sale or the conditions of the sale.

(6) Prior to applying for a date of sale of any property in terms of this Chapter, or the court order, the City Manager shall –

(a) post a notice on the official notice board of the City for a period of a least 30 (thirty) days;

(b) publish such notice in at least three newspapers circulating in the area in which the property is situated; and

(c) serve a notice to this effect on the debtor.

(7) The notice referred to in sub-item 45 (6) *(a)* may be in the form of a schedule and shall contain at least the following information:

(a) The name of the owner;

(b) the full physical address of the property;

(c) the amount outstanding;

(d) that the debtor has a right to settle the debt before the expiration of the notice;

(e) that the property may be sold in terms of the court order granted in terms of this Chapter should the debt remain outstanding after the expiry of the said notice; and

(f) any other information which the City Manager deems necessary.

(8) The notice referred to in sub-item 45 (6) *(b)* shall contain at least the following information:

(a) The name of the registered owner;

(b) the full physical address of the property;

(c) the amount outstanding;

(d) that the debtor has a right to settle the debt before the expiration of the notice;

(e) advising that application shall be made to the sheriff of the court for a sale date after the expiry of the notice; and

(f) any other information which the City Manager deems necessary.

(9) If before the sale of any such property in terms of any court order there is produced to the sheriff or any other person charged with the sale thereof a certificate from the City Manager that all the amounts due have been fully paid, the said property shall be withdrawn from the sale.

(10) Notwithstanding that all the said amounts may have been paid before the said sale the City shall not be liable to any person whatsoever for any loss or damage suffered by such person by reason of the sale of any such property in respect of which no such certificates have been produced to the said sheriff or person in charge.

(11) If any property is sold pursuant to a court order referred to in this Chapter notwithstanding the fact that all amounts due have in fact been paid; and

(a) if the City Manager, within three months of the sale, is satisfied that the said amounts had been paid at the date of the sale, the City Manager shall, if transfer of the property to the purchaser has not yet been registered, declare the sale null and void;

(b) the declaration referred to in sub-item (11) *(a)* hereof shall be by way of written notice signed by the City Manager and a copy thereof shall be served on the registered owner, in terms of section 115 of the Systems Act, and on the purchaser, at the address supplied in the conditions of purchase, and shall be transmitted forthwith to the Registrar of Deeds.

(c) upon signature of the said declaration the sale shall be null and void and in that event the purchase price shall be refunded to the purchaser;

(d) the registered owner shall be liable for all the expenses of the sale and all expenses incurred pursuant to the sale save any expenses incurred after production, if any, of the certificate referred to in sub-item (9) hereof, to the sheriff or any other person charged with the sale; and

(e) if no such certificate has been signed by the City Manager in accordance with sub-item (9) hereof the sale shall be of full force and effect.

(12) Nothing contained in this Chapter prevents the City from taking any other proceedings for the recovery of debt as set out in this policy, any relevant legislation, or any other competent procedure in any court of competent jurisdiction.

1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise -

"Accountability and responsibility" means top management, senior managers and other officials and each official of a municipality exercising financial management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure compliance.

"Beneficiary" means the target community or group that will benefit from a Grants-in-Aid funded project or programme.

"Chief Financial Officer (CFO)" means a person designated in terms of section 80(2)(a) of the Municipal Finance Management Act.

"Commercial or other business transactions" means a contract or transaction entered into between the City and an outside contractor or vendor in terms of the City's SCM Policy and Procedures for the supply of goods and/or services by the contractor or vendor.

"Council" means the municipal council of the City of Cape Town.

"Disclosure and declaration of interests - Councillors" means disclosure and declaration by Councillors as required in terms of sections 5 and 7 of Schedule 1 – (Code of Conduct for Councillors) of the Local Government: Municipal Systems Act, 32 of 2003 (MSA).

"Disclosure and declaration of benefits – staff" means disclosures and declarations by staff as required in terms of Sections 2 (Code of Conduct for Municipal Staff Members) of the Local Government Municipal Systems Act, 32 of 2003 (MSA).

"Early Childhood Development ("ECD") Facility" means any place, building or premises, including a private residence, maintained or used partly or exclusively, whether for profit or otherwise, for the reception, protection and temporary or partial care of more than six children that shall be registered with the Western Cape Government and be managed and maintained in terms of the Children's Amendment Act, 41 of 2007.

"Economic Growth Strategy" means a strategy that is aimed at coordinating and directing the work of the City and its external partners towards the expansion of access to economic opportunities by growing the economy and creating jobs being core objectives of the City's strategic focus area of being an opportunity City.

"Finance manager" means the official in a directorate/line department who is responsible for the financial management and administration of the directorate/ department.

"Grants-in-Aid" means a grants-in-aid or allocation, as referred to in MFMA section 17(3)(j)(iv), made by the City to any organisation or body referred to in MFMA section 67(1) and, to be utilised to assist the City in fulfilling its constitutional mandates including social developmental, and arts and culture programmes as set out in the respective Implementation Protocol Agreements with the Western Cape Government, the City of Cape Town's Economic Growth Strategy (EGS) and Social Development Strategy (SDS) criteria.

"Grants-in-Aid Committee" means the committee established in terms of section 79 of the MFMA as well as paragraph 7.1.2 of this policy.

"Memorandum of agreement (MOA)" means the agreement entered into between the City and any organisation or body which receives a grant-in-aid in terms of this policy.

"MFMA" means Municipal Finance Management Act (Act 56 of 2003).

"MOA" means memorandum of agreement.

"Municipal Property Rates Act (MPRA)" means to regulate the power of a municipality to impose rates on property and to implement a transparent and fair system of exception, reductions and rebates through their rating policies.

"Municipal account" means the municipal services account in respect of property rates, services and user charges for services rendered by the City.

"Non-governmental Organisation (NGO)" means a non-governmental organisation that is a legally constituted non-profit organisation that operates independently from any form of government.

"Non-profit company (NPC)" means a company whose memorandum of incorporation must set out at least one object of the company and each such object must be either a public benefit object or object relating to one or more cultural or social activities, or communal or group interests as required by Item 1(1) of Schedule 1 of the Companies Act, 71 of 2008.

"Non-profit Organisation (NPO)" means a non-profit organisation registered in terms of section 13 of the NPO Act, 71 of 1997.

"**Public benefit organisation (PBO)"** means any organisation which is a non-profit company (NPC) as defined in section 1 of the Companies Act or a trust or an association of person that has been incorporated, formed or established in the Republic.

"Social Development Strategy (SDS)" means a strategy that is aimed at coordinating and directing the work of the City and its external partners towards realising the City's aim and commitment to the building of a caring and inclusive City to improve the lives of its citizens especially the poor, marginalized and vulnerable.

"specific delivery agreement" means an agreement entered into between the City and a beneficiary to deliver goods and services of a specialised and unique nature and/or require specific expertise and special skills to produce, install and/or provide.

2. PROBLEM STATEMENT

The Grants-in-Aid Policy (hereafter referred to as the/this policy) was drafted in order to ensure that all grants-in-aid, allocated in terms of this policy, are only allocated or transferred to an organisation or body (beneficiary), outside any sphere of government, following confirmation of compliance with all relevant legislation and the due application of proper and sound regulatory and approval processes.

3. DESIRED OUTCOMES

The projects and/or programmes supported by the grant-in-aid allocations aims to assist the City in:

3.1 Addressing the social developmental and early childhood developmental needs of communities as set out in the Social Development and Early Childhood Developmental Implementation Protocol with the Western Cape Government;

3.2 Building and growing arts and culture within communities and involving youth in Arts and Culture programmes as set out in the Arts and Culture Implementation Protocol with the Western Cape Government;

3.3 Driving Economic and Social Development within its area of jurisdiction in terms of City approved strategies through application of the respective criteria as detailed in;

3.3.1 Promoting sports and recreation and the utilisation of local sports facilities;

3.3.2 Ensuring the safety of the general public using City's beaches;

3.3.3 Fighting crime to ensure the safety and security of its citizens by supporting the establishment of neighbourhood watch services within communities; and,

3.3.4 Pursuing its mandates and responsibilities relating to existing health situations in terms of the Health Act.

3.3.5 Enabling access to services for NPOs or NPCs in accordance with determinations made by Council, in order to enable effective partnering for Social and Economic development.

4. STRATEGIC FOCUS AREA

4.1 The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

4.2 This policy supports the following priority/foundation areas, objectives and programmes:

4.2.1 Foundation 2 – Objective 15: A more spatially integrated and inclusive City and

Programme 15.2: Social inclusion and well-being Programme.

This programme aims to reduce barriers to well-being, by means of

- People living on the street initiative; and
- Food systems project.

4.2.2 Foundation 3 – Objective 16: A capable and collaborative City government and
Programme 16.1: Operational sustainability Programme.
This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

5. ROLE PLAYERS AND STAKEHOLDERS

Top management, senior managers, other officials, and each official of a municipality exercising financial management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure compliance.

5.1 Council

5.1.1 Assess and approve grant-in-aid allocations as submitted by subcouncils and line departments.

5.2 Mayoral Committee (MayCo)

5.2.1 Assess and recommend grant-in-aid allocations as submitted by subcouncils and line departments.

5.3 Section 79 Committees

5.3.1 Review reports regarding GIA applications from line department where necessary

5.4 Subcouncils

5.4.1 Administer the grant-in-aid application process;

5.4.2 Prepare and submit a report with the supported grant-in-aid applications to MayCo for recommendation and to Council for approval.

5.5 Line departments

5.5.1 Administer the grant-in-aid application process;

5.5.2 Prepare and submit a report with the supported grant-in-aid applications to MayCo for recommendation and to Council for approval.

5.6 Grant-in-Aid Committee

5.6.1 Section 67 of the MFMA requires the City to implement and sustain proper and effective controls and procedures when transferring funds of the City to an organisation or body outside any sphere of government. Compliance with the regulatory- and control measures as set out in section 67(1) must be enforced by the Accounting Officer through contractual and other appropriate measures in terms of section 67(3).

5.6.2 This regulatory process will receive oversight from the Grants-in-Aid Committee (“the Committee”). The members of the Committee shall be officials of the City appointed by the CFO. The Committee will have a broad strategic representation by including officials from various functional areas in the City as members and will be chaired by the CFO or nominee(s).

5.6.3 The Committee will administer and co-ordinate grant-in-aid applications recommended by line departments and subcouncils. The Committee must ensure that each of the recommended grant-in-aid allocations comply with the provisions contained in this policy, the Constitution and relevant legislation, Implementation Protocol Agreements and other applicable policies of the City. The Committee is mandated to support or not support a recommendation received from a subcouncil or a line department dependent on the outcome of its assessment of the grant-in-aid allocation.

5.7 Budgets department

5.7.1 Review and assess the grant-in-aid applications at a preliminary screening process;

5.7.2 Review and assess the grant-in-aid applications during the first screening processes;

5.7.3 Co-ordinate and facilitate the grant-in-aid meetings; and

5.7.4 To note the minutes of the Grants-in-Aid Committee.

6. REGULATORY CONTEXT

6.1 Section 67 of the MFMA requires the City to implement and sustain proper and effective controls and procedures when transferring City funds to an organisation or body outside any sphere of government. Compliance with the regulatory and control measures as set out in section 67(1) must be enforced by the Accounting Officer through contractual and other appropriate measures in terms of section 67(3).

7. GUIDING PRINCIPLES

7.1 Financial Control and Oversight

7.1.1 To ensure that applications in terms of this policy, are in accordance with the relevant SCM policies and applicable legislation including the VAT Act 89 of 1991.

7.1.2 Outside contractors are appointed to deliver goods and services that are normally performed and delivered by the City's line departments utilising funds on their approved operating budgets.

7.1.3 Line departments also utilise funds allocated and transferred to them by various subcouncils from their ward allocations to appoint contractors to deliver goods and services.

7.1.4 All contractor appointments shall be made in terms of the City's SCM Policy and procedures as applied and interpreted by the SCM department.

7.1.5 Such appointments shall be regulated and managed as commercial or business transactions.

7.1.6 Grants-in-aid allocated in terms of this policy may not be utilised to fund such expenditure.

7.2 Specific qualifying criteria for organisations/bodies making application for grant-in-aid funding in terms of this policy. Applicants who apply for grant-in-aid funding, in terms of this policy, in order to carry out projects and/or programmes that meet the project qualifying criteria, shall be the following:

7.2.1 A PBO that is a NPC

7.2.1.1 Incorporated in terms of Schedule 1 of the Companies Act, 71 of 2008; and

7.2.1.2 A trust or an association of persons that has been incorporated, formed or established in the Republic as contemplated in the definition of public benefit organisations in sections 30(1) and 30(3) of the Income Tax Act, 58 of 1962 as amended.

7.2.2 A NPO registered in terms of section 13 of the Non-Profit Organisations Act, 71 of 1997.

7.2.3 A ECD site or child care and development facility such as a crèche, day care or Educare centre

7.2.3.1 With the principal object being early childhood development for children aged 0 – 6 years; and

7.2.3.2 Duly registered with the Department of Social Services of the Western Cape Government as a place of care in terms of the Children's Amendment Act, 41 of 2007.

7.2.4 An old age home registered with the Department of Social Services: Western Cape Government in terms of the Older Persons Act, 13 of 2006 or a senior citizens group, association or recreational club registered as a PBO or a NPO. The grant-in-aid funding may be used for the promotion of sport and the utilisation of local sports facilities by the aged or to acquire recreational material or to promote arts and culture among the aged. They may acquire special frail care equipment to improve mobility of the aged. The old age home and the senior citizen groups may utilise grant-in-aid funding to provide a service to the community in respect of skills development, poverty alleviation or other projects or programmes that qualify for grant-in-aid funding in terms of this policy.

7.2.5 A PBO, in terms of section 30 of the Income Tax Act, 58 of 1962 as amended, performing public benefit activities or carrying out community based projects or programmes aligned to requirements of this policy and a religious organisation undertaking as a public benefit organisation.

7.2.6 Any public school, as defined in the South African Schools Act, 84 of 1996, or independent school registered in terms of section 46 of that Act, where grant-in-aid funding may only be allocated and used to provide and/or maintain their own sports facilities and/or acquire sports equipment.

7.2.7 Any sports body, club, association or group registered as a PBO or NPO i.e. not an undertaking or enterprise operating as a business for profit and who actively promotes the utilisation and provision of sport facilities, and the repairs and maintenance thereof and/or provides sports equipment to be utilised by participants on a non-professional basis as a past time.

7.2.8 A lifesaving club registered as a PBO and affiliated to Life Saving Western Province who ensures the safety of the general public using the City's beaches by training and providing lifeguards and the necessary equipment and facilities to effectively perform their functions, including National Sea Rescue Institute lifesaving awareness programmes performed on inland rivers and dams.

7.2.9 Any arts and culture association/group, heritage- and history society, theatre- and dance group, and museum registered as a PBO or NPO. They must be properly constituted voluntary organisations or associations with verifiable lists of members and with minutes of recent annual general meetings functioning as arts collectives or groupings which actively promote the utilisation and provision of arts and culture.

8. PROJECTS, PROGRAMMES AND EXPENDITURE THAT CANNOT BE FUNDED BY MEANS OF GRANTS-IN-AID ALLOCATED IN TERMS OF THIS POLICY

8.1 The following, being either, projects, activities, programmes or types of expenditure, will not qualify for grants-in-aid funding in terms of this policy:

8.1.1 Bursaries of any kind.

8.1.2 Disaster management and relief.

8.1.3 Donation of assets, moveable or immovable.

8.1.4 Public functions, conferences and seminars of any kind.

8.1.5 Rewards and awards.

8.1.6 Sponsorships, of any kind, as defined in and regulated by other policies of the City.

8.1.7 Luncheons, dinners, parties and functions of any kind.

8.1.8 Sporting, entertainment, recreational, religious, cultural, exhibition, organisational or similar activities, hosted at a stadium, venue or along a route or within respective precincts.

8.1.9 If not aligned to the priorities, strategies and objectives as set out in the City's IDP.

8.1.10 Retrospective funding of expenditure that has already been incurred or to fund any over expenditure that may be incurred on an approved Grants-in-Aid project.

8.1.11 Where only one individual will benefit.

8.1.12 Which are to be carried out beyond the City's area of jurisdiction unless a clear and compelling benefit to the City and its residents can be demonstrated.

8.1.13 For the benefit of any political party, political organisation, group or affiliation.

8.1.14 Subsidisation or funding of municipal rates, tariffs, service or user charges.

8.1.15 Funding of any expenditure relating to or associated with the operation of special rating areas established in terms of the MPRA.

8.1.16 Funding any organisation's or body's normal operational expenditure including:

8.1.16.1 Employee costs or any expenditure required to establish an organisation or to make it viable.

8.1.16.2 Where employee costs are an integral part of project's management/implementation or operational costs except for projects undertaken by organisations who provide residential care to victims of abuse who are removed from their family units due to circumstances.

8.1.17 Any commercial or other business transactions entered into between the City and outside contractors or suppliers, in terms of the City's SCM Policy for the supply of goods or services.

8.1.18 Any undertaking or enterprise operating as a business for profit or gain except in the case of an ECD site or child care facility referred to in paragraph 7.3 or economic and social developmental projects and initiatives approved by Council in terms of the City's EGS and SDS.

8.1.19 To civic or ratepayers' associations.

8.1.20 Items not listed above can be considered and approved at the discretion of Council.

8.2 This Policy does also not apply to the following, which are processed and regulated in terms of other polices of the City or are administered and regulated in terms of other empowering legislation, are considered to be commercial or business transactions, or are transfers made in terms of Specific Delivery Agreements as utilised by certain line departments: -

8.2.1 Housing billing subsidies.

8.2.2 Housing development subsidies.

8.2.3 Indigent grants and rates rebates.

8.2.4 Inter-governmental grants.

8.2.5 Transfers to other municipalities.

8.2.6 Transfers to other organs of state.

8.2.7 Transfers to municipal entities.

8.2.8 Allocations, by the Social Development and Early Childhood Development directorate, in terms of specific delivery agreements to fund municipal delivery partnerships utilised to regulate the funding of “caretaker allocations”, municipal facility management committees and district sports councils and annual allocations to the Life Saving Western Province Organisation.

8.2.9 Allocations in terms of environmental or heritage management and/or conservation specific delivery agreements as entered into by the relevant City department with other organs of state and non-governmental organisations, which are registered NPOs or section 21 companies.

8.2.10 Provision of capital expenditure and the erection of buildings or the extension of or alterations to buildings on property either belonging to the City or property belonging to the organisation or body making application for a grant-in-aid in terms of this policy or to property being leased by such organisation and body from another party.

8.2.11 Repairs and maintenance to Council owned facilities, buildings or properties utilised by organisations. Funds established and operated by the City in terms of section 12 of the MFMA.

8.2.12 Events of any kind, including the marketing thereof, which include large sporting and major cultural events, concerts, shows and/or exhibitions and “indabas”.

8.2.13 The promotion of tourism and/or destination marketing.

9. SPECIFIC REQUIREMENTS

9.1 Applications for grant-in-aid funding in terms of this policy shall only be considered where organisations/ bodies have responded to advertisements published in the local press.

9.2 All applications must be delivered, e-mailed or posted to the relevant subcouncil offices and/or relevant line departments and no applications may be delivered to or be accepted by any councillor.

9.3 No late applications received in response to an advertisement may be considered and processed.

9.4 Adverts must stipulate that applicants must provide proof that they are a bona-fide organisation by submitting the minutes of its Annual General Meeting (“AGM”) (not older than 18 months) and the minutes of its last meeting where the organisation took the decision to apply for the grant-in-aid funding.

9.5 The City may, consider grant-in-aid applications during a financial year, as and when received, and such applications shall also be processed in terms of this policy.

9.6 Reasons must be provided where ad-hoc applications were received and where no advertisements were placed and such requests, being exceptions to the norm, shall be assessed according to the GIA process and submitted to Council for approval.

9.7 All applications must be submitted using the standardised application form and business and project plan and a valid Tax Compliance Status as well as an up-to-date municipal account.

9.8 The Tax Compliance Status must be valid upon the time when payment is affected.

9.9 All applications and business and project plans must be fully and properly completed and must reflect the desired outcomes of the project.

9.10 The City reserves the right to fund an organisation for two years or more in succession without creating any expectations as it is under no obligation to allocate grant-in-aid funding. Notwithstanding the latter, all applications complying to the specific criteria within this policy will be considered at Council's discretion.

9.11 The organisation must be up-to-date with its municipal account(s) by either settling any arrears or amounts outstanding in full or making the necessary payment arrangements, as agreed with and applied by the City's Revenue department, in terms of the City's Credit Control and Debt Collection Policy, before a grant-in-aid application can be fully processed.

9.12 The organisation must be up-to-date with any lease rental and services charges where it is leasing property from the City before a grant-in-aid application shall be processed.

9.13 Where there is a payment arrangement in place, the City's Revenue department monitors and takes appropriate action if a default on arrangements occurs.

9.14 The owner of a property that is leased to an organisation applying for a grant in-aid must be up to date with his/her municipal account before the grant-in-aid application can be processed.

9.15 The organisation should also ascertain, from the City, that it may in terms of other relevant legislation and policies, utilise the property for the purpose for which it requires the grant-in-aid by obtaining the correct property Zoning from the City.

9.16 The minimum amount of any grant-in-aid allocation shall not be less than R15 000 per approved project/programme in a particular financial year.

9.17 A copy of the latest audited annual financial statements of the organisation is required where the grant-in-aid amount applied for exceeds R50 000.

9.18 Where the amount of the grant-in-aid being applied for is R50 000 or less, the organisation is required to attach a copy of its Income and Expenditure Statement for its previous financial year as tabled at its AGM and signed by the chairperson/other relevant official/member of the organisation together with a copy of the minutes of the relevant AGM.

9.19 Council reserves the right to request audited financial statements of organisations irrespective of the amount of grant-in-aid funding applied for.

9.20 A grant-in-aid allocation shall only be paid over to an organisation after all of the above has been complied with and Council has approved the grant-in-aid and the MOA has been signed by all parties.

9.21 Approved grant-in-aid applications may be paid over as a single payment or in tranches as per the MOA determined or required dependent upon the nature and/or progress of the project.

9.22 Underspent grant-in-aid funds, as reflected on the operating budgets of subcouncils and line departments, in any financial year, may not be carried over into any ensuing financial year.

9.23 All organisations or bodies making application for grants-in-aid must register as vendors on the City's SAP Vendor Data Base in terms of the City's SCM policy and procedures as well as on the National Treasury Centralised Supplier Database (CSD).

9.24 The organisation or body shall commence the project within 2 (two) months after the grant-in-aid funds were deposited into its bank account by EFT and finalise the project within six months of the applicable financial year.

9.25 Failing to complete the project within the aforementioned time period will result in all such grant-in-aid funds immediately be refunded to the City together with any interest that may have accrued.

9.26 Organisations requesting extension to the timeframe of their programmes must apply in writing and provide proper motivation as to the reasons why the timeframe must be extended.

9.27 Permission to extend the timeframe can only be granted by the subcouncil manager.

9.28 The Director: Budgets and the CFO will approve extensions for line departments.

9.29 Should the organisation fail to complete the programme in the extended timeframe, all such grant-in-aid funding must immediately be refunded to the City together with any interest that may have accrued thereon.

9.30 The City may consider granting extension to the beneficiary if it is unable to commence the project within the 2 (two) months after receipt of the grant-in-aid funding, but such extension shall only be considered in the event of exceptional circumstances caused/ created through no fault of the beneficiary who must submit a complete written motivation when requesting extension.

10. CONTROL, MONITORING, REPORTING AND RECOVERY OF GRANTS-IN-AID FUNDS AND ASSET

10.1 Reports to subcouncils and the Accounting Officer

10.1.1 Organisations that received a grant from the City shall comply with all reporting, financial management and auditing requirements as stipulated in the MOA.

10.1.2 Beneficiaries must implement effective, efficient and transparent financial management as well as internal control systems to guard against financial misconduct.

10.1.3 Beneficiaries must promptly, or no longer than 6 months after the end of their financial year, submit their audited financial statements (where applicable) to the subcouncil or project manager in the relevant line department.

10.2 Reports to Section 79 Committees, subcouncils, MayCo and Council

10.2.1 Recipients of grant-in-aid allocations must report to the subcouncil or line department on a monthly basis regarding their expenditure as stipulated in the MOA.

10.2.2 Subcouncils and project managers shall submit quarterly reports, in terms of section 67(i) (a) (iii) to the Accounting Officer, as well as to the relevant Portfolio Committee(s).

10.2.3 On completion of projects a final report shall be submitted by the subcouncil manager to the relevant subcouncil and to the relevant PC in the case of line departments.

10.2.4 Beneficiaries of grant-in-aid allocations must provide details of all assets and inventory items acquired with the grant-in-aid funding.

11. EVALUATION AND REVIEW

11.1 This policy shall be implemented once approved by Council.

11.2 This policy must be reviewed on an annual basis.

11.3 Changes in legislation must be taken into account for future amendments to this policy.

11.4 Any amendments to the policy must be submitted to Council for approval.

11.5 All applicable annexures are available on the Budgets Departments SharePoint site.

1. DEFINITIONS AND ABBREVIATIONS

ABBREVIATIONS

"AP" - Accounts Payable

"BBBEE" - Broad-based Black Economic Empowerment

"EDI" - Electronic Data Interchange

"EFT" - Electronic Funds Transfer

"GRN" - Goods Received Note

"PDF" - Portable Document Format

"SAP" - Systems Application Products

"SARS" - South African Revenue Services

"SCM" - Supply Chain Management

"SES" - Service Entry Sheet

"VAT" - Value Added Tax

"PSRM" - Public Sector Records Management

"IDP" - Integrated Development Plan

"POPIA" – Protection of Personal Information Act

DEFINITIONS

"Accounting Officer" means a person appointed in terms of section 54A of the Municipal Systems Act.

"Accounts Payable" means money owed by an organization to its supplier/s (Trade Creditors) for goods and services purchased on credit. Also referred to as the responsible unit dealing with supplier payables.

"A Construction Contract" means a contract specifically tendered/ negotiated for the construction of an asset or the maintenance of assets that necessarily takes a substantial period of time to complete and may stretch over more than one financial year.

"Broad-based Black Economic Empowerment" (**BBBEE**) is an integration programme launched by the South African government to reconcile South Africans and redress the inequalities of Apartheid by attempting to compensate for land that was disposed from Africans, It encourages businesses to integrate black people in the workspace, upskill and mentor, support black businesses, give back to mainly poor communities across the country which remain poor due to the land dispossession and a majority of this communities are black South Africans. Land still rests with white minority capitalist for this exercise businesses are awarded points which they can claim on their BBBEE certificate. This certificate is used in compliance with government spend regulations. Businesses with a good level in BBBEE stand a good chance on government contracts.

"City" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No. 479 of 22 September 2000, issued in terms of the Local Government: Municipal Structures Act, 1998, or any structure or employee of the City acting in terms of delegated authority.

"Credit Note" means a document provided by a supplier, stating that a certain amount has been credited to the City's account due to supplies returned.

"Disbursement Transaction" means the payment of invoices received for goods and services.

"Electronic Fund Transfer" means the electronic movement of funds from the City's main bank account to the different suppliers' bank accounts in the same or different banks, through the use of wire transfer, automatic teller machines or computers but without the use of paper documents.

"Goods Receipt Note" means a confirmation document by the receiving department or requisitioner that shows that the ordered goods/services were received. It is used along with a purchase order (PO) in the "three-way match" to authorize invoice payment.

"Invoice" means a non-negotiable commercial instrument issued by a supplier to the City identifying both trading parties, lists/describes and quantifies the items/services provided, and shows the date of supply together with prices, discounts (if any), delivery and payment terms.

"MFMA" means Municipal Finance Management Act No 56 of 2003.
"Payment" means the partial or complete discharge of an obligation by its settlement in the form of the transfer of funds on an approved outstanding invoice.

"Purchase Order" means the City's official authority to deliver goods and/or services at a specified price, place, time and terms.

"Registry Section" means depository for the receiving of invoices and statements for distribution to the processing staff and the safekeeping of such documents for audit purposes.

"Standard Payment terms" refers to the standard payment terms on official purchase orders: Payment of invoices will be made within 30 days of receiving the relevant invoice or statement.

"Statement" means summary of all transactions debits or credits with a supplier that occurred during the previous month and their effect on an open-account balance. It is also called a statement of account.

"Sundry Invoices" means invoices which relate to ad hoc and/or once off payments, which are not linked to a SAP purchase number.

"Tax Invoice" means the elements of what depicts a valid Tax Invoice. Refer to SARS VAT 404 – Guide for Vendors

"VAT" means Value Added Tax. VAT is a consumption tax levied on goods and services at each step of the production/distribution cycle. An indirect tax, VAT is paid by manufacturers, distributors and retailers when they receive goods in their inventories. Businesses are able to recover VAT payments through tax deductions, with the cost of the tax ultimately paid by the end-consumer.

"Supplier Database" means a central database maintained and managed by Supply Chain Management Directorate.

2. POLICY STATEMENT

2.1 In compliance with the Municipal Finance Management Act (No. 56 of 2003), Local Government: Municipal Systems Act (No. 32 of 2000), the King IV Code on Corporate Governance in South Africa (2009) and any other applicable legislation, the City must establish and maintain an adequate internal financial management control system.

2.2 Section 65 of the Municipal Finance Management Act states that the Accounting Officer of a municipality is responsible for the management of the Expenditure of the municipality and must for this purpose take all reasonable steps to ensure that the municipality has and maintains an effective system of expenditure control, hence this policy.

2.3 The Accounts Payable Policy document serves to support the concept of cost containment and control measures necessary within Accounts Payable.

2.4 Further it is deemed:

- an information document that ensures that the users of the Accounts Payable service have an understanding of what is required.
- A working document to make Accounts Payable processes more effective.

3. DESIRED OUTCOME

3.1 The main desired outcome of this policy is to ensure the City's compliance with Section 65 (2) (e) of the MFMA which requires that the Accounting Officer must take all reasonable steps to ensure: -

- That all money owing by the municipality is paid within 30 days of receiving the relevant invoice or statement, unless prescribed otherwise for certain categories of expenditure.
- Further, to comply with all applicable provisions of MFMA including any National Treasury Circulars/Guidelines specifically adopted by Council in terms of MFMA.

4. STRATEGIC FOCUS AREAS (INTENT)

4.1 The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

4.2 This policy supports the following priority/foundation area, objective and programme:

- Foundation No 3 and Objective No 16
  A capable and collaborative City government
- Programme No
  16.1 - Operational sustainability Programme
- Project/Initiative Numbers
  16.1.A - Strategy-led budgeting initiative
  16.1.B - Functional assignments reform initiative
  16.1.C - Programme and project impact assessment initiative
  16.1.D - Effective supply chain management initiative

4.3 This programme aims to ensure financial sustainability and procurement excellence.

5. PURPOSE

5.1 The purpose of this policy is to prescribe a process to be followed for control and processing of all payments in terms of the Municipal Finance Management Act, Act no 56 of 2003.

6. SCOPE OF APPLICATION

6.1 This Policy is applicable to: -

- All official payments made by the City to Suppliers of the City or other duly authorized payments.
- Exceptions to this policy may be considered on receipt of fully motivated applications in this regard for consideration by the delegated authority.

7. REGULATORY CONTEXT

7.1 This policy is developed and guided by the following Legislations and Regulations, amongst others: -

- Municipal Finance Management Act (MFMA), Act No. 56 of 2003
- Value Added Tax Act 89 of 1991
- Preferential Procurement Policy Framework Act 2000 (Act 5 of 2000)
- Broad-Based Black Economic Empowerment Act (Act 53 of 2003)
- Preferential Procurement Regulations, 2001
- Local Government: Municipal Systems Act (Act No. 32 of 2000)
- Provincial Archives and Records Services of SA Act
- Income Tax Act 58 of 1962 (as amended)

- King Code IV of Corporate Governance
- Integrated Development Plan
- EDP toward 2040 Plan: Unlocking Our Potential
- City of Cape Town System of Delegations
- Supply Chain Management Policy (Incorporating Preferential Procurement)
- Protection of Personal Information Act (POPI Act) 4 of 2013
- Credit Control & Debt Collection Policy: - *Clause 6.5 of this Credit Control & Debt Collection Policy states that: "The City shall not conduct any business activity with or provide any services to any persons who are in arrears with municipal accounts except as provided for in legislation or policy and as determined by the City from time to time, nor will any refunds of credits or any payments for services rendered be made to any debtor or any debtor's nominee or service provider who is in arrears with their Municipal account."*
- Applicable by-laws

7.2 By the direction of this Credit Control & Debt Collection Policy and when requested by Revenue Department, Accounts Payable deducts arrears from any service provider.

8. ROLE PLAYERS AND STAKEHOLDERS

8.1 The principal role player is the Finance Directorate. The Expenditure Department will be responsible for implementing this policy and administering its implementation and evaluation.

8.2 Line Departments have the onus to ensure that all contractual obligations and relevant documents are in place in support of approval of payments.

8.3 Below is an outline of the affected role-players and stakeholders, amongst others:

- Finance Portfolio Committee - internal
- Mayor's Office - internal
- Strategic Policy Unit - internal
- Public Participation Unit - internal
- All other City Directorates - internal secondary
- Auditor General - external government
- Western Cape Local Government Department - external government
- SALGA - external government
- Other Government Departments - external government
- SARS - external government
- Suppliers of the City - external

9. POLICY DIRECTIVE DETAILS

9.1 TRADE CREDITORS ORDER PAYMENTS

9.1.1 Goods and services for the City of Cape Town will be procured by means of an official order in accordance with the Preferential Procurement Policy.

9.1.2 The Procure to Pay process is designed to limit risks of unauthorized purchases and improve budgetary control of the City's expenditure.

9.1.3 Invoices & EDI's, with reference to an official purchase order, shall be accepted for the processing of a payment.

9.1.4 Should the supplier be VAT registered then invoices must be SARS compliant.

9.1.5 Accounts Payable process these payments in good faith using the 3-way match principle (The 3 –way match consists of the unit price and quantity on the PO; the quantity entered in the goods receipt and the quantity and value of the invoice.)

9.1.6 Line departments must ensure that relevant supporting documents are available on request including for audit purposes.

9.2 SUNDRY PAYMENTS

9.2.1 Sundry Payments are allowable exceptions to the Formal Procurement Procedures as stipulated in the Supply Chain Management Policy under the heading: Deviation from the Procurement Processes and therefore cannot be processed using the Procure to Pay process.

9.2.2 Sundry Payment relate to specific disbursements which may include ad hoc payments relating to refunds, third party claims, license fees, etc.

9.2.3 Should the supplier be VAT registered, then invoices must be SARS compliant.

9.2.4 All Sundry payment requests, must be submitted electronically for payment, and must be accompanied by a duly completed and digitally authorized Payment Request Form.

9.2.4.1 All requests to be submitted to following central e-mail address: AccountsPayable.RegistrySundries@capetown.gov.za

9.2.5 Delegated Authority/Line department must ensure that the payment request form validating the payment, is accompanied by all applicable documentation.

Line departments remain the accountable and responsible custodians of all documentation submitted to Accounts Payable. They must ensure that all (additional relevant supporting) documents are available on request, for oversight and audit purposes; therefore, indemnifying Accounts Payable of the validity of the submitted documentation.

9.2.6 All Sundry payment requests are reviewed frequently in a bid to follow the Procure to pay process.

9.2.7 All Sundry Payment requests will be captured using the following processes:
1. Workflow Approval Process
2. Direct Payment Process

9.2.7.1 Workflow Approval Process: This process relates to cost centers which are linked to the workflow process which allows Cost Centre Owners to consider and release the payment.

9.2.7.2 Direct Payment Process: This relates to a process where Cost Centers and GL's are not linked to the workflow process and therefore do not allow for Cost Center Owners to release the payments. In cases like these, Accounts Payable will proceed with the payment based on the duly approved payment request form and applicable supporting documentation.

9.2.8 The Direct Payment Method will not be used to circumvent the Workflow Approval Process in the event that Cost Centre owners are not available to release the payment. It is the responsibility of Line department to ensure that an alternative Cost Centre Releaser is available to release payments.

9.3 PROCESSING OF PAYMENTS

9.3.1 The Payment Processing Section is responsible for the payment of approved disbursements.

9.3.2 All payments will be done via EFT in the following manner: -

- Connectdirect
- Foreign Transfers
- Local Transfers

9.3.3 Remittances are automatically distributed in-line with the supplier's correspondence preference.

9.3.4 Frequency of payments will be effected as follows: -

- Goods and Services - Weekly cycle
- Construction Related - Daily cycle
- Refunds – Daily
- Settlement Discounts (Approved) – Daily cycle

9.4 REGISTRY

9.4.1 The Accounts Payable registry function is performed internally and does not make use of the corporate registry function of the City.

9.4.2 Due to technological advancements, Accounts Payable's business processes have changed to a degree that hardcopy invoices are no longer used to process payments. All documents must be submitted electronically, however to accommodate unforeseen circumstances and/or smaller suppliers with no electronic resources hardcopy invoices will still be accepted and scanned for payment. The closing of the Accounts Payable Registry will be done systematically; all paper based records will be destructed according to the approved retention periods in line with the regulations of the Provincial Archives and Records Services of SA Act.

9.4.3 Electronically received documents are automatically stored in PSRM and forwarded for processing.

9.4.4 All documentation received can be viewed digitally in PSRM.

9.5 PAYMENT TERMS FOR GOODS AND SERVICES (In line with SCM Policy)

9.5.1 Payment of invoices will be made within 30 days of receiving the relevant invoice or statement, unless otherwise prescribed for certain categories of expenditure or specific contractual requirements in accordance with any other applicable policies of the City.

9.5.2 All invoices, duly authorised, for goods and services will be paid on a weekly basis and construction related invoices will be paid daily.

9.5.3 Notwithstanding anything contained above, the City shall not be liable for payment of any invoice that pre-dates the date of delivery of any goods or services, or the date of certification for construction works.

9.5.4 Should the processing of a payment be delayed due to the late submission of documentation, any penalties imposed will be for the account of the functional business area. Any queries will also be referred to such line department.

9.5.5 No official shall commit Council to making a payment outside the scheduled payment terms.

9.6 SETTLEMENT DISCOUNTS

9.6.1 Settlement discounts are considered, when offered for earlier payment, and will be taken with due cognizance that it will not negatively impact on the City's cash flow status and be of benefit to Council.

9.6.2 The settlement discounts will be recognized as a source of income.

9.7 RECONCILIATION OF SUPPLIER STATEMENTS

9.7.1 The reconciliation of supplier's monthly statements, when received, will be performed on an ongoing basis.

9.8 PARKED INVOICES

9.8.1 Suppliers forward invoices to AP using one of the 3 mechanisms (post, e-mail or courier) of submitting invoices for payment.

9.8.2 These invoices are "reserved" in the SAP system awaiting action by the line department to initiate the 3-way match principle.

9.8.3 Line departments have the responsibility to action all parked invoices to ensure that all related queries are resolved for payment within the payment terms. This action will result in the invoice being paid. However, if an anomaly exists on the invoice, the supplier must be informed by line department thereof in writing to cancel the invoice and re-submit. Thereafter AP needs to be informed and the parked invoice will be deleted

9.9 YEAR END PROCESS

9.9.1 Year-end Processes are guided by the Annual Directives issued by the City's Treasury Department.

9.10 GRN'S

The administration of GRN's is the responsibility of line department where all original signed/approved source documents are retained for audit purposes.

9.10.1 GRN's must be completed immediately after the goods and services have been satisfactorily delivered.

9.10.2 GRN's should be processed using a delivery note and/or if not supplied, a Copy Invoice received from the Supplier. Any other form of proof of delivery may also be used.

9.10.3 SES for Construction Contracts should be processed using a payment certificate.

9.10.4 It is compulsory for all relevant and acceptable supporting documents to be attached to the electronic GRN as assurance and validation before posting is allowed.

9.10.5 Line departments remain the accountable and responsible custodians of all supporting documentation attached to the electronic GRN. They must ensure that all (additional relevant supporting) documents are available on request, for oversight and audit purposes; therefore, indemnifying Accounts Payable of the validity of the supporting documentation.

Accounts Payable is responsible for the processing of invoices. When the goods/services received have been correctly processed on SAP, the invoice will meet the 3-way match and will be successfully processed. (The 3 –way match consists of the unit price and quantity in the PO; the quantity entered in the goods receipt and the quantity and value of the invoice.)

9.11 ADVANCE PAYMENTS

This policy allows for advance payments in respect of goods and services procured which may amongst other include training, conferences, events, subscriptions and license fees.

However, this excludes the applicable advance payment guarantees as referred to in the SCM policy. In such instance, documented proof of an acceptable advance payment guarantee, which is justified as in accordance with the rules determined by the Director: Supply Chain Management and authenticated by the City's Treasury Department, must be attached to the SES transaction.

9.12 INTEREST ON LATE PAYMENTS

No interest will be payable by the Municipality on any late payments, regardless of nature, unless approved by Council or directed by the Court of Law.

In cases where the interest charge is due to the negligence of an official, the expenditure will be classified as fruitless and wasteful expenditure.

10. IMPLEMENTATION, EVALUATION AND REVIEW

10.1 This policy framework is important for the Financial Compliance of the City. It provides an all-inclusive administrative procedure for the management of Accounts Payable.

- The revised Accounts Payable Policy shall be implemented once approved by Council.
- Directorates must ensure that during implementation stages of the policy, there is consistent monitoring and evaluation of the policy as indicators will prevent blockages within the policy implementation phases.
- This policy must be reviewed annually as part of the budget process or more frequently if required.
- Changes in legislation must be taken into account for future amendments to this policy.
- Any amendments to this policy must be submitted to Council for approval.

1. DEFINITIONS AND ABBREVIATIONS

"City" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

"General Valuation" means the periodic revaluation of all properties in the municipal area in terms of section 30 of the MPRA.

"IDP" means the Integrated Development Plan of the City of Cape Town, which sets out the strategic and budget priorities adopted by the Council of the City of Cape Town in terms of section 25(1) of the Municipal Systems Act.

"LTFP" means Long Term Financial Plan Policy of the City of Cape Town

"MBRR" means the Municipal Budget and Reporting Regulations made in terms of section 168 of the MFMA (Act No. 56 of 2003);

"MFMA" means the Local Government Municipal Finance Management Act No 56 of 2003.

"MPRA" means Local Government: Municipal Property Rates Act, 6 of 2004 as amended from time to time as well as regulations published in terms of the MPRA, which is referred to as the "Property Rates Act" in the by-law but for the purpose of brevity, shall be referred to as the "MPRA" in this policy.

"Municipal Systems Act" means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

"MTREF" means Medium Term Revenue and Expenditure Framework, as prescribed by the MFMA. It sets out indicative revenue and projected expenditure for the budget year, plus two outer financial years.

2. PROBLEM STATEMENT

Regulation 8 of the MBRR states that each municipality must have a funding and reserves policy.

3. STRATEGIC FOCUS AREA

3.1 The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

3.2 This policy supports the following priority/foundation area, objective and programme:

3.2.1 Foundation 3 – Objective 16: A capable and collaborative City government and

Programme 16.1: Operational sustainability Programme.

This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

4. ROLE PLAYERS AND STAKEHOLDERS

4.1 In order to give effect to the policy, the following role players including their respective powers, duties and responsibilities are listed below:

4.1.1 Budget Department - Review the policy and strategy, in consultation with relevant stakeholders, to ensure maximum compliance in terms of legislation.

4.1.2 Directorates and departments - Inform the Budget department of any matters which may influence this policy.

4.1.3 Council - Responsible for the approval of the policy.

5. REGULATORY CONTEXT

5.1 Section 18 of the MFMA states:

(1) An annual budget may only be funded from—

(a) realistically anticipated revenues to be collected;

(b) cash-backed accumulated funds from previous years' surpluses not committed for other purposes; and

(c) borrowed funds, but only for the capital budget referred to in section 17 (2).

(2) Revenue projections in the budget must be realistic, taking into account—

(a) projected revenue for the current year based on collection levels to date; and

(b) actual revenue collected in previous financial years.

5.2 Section 19 of the MFMA states:

(1) A municipality may spend money on a capital project only if–

(a) the money for the project, excluding the cost of feasibility studies conducted by or on behalf of the municipality, has been appropriated in the capital budget referred to in section 17(2);

(b) the project, including the total cost, has been approved by the council;

(c) section 33 has been complied with, to the extent that that section may be applicable to the project; and

(d) the sources of funding have been considered, are available and have not been committed for other purposes.

(2) Before approving a capital project in terms of subsection (1) (b), the council of a municipality must consider –

(a) the projected cost covering all financial years until the project is operational; and

(b) the future operational costs and revenue on the project, including the municipal tax and tariff implications.

5.3 Section 21 (1) of the MFMA states that the Mayor of a municipality must –

(a) Co–ordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget-related policies to ensure that the tabled budget and any revisions of the integrated development plan and budget-related policies are mutually consistent and credible

5.4 Regulation 8 of the MBRR states that:

(1) Each municipality must have a funding and reserves policy which must set out the assumptions and methodology for estimating-

(a) projected billings, collections and all direct revenues;

(b) the provision for revenue which will not be collected

(c) the funds the municipality can expect to receive from investments;

(d) the dividends the municipality can expect to receive from the transfer or disposal of assets;

(e) the proceeds the municipality can expect to receive from the transfer or disposal of assets;
(f) the municipality's borrowing requirements; and
(g) the funds to be set aside in reserves.

(2) When developing or amending the funding and reserves policy of the municipality, the municipal manager must ensure that the policy –
(a) is consistent with the most recent actual billings and collection trends;
(b) takes into account the credit rating of the municipality, if available, the financial position of the municipality, the cost of borrowing and the capacity to repay debt;
(c) takes into account all the budget- related policies of the municipality, particularly recent amendments to any of those policies;
(d) takes account of any statutory requirements to set aside funds in reserves; and
(e) takes account of the transfer and disposal of assets.

6. PURPOSE

6.1 This policy intends to set out the assumptions and methodology for estimating the following:

a. Projected billings, collections and all direct revenues;
b. The provision for revenue that will not be collected;
c. The funds the municipality can expect to receive from investments;
d. The dividends the municipality can expect to receive from municipal entities;
e. The proceeds the municipality can expect to receive from the transfer or disposal of assets;
f. The municipality's borrowing requirements; and
g. The funds to be set aside in reserves

7. POLICY DIRECTIVE DETAILS

7.1 Projected billings, collections and direct revenue are prepared in accordance to the following annual approved Council policies:

7.1.1 The LTFP Policy, which aims to ensure that all long-term financial planning is based on a structured and consistent methodology thereby ensuring long-term financial affordability and sustainability.

7.1.2 In terms of Section 4(1)(c) of the Municipal Systems Act, a municipality has the right to finance the affairs of the municipality by imposing, inter alia, rates on property. Rates are levied in accordance with the MPRA. The Rates Policy sets out the manner in which the City levies a rate on properties in its area. Property rates are calculated by applying a rate-in-the-Rand to the property value contained in the City's Valuation Roll/s.

7.1.3 The Tariff policies as required in terms of Section 74 of the Municipal Systems Act and section 62(1) (f) of the MFMA which guides the annual setting (or revision) of tariffs inclusive of:

- The annual approved consumptive tariffs, rates and basic charges for Electricity services, Water services and Waste management services.

7.1.4 The Credit Control and Debt Collection policy is required in terms of Chapter 9 of the Municipal Systems Act and Section 62 (f) of the MFMA. The objective of the Credit Control and Debt Collection Policy is as follows:

- Focus on providing standardised credit control procedures and mechanisms;
- provide standardised collection procedures to enforce payments of all outstanding debt as raised on the debtor's account;
- provide provisions for indigent debtors that is consistent with the Rates and Tariff policy;
- promote a culture of good payment habits amongst debtors and instill a sense of responsibility towards the payment of accounts and reducing municipal debt;
- subject to the principles provided for in this Policy, use innovative, cost effective, efficient and appropriate methods to collect as much of the debt in the shortest possible time without any interference in the process; and
- effectively and efficiently deal with defaulters in accordance with the terms and conditions of this policy.

7.2 The funds the municipality can expect to receive from investments.

The City has a Cash Management and Investment Policy which purpose is to secure the sound and sustainable management of the City's surplus cash and investments. The budget for investment income is calculated by considering the timing of anticipated inflows and outflows of cash during the year as well as the interest earned on the expected cash balances of reserves to be backed by cash.

7.3 The dividends the municipality can expect to receive from municipal entities.

This is not applicable to the City as no dividends are received from any of the City's entities.

7.4 The proceeds the municipality can expect to receive from the transfer or disposal of assets.

This methodology is governed by the Asset Management Policy, the Supply Chain Management Policy and the Immovable Property Asset Management Policy and Framework.

7.5 The municipality's borrowing requirements.

Borrowing is done in terms of the City's Borrowing Policy. The annual borrowing requirements for the budgeted year are determined in accordance with the City's cash flow requirements. Borrowing requirements over the MTREF is annually included in the City's approved budget.

7.6 The following funds are required to be set aside in reserves.

The City creates and maintains reserves in terms of specific requirements, namely:

7.6.1 Capital Replacement Reserve (CRR).

In order to finance the acquisition of property, plant and equipment and other assets from internal sources, cash amounts are transferred from the accumulated surplus to the CRR.

The following guidelines are set for the creation and utilization of the CRR:

- The cash funds that back up the CRR are invested until utilised;
- The CRR may only be utilised for purchasing items of property, plant and equipment, and not for their maintenance, unless otherwise directed by Council; and
- Whenever an asset is purchased out of the CRR, an amount equal to the cost price of the asset is transferred from the CRR, and the accumulated surplus is credited by a corresponding amount.

7.6.2 Insurance reserves

- Self-insurance reserve

  A general insurance reserve has been established and covers claims that may occur, subject to reinsurance where deemed necessary. Premiums are charged to the respective services, taking into account the claims history and replacement value of the insured assets.
- Compensation for occupational injuries and diseases (COID) reserve

  The COID Act requires the City to deposit cash and/or securities with the Commissioner, the market values of which in aggregate shall not be less than the capitalised value of the City's continuing liability as at 31 December each year.

7.6.3 Housing Development Fund

The Housing Act 107 of 1997 requires the City to maintain a separate housing operating account. This legislated separate operating account is known as the housing development fund that is required to be fully cash-backed.

8. IMPLEMENTATION, EVALUATION AND REVIEW

8.1 This policy framework is important for the financial compliance of the City. It provides for an administrative guidance for the Funding and Reserves management.

8.2 In terms of section 17(3)(e) of the MFMA this policy must be reviewed on annual basis and the reviewed policy tabled to Council for approval as part of the budget process.

8.3 Changes in legislation must be taken into account for future amendments to this policy. Any amendments to this policy must be re-submitted to council for review and approval.

1. DEFINITIONS AND ABBREVIATIONS

In this Policy, unless the context indicates otherwise –

"Accounting Officer", in relation to a municipality, means the municipal official referred to in section 60. The municipal manager of a municipality is the accounting officer of the municipality for the purpose of this Act.

"Approved budget" means an annual budget-

(a) approved by a municipal council; or

(b) approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution, and includes such an annual budget as revised by an adjustments budget in terms of section 28.

"Capital Approval Object" is the level at which a project or programme is approved by Council. Capital Approval Objects are linked to the following:

(a) Major project - A project which consists of multiple coordinated, related, interdependent and controlled components undertaken to achieve an objective conforming to specific requirements.

(b) Programme - Multiple independent projects of a similar nature managed in an overall coordinated approach and approved as part of a programme.

(c) Routine Programme –

i. Routines programmes should not include individual items exceeding R10m except where it is a capital purchase and the unit price can exceed R10m;

ii. Items must be the same set of Asset Classes;

iii. Items that are similar in nature and are repeated routinely.

iv. Items that will not be implemented over more than 12 months.

(d) Project - A project is undertaken to achieve a specific objective and conforms to specific requirements.

"Chief Financial Officer" or **"CFO"** means a person designated in terms of section 80(2)(a). A chief financial officer is designated by the accounting officer of the municipality

"City of Cape Town" or **"City"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

"Cost Centre" is a cost collector which represents a logical point at which cost (expenditure) is collected and managed by a responsible cost centre owner.

"Cost element" is the nature of cost e.g. salary, rent and is split into primary- and secondary cost elements. Primary cost elements are expenditure items where costs are mainly generated as a result of transactions with external service providers. Secondary cost elements are utilised to reallocate cost by means of assessments, internal billing or activity based recoveries.

"Cost object" is the object on which budget is provided or assigned to e.g. WBS element (capital/operating) and cost element/centre (operating).

"Expenditure and Revenue Categories" is the prescribed uniform classifications and formats for revenue and expenditure items in compliance with the Municipal Budget and Reporting Regulations, mSCOA Regulations and any relevant MFMA Circular issued by National Treasury.

"Financial year" is the 12-month period between 1 July and 30 June.

"MAYCO" means the Mayoral Committee established in terms of Part 1 of Chapter 4 of the Municipal Structures Act which performs the roles and functions of an Executive Committee.

"MCCR" means Municipal Cost Containment Regulations.

"MFMA" means the Municipal Finance Management Act (Act 56 of 2003).

"Senior Managers" means managers directly accountable to the municipal manager as per Section 56 of the Municipal Systems.

"Senior Provider" refers to the cost centre that provide an internal service.

"Senior Requestor" refers to the cost center that receive an internal service (Internal customer).

"Vote"

(a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and

(b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned.

A vote in the City of Cape Town is set at directorate level, with the exception of tariff-funded services due to the closed account nature. In votes where there are rates and tariff funded components within a vote, virements are only allowed within the rates and tariff components respectively.

"Virement" is the process of transferring an approved budgetary provision from one operating cost element or capital approval object to another within a vote or tariff service during a municipal financial year.

2. PROBLEM STATEMENT

2.1 Webster's New Millennium™ Dictionary of English defines "Virement" as *"a regulated transfer or re-allocation of money from one account to another,* especially *public funds."*

2.2 A virement represents a flexible mechanism to effect budgetary amendments within a municipal financial year.

2.3 Changing circumstances and priorities during a financial year may give rise to the need to virement funds within votes, as defined in the MFMA. The treatment of such instances may, however, be dependent on whether an adjustments budget is required or not.

3. DESIRED OUTCOMES

3.1 The aim of this policy is to give senior managers greater flexibility in managing their budget, in order to ensure that they can effectively and efficiently deliver on the City's strategic objectives.

3.2 The CFO has a statutory duty to ensure that adequate policies and procedures are in place to ensure an effective system of financial control. A municipality's virement policy and its underlying administrative process within the system of delegations is one of these controls.

3.3 Section 81(1)(d) of the MFMA states *inter alia* that "*The chief financial officer of a municipality-…must advise senior managers and other senior officials in the exercise of powers and duties assigned to them in terms of section 78 or delegated to them in terms of section 79*;"

3.4 It is the responsibility of each senior manager, to plan and conduct assigned operations in a manner that ensures that not more funds are spent than what was budgeted for and to ensure that funds are utilised effectively and efficiently.

3.5 Section 78(1)(b) of the MFMA states, inter alia, "*Each senior manager of a municipality and each official of a municipality exercising financial management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure-…(b) that the financial and other resources of the municipality are utilised effectively, efficiently, economically and transparently…".*

3.6 This policy aims to provide guidelines to senior management in the use of virements as a mechanism in their day-to-day management of their budgets. In addition, it specifically aims to empower senior managers with an efficient financial – and budgetary system to ensure optimum service delivery in accordance with the City's objectives and mandate and within the current legislative framework of the MFMA and the City's system of delegations.

4. STRATEGIC FOCUS AREAS

4.1 The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

4.2 This policy supports the following priority/foundation area, objective and programme:

4.2.1 Foundation 3 – Objective 16: A capable and collaborative City government and

Programme 16.1: Operational sustainability Programme.

This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

5. ROLE PLAYERS AND STAKEHOLDERS

5.1 Directorates and departments

- Responsible to initiate and submit completed virement to the Budgets department with required approval in terms of the Council System of Delegations.
- Remain accountable for the delivery of project/programme benefits through their respective SDBIPS
- To process virements for the approval by Director: Budgets, within the upper limit of virements for the operational votes of executive directors/directors and authorised cost centre managers within a single vote.
- To process virements for the approval by Director: Budgets, within the upper limit of virements within capital votes of executive directors/directors.
- Line finance managers to verify financial correctness and ensure that motivations are sound.

- Line finance managers to ensure that all the relevant supporting documentation is attached to all virements prior to proposing virements.

5.2 Director: Budgets

- To approve for processing all virements in terms of the System of Delegations.
- To approve or reject the request for the virements in categories where limitations are set to ensure responsiveness to operational requirements.

5.3 Executive Mayor together with the members of the Mayoral Committee in terms of System of Delegations

- To determine the maximum amount that the City Manager may authorise in respect of the operational and capital expenditure virements (within a single vote).
- To approve the operational and capital expenditure virements(within a single vote) over and above the maximum amount determined above.

5.4 Budgets department

- Responsible to check and verify financial correctness and submit virement application to the Director: Budgets for approval.
- Responsible to check and verify financial correctness and submit the virement application in compliance with the System of Delegations to the Director: Budgets/Executive Mayor together with the members of the Mayoral Committee for approval, where applicable.
- The relevant section within the budget department will be responsible for the processing of the virement application after approval in terms of the Council System of Delegations.

6. REGULATORY CONTEXT

6.1 This Policy must be read in conjunction with:

6.1.1 Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003);

6.1.2 The Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003) – Municipal Cost Containment Regulations, 2019; and

6.1.3 City Policies.

7. GUIDING PRINCIPLES

7.1 The virement process represents the major mechanism to align and take corrective (financial/budgetary) action within a directorate (vote) during a financial year.

7.2 In terms of Section 17.2 of the MFMA, a municipality's budget is divided into an operating- and capital budget and consequently no virements are permitted between the operating- and capital budget.

7.3 Virements across directorates (votes) are not permissible and will only be effected via an adjustments budget.

7.4 Virements between Tariff- and Rate-funded functions are not allowed as Rates and Tariff-funded services are balanced separately and transfers across these services will result in an unbalanced budget between Rate- and Tariff-funded services. Such transfers can only be adopted via an adjustments budget (per MFMA Section 28).

7.5 In order for a directorate (vote) to transfer funds from one cost element or capital approval object to another cost element or capital approval object, an underspent has to be identified within the monetary limitations of the approved sender cost element or capital approval object allocations.

7.6 Sufficient, (non-committed) budgetary provision should be available within the "sender vote's cost element or capital approval object concerned to give effect to the budgetary transfer (virement). The transferring function must clearly indicate to which cost element or capital approval object the budget provision will be transferred to and provide a clear motivation why an underspent exists on the sending element or capital approval object and the reason for the additional requirement on the receiving element or project.

7.7 A proposed budgetary amendment, which will result in a change to the approved total budget quantum or any other budgetary amendments not covered in this policy, must be considered for adoption via an adjustments budget (per MFMA Section 28).

7.8 The City's Cost Containment Policy must be considered when proposing a virement.

7.9 The strategic intent behind the budget must not be undermined by the implementation of virements.

7.10 To ensure that virements have a strategic priority/implication motivation and should not be a mechanism to undermine SMF.

8. OPERATING BUDGET VIREMENTS

8.1 Budgetary allocations, adopted by Council for special purposes to which specific Council recommendations apply and which result from specific resolutions adopted, are not allowed to be used as a source of virementation subject to the approval by Director: Budgets. Sound motivations should be provided for all virements.

8.2 Specific virement limitations

8.2.1 Employee related costs

(a) Virements are allowed between cost elements within this expenditure category.

(b) Virements to/from this expenditure category are subject to the approval of the Director: Budgets as set out in 5.2

(c) Virements are not allowed on the following cost elements but budgetary alignments within the same cost elements are allowed:

(i) Unemployment Insurance Fund, Group life, Leave Pay, Long service awards.

8.2.2 Remuneration of Councillors

(a) Virements within this expenditure category are allowed.

(b) No virements to/from items within this expenditure category are allowed.

8.2.3 Contracted Services, Other Expenditure and Inventory Consumed

(a) Virements within/across these expenditure categories are allowed.

(b) Virements are allowed within expenditure items below and cannot be used as source of funding:

(i) Training related expenditure;
(ii) Bargaining Council levy;
(iii) Skills development levy;
(iv) Insurance related provisions;
(v) Contributions to Pensioners (Ex Gratia);
(vi) Provision for post-retirement medical aid Continued Members.

(c) Virements are not allowed on the following elements:

(i) CIDS/MIDS, Capital Expenditure-relate, VAT, Transfers to and from Insurance Fund, Transfers to and from Housing Fund;
(ii) Depreciation & Asset impairment, Debt Impairment;
(iii) Scrapping of Assets/Stock and Loss on Sale of Assets;
(iv) Bulk Purchases;
(v) Finance Charges;
(vi) Indigent Relief;
(vii) Income Forgone; or
(viii) Appropriation Accounts.

(d) Specific limitations applicable to repairs and maintenance provisions

(i) Virements are allowed within repairs and maintenance provisions.
(ii) Virements to increase repairs and maintenance provisions are allowed from cost elements within and across Contracted Services, Other expenditure and Inventory consumed..

8.2.4 Transfers and Grants (Grants and Sponsorships paid)

(a) Virements to and from Grants in Aid (GL 457100) is subject to the support of the relevant projects by the Grants in Aid Committee, supported and recommended by Mayco and approved by Council.

(b) Virements on Grants/Sponsorships (GL 457200) are permitted only if supported by Mayco and approved by Council or the relevant delegated authority.

(c) Virements to Sponsorships – Events (GL 457300) are permitted subject to the total amount being limited to the recommended amount per event as supported and recommended by the relevant delegated authority and approved by council.

(d) Virements from Sponsorships – Events (GL 457300) are permitted where:

(i) Events are cancelled or scaled down;

(ii) Savings on approved events are realised or;
(iii) For the reallocation of budgetary provision related to direct event expenditure and internal service charges; and
(iv) supported and recommended by the relevant delegated authority

(e) Virements to/from Relief and Charitable contributions 457400 (Sec12 of MFMA) are permitted only if approved by Council resolution or the relevant delegated authority.

8.3 Revenue

8.3.1 No virements allowed on Revenue elements from own revenue sources (internal revenue sources).

8.3.2 Amendment to revenue provisions, must be adopted via an adjustments budget.

8.3.3 Virements on revenue elements funded from external grants are allowed, within the same funding source and Vote, subject to the conditions of the grant.

8.4 Secondary Operating Cost Elements

8.4.1 No virements are permitted between Primary- and Secondary cost elements.

8.4.2 Virements are allowed within the same secondary cost elements. The service requestor and service provider must both endorse such virements.

8.4.3 Virements on Internal Utilities and Bulk Internal Utilities are permissible, on condition that both revenue and expenditure element are amended simultaneously and the period budgets are in sync.

8.4.4 Virements are only permitted within the same cost element in the following categories, provided that total approved budget on the cost element is not increased:

(a) Activity Based Recoveries
(b) Internal Utilities
(c) Bulk Internal Utilities

8.4.5 Virements are not permissible on Support Service Charges elements.

8.4.6 No virements permitted on departmental insurance premiums, COID or Internal Capital Charges.

8.5 Ward Allocations Projects

8.5.1 All conditions under section 8 above should be met, as well as the following when virementing between ward allocation projects:

(a) Only virements between existing projects approved by Council, within the same Sub-council and within the same directorate will be permitted.
(b) Virements will only be considered if supported by the relevant Sub-council (Sub-council resolution), project managers and directorate/department finance managers.

9. CAPITAL BUDGET VIREMENTS

9.1 Only virements which relate to capital approval objects, previously approved or as part of annual (current financial year), or an adjustments budgets, will be permitted.

9.2 No virements of which the affect will be to add 'new' capital approval objects onto the capital budget, will be allowed, with the exception of those associated with insurance claim settlements.

9.3 Should the total project cost (TPC) of an individual project be increased by a virement, the amended TPC must be included in the next available adjustments budget opportunity or draft budget process, unless section 9.4 applies.

9.4 No virement will be allowed on an individual or major project where the total project cost (TPC) is increased and the project will be completed in the current financial year, unless the amended TPC can be approved in a subsequent adjustments budget. If no further adjustments budget process is available, this amendment must be done via a report to Council.

9.5 Virements must be between capital approval objects of same funding sources.

9.6 Implementation of the capital project from which funds are viremented may not be prejudiced (i.e. must not hinder completion of the capital project).

9.7 Motivations for virements should clearly state why funds are available on the sending approval object and the reason why the additional funds are required on the receiving approval object. The sender motivation should clearly state how the project will be implemented or completed when any delays or issues are resolved. The receiver motivation should also clearly state the procurement method (e.g. tender, RFQ etc.), as well as the full tender number in question.

9.8 Virements will only be approved if the receiver projects are implementation and tender ready.

9.9 Secondary Capital Cost Elements

(a) Virements are permissible only within the same cost elements of different projects. The service requestor and service provider must endorse such virements.

(b) Proposed secondary capital expenditure virements must be approved by the Director: Budgets. No virement will be approved which negatively impacts on secondary cost plans i.e. no virement will be approved from a sender WBS element where the remaining overall budgetary provision on the sender WBS element is insufficient to cover the approved secondary cost plan.

9.10 Ward Allocations Projects

9.10.1 Only virements between existing projects approved by Council, within the same Sub-council, and within the same directorate will be permitted.

9.10.2 Virements will only be considered if supported by the relevant Sub-council (Sub-council resolution), project managers and directorate/department finance managers of the projects involved.

9.10.3 Motivations for virements should clearly state why funds are available on the sending approval object and the reason why the additional funds are required on the receiving approval object.

10. PROCESS AND ACCOUNTABILITY

10.1 Accountability to ensure that virement applications are in accordance with Council's virement policy, system of delegations and are not in conflict with the directorate's strategic objectives and rests with the relevant directorate/department.

10.2 Duly completed virement applications are to be processed by the Budgets department.

10.3 Virements approved and processed will be reported for information to Mayco on a quarterly basis.

10.4 All change requests within programmes will be reported to subcouncils on a monthly basis as part of the Progressive Capital Expenditure Report (PCER).

11. MUNICIPAL COST CONTAINMENT REGULATION (MCCR)

11.1 Cost containment measures will be applicable on various items as indicated in the City's Cost Containment Policy.

11.1.1 Virements to consultants are subject to the support of the Municipal Manager or Senior Manager relevant to their respective functional area.

12. EVALUATION AND REVIEW

12.1 This policy will come into effect once it has been approved at Council.

12.2 In terms of section 17(1) (e) of the MFMA this policy must be reviewed on an annual basis and the reviewed policy must be tabled at Council for approval as part of the budget process.

12.3 The effectiveness of this policy in achieving the prescribed outcomes as well as any changes in legislation must be taken into account for future amendments to this policy.

CITY OF CAPE TOWN

ANNEXURE 13

BUDGET MANAGEMENT AND OVERSIGHT POLICY

2022/23 BUDGET (MAY 2022)

TABLE OF CONTENTS

1. DEFINITIONS AND ABBREVIATIONS 3
2. PROBLEM STATEMENT 4
3. DESIRED OUTCOMES 4
4. STRATEGIC FOCUS AREAS 4
5. ROLE PLAYERS AND STAKEHOLDERS 5
6. REGULATORY CONTEXT 5
7. POLICY DIRECTIVE DETAILS 12
8. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY 18

1. DEFINITIONS AND ABBREVIATIONS

In this Policy, unless the context indicates otherwise –

"Accounting Officer" means the municipal manager appointed by the municipal council in terms of section 82 of the Municipal Structures Act and as contemplated in Chapter 8 of the MFMA.

"Audit Committee" means an independent advisory body which is appointed by the municipal council in terms of section 166 of the MFMA to –

a) advise the municipal council, its political office bearers, the accounting officer and management of the municipality on matters listed in section 166 (2)(a);
b) review the annual financial statements to advise the municipal council of its efficiency, effectiveness and overall compliance with relevant legislation;
c) respond to the municipal council on any issues raised by the Auditor- General;
d) carry out investigations into the financial affairs of the municipality; or
e) perform other functions as may be prescribed.

"City" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

"Chief Financial Officer (CFO)" means a person designated in terms of section 80(2)(a) of the MFMA.

"Council" means the municipal council of the City of Cape Town.

"Division of Revenue Act (DoRA)" means the Act of Parliament which must be enacted in terms of section 214(1) of the Constitution.

"Executive Mayor" means the person elected as the executive mayor of the municipality in terms of section 55 read with Schedule 3 of the Municipal Structures Act.

"IDP" means the Integrated Development Plan of the City, which sets out the strategic and budget priorities adopted by Council in terms of section 25(1) of the Municipal Systems Act.

"MAYCO" Mayoral Committee established in terms of Part 1 of Chapter 4 of the Municipal Structures Act; and which performs the roles and functions of an Executive Committee.

"MFMA" Municipal Finance Management Act, 2003 (Act No. 56 of 2003).

"Municipal Council" or "council" means the council of a municipality referred to in section 18 of the Municipal Structures Act.

"Municipal Cost Containment Regulations (MCCR)" means regulations, in line with sections 62(1)(a), 78(1)(b), 95(a) and 105(1)(b) of the MFMA, to ensure that resources of a municipality and municipal entity are used effectively, efficiently and economically by implementing cost containment measures.

"Municipal Structures Act" means the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998).

"Municipal Systems Act" means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

"MBRR" means the Municipal Budget and Reporting Regulations made in terms of section 168 of the MFMA (Act No. 56 of 2003).

"National Treasury" means the National Treasury established by section 5 of the Public Finance Management Act, 1999 (Act No.1 of 1999).

2. PROBLEM STATEMENT

Regulation 7 of the MBRR requires that the municipal manager of a municipality must prepare, or take all reasonable steps to ensure the preparation of the budget-related policies of the municipality in accordance with the legislation applicable to those policies for tabling in the municipal council by the applicable deadline specified by the Executive Mayor in terms of section 21(1)(b) of the Act. Section 7(1)(m) specifies that this must include a policy related to budget implementation and monitoring specifically dealing with management and oversight.

3. DESIRED OUTCOMES

This policy will specify what the responsibilities of all the role players and stakeholders will be regarding budget management and oversight.

4. STRATEGIC FOCUS AREAS

4.1. The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services

3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

4.2. This policy supports the following priority/foundation area, objective and programme.

4.2.1. Foundation 3 – Objective 16: A capable and collaborative City government and
Programme 16.1: Operational sustainability Programme.

This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

5. ROLE PLAYERS AND STAKEHOLDERS

5.1. Internal oversight

5.1.1. The City including all political and administrative structures. To this end, the City has developed a Strategic Management Framework (SMF) to provide co-ordinated oversight of decision making and ultimately ensure alignment of budget and strategy.

5.2. External oversight

5.2.1. The Western Cape Government and National Government (including National Treasury).

6. REGULATORY CONTEXT

6.1. Oversight by Council

6.1.1. Section 16 of the MFMA states that-

(1) The council of a municipality must for each financial year approve an annual budget for the municipality before the start of that financial year.

(2) In order for a municipality to comply with subsection (1), the mayor of the municipality must table the annual budget at a council meeting at least 90 days before the start of the budget year.

6.1.2. Section 24 of the MFMA states that -

(1) The municipal council must at least 30 days before the start of the budget year consider approval of the annual budget.

(2) An annual budget:

(a) must be approved before the start of the budget year.

(b) is approved by adoption by the council of a resolution referred to in section 17(3)(a)(i).

6.2. Oversight by Executive Committee – the Executive Mayor and MAYCO

6.2.1. Section 44 of the Municipal Structures Act, states that:

44(2) The executive committee must –

(a) Identify the needs of the municipality,

(b) Review and evaluate those needs in order of priority,

(c) Recommend to the municipal council strategies, programmes and services to address priority needs, and

(d) Recommend or determine the best methods, including partnership and other approaches, to deliver those strategies, programmes and services to the maximum benefit of the community.

44(3) The executive committee in performing its duties must -

(a) Identify and develop criteria in terms of which progress in the implementation of the strategies, programmes and services can be evaluated,

(b) Evaluate progress against the key performance indicators,

(c) Review the performance of the municipality,

(d) Monitor the management of the municipality's administration in accordance with the policy directions of the municipal council,

(e) Oversee the provision of services to communities in the municipality in a sustainable manner,

(f) Perform such duties and exercise such powers as the council may delegate to it,

(g) Annually report on the involvement of communities and community organisations in the affairs of the municipality, and

(h) Ensure that regard is given to public views and report on the effect of consultation on the decisions of the council.

44(4) An executive committee must report to the municipal council on all decisions taken by the committee.

6.3 Oversight by Audit Committee

6.3.1. Section 166(2) of the MFMA, states that -

(2) An audit committee is an independent advisory body which must-

(a) advise the municipal council, the political office bearers, the accounting officer and the management staff of the municipal entity on matters relating to –

(i) Internal financial control and internal audits,
(ii) risk management,
(iii) accounting policies,
(iv) the adequacy, reliability and accuracy of financial reporting and information,
(v) performance management,
(vi) effective governance,
(vii) compliance with the MFMA, the annual Division of Revenue Act and any other applicable legislation,
(viii) performance evaluation, and,
(ix) any other issues referred to it by the municipality or municipal entity.

6.4. Oversight by Budget Steering Committee

6.4.1. Regulation 4 of the MBRR states that -

The mayor of a municipality must establish a budget steering committee to provide technical assistance to the mayor in discharging the responsibilities as set out in section 53 of the Act.

6.5. General Oversight by the Mayor

6.5.1. Section 52 of the MFMA, states that –

The mayor of a municipality

(a) must provide general political guidance over the fiscal and financial affairs of the municipality;

(b) in providing such general political guidance, may monitor and, to the extent provided in this Act, oversee the exercise of responsibilities assigned in terms of this Act to the accounting officer and the chief financial officer, but may not interfere in the exercises of those responsibilities;

(c) must take all reasonable steps to ensure that the municipality performs its constitutional and statutory functions within the limits of the municipality's approved budget;

(d) must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality.

6.6. Budget Processes: Oversight by the Mayor

6.6.1. Section 53 of the MFMA reads, inter alia, as follows:

(1) The mayor of a municipality must -

(a) provide general political guidance over the budget process and the priorities that must guide the preparation of a budget,

(b) co-ordinate the annual revision of the integrated development plan in terms section 34 of the Municipal Systems Act and the preparation of the annual budget, and determine how the integrated development plan is to be taken into account or revised for the purposes of the budget; and

(c) take all reasonable steps to ensure:

i) That the municipality approves its annual budget before the start of the budget year,

ii) That the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.

(2) The mayor must promptly report to the municipal council and the MEC for finance in the province any delay in the tabling of an annual budget, the approval of the service delivery and budget implementation plan or the signing of the annual performance agreements.

(3) The mayor must ensure-

(a) that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the service delivery and budget implementation plan, are made public no later than 14 days after the approval of the service delivery and budget implementation plan.

6.6.2. Section 21 of the MFMA states:

(1) The mayor of a municipality must -

(a) co-ordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget related policies to ensure that the tabled budget and any revisions of the integrated development plan and budget-related policies are mutually consistent and credible;

(b) at least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for-

i) the preparation, tabling and approval of the annual budget;

ii) the annual review of –

(bb) the budget related policies;

(2) When preparing the annual budget, the mayor of a municipality must-

(c) take into account the national budget, the relevant provincial budget, the national government's fiscal and macro-economic policy, the annual DoRA and any agreements reached in the Budget Forum.

6.7. Oversight done with Monthly Budget Statements

6.7.1. Section 71 (1) of the MFMA states that-

The accounting officer of a municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality's budget reflecting the following particulars for that month and for the financial year up to the end of that month:

(a) Actual revenue, per revenue source

(b) Actual borrowings

(c) Actual expenditure, per vote

(d) Actual capital expenditure, per vote

(e) The amount of any allocations received

(f) Actual expenditure on those allocations, excluding expenditure on -

i) Its share of local government equitable share

ii) Allocations exempted by the annual Division of Revenue Act from compliance with this paragraph

(g) When necessary, an explanation of -

i) Any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote

ii) Any material variances from the service delivery and budget implementation plan; and

iii) Any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.

6.8. Oversight done with Mid-Year Budget and Performance Assessment

6.8.1. Section 72 of the MFMA, states that-

(1) The accounting officer of a municipality must by 25 January of each year –

(a) assess the performance of the municipality during the first half of the financial year, taking into account-

i) The monthly statements referred to in section 71 for the first half of the financial year,

ii) The municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan,

iii) The past year's annual report, and progress on resolving problems identified in the annual report,

iv) The performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities,

(b) Submit a report on such assessment to -

i) The mayor of the municipality

ii) The National Treasury

iii) The relevant provincial treasury

(2) The accounting officer must, as part of the review -

(a) Make recommendations as to whether an adjustments budget is necessary, and

(b) Recommend revised projections for revenue and expenditure to the extent that this may be necessary.

6.9. Oversight role of Chief Financial Officer (CFO)

6.9.1. Section 81 of the MFMA states that –

(1) The chief financial officer of a municipality-

(c) must assist the accounting officer in the administration of the municipality's bank accounts and in the preparation and implementation of the municipality's budget.

(e) must perform such budgeting, accounting, analysis, financial reporting, cash management, debt management, supply chain management, financial management, review and other duties as may in terms of section 79 of the MFMA be delegated by the accounting officer to the chief financial officer.

6.10. Oversight role of Portfolio Committees and Sub-Councils

6.10.1. Section 59 of the Municipal Systems Act states that –

A municipal council must develop a system of delegation that will maximise administrative and operational efficiency and provide for adequate checks and balances, and, in accordance with that system, may, inter alia –

- *Delegate appropriate powers to any of the municipality's other political structures, political office bearers, Councillors or staff members,*
- *Instruct any such political structure, political office bearer, Councillor or staff member to perform any of the municipality's duties.*

6.10.2. System of Delegations

The system of delegations of the City of Cape Town has been compiled in accordance with the requirements of section 59 of the Systems Act and such system is aimed at maximizing administrative and operational efficiency and provides for adequate checks and balances by delegating appropriate powers, functions and duties to, inter alia:

6.10.2.1. Section 79 Committees

Acting in terms of section 59 of the Systems Act, Council, in its system of delegations, delegates powers, functions and duties to the Portfolio Committees within its functional areas including the power to sub delegate any of their delegated powers, functions and duties.

These powers include, inter alia, monitoring the implementation of Council's IDP, budget, business plans, strategic objectives, policies and programmes and report to the Executive Mayor.

6.10.2.2. Sub-councils

Acting in terms of section 59 of the Systems Act Council may delegate the following powers, functions and duties to Sub- councils including the power to sub delegate any of their delegated powers, functions and duties to members of the municipal staff only in terms of section 17 the Cape Town Sub-council By-law 2003. This includes:

- To monitor the implementation of Council's budget, service delivery business implementation plans, strategic objectives, policies and programmes within the Sub-council jurisdictional area;
- To comment and make recommendations to the Executive Mayor in regard to the budget; and
- To make representation to the relevant line departments for the inclusion of the capital and operating budgetary requirements.

6.11. External Oversight by National Treasury

6.11.1. Chapter 2 - Supervision over Local Government Finance Management

6.11.1.1. S5 (2) of the MFMA states that National Treasury may, inter alia:

(a) monitor the budgets of municipalities to establish whether they

(i) are consistent with the national government's fiscal and macro- economic policy

(ii) comply with chapter 4

(b) promote good budget and fiscal management by municipalities, and for this purpose monitor the implementation of municipal budgets, including the expenditure, revenue collection and borrowing.

6.11.2. Chapter 4 - Municipal Budgets

6.11.2.1. S23 (3) of the MFMA states that:

National Treasury may issue guidelines on the manner in which municipal councils should process their annual budgets, including guidelines on the formation of a committee of the council to consider the budget and to hold public hearings.

6.11.2.2. S24 (3) of the MFMA states that:

The accounting officer of a municipality must submit the approved annual budget to the National Treasury and the relevant provincial treasury.

6.12. External Oversight by Provincial Treasury

6.12.1. Chapter 2 – Supervision over Local Government Finance Management

6.12.1.1. S5 (4) of the MFMA states that a provincial treasury- *a) must monitor*

(i) the preparation by municipalities in the province of their budgets;

(ii) the monthly outcome of those budgets;

6.12.1.2. S24 (3) states that:

the accounting officer of a municipality must submit the approved annual budget to the National Treasury and the relevant provincial treasury.

7. POLICY DIRECTIVE DETAILS

7.1. Oversight responsibility of Council

The council of the City of Cape Town must approve the annual budget for the City before the start of a financial year.

7.2. Oversight responsibility of Executive Committee – The Executive Mayor and MAYCO

The executive committee must provide an oversight role by performing the following tasks –

- Identify the needs of the City
- Review and evaluate those needs in order of priority
- Recommend to the municipal council strategies, programmes and services to address priority needs
- Recommend or determine the best methods, including partnership and other approaches, to deliver those strategies, programmes and services to the maximum benefit of the community
- Identify and develop criteria in terms of which progress in the implementation of the strategies, programmes and services can be evaluated
- Evaluate progress against the key performance indicators
- Review the performance of the City
- Monitor the management of the City's administration in accordance with the policy directives of the municipal council
- Oversee the provision of services to communities in the City in a sustainable manner
- Perform such duties and exercise such powers as the council may delegate to it
- Annually report on the involvement of communities and community organisations in the affairs of the City
- Ensure that regard is given to public views and report on the effect of consultation on the decisions of the council

7.3. Oversight responsibility of Audit Committee

7.3.1. The Audit Committee must provide an oversight role by advising the municipal council on matters relating to:

- Internal financial control and internal audits
- Risk management
- Accounting policies
- The adequacy, reliability and accuracy of financial reporting and information
- Performance management
- Effective governance
- Compliance with the MFMA, the annual Division of Revenue Act and any other applicable legislation
- Performance evaluation

7.4. Oversight responsibility of Budget Steering Committee (BSC)
The BSC must assist the mayor in providing general political guidance over the budget process and the priorities that must guide the preparation. The Committee must also assist the mayor in exercising his/her responsibilities as set out in section 53 of the MFMA.

7.5. Oversight responsibility of the Executive Mayor
The Executive Mayor must:

(a) Monitor and oversee the exercise of responsibilities assigned in terms of the MFMA to the accounting officer and the chief financial officer, but may not interfere in the exercise of those responsibilities.

(b) Take all reasonable steps to ensure that the City performs its constitutional and statutory functions within the limits of the City's approved budget.

(c) Submit a report to the council on the implementation of the budget and the financial state of affairs of the City.

(d) Check whether the municipality's approved budget is implemented in accordance with the service delivery and budget implementation plan.

(e) Instruct the accounting officer to ensure that the budget is implemented in accordance with the service delivery and budget implementation plan and that spending of funds and revenue collection proceed in accordance with the budget.

(f) Provide general political guidance over the fiscal and financial affairs of the City.

(g) Co-ordinate the preparation of the annual budget and determine how the integrated development plan is to be taken into account or revised for the purposes of the budget.

(h) Take all reasonable steps to ensure that the City approves its annual budget before the start of the budget year and that the City's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval of the budget.

(i) Promptly report to the municipal council and the MEC for finance in the province any delay in the tabling of an annual budget.

(j) Ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators for each quarter, as set out in the service delivery and budget implementation plan, are made public no later than 14 days after the approval of the service delivery and budget implementation plan.

7.6. Oversight responsibility of the Accounting Officer

The Municipal Manager is the accounting officer and the administrative authority for the City.

7.6.1. In the first instance the Municipal Manager is accountable to the mayor for the implementation of specific agreed outputs.

7.6.2. In the second instance the Municipal Manager is accountable to the Council for the overall administration of the City.

7.6.3. The Accounting Officer (Municipal Manager) must –

(a) Implement the City's approved budget, including taking all reasonable steps to ensure that the spending of funds is in accordance with the budget and is reduced as necessary when revenue is anticipated to be less than projected in the budget.

(b) Ensure that revenue and expenditure are properly monitored

(c) When necessary, the accounting officer must prepare an adjustments budget and submit it to the Mayor for consideration and tabling in the municipal council.

(d) Report to the municipal council any shortfalls in the budgeted revenue, overspending and necessary steps taken to prevent shortfalls or overspending.

(e) Submit to the Mayor actual revenue, borrowings, expenditure and where necessary report the variances thereof.

7.7. Oversight responsibility of the Chief Financial Officer (CFO)

7.7.1. The CFO must assist the accounting officer in the administration of the City's bank accounts and in the preparation and implementation of the City's budget. The CFO must also perform such budgeting, accounting, analysis, financial reporting, cash management, debt management, financial management, review and other duties as may be delegated to the CFO by the accounting officer.

7.8. Oversight with MFMA Section 71 reporting

7.8.1. The Finance directorate will facilitate the MFMA section 71 reporting process as follows:

(a) Financial month-end reports must be prepared as per section 71 requirements.

(b) Reports detailing the following information will be submitted to the Mayor and the relevant provincial treasury:

- Actual revenue, per revenue source;
- actual borrowings;
- actual expenditure, per vote;
- actual capital expenditure, per vote;

- the amount of any allocations received;
- actual expenditure on those allocations, excluding expenditure on-
  i. its share on the local government equitable share; and
  ii. allocations exempted by the annual Division of Revenue Act from compliance with this paragraph; and
- when necessary, an explanation of-
  i. any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote;
  ii. any material variances from the service delivery and budget implementation plan; and
  iii. any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.
- The statement must include-
  i. a projection of the relevant municipality's revenue and expenditure for the rest of the financial year, and any revisions from initial projections; and
  ii. the prescribed information relating to the state of the budget of each municipal entity as provided to the municipality in terms of section 87(10).

(c) Reports must be submitted to the Executive Mayor by no later than 10 working days after the end of each month.

(d) Reports will be submitted to the Finance Portfolio Committee and Mayoral Committee.

7.9. Oversight with Section 72 reporting

7.9.1. The City is required to assess its performance during the first half of the financial year based on the respective services delivery targets, the performance indicators and financial performance. The assessment has to take place on or before 25th January of each year according to Section 72 of the MFMA. The assessment outcomes may or may not necessitate budget adjustments. Where necessary, an adjustments budget has to be prepared and submitted to the Mayor for consideration and tabling in the Municipal Council as well as recommend revised projections for revenue and expenditure to the extent that may be necessary. The adjustments budget following the mid-year review must be tabled in Council by 28 February.

7.10. Oversight by Portfolio Committees and Sub-Councils

7.10.1. Portfolio Committees must, by advising the Executive Mayor as per Section 59 (1) (a) of the Systems Act, provide an oversight role on, inter alia:

- Budget
- Business Plans
- Strategic objectives
- Policies and programmes

7.10.2. Sub-Councils must monitor the implementation of Council's budget, comment and make recommendations to the Executive Mayor in regard to the budget in matters within the sub-council jurisdictional area. Sub-Councils must also ensure that they make representations to the relevant line departments for the inclusion of the capital- and operating budgetary requirements.

7.11. Oversight by National Treasury

7.11.1. It is the responsibility of National Treasury to monitor the budget of the City to establish whether the budget is consistent with the National Fiscal and Macro-economic policy and whether the budget complies with chapter 4 of the MFMA. National Treasury must also monitor the implementation of the City's budget, including expenditure, revenue collection and borrowing to promote good budget and fiscal management.

7.12. Oversight by Provincial Treasury

7.12.1. It is the responsibility of Provincial Treasury to monitor the preparation of the City's budget as well as the monthly outcome of the budget.

7.13. Oversight with Secondary Cost reporting

7.13.1. The Finance directorate will facilitate the Secondary Cost reporting process as follows:

7.13.1.1. Reports detailing the following information will be circulated to the Chief Financial Officer:

(a) Actual cost recoveries for the year to date compared to the budget for the year to date, including meaningful explanations and remedial strategies to improve costing data as received from respective directorates.

(b) Actual cost recoveries (quantities) for the year to date compared to the Capacity Plan for the year to date, including meaningful explanations and remedial strategies to improve costing data as received from respective directorates.

(c) Reports will be submitted to the Chief Financial Officer on the 10th working day of each month.

7.14. Oversight by Municipal Cost Containment Regulations

7.14.1. Municipalities must disclose cost containment measures in its quarterly in-year budget reports, and annual costs savings in its Annual Report. These reports must be submitted to Council for review and resolution. This measure is to enhance transparency and local accountability. The MCCR therefore provides a framework that is consistent with the provisions of the MFMA and other government pronouncements.

8. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY

This policy framework is important for the financial compliance of the City. It provides for an all-inclusive administrative procedure for the management of the Budget Management and Oversight Policy.

(a) This policy shall be implemented once approved by Council.
(b) This policy must be reviewed on an annual basis, or as required due to any contextual/legislative changes.

1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise –

''Basic municipal service'' means a municipal service that is necessary to ensure an acceptable and reasonable quality of life and which, if not provided, would endanger public health or safety or the environment.

"BSC" means Budget Steering Committee, a committee established in terms of regulation 4 of the Municipal Budget Reporting Regulations (MBRR), to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Municipal Finance Management Act (MFMA).

'Budget-related policy'' means a policy of a municipality affecting or affected by the annual budget of the municipality, including—

(a) the tariffs policy which the municipality must adopt in terms of section 74 of the Municipal Systems Act;
(b) the rates policy which the municipality must adopt in terms of legislation regulating municipal property rates; or
(c) the credit control and debt collection policy which the municipality must adopt in terms of section 96 of the Municipal Systems Act.

"City" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

"Chief Financial Officer (CFO)" means a person designated in terms of section 80(2)(a) of the MFMA.

"IDP" means the Integrated Development Plan.

"LTFP" means Long Term Financial Plan.

''Long-term debt'' means debt repayable over a period exceeding one year.

"MBRR" means the Municipal Budget and Reporting Regulations.

"MFMA" means the Municipal Finance Management Act No 56 of 2003.

"MTREF" means Medium Term Revenue and Expenditure Framework, as prescribed by the MFMA. It sets out indicative revenue and projected expenditure for the budget year, plus two outer financial years.

"Municipal Council" or "council" means the council of a municipality referred to in section 18 of the Municipal Structures Act.

‘‘Municipal tariff’’ means a tariff for services, which a municipality may set for the provision of a service to the local community, and includes a surcharge on such tariff.

‘‘Municipal tax’’ means property rates or other taxes, levies or duties that a municipality may impose.

‘‘National Treasury’’ means the National Treasury established by Section 5 of the Public Finance Management Act.

“Short Term” refers to a period up to 3 (three) years.

“Medium Term” refers to a period between 3 (three) and 5 (five) years.

“Long Term” refers to any period longer than 5 (five) years).

2. INTRODUCTION

2.1. The Local Government: Municipal Finance Management Act No 56 of 2003 (hereafter MFMA) has instituted various financial reform measures. Sound financial management practices have been identified as essential to the long- term sustainability of municipalities. In this regard the MFMA necessitates that municipalities must have a policy related the Long Term Financial Plan (hereafter LTFP).

2.2. A municipality’s financial plan integrates the financial relationships of various revenue and expenditure streams to give effect to the Integrated Development Plan (hereafter IDP). It provides guidance for the development of current budgets and assesses financial impacts on outer years’ budgets by incorporating capital expenditure outcomes, operating expenditure trends, optimal asset management plans and the consequential impact on rates, tariffs and other service charges.

2.3. The City has developed a financial model that aims to determine the appropriate mix of parameters and assumptions within which the City should operate to facilitate budgets which are affordable and sustainable at least 10 years into the future. In addition, it identifies the consequential financial impact of planned capital projects on the municipality’s operational budget.

3. PROBLEM STATEMENT

Preceding the inception of the MFMA municipal budgets usually catered for immediate demands with little or no view of future needs or the future consequences of particular decisions. This poor planning practice fragmented the sustainability of municipal budgets.

4. PURPOSE

The policy aims to ensure that all long-term financial planning is based on a structured and consistent methodology therefore enabling delivery of City Strategies whilst ensuring the City's long term financial sustainability and affordability in order to achieve objectives over the medium and long term.

5. STRATEGIC FOCUS AREA

5.1. The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

5.2. This policy supports the following priority/foundation area, objective and programme:

5.2.1. Foundation 3 - Objective 16: A capable and collaborative City government and
Programme 16.1: Operational sustainability Programme.

This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

6. GUIDING PRINCIPLES

6.1. The policy is based on the following principles

6.1.1. Future financial sustainability inclusive of realistic revenue sources;

6.1.2. Optimal collection of revenue, taking into consideration the socio economic environment;

6.1.3. Optimal utilisation of grant funding;

6.1.4. Continuous improvement and expansion in service delivery framework; and
6.1.5. Prudent financial strategies.

7. ROLE PLAYERS AND STAKEHOLDERS

7.1. The following role players will ensure that the LTFP is implemented in accordance with the prescribed legislative requirements and Council processes.

7.1.1. Budgets department

7.1.1.1. Responsible for the preparation, compilation and presentation of the LTFP in line with this policy; and

7.1.1.2. Review this policy, in consultation with relevant stakeholders, to ensure maximum compliance in terms of legislation.

7.1.2. Directorates and departments

7.1.2.1. Responsible for providing information to the Budgets department to update the financial plan;

7.1.2.2. Required to identify revenue and expenditure plans for both operating and capital budgets for at least 3 years; and

7.1.2.3. Required to make recommendations on future service delivery matters.

7.1.3. Executive Management Team

7.1.3.1. Mechanism of engagement in the Strategic Management Framework (SMF) process

7.1.3.2. The SMF process informs planning and helps ensure delivery on the strategic objectives set out in the IDP

7.1.4. Budget Steering Committee

7.1.4.1. Responsible for providing guidance on technical budget principles on matters relevant to the LTFP; and

7.1.4.2. Responsible for endorsing the projected MTREF assumptions and parameters contemplated by the LTFP.

7.1.5. Executive Mayor

7.1.5.1. Provides guidance in terms of section 53 of the MFMA.

8. REGULATORY CONTEXT

8.1. Section 17 (3) of the MFMA states that when an annual budget is tabled it must be accompanied by, amongst others, "*any proposed amendments to the budget-related policies of the municipality*".

8.2. Section 21 of the MFMA states that the mayor of a municipality must at least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for, amongst others:

(ii) the annual review of -

(aa) the Integrated Development Plan in terms of section 34 of the Municipal Systems Act; and

(bb) the budget-related policies;

(iii) the tabling and adoption of any amendments to the integrated development plan and the budget-related policies; and

(iv) any consultative processes forming part of the processes referred to in subparagraphs (ii) and (iii).

8.3. Section 7 (1) of the Local Government: Municipal Finance Management Act, 2003, Municipal Budget and Reporting Regulations, 2009 (hereafter MBRR) states that: *"the Municipal Manager of a municipality must prepare, or take all reasonable steps to ensure the preparation of budget-related policies of the municipality, or any or any necessary amendments to such policies, in accordance with the legislation applicable to those policies for tabling in the municipal council by the applicable deadline specified by the mayor in terms of section 21 (1)(b) of the MFMA".*

8.4. Section 7 (1) reference (1) of the MBRR, further states that "*as defined in section 1 of the MFMA. Policies that affect or are affected by the annual budget of a municipality include …(g) a policy related to the long term financial plan*".

8.5. Section 21 (1)(a) of the MFMA states that the mayor of a municipality must co-ordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget related policies to ensure that the tabled budget and any revision of the integrated development plan and budget related policies are mutually consistent and credible.

8.6. Section 53(1)(a) of the MFMA states that the mayor of the municipality must provide general political guidance over the budget process and the priorities that must guide the preparation of a budget. Section 4 (1) of the MBRR states "*that the mayor of a municipality must establish a budget steering committee to provide technical assistance to the mayor in discharging the responsibilities set out in section 53 of the MFMA*".

8.7. Section 26 (h) of the Local Government: Municipal Systems Act 32 of 2000 (hereafter the MSA) states that "*An Integrated Development Plan must reflect a financial plan, which must include a budget projection for at least the next three years*".

9. POLICY DIRECTIVE DETAILS

9.1. Financial strategies

9.1.1. An intrinsic feature of the LTFP is to give effect to the City's financial strategies. These strategies include

9.1.1.1. Maintaining or improving basic municipal services;

9.1.1.2. Maintaining fair, equitable and cost reflective rates and tariff increases;

9.1.1.3. Continuous improvement to the financial position;

9.1.1.4. Ensuring funding for asset maintenance and renewal;

9.1.1.5. Ensuring realistic revenue sources and affordable debt levels to fund the capital budget;

9.1.1.6. Optimizing utilization of previous years' surpluses (if any);

9.1.1.7. Achieving and maintaining a breakeven/surplus in the total Operating budget (inclusive of appropriations and secondary budget); and

9.1.1.8. Ensuring full cost recovery for the provision of internal services.

9.2. Non – financial strategies

The LTFP is a key component for achieving the goals listed in the IDP of the City and must consider the IDP inclusive of other City strategies and frameworks.

9.2.1. In preparation of the LTFP

9.2.1.1. The fiscal overview must be considered by reviewing past financial performance and taking into account strategic and policy direction of the City to ensure sustainability.

9.2.1.2. The LTFP being a forecasting model requires assumptions on, amongst other, the following internal and external factors:

(a) External factors – demographic trends related to socio economic factors e.g. Population migration, employment, health, development of businesses, and new residential areas, etc.;
(b) General inflation outlook and its impact on the municipal activities;
(c) Affordability of municipal rates and tariffs;
(d) Credit rating outlook;
(e) Interest rates for borrowing and investment of funds;
(f) Rates, tariffs, charges and timing of revenue collection;
(g) Growth or decline in tax base of the municipality;
(h) Collection rates for each revenue source;
(i) Price movements on specifics e.g. bulk purchases of water and electricity, fuel etc.;
(j) Average salary increases;
(k) Industrial relations climate, reorganisation and capacity building;
(l) Changing demand characteristics (demand for services);
(m) Trends in demand for free or subsidised basic services;
(n) Impact of national, provincial and local policies;
(o) Ability of the municipality to spend and deliver on the programmes;
(p) Implications of organisational restructuring and other major events into the future;
(q) Consideration of the Cost Containment Regulatory measures; and
(r) Sector Plans and Infrastructure Masterplans.

9.2.1.3. Intergovernmental fiscal transfers/allocations/subsidies from National and Provincial government play a pivotal role in the finances of the City. The following unconditional

transfers/allocations must be considered, as a minimum, when projecting the budget:

(a) Local Government Equitable Share;
(b) Fuel levy; and
(c) Grants related to the provision of Provincial government functions.

9.3. The annual updated LTFP must identify the following:

9.3.1. Assumptions and parameters to be used to compile the operating- and capital budget over the next MTREF;
9.3.2. Future operating revenue and expenditure projections based on assumptions and parameters;
9.3.3. Future affordability of projected capital plans; and
9.3.4. Funding requirements, which include external funding.

10. EVALUATION AND REVIEW

10.1. This policy shall be implemented once approved by Council.
10.2. This policy must be reviewed on an annual basis, or as required due to any contextual/legislative changes.
10.3. Changes in financial strategy, non–financial strategic strategies and legislation must be taken into account for future amendments to this policy.
10.4. Any amendments must be tabled to Council for approval as part of the budget process.

5. **STRATEGIC FOCUS AREAS** 5
6. **ROLE PLAYERS AND STAKEHOLDERS** 6
7. **REGULATORY CONTEXT** 6
8. **CONDITIONS** 9
9. **COMPLIANCE AND PROCEDURES – Section 28(5) of the MFMA** 12
10. **IMPLEMENTATION, EVALUATION AND REVIEW** 14

1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise –

"Accounting Officer"-

(a) in relation to a municipality, means the municipal official referred to in section 60; or

(b) in relation to a municipal entity, means the official of the entity referred to in section 93,

and includes a person acting as the accounting officer.

"Approved Budget" means an annual budget -

(a) approved by a municipal council; or

(b) approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution,

and includes such an annual budget as revised by an adjustments budget in terms of section 28.

"Budget transfer" means transfer of funding within a function/vote.

"Budget Year" means the financial year of the municipality for which an annual budget is to be approved in terms of section 16(1).

"City" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

"Chief Financial Officer (CFO)" means a person designated in terms of section 80(2)(a) of the MFMA.

"Current year" means the financial year, which has already commenced, but not yet ended.

"Financial year means a year ending on 30 June.

"MBRR" means Municipal Budget and Reporting Regulations.

"MFMA" means the Local Government Municipal Finance Management Act No 56 of 2003.

"MSA" means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

"mSCOA" means Municipal Standard Chart of Accounts

"Municipal Council" or **"council"** means the council of a municipality referred to in section 18 of the Municipal Structures Act.

"Municipality" –

(a) when referred to as a corporate body, means a municipality as described in section 2 of the Municipal Systems Act; or;

(b) when referred to as a geographic area, means a municipal area determined in terms of the Local Government: Municipal Demarcation Act, 1998 (Act No. 27 of 1998).

"national state of disaster" means the national state of disaster declared under Government Notice in terms of section 27(1) of the Disaster Management Act, 2002 (Act No. 57 of 2002);

"SDBIP" means Service Delivery and Budget Implementation Plan;

"Service Delivery and Budget Implementation Plan" – (MFMA) means a detailed plan approved by the executive mayor of a municipality in terms of section 53(l)(c)(ii) of the MFMA for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate

(a) projections for each month of—
  (i) revenue to be collected, by source; and
  (ii) operational and capital expenditure, by vote;
(b) service delivery targets and performance indicators for each quarter; and
(c) any other matters that may be prescribed

and includes any revisions of such plan by the mayor in terms of section 54(1)(c).

"unauthorised expenditure" – (MFMA) in relation to a municipality, means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3), and includes—

(a) overspending of the total amount appropriated in the municipality's approved budget;
(b) overspending of the total amount appropriated for a vote in the approved budget;
(c) expenditure from a vote unrelated to the department or functional area covered by the vote;
(d) expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;

(e) spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of "allocation" otherwise than in accordance with any conditions of the allocation; or

(f) a grant by the municipality otherwise than in accordance with this Act;

2. PURPOSE

The policy aims to set out the conditions for an adjustments budget, compliance and procedures for an adjustments budget.

3. PROBLEM STATEMENT

Changes in a budget are a necessity as there are various internal and external factors impacting on the financial performance and implementation of the budget during the financial year.

4. DESIRED OUTCOME

The implementation of the Local Government: Municipal Finance Management Act, (Act No.56 of 2003) (MFMA), initiated municipal financial reforms. The key aims of the MFMA are to modernise budget, accounting and financial management practices. It further aims to provide strategic guidance in the financial planning of the Municipality. Section 28 of the MFMA states that, "a municipality may revise an approved annual budget through an adjustments budget".

As part of the municipal financial reforms the Municipal Budget Reporting Regulations (MBRR) was gazetted in 2009. The main objective of the MBRR is to formalise norms and standards to improve the credibility, sustainability, transparency, accuracy and reliability of municipal budgets. It further ensures that the process on amendments of approved budgets is done appropriately.

This policy must be read, analysed, interpreted, implemented and understood against this legislative background.

5. STRATEGIC FOCUS AREAS

5.1. The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

5.2. This policy supports the following priority/foundation area, objective and programme:

5.2.1. Foundation 3 – Objective 16: A capable and collaborative City government and
Programme 16.1: Operational sustainability Programme.
This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

6. ROLE PLAYERS AND STAKEHOLDERS

In order to give effect to the policy, the following role players including their respective powers, duties and responsibilities are listed below:

6.1 Budgets department

(a) Responsible for overall administrative and technical oversight in terms of the compilation of the adjustments budget.
(b) Required to submit Adjustment budget within 10 working days after Council approval to National and Provincial Treasuries.

6.2 Directorates and departments

(a) Required to inform Budgets department of changes in the approved budget;
(b) Responsible for providing information to Budgets department regarding any proposed amendments; and
(c) Required to make recommendations including detailed motivations on changes for the adjustments budget.

6.3 Council

(a) Responsible for the approval of the adjustments budget.

7. REGULATORY CONTEXT

7.1 Section 22 of the MFMA, **Publication of annual budgets**, states that:

Immediately after an annual budget is tabled in a municipal council, the accounting officer of the municipality must -

(a) in accordance with Chapter 4 of the Municipal Systems Act -

(i) make public the annual budget and the documents referred to in section 17(3); and

(ii) invite the local community to submit representations in connection with the budget; and

(b) submit the annual budget -

(i) in both printed and electronic formats to the National Treasury and the relevant provincial treasury; and

(ii) in either format to any prescribed national or provincial organs of state and to other municipalities affected by the budget.

7.2 Section 28 of the MFMA, **Municipal Adjustments Budgets**, states that:

(1) A municipality may revise an approved annual budget through an adjustments budget.

(2) An adjustments budget -

(a) must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;

(b) may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;

(c) may, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality;

(d) may authorise the utilisation of projected savings in one vote towards spending under another vote;

(e) may authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll- overs when the annual budget for the current year was approved by the council;

(f) may correct any errors in the annual budget; and-

(g) may provide for any other expenditure within a prescribed framework.

(3) An adjustments budget must be in a prescribed form.

(4) Only the mayor may table an adjustments budget in the municipal council but an adjustments budget in terms of subsection (2) (b) to (g) may only be tabled within any prescribed limitations as to timing or frequency.

(5) When an adjustments budget is tabled, it must be accompanied by -

(a) *an explanation how the adjustments budget affects the annual budget;*

(b) *a motivation of any material changes to the annual budget;*

(c) *an explanation of the impact of any increased spending on the annual budget and the annual budgets for the next two financial years; and*

(d) *any other supporting documentation that may be prescribed.*

(e) *Municipal tax and tariffs may not be increased during a financial year.*

(f) Sections 22(b), 23(3) and 24(3) apply in respect of an adjustments budget, and in such application a reference in those sections to an annual budget must be read as a reference to an adjustments budget.

7.3 Section 29 of the MFMA, **Unforeseen and unavoidable expenditure**, states that:

(1) The mayor of a municipality may in emergency or other exceptional circumstances authorise unforeseeable and unavoidable expenditure for which no provision was made in an approved budget.

(2) Any such expenditure -

(a) must be in accordance with any framework that may be prescribed;

(b) *may not exceed a prescribed percentage of the approved annual budget;*

(c) *must be reported by the mayor to the municipal council at its next meeting; and*

(d) must be appropriated in an adjustments budget.

(3) If such adjustments budget is not passed within 60 days after the expenditure was incurred, the expenditure is unauthorised and section 32 applies.

7.4 Section 69 (1) and (2) of the MFMA, **Budget implementation**, states that:

(1) The accounting officer of a municipality is responsible for implementing the municipality's approved budget, including taking all reasonable steps to ensure –

(a) that the spending of funds is in accordance with the budget and is reduced as necessary when revenue is anticipated to be less than projected in the budget or in the service delivery and budget implementation plan; and

(b) that revenue and expenditure are properly monitored.

(2) When necessary, the accounting officer must prepare an adjustments budget and submit it to the mayor for consideration and tabling in the municipal council.

7.5 Section 72 of the MFMA, **Mid-year budget and performance assessment**, states that:

(1) The accounting officer of a municipality must by 25 January of each year -

(a) assess the performance of the municipality during the first half of the financial year, taking into account -

(i) *the monthly statements referred to in section 71 for the first half of the financial year;*

(ii) *the municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;*

(iii) the past year's annual report, and progress on resolving problems identified in the annual report; and

(iv) the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities; and

(b) submit a report on such assessment to -

(i) the mayor of the municipality;

(ii) the National Treasury; and

(iii) the relevant provincial treasury.

(2) The statement referred to in section 71 (1) for the sixth month of a financial year may be incorporated into the report referred to in subsection (1) (b) of this section.

(3) The accounting officer must, as part of the review -

(a) Make recommendations as to whether an adjustments budget is necessary; and

(b) Recommend revised projections for revenue and expenditure to the extent that this may be necessary.

7.6 Section 21A of the MSA, **Documents to be made public**, states that:

(1) All documents that must be made public by a municipality in terms of a requirement of this Act, the Municipal Finance Management Act or other applicable legislation, must be conveyed to the local community -

(a) by displaying the documents at the municipality's head and satellite offices and libraries;

(b) by displaying the documents on the municipality's official website, if the municipality has a website as envisaged by section 21B; and

(c) by notifying the local community, in accordance with section 21, of the place, including the website address, where detailed particulars concerning the documents can be obtained.

(2) If appropriate, any notification in terms of subsection (1) must invite the local community to submit written comments or representations to the municipality in respect of the relevantdocuments.

7.7 Section 177(1) of the MFMA, *Delays and exemptions* states that

(1) The Minister may by notice in the Gazette—

(b) where practicalities impede the strict application of a specific provision of this Act, exempt any municipality or municipal entity from, or in respect of, such provision for a period and on conditions determined in the notice.

8. CONDITIONS

8.1 Adjustment to revenue and expenditure estimates – MFMA section 28(2)(a) and (b)

8.1.1 An adjustments budget must adjust the revenue and expenditure estimates downwards if there is material under-collection[1]of revenue

[1] Any variance that affects either strategic, operational and technical service delivery sustainability is viewed as material. Consideration of the need to adjust these estimations of budgetary provisions should also take the stage of the financial period, or time remaining in the financial period for further monitoring and/or remedial action, into account.

during the current year; in terms of MFMA section (28) (2)(a)

8.1.2 An adjustments budget may appropriate additional revenue that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for. If a national- or provincial adjustments budget allocates or transfers additional revenues to the municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national- or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the MFMA in the municipal council to appropriate these additional revenues.

8.2 Unforeseen and unavoidable expenditure – MFMA Section 28(2)(c) and 29

8.2.1 As per section 29(1) the mayor of a municipality may in emergency or other exceptional circumstances authorise unforeseeable and unavoidable expenditure for which no provision was made in an approved budget.

8.2.2 An adjustments budget referred to in section 28(2)(c) must be tabled in the municipal council at the first available opportunity after the unforeseen and unavoidable expenditure contemplated in that section was incurred, but within 60 days after the unforeseeable and unavoidable expenditure was incurred as per Section 29(3) of the MFMA.

8.3 Utilisation of projected savings in one vote towards spending under another vote – MFMA section 28(2)(d)

The Act allows a municipality to transfer projected savings in one vote to another vote. This condition can be met any time after the mid-year performance assessment but before 28 February, as indicated in regulation 23(1) of the MBRR.

8.4 Approval of roll-overs – MFMA section 28(2)(e)

8.4.1 An adjustments budget referred to in section 28(2)(e) of the Act may only be tabled after the end of the financial year to which the roll-overs relate, and must be approved by the municipal council by 25 August of the financial year following the financial year.

8.4.2 Unconditional grants, agency agreement funding and National Treasury Supplemental grants which are unspent portions from the previous financial year, can be roll-over as part of the adjustments budget process in August.

8.4.3 The following matters are to be addressed in formulating proposals for Capital roll-over funding allocations:

8.4.3.1 Those contractual components let or works awarded or commenced with in the financial year, but not yet implemented and settled by the end of that financial year – in other words the monetary value of commitments – and for which no budgetary provision was made on the Capital Budget – will be considered for roll-over budgetary provision.

8.4.3.2 in terms of the "unforeseen" definition and interpretation of the relevant MFMA stipulations, departments must have had a reasonable expectation that the works would have been completed by end of the financial year.

8.4.3.3 the "anticipated expenditure to financial year-end" are to be used as starting point in calculating the roll- over requirement – it is presumed that the additional roll-over provisions on the next financial year Capital Budget will not increase the total budget cost of individual projects;

8.4.3.4 proposals for roll-over provisions should cater for both internally- and externally funded budgetary provisions;

8.4.3.5 reasons explaining why budgetary provisions were committed, not spent by end of the financial year are to be provided.

8.4.3.6 reasons for the non-provision of the roll-over requirement on the next financial year budget is also required.

8.5 Correction of errors – MFMA section 28(2)(f)

A municipality may correct any errors contained in the annual budget within the adjustments budget at any time after the mid-year performance assessment but before 28 February.

8.6 Other expenditure – MFMA section 28(2)(g)

This can include unauthorised expenditure. MFMA section 32(2)(a)(i) requires an adjustments budget in the case of unauthorised expenditure. MBRR regulation 23(6) states that:

An adjustments budget contemplated in section 28(2)(g) of the Act may only authorise unauthorised expenditure as anticipated by section 32(2)(a)(i) of the MFMA, and must be-

(a) dealt with as part of the adjustments budget contemplated in sub regulation (1); and

(b) a special adjustments budget tabled in the municipal council when the mayor tables the annual report in terms of section 127(2) of the Act, which may only deal with unauthorised expenditure from the previous financial year which the council is being requested to authorise in terms of section 32(2)(a)(i) of the Act.

8.7 Mid-year review followed by adjustments budget – MFMA section 72

8.7.1 A mid-year review and performance assessment by the accounting officer in accordance with the MFMA is due for completion by 25 January, which may lead Council to take corrective steps with regards to deviations in revenue and expenditure of the approved budget.

8.7.2 Utilising the monthly financial results, the SDBIP results, the past year's annual report and the performance of the municipality, MFMA section 72(3)(a) also states the accounting officer must, as part of the review, make recommendations as to whether an adjustments budget is necessary.

8.7.3 An adjustment budget is generally recommended stemming from the mid-year review and performance assessment process. This adjustments budget must be submitted to Council for approval by no later than 28 February as stated in the MFMA.

8.7.4 There are circumstances in a financial year where an adjustments budget can or must be approved by Council that do not coincide with the mid-year review and performance assessment, and this will lead to a municipality having to adjust the Council approved budget more than once.

8.8 Summary of prescribed adjustments budget dates

ADHOC CHANGES	MONTH	PRESCRIBED CHANGE
	July	Start of the municipal financial year
	August	Roll-overs of the previous financial year by 25 August (plus virements processed from the beginning of the financial year)
* Adjust revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year.	September	
	October	
	November	
	December	
* Within 60 days of the approval of the relevant national or provincial adjustments budget	January	Mid-year review and performance assessment by 25 January
* Within 60 days after unforeseeable and unavoidable expenditure was incurred	February	Adjustments budget tabled at Council by 28 February - corrective steps stemming from mid-year review and performance assessment and/or correct any errors in the annual budget
	March	
	April	
	May	
	June	End of the financial year

9. COMPLIANCE AND PROCEDURES – Section 28(5) of the MFMA

9.1 When an adjustments budget is tabled, it must be accompanied by -

(a) An explanation how the adjustments budget affects the annual budget;

(b) A motivation of any material changes to the annual budget;

(c) An explanation of the impact of any increased spending on the annual budget;

(d) The annual budgets for the next two financial years; and

(e) Any other supporting documentation that may be prescribed.

9.2 Formats of adjustments budgets – Regulation 21 of MBRR

An adjustments budget and supporting documentation of a municipality must be in the format specified in Schedule B of the MBRR and include all the required tables, charts and explanatory information, taking into account any guidelines issued by National Treasury.

9.3 Funding of adjustments budgets – Regulation 22 of MBRR

An adjustments budget of a municipality must be suitably funded. The supportive documentation to accompany an adjustments budget in terms of section 28(5) of the MFMA must contain an explanation of how the adjustments budget is funded.

9.4 Submission of tabled adjustments budgets – Regulation 24 of MBRR

The municipal manager must comply with section 28(7) of the MFMA together with section 22(b)(i) of the MFMA, within ten working days after the mayor has tabled an adjustments budget in the municipal council. When submitting the tabled adjustments budget to National Treasury and relevant provincial treasury in terms of section 28(7) of the MFMA, municipal manager must submit it in both printed and electronic form, as prescribed by National Treasury.

9.5 Approval of adjustments budgets – Regulation 25 of MBRR

The municipal council must consider the full consequences, fiscal or otherwise, of the adjustments budget and supporting documentation. When approving an adjustments budget, municipal council must consider and adopt separate resolutions dealing with each of the matters listed below:

(a) Approval of the adjustments budget;
(b) Approval of any adjustments permitted in terms of section 28(2) of the MFMA;
(c) Approval of the transfer of funds to a separate bank account for purpose contemplated in section 12 of the MFMA;
(d) Approval of revisions to the monthly and quarterly service delivery targets and performance indicators in the service delivery and budget implementation plan, if any, to correspond with the approval of the adjustments budget;
(e) Approval of any amendments to budget related policies necessitated by the adjustments budget.

9.6 Quality Certification – Regulation 21 of MBRR (Schedule B)

When an adjustments budget and supporting documentation is tabled in council, made public or submitted to another organ of state, it must be accompanied by a quality certificate complying with Schedule B and signed by the municipal manager.

9.7 Publication of approved adjustments budgets – Regulation 26 of MBRR

Within ten working days after the municipal council has approved an adjustments budget, the municipal manager must in agreement with section 21(A) of the Municipal System Act make public that approved adjustments budget and supporting documentation, as well as the resolutions referred to in item 4, Schedule B.

10. IMPLEMENTATION, EVALUATION AND REVIEW

10.1. This policy framework is important for the financial compliance of the City. It provides for an all-inclusive administrative procedure for the management of an adjustments budget.

10.2. This policy shall be implemented once approved by Council. Directorates are to ensure that during implementation stages that there is consistent monitoring & evaluation of the policy as indicators will inform blockages within the policy implementation phases.

10.3. In terms of section 17(3)(e) of the MFMA this policy must be reviewed on annual basis and the reviewed policy tabled to Council for approval as part of the budget process.

10.4. Changes in legislation must be taken into account for future amendments to this policy.

10.5. Any amendments to this policy must be re-submitted to council for review and approval.

ANNEXURE 16

UNFORESEEN AND UNAVOIDABLE EXPENDITURE POLICY

2022/23 BUDGET (MAY 2022)

TABLE OF CONTENTS

1. DEFINITIONS AND ABBREVIATIONS 3
2. PROBLEM STATEMENT 3
3. DESIRED OUTCOMES 3
4. STRATEGIC FOCUS AREAS 4
5. ROLE PLAYERS AND STAKEHOLDERS 4
6. GUIDING PRINCIPLES 5
7. REGULATORY CONTEXT 5
8. POLICY DIRECTIVE DETAILS 6
9. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY 7

1. DEFINITIONS AND ABBREVIATIONS

In this Policy, unless the context indicates otherwise –

"City" or **"City of Cape Town"** means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

"CFO" or **"Chief Financial Officer"** means a person designated in terms of section 80(2)(a) of the MFMA;

"IDP" means the Integrated Development Plan of the City of Cape Town which sets out the strategic and budget priorities adopted by the Council of the City of Cape Town in terms of section 25(1) of the Municipal Systems Act.

"MFMA" means the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003);

"Municipal Council" or "council" means the council of a municipality referred to in section 18 of the Municipal Structures Act.

"MBRR" means the Municipal Budget and Reporting Regulations made in terms of section 168 of the MFMA (Act No. 56 of 2003);

"Policy" means a guide/framework enabling a municipality to achieve its objectives in the interest of the community. It is a basic principle by which a municipality is guided.

"Unforeseen and Unavoidable Expenditure" means expenditure that could not have been foreseen at the time of adoption of the annual budget of a municipality.

2. PROBLEM STATEMENT

The purpose of this policy is to make provision for any unforeseen and unavoidable expenditure, which might occur and prescribes the process to be followed for the approval of such expenditure.

3. DESIRED OUTCOMES

This policy will help and guide the City in addressing unforeseen and unavoidable expenditure.

4. STRATEGIC FOCUS AREAS

4.1 The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

4.2 This policy supports the following priority/foundation area, objective and programme:

4.2.1. Foundation 3 – Objective 16: A capable and collaborative City government and

Programme 16.1: Operational sustainability Programme.

This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

5. ROLE PLAYERS AND STAKEHOLDERS

The role players and stakeholders who will ensure that unforeseen and unavoidable expenditure is being dealt with according to legislative requirements and council processes are:

5.1 The respective directorate/department - Responsible for preparing a report on the unforeseen and unavoidable expenditure when such expenditure occurs.

5.2 The Office of the City Manager - Responsible for reviewing the report in order to confirm legal compliance.

5.3 The Budgets department - Responsible for confirming the financial implications.

5.4 The Mayor - Responsible for reviewing, approving and tabling the report at Council for noting.

6. GUIDING PRINCIPLES

6.1 A directorate becoming aware of the need to incur unforeseen or unavoidable expenditure must immediately approach the CFO with full details on the expenditure, providing information on the consequences of not incurring the expenditure as well as an indication of the expected cost (both for the current year as well as any recurring cost resulting from the event).

6.2 Confirmation that the expenditure does not constitute expenditure that may not be allowed by the Executive Mayor as per regulation 71(2) of the MBRR must be given by the directorate when approaching the CFO.

6.3 The CFO will determine whether the cost could be dealt with through a process of virement of funds within the relevant votes, and whether sufficient funds are available for shifting within the vote. Once the CFO has supported the request, the relevant Executive Director will be required to submit a report to the Executive Mayor requesting approval. If approval is granted, the adjustment will be effected on the financial system.

6.4 The abovementioned process must be dealt with as a priority in order to ensure that administrative delays do not exacerbate the situation.

6.5 An adjustments budget, incorporating the approved expenditure, must be submitted to the next council meeting as per of Section 28 of the MFMA.

7. REGULATORY CONTEXT

7.1. This policy has been formulated in terms of the provisions of Section 29 of the MFMA and regulations 71 and 72 of the MBRR, which prescribes the process to be followed for the approval of unforeseen and unavoidable expenditure.

7.2. Section 168 (1) of the MFMA, Treasury regulations and guidelines
The Minister, acting with the concurrence of the Cabinet member responsible for local government, may make regulations or guidelines applicable to municipalities and municipal entities, regarding—
(a) any matter that may be prescribed in terms of this Act;
(b) financial management and internal control;
(c) a framework for regulating the exercise of municipal fiscal and tariff-fixing powers;

7.3. Section 169 (1) of the MFMA, Consultative processes before promulgation of regulations
1. Before regulations in terms of section 168 are promulgated, the Minister must—
   (a) consult organised local government on the substance of those regulations; and
   (b) publish the draft regulations in the Government Gazette for public comment.
2. Regulations made in terms of section 168 must be submitted to Parliament for parliamentary scrutiny at least 30 days before their promulgation.

7.4. Section 170 (1) of the MFMA, Departures from treasury regulations or conditions

1. The National Treasury may on good grounds approve a departure from a treasury regulation or from any condition imposed in terms of this Act.
2. Non-compliance with a regulation made in terms of section 168, or with a condition imposed by the National Treasury in terms of this Act, may on good grounds shown be condoned by the Treasury.

7.5. Section 177(1) of the MFA, Delays and exemptions states that The Minister may by notice in the Gazette—

(b) where practicalities impede the strict application of a specific provision of this Act, exempt any municipality or municipal entity from, or in respect of, such provision for a period and on conditions determined in the notice.

8. POLICY DIRECTIVE DETAILS

8.1. Unforeseen and unavoidable expenditure (MFMA Section 29)

1. *The mayor of a municipality may in emergency or other exceptional circumstances authorise unforeseeable and unavoidable expenditure for which no provision was made in an approved budget.*
2. *Any such expenditure-*
   - *(a) Must be in accordance with any framework that may be prescribed;*
   - *(b) May not exceed a prescribed percentage of the approval annual budget;*
   - *(c) Must be reported by the mayor to the municipal council at its next meetings; and*
   - *(d) Must be appropriated in an adjustments budget.*
3. *If such adjustments budget is not passed within 60 days after the expenditure was incurred, the expenditure is unauthorised and section 32 applies.*

8.2. Authorisation of unforeseen and unavoidable expenditure (MBRR Regulation 71)

1. *The mayor of a municipality may authorise expenditure in terms of section 29 of the Act only if-*
   - *(a) The expenditure could not have been foreseen at the time the annual budget of the municipality was passed; and*
   - *(b) The delay that will be caused pending approval of an adjustments budget by the municipal council in terms of section 28(2)(c) of the Act to authorise the expenditure may –*
     - i. *result in significant financial loss for the municipality;*
     - ii. *cause a disruption or suspension, or a serious threat to the continuation, of a basic municipal service;*
     - iii. *lead to loss of life or serious injury or significant damage to property; or*
     - iv. *obstruct the municipality from instituting or defending legal proceedings on an urgent basis.*

2. *The mayor of a municipality may not authorise expenditure in terms of section 29 of the Act if the expenditure -*
   (a) was considered by the council, but not approved in the annual budget of the municipality or an adjustments budget;
   (b) is required for -
      i. *price increases of goods or services during the financial year;*
      ii. *new municipal services or functions during the financial year;*
      iii. *the extension of existing municipal services of functions during the financial year;*
      iv. *the appointment of personnel during the financial year; or*
      v. *allocating discretionary appropriations to any vote during the financial year; or*
   (c) would contravene any existing council policy; or
   (d) is intended to ratify irregular or fruitless and wasteful expenditure.

8.3. Monetary limits on unforeseen and unavoidable expenditure as set out in the MBRR Regulation 72 and applicable to the City:
The amount of expenditure that a mayor of a municipality may authorise in terms of section 29 of the Act is limited to –
(c) R15 million in the case of a municipality with approved total revenue in its current annual budget greater than R500 million.

9. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY

This policy framework is important for financial compliance of the City. It provides for an all-inclusive administrative procedure for the management of unforeseeable and unavoidable expenditure.

9.1 This policy will come into effect once it has been approved at Council.

9.2 In terms of section 17(1) (e) of the MFMA this policy must be reviewed on an annual basis and the reviewed policy must be tabled at Council for approval as part of the budget process.

9.3 Changes in legislation must be taken into account for future amendments to the policy.

POLICY GOVERNING PLANNING AND APPROVAL OF CAPITAL PROJECTS

2022/23 BUDGET (MAY 2022)

TABLE OF CONTENTS

1. DEFINITIONS AND ABBREVIATIONS 3
2. PURPOSE 4
3. PROBLEM STATEMENT 4
4. DESIRED OUTCOME 4
5. ROLE PLAYERS AND STAKEHOLDERS 5
6. STRATEGIC FOCUS AREAS 6
7. REGULATORY CONTEXT 6
8. CAPITAL BUDGET 8
9. BASIS OF CAPITAL BUDGET 9
10. FUNDING A MUNICIPAL CAPITAL BUDGET 10
11. SOURCES OF FUNDING 10
12. IMPLEMENTATION, EVALUATION AND REVIEW 11

1. DEFINITIONS AND ABBREVIATIONS

In this policy unless the context indicates otherwise -

"Accounting Officer" in relation to a municipality, means the municipal official referred to in section 60 of the MFMA. The municipal manager of a municipality is the accounting officer of the municipality for the purpose of this Act.

"Annual Division of Revenue Act (DORA)" means the Act of Parliament, which must be enacted annually in terms of section 214 (1) of the Constitution.

"Approved budget" means an annual budget-

(a) approved by a municipal council, or

(b) approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution, and includes such an annual budget as revised by an adjustments budget in terms of section 28 of the MFMA.

"Budget Year" means the financial year for which an annual budget is to be approved in terms of section 16 (1) of the MFMA.

"City" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No 479 of 22 September 2000 issued in terms of the Local Government Municipal Structures Act 1998 or any structure or employee of the City acting in terms of delegated authority.

"Council" means the council of a municipality referred to in section 18 of the Municipal Structures Act.

"CPPPM" means Corporate Project Programme Portfolio Management.

"DORA" means Division of Revenue Act

"MBRR" means Municipal Budget and Reporting Regulations.

"MFMA" means Local Government Municipal Finance Management Act No. 56 of 2003.

"Financial Year" means the municipal financial year starting on 1 July and ending on 30 June.

"Municipality"

(a) when referred to as a corporate body, means a municipality as described in section 2 of the Municipal Systems Act; or

(b) when referred to as a geographic area, means a municipal area determined in terms of the Local Government: Municipal Demarcation Act, 1998 (Act No. 27 of 1998).

"National Treasury" means the National Treasury established by section 5 of the Public Finance Management Act.

2. PURPOSE

2.1 This policy aims to provide guidelines through which directorates can plan and obtain approval of projects of a capital nature.

2.2 This policy is required in terms of regulation 7 of the Municipal Budget and Reporting Regulations (MBRR).

3. PROBLEM STATEMENT

The MFMA replaced the antiquated system of local government finance inherited from the previous rules-bound dispensation in 1994, which focused on rules and procedures rather than on sound outcomes. These practices included one-year, detailed line-item budgets, which did not allow for forward-planning or long-term strategic planning. Previous practices were one dimensional, financial processes that were generally centrally controlled by prescribed bureaucratic rules and regulations that stifled managerial efficiency, inhibiting innovation and information and often resulting in poor decision-making and a passive approach to financial management generally.

Financial planning within municipalities tended toward short-term outputs that were not necessarily integrated into long-term outcomes. Budgets typically catered for immediate demands with little or no view to future needs or the future consequences of particular decisions.

4. DESIRED OUTCOME

The MFMA aims to modernise budget and financial management practices in municipalities in order to maximise the capacity of the municipalities to deliver services to all their residents, customers and users. It also gives effect to the principle of transparency as required by sections 215 and 216 of the Constitution. The MFMA therefore supplements conventional procedural rules with a performance- based system focusing on outputs and measurable objectives, to enable municipalities to maximise their capacity for service delivery.

The MFMA empowers councilors to play their constitutional role as politically elected representatives of the community and residents by approving policies and budgets proposed by the executive mayor or committee and then overseeing the performance of the municipality in implementing these policies and budgets.

All these various roles are possible only because of the reporting requirements of the MFMA, as the Act recognises that effective service delivery is possible only with good-quality and timely management information. Such information allows management to be proactive, identifying and solving problems as they arise. The challenge facing all stakeholders is their capacity to use the information produced in terms of the MFMA to improve the efficiency and effectiveness of the service delivery of the municipality.

5. ROLE PLAYERS AND STAKEHOLDERS

In order to implement and give effect to the approved Capital budget the relevant role players and their respective powers, duties and responsibilities are listed below:

5.1 Budgets department

(a) Responsible for administrative and technical guidance in terms of the compilation of the Capital Budget; and

(b) Review of this policy, in consultation with relevant stakeholders, to ensure maximum compliance in terms of legislation.

5.2 Directorates and departments:

In consultation with their relevant Executive Director, MayCo member and portfolio committee are required to inform the Budgets department of their proposed budget. These inputs are coordinated through the Strategic Management Framework.

5.3 Executive Management Team

in consultation with the Mayor and Mayco are required to facilitate integration by making provision for four review points between the Strategic Alignment, Programmes, Project and Budgets as part of the Strategic Management Framework.

5.4 Municipal Council

Responsible for the approval of the Capital Budget.

5.5 Corporate Project Programme Portfolio Management (CPPPM)

All projects proposed for inclusion on the capital budget are assessed against an implementable delivery plan to comply with, inter alia, implementation readiness, tender readiness (must be on the City's Demand Plan), strategic alignment and capacity to implement.

6. STRATEGIC FOCUS AREAS

6.1 The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

6.2 This policy supports the following priority/foundation area, objective and programme:

6.2.1 Foundation 3 – Objective 16: A Capable and collaborative City government and
Programme 16.1: Operational sustainability Programme.
This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

7. REGULATORY CONTEXT

7.1 This policy must be read, analysed, interpreted, implemented and understood against this legislative background. The budget plays a critical role in an attempt to realise diverse community needs taking into account the IDP process. The formulation of a municipal budget should also take into account the government's macro-economic and fiscal policy fundamentals.

7.2 Section 16 of the MFMA states that "*the council of a municipality must for each financial year approve an annual budget for the municipality before commencement of that financial year. According to section 16(2), in order to comply with section 16(1), the executive mayor of the municipality must table the annual budget at a council meeting at least 90 days or earlier before the start of the budget year*."

7.3 Section 18 of the MFMA which relates to funding of expenditure states that:

"18.(1) An annual budget may only be funded from-

(a) realistically anticipated revenues to be collected;

(b) cash-backed accumulated funds from previous years' surpluses not committed for other purposes; and

(c) borrowed funds, but only for the capital budget referred to in section 17(2).

(2) Revenue projections in the budget must be realistic, taking into account-

(a) projected revenue for the current year based on collection levels to date; and

(b) actual revenue collected in previous financial years."

7.4 Section 19 of the MFMA states that for capital projects –

"19.(1) A municipality may spend money on a capital project only if –

(a) the money for the project, excluding the cost of feasibility studies conducted by or on behalf of the municipality, has been appropriated in the capital budget referred to section 17(2);

(b) the project, including the total cost, has been approved by the council;

(c) Section 33 has been complied with, to the extent that that section may be applicable to the project; and

(d) the sources of funding have been considered, are available and have not been committed for other purposes.

(2) Before approving a capital project in terms of subsection (1) (b), the council of a municipality must consider -

(a) the total projected cost covering all financial years until the project is operational; and

(b) the future operational costs and revenue on the project, including municipal tax and tariff applications.

(3) A municipal council may in terms of section19 (1) (b) approve capital projects below a prescribed value either individually or as part of consolidated capital programme."

7.5 Regulation 13 of the MBRR on the approval of capital projects[1] states that:

[1] The MFMA must be read in conjunction with the Municipal Budgeting and Reporting Regulations (MBRR) as it provides further clarity on matters that are prescribed in the MFMA. Section 19 of the MFMA regulates budgetary matters in relation to capital projects. In terms of section 19(1)(b) a municipality may not spend any money on a capital project unless the council has approved the specific project including the total cost. Section19 (3), however, provides that capital projects below a prescribed value may be approved either individually or as part of a consolidated capital programme.

"(1) Within ten working days after the municipal council has given individual approval for a capital project in terms of section 19(1)(b) of the Act, the municipal manager must in accordance with section 21A of the Municipal Systems Act make public-

(a) The municipal council resolution approving the capital project; and

(b) Details of the nature, location and total projected cost of the approved capital project.

(2) The following capital projects may be approved by council either individually or as part of a consolidated capital programme as contemplated in section 19(3) of the Act:

(c) Capital projects of which the total projected cost is below R50 million, in the case of a municipality with approved total revenue in its current annual budget greater than R500 million[2].

(3) Subregulation (1) does not apply to capital projects whose total projected cost when the annual budget is approved is below the values set out in subregulation (2).

(4) Expenditure needed for capital projects below the values set out in subregulation (2) may be included in the annual budget before the project is approved in terms of section 19(3) of the Act."

8. CAPITAL BUDGET

The City's capital budget is compiled, amended and maintained in accordance to:

(a) Generally Recognised Accounting Practice (GRAP) principles and statements;
(b) Relevant legislations: e.g. MFMA and chapter 4 of Systems Act;
(c) National Treasury – MFMA circulars and budget regulations;
(d) Division of Revenue Bill/Act (DORA);
(e) The City's Asset Management policy;
(f) The Integrated Development Plan (IDP);
(g) Municipal Standard Chart of Accounts (mSCOA); and
(h) Strategic Management Framework (SMF) and any other City strategies frameworks.

[2] Capital projects of which the total projected cost is above these values must be approved individually by the council in terms of section 19(1)(b) of the Act

9. BASIS OF CAPITAL BUDGET

9.1 The zero based method is used when proposing new capital projects, except in cases where a contractual commitment has been made that would span over more than one financial year.

9.2 All capital projects must be funded from realistically anticipated revenue.

9.3 Capital Projects with a value of R10 million or more are to be assessed through a stage gate review process to ensure they are strategically aligned, viable and implementable.

9.4 No capital project will be approved for inclusion into the capital budget unless it is accompanied by the total project cost and operating impact covering all financial years the project is operational and a cash flow for the project. Projects with a total project cost in excess of R50 million must be approved individually. In addition, Council must consider the likely impact of such operational expenses on future property rates and service tariffs.

9.5 The consequence of the operating impacts should be carefully analysed by directorates when proposing a new capital project for inclusion on an annual budget, such impacts includes finance charges to be incurred on external loans, depreciation of the fixed asset, maintenance on fixed assets and any other operating expenditure.

9.6 Expenditure of a project shall be included in the capital budget, if it is probable that future economic benefits or service potential associated with the asset will flow to the municipality; the cost or fair value of the asset to the municipality can be measured.

9.7 The budget approved by Council for assets must clearly distinguish between upgrading, renewal and new assets.

9.8 A municipality may spend money on a capital approval object only if the money for the project has been appropriated in the capital budget.

9.9 The envisaged sources of funding for the capital budget must be properly considered and the Council must be satisfied that this funding is available and not been committed for other purposes.

9.10 During the Draft Budget process, carry-over of capital projects from the previous year will be considered for inclusion if they fall within the existing levels of the capital budget. Directorates must identify carry – over budget requests during the mid-year budget and performance assessment and subsequent adjustments budget process.

9.11 All Ward allocation projects will be included once supported by the relevant Subcouncil and Subcouncil resolution sent to the Budgets department.

9.12 All projects (excluding Ward Allocations projects) included in the proposed capital budget which were not previously approved by Council must be fully supported by the relevant Mayoral Committee Member and Executive Director and not prejudice any committed projects.

9.13 The proposed capital budget and capital programme which is submitted to the Budgets Department by the directorates must by aligned to the IDP and any other special policy decision.

9.14 The City adopted the programme budgeting methodology.

9.15 Capital projects must, through readiness assessment demonstrate an implementable delivery plan (including project readiness screening and inclusion on the contract demand plan, as relevant).

10. FUNDING A MUNICIPAL CAPITAL BUDGET

10.1 A fundamental element to planning is funding of the proposed project. The budget should be funded in accordance with the section 18 of the MFMA.

11. SOURCES OF FUNDING

11.1 Revenue

If the project is to be financed from surplus funds, then there must be sufficient cash available for the implementation of the project.

11.2 External Financing Fund (EFF)

EFF is the borrowed component (loans) of capital funding, which is linked to the life expectancy of the asset. In the case of the City it is linked to the City's borrowing programme and earmarked for long-term use. External loans can be raised only if it is linked to the financing of an asset.

11.3 Capital Replacement Reserve (CRR)

In order to finance the acquisition of property, plant and equipment and other assets from internal sources, cash amounts are transferred from the accumulated surplus to the CRR in terms of a Council resolution. No funds can be transferred into the CRR unless approved by Council. The following guidelines are set for the creation and utilisation of the CRR:

(a) The cash funds that back up the CRR are invested until utilised.

(b) The CRR may only be utilised for purchasing items of property, plant and equipment, and may not be used for their maintenance/repair, unless otherwise directed by Council.

(c) The CRR may only be utilised to the extent of funds available in the relevant CRR.

11.4 Grant Funding

11.4.1 Government grants

Municipalities receive allocations from National Treasury and Provincial Treasury. These grants are approved and published in the Division of the Revenue Act (DORA) and Western Cape Government Gazette respectively and must be included in the Municipal Capital Budget program. Grant funding from national and provincial departments, other than those allocations reflected in the DoRA and Provincial Gazette, should be secured by way of a legal binding agreement before spending can take place.

11.4.2 Public contributions

The City receives grants from various private donors for capital (and operating) projects, which must be secured by way of a legal binding agreement before spending can take place.

11.4.3 Criteria when using grant funding

11.4.3.1 Government- and public contributions conditional grant funds must be used in terms of the grant conditions, failing which, the grant funds must be returned to the grantor.

11.4.3.2 Interest earned on the investment of conditional grant funds shall be capitalised if it is a stipulation as set out in the grant agreement. In all other cases, the interest earned on grant funds is recognized as revenue. Capital expenditure funded by grants must be budgeted for in the capital budget.

12. IMPLEMENTATION, EVALUATION AND REVIEW

12.1 This policy shall be implemented once approved by Council.

12.2 In terms of section 17(3)(e) of the MFMA this policy must be reviewed on annual basis and the reviewed policy tabled to Council for approval as part of the budget process.

12.3 Changes in legislation must be taken into account for future amendments to this policy. Any amendments to this policy must be re-submitted to council for review and approval.

1. DEFINITIONS

In this Policy, unless the context indicates otherwise –

"City" means the City of Cape Town, a municipality established by Government Notice No. 479 of 22 September 2000 issued in terms of section 12 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998).

"Council" means the municipal council of the City of Cape Town.

"Councillor" means a member of Council.

"Delegated Authority" means any person or committee delegated with authority in terms of legislation, regulatory framework and/or the City's System of Delegations.

"Delegation" in relation to a duty, includes instruction or request to perform or assist in performing the duty, and "delegate" has a corresponding meaning.

"**Integral part of the City's business model"** means contributing to the City's external and internal environment, example:

(a) external environment – political, economical, social, technological, environmental and legislative; and

(b) internal environment – customers, partners, alliances, communications, strategy, policy, suppliers, cost structures, governance, revenue streams, communications process and business activities.

"Official" means:

(a) an employee of a municipality or municipal entity;

(b) a person seconded to a municipality or municipal entity to work as a member of the staff of the municipality or municipal entity; or

(c) a person contracted by a municipality or municipal entity to work as a member of the staff of the municipality or municipal entity otherwise than as an employee;

and excludes an Accounting Officer as defined in the MFMA.

"Political office bearer" means the speaker, executive mayor, executive deputy mayor, chairperson of a section 79 committee, mayoral committee member, sub-council chairperson, and chief whip as referred to in the Determination of Upper Limits of Salaries, Allowances and Benefits of different Members of Municipal Councils issued in terms of the Remuneration of Public Office Bearers Act (Act 20 of 1998).

"Regulations" means the Local Government: Municipal Finance Management Act, 2003: Municipal Cost Containment Regulations, 2019.

"Sub-vote" means one of the segments below the main segment (vote /directorate) into which a budget of a municipality is divided for the appropriation of money – a sub-vote / department in the City is set at departmental level.

"Vote" means one of the main segments (directorates) into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality - a vote in the City is set at directorate level.

2. INTRODUCTION

The Minister of Finance announced during the February 2016 Budget Speech and the October 2016 Medium Term Budget Policy Statement (MTBPS) that the National Treasury would issue regulations on cost containment measures for local government. This is in line with national government's policy to implement cost-saving measures across the three spheres of government to assist in re-prioritising expenditure and freeing up resources that can be better targeted towards service delivery.

The Draft Regulations were first published for public comment on 16 February 2018. The Regulations were finalised and published on 7 June 2019 in the Government Gazette, with the effective date being 1 July 2019.

Section 168(1)(b) and (p) of the Municipal Finance Management Act ("Act") provides that the Minister may regulate financial management and internal control and any other matter that may facilitate the enforcement and administration of the Act. The Regulations are aimed at ensuring that the resources of municipalities are used effectively, efficiently and economically.

The Regulations form part of cost-cutting measures by the state. It also sets out instructions for the City to develop its own cost containment policy as a minimal measure to ensure good governance. This Policy must provide for monitoring measures, procedures for review, and consequences for non-adherence. It must be reviewed annually and communicated on the City's website.

The National Treasury Circular No. 97 has been considered and leading practices have been included in this policy.

3. PROBLEM STATEMENT

In terms of the legal framework, elected councils and accounting officers are required to institute appropriate measures to ensure limited resources and public funds are appropriately utilised to ensure that value for money is achieved in fulfilling the municipality's mandate.

4. PURPOSE OF THE POLICY

The purpose of this Policy is to direct the City on cost containment measures that must be implemented in an effort to ensure that resources of the City are used effectively, efficiently and economically.

5. APPLICATION OF POLICY

5.1. This Policy applies to the accounting officer, all officials, political office bearers and all councillors in the City.

5.2. The cost containment measures are intended to eliminate wastage of public resources on non-service delivery items, and to enhance service delivery models through measures such as curtailing costs.

6. DESIRED OUTCOMES

6.1. To ensure that the resources of the City are used effectively, efficiently and economically; and

6.2. To implement cost containment measures to monitor and reduce spending in areas as determined within this Policy.

7. REGULATORY FRAMEWORK

7.1. This Policy must be read in conjunction with:

7.1.1. Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003);

7.1.2. The Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003) – Municipal Cost Containment Regulations, 2019;

7.1.3. City By-Laws;

7.1.4. City Policies;

7.1.5. Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998);

7.1.6. Municipal Supply Chain Management Regulations, 2005 (SCM Regulations); and

7.1.7. Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings, 2014.

8. STRATEGIC FOCUS AREA

8.1. The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing

5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

8.2. This Policy supports the following priority/foundation area, objective and programme:

8.2.1. Foundation 3 – Objective 16: A Capable and collaborative City government and

Programme 16.1: Operational sustainability Programme.

This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

9. GUIDING PRINCIPLES

9.1. This Policy will apply to the procurement of the following goods and services:

9.1.1. Use of Consultants;

9.1.2. Vehicles used for political office-bearers;

9.1.3. Travel and subsistence;

9.1.4 Domestic Accommodation;

9.1.5. Credit Cards;

9.1.6. Sponsorships, events and catering;

9.1.7. Communication;

9.1.8. Conferences, meetings and study tours; and

9.1.9. Other related expenditure items.

10. USE OF CONSULTANTS

10.1. The prescripts and limitations set out in Regulations 5(1) to 5(9) apply, read together with the MFMA, the SCM Regulations and the City's Supply Chain Management ('SCM') Policy.

10.2. Regulation 5 does not prohibit the use of consultants but requires that before the services of consultants are procured, the need thereof must be assessed against the available internal capacity for the specific services required.

10.2.1. The criteria for such assessment is contained in the Consultant Assessment to be completed.

10.2.2. The practice of procuring consultants on a percentage fee is not permitted.

10.2.3. The Consultant Assessment Form is to be attached to the Bid Initiation Form and submitted to SCM.

10.3. To give effect to regulation 5(1) the following must be addressed in the request for the appointment of consultants:

10.3.1. whether there are legislative requirements for consultants to be appointed;

10.3.2. whether the specialized consultant skills are not ordinarily required (day-to-day operations) by the City;

10.3.3. whether it is necessary to maintain these skills in-house i.e. does a skills transfer programme apply or is the demand a once-off or on a temporary basis (including an intermittent service);

10.3.4. the urgency, in terms of time-based demands, example statutory reporting deadlines and / or specialist's skillsets not part of the skillset of the fulltime City employee resources, and should be detailed in the SCM specification; and

10.3.5. The remuneration framework, as adopted by the accounting officer, must include remuneration guidelines, appropriate for the consulting services being procured, determined by bodies such as those contained in the following non-exhaustive list:

10.3.5.1. Auditor-General of South Africa (AGSA);

10.3.5.2. Department of Public Service and Administration (DPSA);

10.3.5.3. Any applicable regulatory body; or

10.3.5.4. Any other applicable body, institution, research institution etc.

10.4. It is always advisable to negotiate lower rates than the maximum.

10.5. In respect of the centralised provision for uncommitted consultants provided for within Rates/Tariff Funded services per vote or sub-vote as determined by the Budgets department, the following will apply:

10.5.1. To access this provision, a covering report (with financial implications), for approval by the respective Executive Director, must be drafted to include, inter alia, the following:

10.5.1.1. the Consultant Assessment (referred to above); and

10.5.1.2. the funding required.

10.6. Once approved, a virement must be prepared to transfer the funds to the requesting function's budget within the Vote or Sub-vote.

10.7. Each Directorate must develop and maintain a consultancy reduction plan to reduce the reliance on consultants.

11. VEHICLES USED FOR POLITICAL OFFICE-BEARERS

11.1. The prescripts and limitations set out in Regulations 6(1) to 6(6) covering the conditions and purchases of vehicles used for political office-bearers, read together with other related City Policies such as the Fleet Management Policy, must be duly considered by the Director: Fleet Management before procuring such vehicles.

11.2. As part of demand management, market research must first be conducted taking into account the National Government transversal contract and must use the transversal contract mechanism to procure vehicles in order to realise the actual cost savings already negotiated under the contract if this is the cheaper option after all associated costs have been taken into account (the most cost effective option must be exercised)

11.3. In addition, consideration must be given to the City's Fleet Management – Procurement Strategy, including service and maintenance options and requirements for fleet workshop demand management.

12. TRAVEL AND SUBSISTENCE

12.1. The prescripts and limitations set out in Regulations 7(1) to 7(7) apply, read together with the following:

12.1.1. The City's Travel Management Policy sets out the cost containment measures relating to travel and subsistence within the City.

12.1.2. The City's delegations and related report templates for travelrequests.

12.2. Despite the provisions of regulation 7(6)(c) officials travelling in groups of five or more may hire a larger vehicle than allowed for in Group B as this would be more cost effective.

12.3. Employees can accept upgraded group of hired vehicles if such an upgrade is offered with no extra charge or at a lower charge than a Group B vehicle.

12.4. To avoid unnecessary travelling and subsistence costs, telephone and video conferencing facilities must be used, where possible.

12.5. International travel must be identified and motivated with justification that the meeting / event is critical and in the interest of the City.

13. DOMESTIC ACCOMMODATION

13.1. The prescripts and limitations set out in Regulations 8(1) to 8(2) apply, read together with the following:

13.1.1. The City's Travel Management Policy sets out the cost containment measures relating to domestic accommodation within the City.

13.1.2. The City's delegations and related report templates for travel.

13.2. The relevant delegated authority may approve accommodation costs that exceed an amount as determined from time to time by National Treasury under the following circumstances -

13.2.1. during peak holiday periods, or

13.2.2. when major local or international events are hosted in that particular geographical area resulting in an abnormal increase in the number of local/international guests in that particular geographical area.

13.3. Subject to clause 13.4 overnight accommodation may only be booked where the total travel (return trip) exceeds 500 kilometers.

13.4. When an event exceeds one day and where the travel does not exceed 500 kilometers per day, the delegated authority may authorise overnight accommodation, should such alternative result in the most suitable (reasonableness applies) outcome for the attendee.

14. CREDIT CARDS

The City will not issue any credit cards, except for the travel office to be utilised for travel arrangements.

15. SPONSORSHIPS, EVENTS & CATERING

15.1. The prescripts and limitations set out in Regulations 10(1) to 10(7) apply, read with:

15.1.1. The City's Attendance of Seminars, External Meetings, Workshops and Conferences System and Procedure;

15.1.2. The City's Catering and Beverage Provision Policy;

15.1.3. Sponsorships clause in the SCM Policy;

15.1.4. Entertainment and Gift Giving Policy or specific directives to this effect; and

15.1.5. Council delegations, relevant report templates for travel and City forms.

15.2. Catering

15.2.1. Catering expenses shall require prior approval.

15.2.2. Regulation 10(1) does not apply to any meeting that will be attended by an external person(s).

15.2.3. Regulation 10(2) finds application in the following instances:

15.2.3.1. Council

15.2.3.2. Meetings in preparation for Council

15.2.3.3. Caucus meetings

15.2.3.4. Portfolio Committee meetings are not included in Regulation 10(2).

15.2.4. In terms of Regulation 10(2) the duration of the meeting will be a determining factor, i.e. exceeding 5 hours.

15.2.5. Regulation 10(2) applies to meetings hosted by the accounting officer.

15.2.6. Meetings must, where possible, be structured in such a way that catering is not required.

15.2.7 For catering not included in the above the City's SCM processes will apply.

15.2.8 Corporate branded items, at the expense of the City, shall only be permitted if the use thereof is an integral part of the City's business model.

15.3. Events & Sponsorships

15.3.1 Expenditure to host farewell functions in recognition of officials who retire after serving the City for twenty or more years or retire on grounds of ill health may not exceed a total cost of R2 000 (VAT included).

15.3.2. The approval of farewell events within a directorate shall be exercised by the respective Executive Director.

16. COMMUNICATION

16.1. The prescripts and limitations set out in Regulations 11(1) to 11(4) apply.

16.2. When placing adverts, the City will as far as possible only use newspapers with a readership base predominantly in the City's geographical area and focus on newspapers targeted at the communities.

16.3. The advertisement must be in single colour as far as possible.

16.4. Despite Regulation 11(3), newspaper and other related publications will be available where it is the most effective and efficient format in the interest of the reader, based on personal professional preference / needs.

17. CONFERENCES, MEETINGS AND STUDY TOURS

17.1. The prescripts and limitations set out in Regulations 12(1) to 12(10) apply, read with

17.1.1. The City's Attendance of Seminars, External Meetings, Workshops and Conferences System and Procedure; and

17.1.2. The Travel Management Policy.

17.2. The City's Attendance of Seminars, External Meetings, Workshops and Conferences System and Procedure sets out the cost containment measures relating to conferences, meetings and study tours.

17.3. The following shall apply to conferences and events attendance requests, where attendance is in person or via virtual means:

17.3.1. Regulation 12 does not apply to training/conferences or workshops where Continuing Professional Development (CPD) points are earned, however for such training / conferences or workshops due care must be taken to ensure costs are kept at a minimum and staff rotation occurs;

17.3.2. Early bird registration discount must be considered. If an early bird discount opportunity has been missed, reasons for missing it must be included in the request;

17.3.3. The total cost of attendance by officials may not exceed three times the amount determined in 17.3.8 below;

17.3.4. The total cost for attendance by politicians may not exceed three times the amount determined in 17.3.8 below;

17.3.5. The role and responsibility of each attendee, including the possibility of attendee rotational opportunities, provided it is cost effective;

17.3.6. All attendees, including rotational attendees, must be included in the report and the report should emphasise the value gained by the opportunity of multiple attendees;

17.3.7. The attendee costs of a conference must be reasonable based on benchmarking (similar conferences) costs and will incorporate continuous professional development attendance needs and is the discretion of the delegated authority;

17.3.8. The benchmark cost for attendance of conferences is currently two thousand five hundred rand (R2 500) per person, including attendance by virtual means;

17.3.9. Should the cost exceed the costs determined in terms of clause 17.3.8, the accounting officer may approve attendance after considering the benefit to the City;

17.3.10. The report requesting approval to attend the conference, meeting or study tour must include appropriate benchmarking motivations (a comparison of previous similar professional bodies to be attached to the report to the delegated authority);

17.3.11. Conferences, workshops, meetings etc. via webinars or any other virtual platform shall be approved by the relevant Executive Director; and

17.3.12. Where attendance of conferences, workshops and meetings via virtual means costs less than the amount determined in 17.3.8, then more officials and politicians may attend provided that the –

a) total cost for attendance by officials does not exceed three times the amount determined in 17.3.8;

b) total cost for attendance by politicians does not exceed three times the amount determined in 17.3.8; and

c) operational impact is managed in terms of exigency of service.

17.4 To avoid unnecessary logistical costs, telephone and video conferencing facilities must be used, where possible.

18. OTHER RELATED EXPENDITURE ITEMS

18.1. The prescripts and limitations set out in Regulations 13(1) to 13(7) apply, read with:

18.1.1. The City's Overtime and Payment for Work on Sundays and Public Holidays System and Procedure;

18.1.2. The City's SCM Policy;

18.1.3. The Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998);

18.1.4. Asset Management Policy; and

18.1.5. SALGA Labour Relations Act Discipline System and Procedure.

18.2. To curb overtime costs line managers must assess overtime and pursue the option of permanent shift coverage in areas where frequent/excessive overtime costs are incurred.

19. MONITORING MEASURES

Each Executive Director must put monitoring measures in place to ensure that the cost containment measures are strictly adhered to in their respective directorates.

20. ENFORCEMENT PROCEDURES

20.1. Failure to implement or comply with this Policy may result in the accounting officer, any official, councillor or political office-bearer that has authorised or incurred any expenditure contrary to those stipulated herein being held liable for financial misconduct as set out in Chapter 15 of the Act read with the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings, 2014.

20.2. Consequence measures will be applied in accordance with the City's Consequence Management Policy read with clause 23 of this Policy.

21. DISCLOSURES OF COST CONTAINMENT MEASURES

21.1. The disclosure of annual costs savings will be included in the Integrated Annual Report.

21.2. The quarterly reporting of the measures implemented and aggregate amounts saved per quarter, reprioritisation of cost savings and implementation of the cost containment measures will included in the MFMA Section 52 report prepared by the Budgets department and will be submitted to the Financial Portfolio Committee, the Executive Mayor together with the Mayoral Committee and Council.

21.3. The report referred to in clause 21.2 will be copied to National- and Provincial Treasury within seven calendar days after the report is submitted to Council.

22. IMPLEMENTATION

The accounting officer is to communicate this Policy for application in the City to ensure adherence with the reporting procedures and requirements.

23. CONSEQUENCES FOR NON-ADHERENCE TO THE COST CONTAINMENT MEASURES

23.1. Any person must report an allegation of non-compliance with this Policy to the accounting officer.

23.2. The accounting officer must consider the allegations and determine whether to investigate same.

23.3. If the accounting officer determines the allegations are of a serious nature, a full investigation must be conducted by a relevant body as determined by the accounting officer.

23.4. After completion of a full investigation, by the relevant body a report on the investigation outcome must be compiled and submitted to the accounting officer on:

23.4.1. findings and recommendations; and

23.4.2. whether disciplinary steps should be taken against the alleged transgressor.

23.5. The accounting officer must table the report with recommendations to the Council.

23.6. Subject to the outcome of the Council decision the accounting officer must implement the recommendations.

24. REVIEW PROCESS

24.1. This Policy will be reviewed at least annually, alongside the budget approval process, or when required by way of Council resolution, or when an update is issued by National Treasury.

24.2. Such a review will consider -

24.2.1. any new/revised cost containment measures that should be applied;

24.2.2. quantum of cost containment achieved;

24.2.3. any impact of cost containment on service delivery;

24.2.4. material outcomes of non-compliance investigations; and

24.2.5. alignment with other related policies of council.

1. DEFINITIONS AND ABBREVIATIONS

"**City**" means the City of Cape Town, a municipality established by the City of Cape Town Establishment Notice No. 479 of 22 September 2000, issued in terms of the Local Government: Municipal Structures Act, 1998, or any structure or employee of the City acting in terms of delegated authority;

"**Council**" means the Municipal Council of the City;

"**Companies Act**" means the Companies Act 2008 (Act No.71 of 2008)

"Director" means a director serving on the board of directors of a municipal entity;

"**IDP"** means the Integrated Development Plan that provides the strategic framework on the City's strategic objectives

"Mayco" means the Mayoral Committee appointed in terms of section 60 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998);

"MFMA" means the Local Government: Municipal Finance Management Act, 2003 (Act No.56 of 2003);

"Municipal entity" means –

(a) A municipal entity referred to in section 86B (1) (a) of the Systems Act;

"Municipal representative" means a councillor or official who has been designated as such in terms Section 93D of the Systems Act to –

(a) represent the City's as a non-participating observer at meetings of the board of directors of the municipal entity concerned; and
(b) attend shareholder meetings and to exercise the City's rights and responsibilities as a shareholder, together with such other councillors or officials that Council may designate as representatives.

"Municipal Representative (councillor)" means a councillor who has been designated as a municipal representative.

"Municipal representative (official)" means an official who has been designated as a municipal representative.

"Audit and Performance Audit Committee" means the Audit and Performance

Audit Committee of the City appointed in terms of Regulation 14(2) of the Municipal Planning and Performance Management Regulations made in terms of the Systems Act.

"Systems Act" means the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000).

"**SDBIP"** means the Service Delivery and Budget Implementation Plan

2. PROBLEM STATEMENT

As parent municipality, the City is responsible for oversight and monitoring of its municipal entities.

3. STRATEGIC FOCUS AREAS

3.1 The City's Five Year IDP (2022-2027) identifies six priorities and three foundation areas, which support the vision of creating a City of Hope and provide a solid foundation for the articulation of service delivery. The priorities and foundation areas are:

Priority:

1. Economic Growth
2. Basic Services
3. Safety
4. Housing
5. Public Space, Environment and Amenities
6. Transport

Foundation:

1. A resilient City
2. A more spatially integrated and inclusive City
3. A capable and collaborative City government

The City has identified linked objectives and programmes within the above areas.

3.2 This policy supports the following priority/foundation area, objective and programme:

3.2.1 Foundation 3 – Objective 16: A Capable and collaborative City government and
Programme 16.1: Operational sustainability Programme.
This programme aims to ensure financial sustainability and procurement excellence based on

- Strategy-led budgeting initiative;
- Functional assignments reform initiative;
- Programme and project impact assessment initiative; and
- Effective supply chain management initiative.

4. ROLE PLAYERS AND STAKEHOLDERS

4.1 Municipal entity, including -

(a) the boards of directors and administration;
(b) Chairpersons of the Boards of Municipal Entities;
(c) Accounting Officers of Municipal Entities; and
(d) Members of the Audit and Risk Committees.

4.2 City -

(a) Executive Mayor;
(b) Mayco Members who have oversight of municipal entities;
(c) Audit and Performance Audit Committee;
(d) Municipal Representatives; and
(e) Line Departments of the City.

5. REGULATORY CONTEXT

The City, as parent municipality to its municipal entities, is required to monitor and have oversight of the entities. As part of its oversight role, the City aims to adopt a framework for appointing directors to the boards of the municipal entities. This Municipal Entity policy sets out –

(a) The legal imperatives as required by the Systems Act, MFMA and the Companies Act.
(b) The authorisations needed to effectively monitor and conduct the necessary oversight of the municipal entities.
(c) How the City's rights and responsibilities as a shareholder are exercised.

5.1 Parent municipalities and municipal entities are governed by Chapter 8A of the Systems Act and in terms of the MFMA, particularly Chapter 10. Where municipal entities are companies, the requirements of the Companies Act must also be considered and applied.

5.2 Section 56 of the MFMA provides for the oversight framework:

"(1) The mayor of a municipality which has sole or shared control over a municipal entity, must guide the municipality in exercising its rights and powers over the municipal entity in a way—

(a) that would reasonably ensure that the municipal entity complies with this Act and at all times remains accountable to the municipality; and

(b) that would not impede the entity from performing its operational responsibilities."

5.3 Section 93D of the Systems Act requires that the *Council of the City must designate a councillor or an official of the City or both, as the representative or representatives of the City –*

(a) to represent the City as a non-participating observer at meetings of the board of directors of the municipal entity concerned;

(b) to attend shareholder meetings; and

(c) to exercise the City's rights and responsibilities as shareholder.

"*To designate a Councillor or an official as municipal representative in terms of section 93D of the Systems Act and to instruct the municipal representative how to exercise the City's rights and responsibilities as a shareholder*" has been delegated by Council in terms of the Systems of Delegation.

5.4 The monitoring and oversight exercised over the municipal entities by the City should always be governed by the following principle as found in municipal legislation set out below:

(a) Systems Act - "*93A Duties of parent municipalities with respect to municipal entities.*

The parent municipality of a municipal entity –

(b) *must allow the board of directors and chief executive officer of the municipal entity to fulfil their responsibilities".*

(b) MFMA - Exercise of rights and powers over municipal entities

"*56(2) In guiding the municipality in the exercise of its rights and powers over a municipal entity in accordance with subsection (1), the mayor may monitor the operational functions of the entity, but may not interfere in the performance of those functions.*"

5.5 Section 93E (2) of the Systems Act provides that "*the parent municipality of a municipal entity must, before nominating or appointing a director, establish a process through which -*

(a) Applications for nomination or appointment are widely solicited;

(b) A list of all applicants and any prescribed particulars concerning applicants is compiled; and

(c) The municipal council makes the appointment or nomination from such list."

6. PURPOSE

This policy seeks to supplement existing legal imperatives to enable the City to perform its monitoring and oversight role over municipal entities. The policy further consolidates existing policies relating to municipal entities into one policy and clarifies lines of authority for municipal representatives.

7. POLICY DIRECTIVE DETAILS

7.1 Appointment Process for Directors nominated by the City to a Board of a Municipal Entity

In accordance with section 93E (2) of the Systems Act, the following process must be followed:

a) The relevant Municipal Representatives, in consultation with the board of the municipal entity, shall identify the requirements needed on the board in terms of skills, demographics and diversity.

b) The relevant Municipal Representative (official) must advertise for the recruitment of directors in accordance with the City's requirements, subject to the provisions of paragraph (h) below.

c) The relevant Municipal Representative (official) must compile a list of all candidates who have applied.

d) The delegated authority, who has the power and function to appoint, remove or recall a director of a municipal entity, must appoint a City selection panel which may include Members of Mayco, the relevant Executive Director and the relevant Municipal Representatives.

e) The selection panel must create a shortlist of candidates to be interviewed.

f) The selection panel will interview candidates, agree on the suitable candidates to be nominated for recommendation to the delegated authority for appointment.

g) If the advertising process does not produce suitably qualified candidates, the relevant Municipal Representative (official) may approach suitable candidates directly to be interviewed by the selection panel.

h) The relevant Municipal Representative (official) shall maintain a database where the details of all candidates who have applied, will be kept for a period of two years for possible future appointments to the board of the municipal entities. The City selection panel may utilise the database to create a shortlist of candidates to be interviewed and nominated to the delegated authority for appointment.

i) The relevant Municipal Representative (official) must ascertain whether successful candidates are fit and proper and whether they are not disqualified from being directors in terms of section 93F of the Systems Act, the Companies Act and King code on Corporate Governance before submitting the name of the suitable candidates to the delegated authority for appointment.

j) Once the delegated authority has approved the recommendation for appointment on the boards of various municipal entities, such decision will be communicated and the list of newly appointed directors provided to board of directors of the municipal entities.

7.2 Designated Municipal Representatives

a) The delegated authority is authorised to designate a councillor or an official, or both, as a municipal representative for a municipal entity.

b) The delegated authority may instruct the municipal representatives on how to exercise the rights and responsibilities of the City as shareholder at shareholder meetings.

c) The Municipal Representative/s must –

(i) attend board meetings of municipal entities and represent the Council as a non-participating observer/s;

(ii) give feedback to the City on the discussions/and any decisions taken at board meetings;

(iii) not participate in any decision making by the board of directors;

(iv) attend any shareholder meetings and exercise the rights and responsibilities of a parent municipality as a shareholder and in this respect vote as instructed/directed by the delegated authority. The municipal representative (official) will submit a report to the delegated authority before the Annual General Meeting of the municipal entity to obtain a mandate in this regard;

(v) represent the City faithfully at shareholder meetings, without consideration of personal interest or gain;

(vi) inform the Council in a report format of how voting rights were exercised at shareholder meetings;

(vii) inform the Council in a report format of all relevant actions taken on its behalf at shareholder meetings;

(viii) ensure that all issues of concern or queries raised by the municipal entity and affecting the City are attended to and resolved by the line departments within the City;

(ix) bring to the attention of the City any non-compliance issues in respect of service delivery agreements or strategy alliance with the City, if such issues are raised at board meetings;

(x) ensure that the relevant mayoral committee members are kept up to date with any new developments taking place within the municipal entities;

(xi) be accountable to the Executive Mayor.

d) The municipal representative may, in terms of section 93D (3) (b)(ii) of the Systems Act, be reimbursed for any expenses in connection with his or her duties as a municipal representative, but may not receive any additional compensation or salary for such duties.

e) Municipal Representatives may attend board committee meetings if invited by the municipal entity.

7.3 Performance Management and Budgeting

a) The relevant Municipal Representative (official) must undertake an annual assessment of the performance of the municipal entity in respect of its approved business plan for the previous financial year based on agreed indicators.

b) The Executive Mayor is authorised to approve the key financial and non-financial performance objectives and measurement criteria of each municipal entity and must ensure that these align with the IDP. Any amendment to key performance objectives requested by the board of a municipal entity during a financial year may be authorised by the Executive Mayor.

c) The Chief Financial Officer or his nominee is authorised to make recommendations and refer back any proposed budget amendments to each municipal entity as required by S 87(2) of the MFMA. Any revised budget and business plan submitted by a municipal entity must be assessed against the recommendations made by the Chief Financial Officer before submission to full council.

d) The relevant Municipal Representative (official) must ensure that each municipal entity completes a quarterly Performance Assessment, including the Mid-Year review, which will form part of the City's SDBIP reporting processes.

e) The Audit and Performance Audit Committee may request the attendance of the Chief Executive Officer of a Municipal Entity to attend any meetings of the Committee to answer any performance related questions.

f) The relevant Municipal Representative (official) must ensure that the municipal entities meet their in-year reporting requirements as required by the MFMA and the Regulations on Budgeting and Reporting.

7.4 Delegation by Municipal Representative (official)

The relevant Municipal Representative (official) may delegate any power or authorisation conferred on him or her in terms of this Policy to a manager reporting directly to him/her, including the powers and authorisations of a municipal representative.

8. IMPLEMENTATION, EVALUATION AND REVIEW OF THE POLICY

This amended policy will replace its former version upon approval by Council and will be reviewed annually by the Chief Financial Officer in order to assess the following and provide recommendations to Council for proposed updates:

a) Effectiveness of directives in achieving outcomes associated with monitoring and oversight of entities.
b) Whether any other contextual changes require that the policy is updated (e.g. changes to National Legislation or structures of Council).

INTEGRATED DEVELOPMENT PLAN
FINANCIAL PLAN

2022/23 BUDGET (MAY 2022)

IDP FINANCIAL PLAN

TABLE OF CONTENTS

1. Introduction
2. City's Long Term Financial Plan – an overview
2.1 Background
2.2 Guiding principles
2.3 Financial and non-financial strategies

3. Financial Strategies:
3.1 Revenue raising strategies;
3.2 Asset and liability management strategies;
3.3 Financial management strategies;
3.4 Capital financing strategies; and
3.5 Operational financing and strategies that would enhance cost-effectiveness

4. Overview of budget assumptions applied over the current MTREF:
4.1 Financial Strategic Approach and Key planning drivers
4.2 Economic influences
4.3 Demographic Trends
4.4 National & Provincial Influences
4.5 Budget Projection:
4.5.1 Revenue Framework
   a. Service Growth
   b. Major Tariffs & Charges: Property Rates and Service Charges
   c. High-level summary of funding sources over the MTREF

4.5.2 Expenditure Framework
   a. General inflation outlook and its impact on municipal activities
   b. Contracted Services, Overtime and Operational Cost
   c. Collection rate for Property Rates and Service charges
   d. Salary increases
   e. Maintenance of existing assets
   f. Operational financing for capital depreciation
   g. High level summary of Operating Expenditure Budget aligned to IDP

4.5.3 Capital Funding
   a. Funding Sources of Capital budget
   b. Credit rating outlook and borrowing
   c. High level summary of Capital Budget aligned to IDP

4.5.4 Allocations from National and Provincial and other entities over the MTREF

4.5.5 Major parameters

1. Introduction

The Local Government Municipal Systems Act, Chapter 5, Section 26, prescribes the core components of the Integrated Development Plan (IDP). Section 26 (h) requires the inclusion of a financial plan, which should include a budget projection for at least the next three years. This financial plan aims to determine the financial affordability and -sustainability levels of the City over the medium term.

Part 2 of the Municipal Budgeting and Reporting Regulations (MBRR) (budget-related policies) requires the Accounting Officer to ensure that budget-related policies are prepared and submitted to Council. One of these policies relates to the long-term financial plan, which aims to ensure that all long-term financial planning is based on a structured and consistent methodology, thereby ensuring long-term financial affordability and sustainability.

2. Long Term Financial Plan – an overview

2.1 Background

A municipality's financial plan integrates the financial relationships of various revenue and expenditure streams to give effect to the IDP. It provides guidance for the development of current budgets and assesses financial impacts on outer years' budgets by incorporating capital expenditure outcomes, operating expenditure trends, optimal asset management plans and the consequential impact on rates, tariffs and other service charges.

The City has developed a financial model, namely the Long Term Financial Plan (LTFP), which aims to determine the appropriate mix of financial parameters and assumptions within which the City should operate to facilitate affordable and sustainable budgets for at least 10 years into the future. In addition, it identifies the consequential financial impact of planned capital projects on the City's operating budget.

The LTFP model is reviewed annually to determine the most affordable level at which the City can operate optimally taking the following into account:

- Fiscal overview;
- Economic climate;
- Demographic trends;
- National- and Provincial influences;
- IDP and other legislative imperatives; and
- Internal governance, community consultation and service delivery trends.

2.2 Guiding Principles

The LTFP policy is drafted in line with the requirements of Part 2 of the MBRR – budget-related policies. This policy aims to ensure that all long-term financial planning is based on a structured and consistent methodology therefore enabling delivery of City strategies whilst ensuring the City's long term financial sustainability and affordability in order to achieve objectives over the medium- and long term. The guiding principles of the LTFP include:

- Future financial sustainability inclusive of realistic revenue sources;
- Optimal collection of revenue, taking into consideration the socio economic environment;
- Optimal utilisation of grant funding;
- Continuous improvement and expansion in service delivery framework; and
- Prudent financial strategies.

2.3 Financial strategies and Non-financial Strategies

Financial Strategies

An intrinsic feature of the LTFP is to give effect to the City's financial strategies. These strategies include:

- Maintaining or improving basic municipal services;
- Maintaining fair, equitable and cost reflective rates and tariff increases;
- Continuous improvement to the financial position;
- Ensuring funding for asset maintenance and renewal;
- Ensuring realistic revenue sources and affordable debt levels to fund the capital budget;
- Optimising utilisation of previous years' surpluses (if any);
- Achieving and maintaining a breakeven/surplus in the total operating budget (inclusive of appropriations and secondary budget); and
- Ensuring full cost recovery for the provision of internal services.

Non – financial strategies

The LTFP is a key component for achieving the goals listed in the IDP and must consider the IDP inclusive of other City strategies and frameworks. In preparing the LTFP, the following considerations are included:

- Fiscal overview considered by reviewing past financial performance and taking into account strategic and policy direction of the City to ensure sustainability.
- In addition, the LTFP being a forecasting model requires assumptions on, amongst other, the following internal and external factors:
    - Demographic trends related to socio economic factors e.g. population migration, employment, health, development of businesses, and new residential areas etc.;
    - General inflation outlook and its impact on municipal activities;
    - Affordability of municipal rates and tariffs;
    - Credit rating outlook;
    - Interest rates for borrowing and investment of funds;
    - Rates, tariffs, charges and timing of revenue collection;
    - Growth/decline in tax base of the municipality;
    - Collection rates for each revenue source;
    - Price movements on specifics e.g. bulk purchases of water and electricity, fuel etc.;
    - Average salary increases;
    - Industrial relations climate, reorganisation and capacity building;

  - Changing demand characteristics (demand for services);
  - Trends in demand for free or subsidised basic services;
  - Impact of national, provincial and local policies;
  - Ability of the municipality to spend and deliver on the programmes;
  - Implications of organisational restructuring and other major events into the future;
  - Consideration of the Cost Containment Regulatory measures; and
  - Sector Plans and Infrastructure Masterplans.
- Intergovernmental fiscal transfers/allocations/subsidies from National- and Provincial government play a pivotal role in the finances of the City. The following unconditional transfers/allocations must be considered, as a minimum, when projecting the budget:
  - Local Government Equitable Share;
  - Fuel levy; and
  - Grants related to the provision of Provincial government functions.

The annual updated LTFP must identify the following:

- Assumptions and parameters to be used to compile the operating- and capital budget over the next MTREF;
- Future operating revenue and expenditure projections based on assumptions and parameters;
- Future affordability of projected capital plans; and
- Funding requirements, which include external funding.

The financial strategies mentioned above are underpinned by the following sub-strategies supported by policy, processes and directives in the City to ensure that the City remains financially sustainable.

3. Financial Strategies

3.1 Revenue raising strategies

The primary revenue sources of a municipality, other than grants and subsidies, are from the following sources:

- Property Rates;
- Service Charges - Water, Sanitation, Electricity and Refuse Removal;
- Fines;
- Licences and Permits;
- Rentals; and
- Investment Interest

Property Rates and Services Charges make up over 70% of the City's operating revenue and it is therefore of utmost importance that revenue maximisation is attained and this is practised by the City with the implementation of various policies and strategies.

The objectives of the City's Credit Control and Debt Collection Policy, which covers revenue collection of properties rates, water, sanitation, electricity and refuse removal, are:

- Focusing on all outstanding debt as raised on the debtor's account;
- Providing for a common credit control and debt collection policy;

- Promoting a culture of good payment habits amongst debtors and instilling a sense of responsibility towards the payment of accounts and reducing municipal debt;
- Using innovative, cost effective, efficient and appropriate methods, subject to the principles provided for in the policy, to collect as much of the debt in the shortest possible time without any interference in the process; and
- Effectively and efficiently dealing with defaulters in accordance with the terms and conditions of the policy.

The City's Tariff Policies i.e. The Water & Sanitation Tariff Policy, The Electricity Tariff Policy, and the Solid Waste Management Tariff Policy all provide for consistent consumptive tariff application for differing categories of users and service requirements. The individual policies further sets out processes to curb illegal connections, installation of flow limiting devices on indigent and non-indigent properties (water & sanitation) and steps to reduce the abuse of the rebate system etc. It further provides for rebates available to assist the consumer.

The City's Rates Policy is reviewed and adopted annually to ensure compliance with the City's strategic objectives and latest applicable legislation. It allows for certain exemptions, reductions and rebates based on the ownership of properties. This policy is based on the guiding principles of equity, affordability, poverty alleviation, social and economic development, financial sustainability and cost efficiency.

Projecting revenue parameters

With the annual review of the City's LTFP, projections of revenue and ensuring realistic revenue envelopes from these sources over the short-, medium- and long term, the following considerations are taken into account:

Property Rates:

- Supplemental Valuations (SV) and General Valuations (GV) applicable to the relevant years of the MTREF;
- Impact of outstanding GV objections and appeals;
- Organic growth;
- Building plan approval trends;
- Valuations projections relating to SV and GV objections and appeals;
- Income foregone provision – council determined rebates and changes to pensioner/social and indigent rebates; and
- Collection rates.

Electricity

- Consumption patterns – winter and summer;
- Assessment of reduced consumption and declining revenue sales due to shrinkage as a result of continued energy saving and efficiency plans by consumers;
- NERSA and ESKOM deliberations;
- Revenue assessment of different levels of consumers – lifeline, residential, small commercial and large commercial;
- Collection rates;
- Vandalism and electricity theft; and
- Impact of free basic service.

Water & Sanitation

- Consumption patterns – winter and summer, restriction levels, drought (if applicable);
- Impact of tariff/financial model i.e. ability of variable consumption patterns of ability to cover fixed cost (Fixed Basic Charges);
- Projected growth or contraction;
- Collection rates; and
- impact of free basic service

Total Municipal Account (TMA)

An annual assessment is performed to assess the impact of proposed increases in rates and tariffs on the consumer. This involves the calculation of the TMA for residential consumers, which include the following datasets:

- Consumer consumption profile;
- Consumer property information;
- Installation details;
- Current Indigent/social relief package; and
- Proposed rates and tariff increases.

Depending on the outcome of this assessment e.g. too high in certain categories of property value or consumer, the tariffs/social relief package are reviewed.

3.2 Asset and Liability management strategies

The City's Asset Management Policy sets out a framework for the accounting treatment and safeguarding of Property Plant and Equipment (PPE), including the proper recognition, measurement, disposal and retirement of it. It further prescribes responsibilities regarding assets for all functionaries within the City. A physical asset verification process is performed annually and conducted simultaneously throughout the City. This process is coordinated by the Treasury department although each department in the City is responsible for the verification of its own assets. In addition, the City insures all its assets in terms of the General Insurance Fund Policy document.

Liability management strategies of the City are included in the City's Borrowing Policy. These include:

- Enabling the City to exercise its obligation of having sufficient cash resources to implement capital programmes;
- Governing the taking up of short- and long-term debt according to the legislative framework;
- Maintaining debt within specified limits and ensuring adequate provision for the repayment of debt; and
- Maintaining financial sustainability.

3.3 Financial management strategies

Local governments face an ongoing challenge to deliver on service delivery needs in an environment where revenue is constrained. The need to have strategies in place to balance competing demands is therefore critical to ensure that municipalities can provide service delivery needs in a financially sustainable manner. In a local government context, financial sustainability is the ability of a municipality to meet its service delivery mandate, manage expected financial risks over the longer term period i.e. 20 years without the need to introduce knee jerk, significant, or disruptive revenue and expenditure adjustments.

One of the City's main financial strategies is to strive to have a balanced/surplus annual budget. This is achieved by taking, inter alia, the following criteria into account:

- Affordability – determines whether the City can afford the current long term financial commitments and the impact of rates and tariffs on the consumer;
- Credibility - determines whether the budget assumptions are credible and whether the budget is funded in accordance with the provision of section 18 of the MFMA; and
- Sustainability - determines whether the City is financial sustainable.

The City's financial strategy remains geared for long-term financial viability and sustainability within a framework of smoothed revenue generation over the medium term.

The financial sustainability of the City's budget are assessed annually by NT by measuring the City's performance against financial ratios such as:

Cash/Cash equivalent at year-end

A positive cash position over the MTREF would indicate if the City's MTREF (medium term) budget is sustainable. A favourable cash position is also evident of a favourable opening cash balance and operating surpluses in the outer years.

Cash plus investment less application of funds

This ratio tends to understand how the municipality has applied the available cash and investments. A good measure is that the total cash/equivalents and long term investments should be more than the commitments for each corresponding year of the MTREF. If so, it reflects that the City is able to afford its commitments over the medium term.

Monthly average payments covered by cash or cash equivalent

This measure outlines the level of financial risk in the event of the municipality being under financial stress i.e. it indicates the number of times average monthly payments are covered.

The latest National Treasury benchmarking assessment in May 2022 on the tabled 2022/23 MTREF concluded on the City's sustainability as follows:

- 2022/23 MTREF is funded and sustainable over the MTREF;
- Financial ratios are good and indicates financial sustainability;
- Budget assumptions are credible and revenue estimates are realistic – increases are informed by tariffs and growth in consumption;
- Positive cash flow projections over the MTREF;
- The City has sufficient cash available to pay creditors; and
- There are adequate cash backed reserves

These annual measurements on sound (current) financial positions are however limited to the **short to medium term.**

During the annual LTFP process and whilst drafting the MTREF the City assesses the risks impeding financial sustainability and reviews the financial strategies to mitigate such risks. These risks – not unique to the City – can be categorised as requiring a short-, medium- or long terms strategy. Such risks include:

- Instability of grant funding – equitable share, fuel levy and others;
- Limited revenue raising initiatives;
- Increasing community/service demand with limited resources;
- Expenditure parameters higher than revenue parameters;
- Impact of aging infrastructure - Insufficient investment;
- Lower collection rates:
  - Consumer resistance to pay
  - 'Taxing' the same consumer in different ways
- Growing population of non-paying consumers;
- Increasing social package;
- Increasing job creation programmes;
- Reduction in service growth (moving 'off the grid');
- Long term viability of other major commitments such as CAR, Broadband, Congestion alleviation etc.;
- Changing political landscape;
- Increasing salary budget; and
- Natural disasters such as COVID-19 e.g. on economy and revenue.

Mitigating measures focussed on the requirement of the LTFP and the MTREF. A reduction in the LGES/Fuel Levy grant would for example require the re-assessment/reprioritisation of expenditure funded from this grant. These measures relevant to the MTREF are annually reviewed and included in the budget assumptions write-up as part of the MBRR budget documentation inclusions.

3.4 Capital financing strategies

The City's LTFP aims to determine the appropriate mix of financial parameters and assumptions within which the City should operate to facilitate affordable and sustainable budgets for at least 10 years into the future. This is done annually to determine the most affordable level at which the City can operate optimally. In addition, it identifies the consequential financial impact of planned capital projects on the City's operating budget. An assessment to ensure implementability of the capital budget is performed annually before inclusion to the capital program in the MTREF. This assessment or Project Readiness Assessment (PRA) includes the screening and reviewing of projects for procurement and implementation readiness, technical and financial feasibility and strategic alignment.

The City's borrowing is done in terms of Chapter 6 of the MFMA as well as the City's Borrowing Policy, in terms of which a long-term loan will only be entered into if it is affordable and sustainable. The City's loan requirements are determined by the capital investment requirement (excl. Transfers Recognised: Capital) and the projected cash position. The City primarily borrows against future revenue generating assets.

3.5 Operational Financing Strategies and strategies which enhances cost-effectiveness

In addition to ensuring maximisation of the City's revenue sources as set out in the revenue raising strategies, the City strives to **secure conditional grant funds** from both National and Provincial governments as well as local or international funders.

The City has developed a system of monitoring compliance to conditions for all grants. In addition, grant compliance reports are distributed to all levels of management in the City. The monitoring system has remedial measures built into it in cases of non-compliance. The City also established the Grant Fund Technical Review Committee (GFTRC) in 2017 to oversee the governance of projects implemented from transversal grants including USDG, ISUPG, NDPG, HSDG and PPPSG.

Setting of cost reflective tariffs - The setting of cost-reflective tariffs is a requirement of Section 74(2) of the Municipal Systems Act, which is meant to ensure that municipalities set tariffs that enable them to recover the full cost of rendering the service. This requirement is reiterated annually in the annual budget circulars provided by National Treasury to ensure municipalities compile a credible budget.

The City introduced a costing guidelines document setting out detailed costing principles to ensure that all costs are charged out correctly and tariff-funded services specifically are fully cost reflective.

The City's **budgeting approach** annually ensures that savings and optimisation of costs are practised. It commences with an extensive assessments of previous years' budget outcomes to ensure funding is allocated to give the best effect to service delivery. Another feature to this approach is to give effect to a form of a zero-based budgeting. This is achieved through, amongst other, the application of differentiated parameter increases, interventions in the form of budget reductions and the reprioritisation of budgets. Special focus areas also included in the budgeting approach includes repairs and maintenance, which is viewed as one of the City's essential strategies aimed at preserving and protecting the City's asset base.

The Municipal Cost Containment Regulations and the City's **Cost Containment** Policy embedded in the City's operations also continue to assist in driving cost down by ensuring that the value for money is achieved and resources of the municipality are used effectively, efficiently and economically.

The impact of **unfunded and underfunded mandates** on municipal budgets has also received traction over the last few years as it places a continuous growing financial burden on the City's finances. To curb the growing expenditure, the City attempted to curb expansion in expenditure in certain of these functions. The City initiated a feasibility study with the intent to present a paper on options to allow key decision makers to take informed decisions on each of the identified functions (functional assignments and mandates), which are either unfunded/underfunded. This study is expected to culminate in the development of a generic roadmap to conclude on decisions for implementation. A portfolio approach has been adopted instead of a functional approach with the portfolio including Health, Libraries, Roads, Licences, Law Enforcement and Public Transport.

The City is also investing in an **Optimisation and Digitalisation Project** whereby an organisational scan is conducted to identify areas cost efficiencies and effectiveness through process and technological changes.

4. Overview of budget assumptions applied over the current MTREF:

4.1 Financial Strategic Approach and Key planning drivers

The 2022/23 LTFP/MTREF was prepared with the intention of keeping revenue parameters as low as possible to assist already struggling communities and businesses, but also to ensure that service delivery is not compromised and specific priorities addressed.

The key informants over the coming year as provided during the Strategic Review phase of the Strategic Management Framework (SMF) process are:

- Constrained financial envelope and increase uncertainty;
- COVID-19 Crisis response;
- National Government Failure;
- Infrastructure Investment;
- Advocacy- intergovernmental collaboration;
- Response to growing informality;
- Staff Safety;
- Asset, land and facility protection;
- Utility business model reform;
- Containing costs; and
- Concerted implementation of transversal strategies/initiatives.

The Strategy Brief required City directorates to focus resources and efforts towards implementing the priorities included in the Strategy Brief.

LTFP rationale and financial strategies implemented

- The depreciation strategy, which provides operating account relief via reduced depreciation costs and which commenced in the 2020/21 financial year, is continued with for this MTREF in an effort to utilise available cash and reduce tariffs.
    - This strategy sees the City using its surplus cash flow via the recovery of a depreciation charge of R500 million per annum over seven years.
- Various cost savings initiatives were also implemented to achieve a budget that is realistic, sustainable and credible - still ensuring the continuation of services and keeping revenue increases at low levels.
- Utilising own funding to reduce borrowing requirement but gearing for debt take up as project preparation improves. The City has low level of Debt Leverage and has strength to support a stronger debt profile.

Financial Modelling and Key Planning Drivers

The principles applied to the MTREF in determining and maintaining a sustainable financial plan included:

- To cover the cost of living increase as per the SALGBC agreement, the City had to identify permanent reductions across the organisation in the 2021/22 financial year. This amounted to R287 million for Rates-funded services and was incorporated in the January 2022 adjustments budget.
- In an effort to reprioritise budgets within the Rates-funded services environment a base reduction of R40 million was applied in areas such as cost containment related expenditure, contracted services and other sundry expenditure elements, an amount of R50 million to debt impairment and increased Agency income of R10 million. These amendments were based on previous years' implementation performance.
- Differentiated expenditure parameters provide for no expenditure growth on certain expenditure elements (other expenditure, contracted services and inventory consumed).
- The differentiated parameters applied to repairs and maintenance growth was based on the previous year's actual expenditure, service delivery needs and efficiencies identified.
- The following staff and vacancies intervention were included:
  - A differentiated percentage budget approach on vacancies (assumptions on vacancy period for different post levels);
  - Cost of living increase applied as per the SALGBC agreement;
  - Budgeting at 95% of employee costs; and
  - Inflationary increases applied to overtime for the Safety & Security directorate only. No overtime increases for other directorates.
- A 100% capital expenditure implementation rate assumed.
- All expenditure programmes must be delivery ready with focus on project preparation for outer years.
- New IDP is not an "add-on" demand creating a vertical layer for the budget. The budget is required to resource an IDP i.e. to detect the priority of programmes in the IDP evaluate the budget allocation.
- Credible and realistic collection rates based on current- and projected trends considering the past and current trends.
- National- and Provincial allocations as per the 2022 Division of Revenue Bill (DoRb) and the Provincial Gazette Extraordinary 8566 dated 14 March 2022.

The following were included in the 2022/23 MTREF:

- A reduction of R175.2 million - additional expenditure included in the 2020/21 for health related COVID-19 expenditure – but no longer required in the 2022/23 financial year.
- In response to the SMF Operational Review process and subsequent amended Strategy Brief to address the mayoral priorities towards driving the priorities and programmes in the new IDP an amount of R110 million was included.
- The aforementioned was absorbed by reprioritization of expenditure of R100 million and R10 million from higher than anticipated Equitable Share.
- A further R373.6 million provision was made for Rate funded services, to drive the priorities and programmes set out in the IDP and requirements identified over the past few months. This was funded by a combination of reprioritisation of the budget, improved investment interest estimates, higher than anticipated Fuel Levy and Equitable Share allocations.

- R125.5 million was allocated as the City's funding portion to the Law Enforcement Advancement Program (LEAP) for the 2022/23 financial year.
- The following main changes were affected post tabling of the budget in March 2022:
  - Update of Provincial Grant allocations based on latest Provincial Gazette Extraordinary 8566 Dated 14 March 2022;
  - Inclusion of additional expenditure and revenue (fines) within Rates and Insurance Fund;
  - Shifting of R27.26 million from the Capital budget to the Operating budget of the Public Transport Network Grant for Public Transport Interchanges projects within the Urban Mobility directorate.

4.2 Economic influences

The drafting of the 2022/23 LTFP and subsequent MTREF commenced with a macro-environmental scan of the economy as one of its primary determinants. Factors taken into consideration included the CPI, interest rates, exchange rates, service growth and GDP, which is briefly discussed below.

In 2020 the economy contracted by 6.4 percent with the onset of the pandemic, however, in 2021 the economic activity has recovered more rapidly than expected. According to STATSA GDP expanded by 4.9 percent in 2021. This growth is expected to be subdued in future years due to various structural constraints in the domestic- and global economy such as inadequate electricity supply, pandemic-induced job losses, higher global inflation and changes to monetary policies. Real GDP growth is expected to moderate to 2.1 percent in 2022, averaging 1.8 percent for the period 2023 and 2024.

In recent months, global- and domestic factors contributed to the fluctuation in the rand exchange rate. The rand/dollar exchange rate is currently hovering between R15 and R16 to the US dollar. BER projects the rand to average R15.13 against the US dollar in 2022. The price of crude oil has been rising steadily over the last months and has breached the 90 US dollar mark for the first time in 7 years. A combination of factors is pushing oil prices higher including imbalances between supply and demand and the escalating Russia-Ukraine conflict. The crude oil price is expected to remain volatile and is estimated to average 100.4 US dollars per barrel in 2022.

According to Stats SA, headline consumer inflation was at 5.7 for two consecutive months (January and February) at the start of the year but accelerated to 5.9 percent year-on-year in March and remained unchanged in April. Inflation is moving closer to the top of the South African Reserve Bank's (SARB) target range of 3-6 percent due to the current market demand and constraints in supply of goods and services. In the May 2022 MPC statement, the 3rd meeting for the year, the repo rate was increased by 50 basis points to 4.75 percent per year. It is expected that the rise in the repo rate will keep inflation expectations anchored and moderate the future path of interest rates. The SARB's model indicates that the interest rate will gradually normalise through to 2024.

4.3 Demographic Trends

Cape Town has the second-largest population of all cities in South Africa and is the main urban centre in the Western Cape. The City has seen steady population growth (albeit at a slowing annual growth rate), with an estimated 4 678 900 people in 2021 (Statistics South Africa, 2021). According to current estimates, the total population of Cape Town will reach approximately 5.5 million by 2035 (City of Cape Town, 2018).

While the population continues to increase, the average household size has decreased from 3.5 people per household in 2011 to 3.2 in 2016 (Statistics South Africa, 2011 and 2016). A growing population, together with a decreasing average household size, has resulted in a significant increase in the number of households in Cape Town; growing from approximately 1 million households in 2011 to an estimated 1.46 million households in 2021 (City of Cape Town, 2022, using Mid-year Population Estimates and 2016 Community Survey).

This trend of a steadily increasing population growth (albeit at a declining growth rate) and an increasing number of households form some of the informants to City planning and service delivery for the residents of Cape Town. These trends will continue to be monitored and refined as needed to also inform COVID-19 recovery responses and planning. More information will be available and used from the 2022 Census when the data is released.

Cape Town has seen a steady population growth; the average annual growth rate has declined from 2.3 percent over the 2011-2015 period to 2.0 percent over the 2016-2021 period. The population is expected to grow to around 5 million by 2025 according to Statistics South Africa, equating to an average annual growth rate of 1.7 percent over the 2022-2025 period. The City's capital budget is expected to grow by an average of 28.4% over the next 3 years, showing that infrastructure investment is growing as population is growing.

4.4 National & Provincial Influences

National Treasury MFMA Circular No. 112, issued on 6 December 2021

The purpose of this annual budget circular is to guide municipalities with the compilation of the 2022/23 MTREF.

The objectives of the circular are to, inter alia, demonstrate how municipalities should undertake annual budget preparation in accordance with the budget- and financial reform agenda and associated "game changers".

Key focus areas stemming from this circular:

- Macro-economic forecasts to be considered when preparing the 2022/23 MTREF municipal budgets.
- Key focus areas for the 2022/23 budget process including local government conditional grant allocations.
- IDP Consultation Process Post 2021 Local Government.
- Version 6.6 of the mSCOA chart released with the circular to be utilised for the preparation of the 2022/23 MTREF.
- Other mSCOA-related requirements and recommendations for municipalities to consider.

- Municipalities to set cost reflective tariffs to ensure that recovery of the full cost of rendering the service.
- The local government equitable share formula has been updated to account for projected household growth, inflation and estimated increases in bulk water and electricity costs over the 2022 MTEF period.
- All municipalities are reminded of section 8 of the Municipal Property Rates Act (MPRA) on the determination of categories of rateable properties that has been revised through the Local Government Municipal Property Rates Amendment Act, 2014.
- Municipalities are encouraged to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality.
- Municipalities to justify all tariff increases in excess of the projected inflation target for 2022/23.
- National Treasury supports municipalities to develop and implement long-term financial models and strategies.
- The new leadership is advised to:
  - Decisively address unfunded budgets by reducing non-priority spending and improving revenue management processes to enable collection; and
  - Address service delivery failures by ensuring adequate maintenance, upgrading and renewal of existing assets to enable reliable service delivery.

National Treasury MFMA Circular No. 115, issued on 4 March 2022

This budget circular is a follow-up to MFMA Circular No. 112 that was issued on 06 December 2021 and aimed to provide further guidance to municipalities with the preparation of their 2022/23 MTREF. It focusses primarily on the grant allocations as per the 2022 Budget Review and the 2022 Division of Revenue Bill.

The Circular also included the following:

- An update on the economic outlook.
- Local government conditional grants allocation and Equitable Share in terms of the Division of Revenue Bill published on 23rd February 2022.
- Release of Version 6.6.1 of the mSCOA chart with the circular to be utilised for the preparation of the 2022/23 MTREF.
- Additional mSCOA related requirements to be considered e.g. how to account for depreciation and change in calculation of consumer deposits and the introduction of an e-learning mSCOA training course.
- An update of the Eskom bulk tariff increase provided, guidance to provide for water and electricity losses and a reminder to municipalities to have a UIFW reduction plan approved by Council are additions under the Revenue Budget write-up.
- Municipalities must be mindful that the Equitable Share is meant to fund basic municipal services to the indigent.
- In addition to the criteria for the release of Equitable share instalments, criteria for the rollover of conditional grants are set out.
- The 2021/22 unspent conditional process will be managed in accordance with section 21 of DoRA, in order to ensure that the unspent conditional grants against the 2021/22 financial year return to the National Revenue Fund (NRF).

- Compliance to section 16 of DoRA in relation to the allocation or transfer of funds by municipalities to other organs of state in order to implement projects on behalf of the municipalities was highlighted.

Provincial Treasury Municipal Circular 1/2022 issued 25th January 2022

In addition to reiterating the key aspects included in MFMA Circular 112, this circular also highlighted:

- Economic and Fiscal environment of the Western Cape;
- A reminder to municipalities to include their compliance with B-BBEE in their AFS and annual reports and included The B-BBEE Commission's Explanatory Notice No.2 of 2021 as an annexure to the circular; and

  Key dates of the 2022/23 Integrated Planning and Budgeting Process.

4.5 Budget Projection:

4.5.1. Revenue Framework

a. Service Growth

Property Rates

No growth is projected for Property Rates for 2022/23 and 2023/24. A 0.25 percent growth is projected for year 3 of the MTREF. This is due to the unstable/unpredictable property market resulting from the lagging impact of the pandemic. Variable growth rates are applied to the property rates income forgone component due to the increase in application for rebates.

Electricity

A shrinkage of 3% is projected for 2022/23 with an average shrinkage of 1.5 percent in sales revenue projected over the outer years of the 2022/23 MTREF period. The approach is mainly due to a sustained declining demand on electricity consumption and thereby sales. This shrinkage in sales is however not filtering fully to the electricity bulk purchases expenditure component, due an increase in theft and vandalism.

Water and Sanitation

A growth of 4 percent is projected for water and 3 percent for sanitation for the 2022/23 financial year. A 2 and a 1 percent growth is projected for Water and Sanitation respectively over the outer years of the MTREF. The projected growth is evident in the current trends and can mainly be attributed to the expected increase in consumption as the City experiences the "bounce-back" after the drought flowing from the withdrawal of water restrictions and restriction tariffs.

Refuse

Average revenue growth over the last 3 years shows a consistent 2 percent growth for Refuse revenue. Based on this a 2 percent growth factor was applied over the 2022/23 MTREF. Waste Disposal shows a zero increase over the last 3 years, therefore, no growth is projected for Disposal over the MTREF period.

b. Major tariffs and charges: Rates and Service Charges

National Treasury, in NT Circular 112, continues to encourage municipalities to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality. The CPI inflation is forecasted to be within the lower limit of the 3-6 percent target band, therefore, municipalities are required to justify all increases in excess of the projected inflation target for 2022/23 in their budget narrative and pay careful attention to tariff increases across all consumer groups.

The graph below depicts the City's revenue increases over the 2022/23 MTREF.

	Base Budget 2021/22	Budget Year 2022/23	Budget Year +1 2023/24	Budget Year +2 2024/25
Property Rates	4.50%	5.00%	5.63%	6.03%
Electricity	13.48%	9.50%	15.56%	13.37%
Water	5.00%	6.50%	5.00%	8.80%
Sanitation	5.00%	6.50%	5.00%	8.80%
Refuse	3.50%	5.00%	5.00%	5.00%
City's CPI projection	3.10%	4.60%	4.40%	4.40%

Property Rates

The revenue parameter for Property Rates for the 2022/23 financial year is within the inflation target range. This increase will allow for the continuation of providing Rates-funded services, investment in infrastructure, servicing of informal settlements and ongoing investment in repairs and maintenance. In addition, it will give effect to the requirements stemming from the new term of IDP.

Electricity

National Energy Regulator of South Africa (NERSA) at a meeting held on 9 March 2022, made a determination on Eskom's Retail Tariff and Structural Adjustment (ERTSA) application and approved an average tariff increase of 9.61% for Eskom's standard tariff customers and an increase of 8.61% for municipalities. The increase for Eskom's standard tariff customers will be effective from 1 April 2022 and for municipalities from 1 July 2022.

The City applied an 8.61% for bulk purchases as per the approved application and in the absence of future year, increases applied a 15% bulk purchases increase for the outer years. The nature of business for the Electricity service is the purchasing and redistribution of electricity, where bulk purchases constitute a large portion of the electricity service's budget. Bulk purchases as percent of electricity expenditure averages 67% over the MTREF. The electricity average revenue increases are 9.50%, 15.56% and 13.37%, respectively over the 2022/23 MTREF. The revenue increase requirement are due to, amongst other, the following:

- Shrinkage in sales growth due to consumers moving towards alternative sources of energy;

- Increase in bulk purchases without a concomitant increase in sales income due to vandalism and theft;
- The establishment of a Generation Department to investigate and prepare the directorate for future alternative generation possibilities including the building of ground mounted PV plants;
- Inclusion of mayoral priorities as it relates to initiatives to end loadshedding; and
- Additional security in order to help curb the increase in theft and vandalism

Water and Sanitation

NT MFMA Circular 99 stated that "Municipalities should take strategic action to ensure effective water management and resilience to drought, including the security of water supply, environmental degradation, and pollution of resources to achieve economic growth, development and socio – economic priorities in an equitable and sustainable manner."

The average revenue increase applied is 6.5% for 2022/23, 5.0% for 2023/24 and 8.8% for 2024/25. To ensure the lowest revenue increase, expenditure was reduced while still ensuring that the strategic imperatives of the service could continue. The revenue increase makes provision for, amongst other, the following:

- To ensure sustainable and resilient provision of water, budgetary provision for the New Water Plan was made, which includes initiatives to further invest in the underground extraction of water from aquifers;
- Water demand management to limit the abuse and loss of water;
- Interventions aimed at improving the water quality in the marshes;
- Improving response times for sewerage blockages and to reduce these blockages with preventative maintenance;
- Upgrades and extensions to the wastewater treatment plants;
- Continued investment in asset replacement programs to ensure proper asset management, with a specific focus on sewer network replacement as well as the upgrading of sewer pump stations;
- Ongoing investment in repairs and maintenance programs and maintaining required compliance standards;
- Supplying water and sanitation at appropriate compliance, capacity, skills, service delivery and responsiveness levels; and
- COVID-19 pandemic requirements, which has been incorporated into permanent aspects of the service levels.

Refuse

Guidance on budgeting for solid waste matters was provided in National Treasury MFMA Circular 99, stating that "Investments in waste collections and treatment infrastructure should be made in tandem with industrial and urban developments to minimise pollution to our land and waters". In this regard, the following revenue increases are projected for Urban Waste Management over the 2022/23 MTREF.

Urban Waste Management consists of 3 services of which two are tariff-funded (the third is funded by Property Rates). The tariff-funded services consists of Refuse and Disposal.

- Refuse revenue is received for the removal of waste from residential and non-residential properties. The Refuse average increase is 5% over the 2022/23 MTREF period. The average increase will fund, amongst other, the upgrading of drop-off facilities to accommodate the expansion in the service, waste minimization programmes for formal & informal settlements, expansion of services to informal settlements and backyarders, continuous implementation of waste minimisation initiatives, upgrading of depots, maintenance programs and the typical day-to-day service operations.
- Disposal is the revenue received for the disposal of waste from residential and non-residential properties. The Disposal average increase for 2022/23 is 5% whereas the increases for the two outer years are 5% and 10% respectively. This increase is required for the continued operational requirement of the service, the development of landfill infrastructure, development and upgrading of transfer stations, plant replacement, additional Material Recovery Facilities and Landfill Gas generation to beneficiation at all landfill sites.

c. High-level summary of Operating revenue by sources over the MTREF

R thousand	Budget Year 2022/23	% of Total	Budget Year +1 2023/24	% of Total	Budget Year +2 2024/25	% of Total
Revenue By Source						
Property rates	11 519 486	22%	12 132 471	21%	12 858 482	21%
Service charges - electricity revenue	17 241 469	32%	19 624 539	34%	21 913 943	36%
Service charges - water revenue	3 928 012	7%	4 121 615	7%	4 523 452	7%
Service charges - sanitation revenue	2 014 506	4%	2 155 521	4%	2 366 762	4%
Service charges - refuse revenue	1 381 241	3%	1 501 125	3%	1 629 348	3%
Rental of facilities and equipment	389 180	1%	405 996	1%	423 707	1%
Interest earned - external investments	1 118 566	2%	1 119 454	2%	970 357	2%
Interest earned - outstanding debtors	367 515	1%	383 143	1%	399 529	1%
Fines, penalties and forfeits	1 262 193	2%	1 264 511	2%	1 266 932	2%
Licences and permits	73 251	0%	76 474	0%	79 839	0%
Agency services	271 616	1%	283 567	0%	296 044	0%
Transfers and subsidies	6 260 172	12%	6 454 997	11%	6 693 166	11%
Other revenue	3 466 403	7%	3 472 498	6%	3 579 018	6%
Gains	3 992 365	7%	4 086 014	7%	4 289 972	7%
Total Revenue (excluding capital transfers and contributions)	53 285 975	100%	57 081 926	100%	61 290 550	100%

It is evident from the preceding table that the main sources of revenue is consistently, Electricity service charges followed by Property Rates. In addition, the table shows that the Operating budget is sensitive to a change in grant funding. *Transfers and Subsidies* is the third largest contributor to the City's revenue and averages 11% of the City's operating revenue source over the 2022/23 MTREF period. The operating revenue budget is expected to grow by an average of 7.2% over 2022/23 MTREF period.

4.5.2. Expenditure Framework

a. General inflation outlook and its impact on municipal activities

The City's CPI projection is within the SARB's inflation target range of between 3% and 6% but slightly deviates from the National Treasury guidance. CPI applied by the City for the 2022/23 MTREF is 4.60%, 4.40% and 4.40% over the respective three years. The City utilised BER's CPI projections at a point in time during the planning process and applies the projections in municipal financial years. NT MFMA latest Circular 115, published in March 2022, provides a CPI projection of 4.8%% for 2022/23, 4.4% for 2023/24 and 4.5% for 2024/25. Showing an upward adjustment of 0.8%, from 4.00% previously published in Circular 112 in December 2021.

The inflation rate had little impact on the City's expenditure budget as the City continued with the differentiated approach to give effect to a zero-based expenditure budget. Inflation was therefore not the primary driver of expenditure. CPI was considered in determining miscellaneous (sundry) tariffs

b. Contracted Services, Overtime and Operational Cost

The 2022/23 LTFP process commenced with an in depth analysis on previous year's performance outcomes with emphasis on reducing areas of underperformance. In an effort to safeguard the provision of municipal services but still ensure financial sustainability, no expenditure parameter was applied to contracted services and other operational costs. This strategy freed up funds to assist with reprioritisation of needs and balancing the budget at affordable levels. In addition, cost element categories were reprioritised to give effect to the requirements stemming from the new term of office IDP. For example, an overtime parameter increase of CPI was afforded to the Safety & Security directorate only.

In addition, the Municipal Cost Containment Regulations and the City's Cost Containment Policy embedded in the City's operations also continued to assist in driving down costs and ensuring that value for money is achieved and resources of the municipality used effectively, efficiently and economically.

c. Collection rate for Property Rates and Service charges

NT MFMA Circular 112 makes references to previous MFMA Circulars 93 and 98 as it relates to collection rates. It indicates that emphasis is on municipalities to comply with Section 18 of the MFMA and ensure that they fund their 2022/23 MTREF budgets from realistically anticipated revenues to be collected. In addition, municipalities are cautioned against assuming collection rates that are unrealistic and unattainable as this is a fundamental reason for municipalities not attaining their desired collection rates.

The year to date collection rate outcome has shown improvements in collection rates across most services. This led to the upward adjustment of collection rates in the 2021/22 adjustments budget. Based on this result and assuming that this trend will continue, the collection rate assumptions as shown in the ensuing table were made for the 2022/23 MTREF.

Service	Base Budget 2021/22	Budget Year 2022/23	Budget Year +1 2023/24	Budget Year +2 2024/25
Rates	95.14%	95.50%	95.74%	96.19%
Electricity	99.00%	99.00%	99.00%	99.00%
Water	91.00%	91.00%	92.00%	93.00%
Sanitation	93.00%	93.00%	94.00%	95.00%
Refuse	90.00%	90.00%	92.00%	92.00%

The Rates collection rate is projected at 95.5% for 2022/23, which shows an improvement to the previous budgeted collection rate. The higher projected collection rate is a result of the implementation of various strategies such as continued debt management initiatives, system enhancements and resolving valuation objections.

The Electricity collection rate is projected to average 99% over the 2022/23 MTREF period. This high collection rate projection is mainly attributable to the continuous rollout of prepaid meters and revenue protection initiatives.

The collection rate is projected at 91% for Water and at 93% for Sanitation for the 2022/23 financial year, similar to the collection rates budgeted for in the 2021/22 adjustments budget. A 92% and 93% for water, and 94% and 95% for sanitation collection rate is projected, respectively, for the outer years of the MTREF. The expected increase in the collection rate is based on the latest projections, which include increased debt management action as well as systematically moving out of the COVID-19 environment.

The Refuse collection rate is projected at 90% for 2022/23 and expected to increase to 92% over the outer years of the MTREF. The collection rate projection is supported by the current in-year 12 months' average trend, which shows an average collection rate outcome of 90% as at January 2022.

d. Salary increases

In 2021, a new three-year Salary & Wage national collective agreement was entered into at the Bargaining Council. The terms of this agreement covers the municipal financial years 2021/22 to 2023/24. In the absence of an agreement for the last year of the City's MTREF, the principle applied for 2023/24 was similarly applied for 2024/25.

In terms of the agreement, the salary and wage increases per municipal financial year are to be calculated as follows:

- 2022/23: CPI percentage for 2022 as projected by January 2022 MPC; and
- 2023/24: CPI percentage for 2023 as projected by January 2023 MPC

The CPI projected by the January 2022 MPC Statement was 4.9% for 2022. The salary increases included in the budget are graphically shown below.

	Base Budget 2021/22	Budget Year 2022/23	Budget Year +1 2023/24	Budget Year +2 2024/25
Salary Increases	3.50%	4.90%	4.50%	4.50%
CCT's CPI projection	3.10%	4.60%	4.40%	4.40%

A provision of 2% was made for incremental allowances for T-grade level 13 and below. In addition, the City continued with the method of budgeting for salaries at 95% and partial budgeting for vacancies. This approach was adopted as the turnaround time of vacancies has attributed significantly to the underperformance on the salaries budget.

e. Maintenance of existing assets

NT MFMA Circular 112 states “municipalities must ensure that they render basic services, maintain their assets and clean environment”. It further advises municipalities to refer to annual budget circulars of previous years for guidance on budget preparation not covered in this circular. In this regard, NT MFMA Circular 55 states that municipal councils, mayors and municipal managers are urged to ensure that allocations to repairs and maintenance, and the renewal of existing infrastructure are prioritised.

Investment in infrastructure is a core component of ensuring economic growth. In addition, asset maintenance is pivotal to prevent breakdown of infrastructure assets and to avoid interruption to service delivery. To ensure infrastructure assets are maintained adequately and considering past performance on these costs, the following repairs and maintenance increases were applied:

- Higher than CPI increases were applied to services where the nature of business are primarily to provide repairs and maintenance and where the condition of the assets must be secured;
- CPI increases were applied to services where the main business is not providing repairs and maintenance but the nature of business and facilities requires a proper maintenance provision; and
- No increases provided for support services and underperforming directorates.

NT MFMA Circulars 55 and 70 set the ratio of operational repairs and maintenance to asset value (write down value of the municipality’s property, plant and equipment (PPE)) at 8%. The ratio outcome for 2022/23 is 7.9%, slightly lower than then the National Treasury norm but this is due to the quantum of new assets budgeted in 2022/23, which will not require immediate repairs and maintenance. The outcome shows that the City is investing adequately in protecting its asset base by effectively providing for repairs and maintenance.

f. Operational financing for capital depreciation

Calculation of depreciation on new capital expenditure is based on variables such as asset class and lifespan, depending on the nature of the asset. An annual capital expenditure implementation rate of 100% was assumed. Depreciation of existing assets is calculated based on simulated system data which reflect actual values per annum.

g. High level summary of Operating Expenditure Budget aligned to IDP

Priority - Description	2022/23 Medium Term Revenue & Expenditure Framework		
R thousand	Budget Year 2022/23	Budget Year +1 2023/24	Budget Year +2 2024/25
Economic Growth	1 558 572	1 547 900	1 552 674
Basic Services	28 168 543	30 687 082	33 492 333
Safety	4 173 591	4 505 446	4 709 228
Housing	1 611 765	1 675 178	1 771 396
Public Space, Environment and Amenities	4 653 343	4 894 707	5 165 817
Transport	3 848 458	3 941 056	4 062 313
A Resilient City	899 505	942 272	992 066
A more spatially integrated and inclusive city	408 229	419 428	436 839
A capable and collaborative City government	8 475 040	9 183 134	9 927 186
Total	53 797 046	57 796 203	62 109 851

Shown in the table above the City is consistently investing more than 50% of the Operating expenditure budget on the core function of municipalities, which is basic services.

4.5.3. Capital

a. Funding Sources of Capital budget

The capital budget was assessed considering matters such as procurement, implementation readiness, technical- and financial feasibility, and strategic alignment. This assessment was done utilising the City's Project Readiness Assessment (PRA) tool.

The capital budget was prepared with the aim of preserving the City's current infrastructure and expanding in areas where further capital investments are required to give effect to the City's new term of office IDP. The capital budget is expected grow by an average of 28.4% over the MTREF period.

The table below shows the capital funding source over the 2022/23 MTREF.

Funded by: **R thousand**	**Budget Year 2022/23**	**Budget Year+1 2023/24**	**Budget Year +2 2024/25**
Transfers recognised - capital	2 271 867	2 643 500	3 551 397
Borrowing	2 000 000	6 500 000	7 500 000
Internally generated funds	3 195 527	1 850 816	1 647 098
Total	7 467 394	10 994 316	12 698 496

b. Credit rating outlook and borrowing

The City needs a credit rating to demonstrate its ability to meet its short- and long-term financial obligations. Potential lenders also use it to assess the City's credit risk, which in turn affects the pricing of any subsequent loans taken. Factors used to evaluate the creditworthiness of municipalities include the economy, debt, finances, politics, management and institutional framework.

Moody's Investors Service published their latest credit opinion for the City of Cape Town on 14 April 2022. It has reaffirmed the existing long- and short-term national and global scale rating of Aa3.za/P-1.za and Ba3/NP, and changed the outlook from negative to stable. This update follows after the City received its 17th consecutive unqualified audit report and after the change in outlook of the sovereign (the Republic of South Africa) from negative to stable.

The City's rating reflects its moderate financial performance supported by its prudent financial management, large and diversified economic base. The City has consistently generated robust operating surplus with stronger liquidity and lower debt than that of its peers in South Africa also rated by Moody's.

The City's credit profile is constrained by capital spending pressure, related to infrastructure backlogs and population growth. It is also constrained by the structurally weak economic environment, worsened by the ongoing coronavirus restrictions, which is expected to moderate the City's operating performance. The resilience in the City's cash position is expected to remain. The low debt level, together with the City's liquidity reserves places the city in a favourable position to raise funding. In addition, any movement in the South African sovereign rating will impact directly on the City's global scale rating.

The City's known ratings over the last period are:

Category	Currency	Current Rating 14 April 2022 Update following rating action on Sovereign	Previous Rating 26 November 2021 Update following review conclusion	Previous 29 July 2021 Downgrade after sector review
Outlook	-	Stable	Negative	Rating(s) under review
NSR Issuer Rating	Rand	Aa3.za	Aa3.za	Aa3.za
NSR ST Issuer Rating	Rand	P-1.za	P-1.za	P-1.za
NSR Senior Unsecured	Rand	Aa3.za	Aa3.za	Aa3.za

- Stable Outlook – reflects that a credit rating assigned to an issuer is unlikely to change.
- Negative Outlook - reflects that a credit rating assigned to an issuer may be lowered.
- Rating under Review - a review indicates that a rating is under consideration for a change in the near term.
- NSR Issuer Rating – Aaa.za - Issuers or issues rated Aaa.za demonstrate the strongest creditworthiness relative to other domestic issuers.
- NSR ST Issuer Rating – P-1.za – Issuers (or supporting institutions) rated Prime-1 have the strongest ability to repay short-term senior unsecured debt obligations relative to other domestic issuers.
- NSR Senior Unsecured – Aaa.za - Issuers or issues rated Aaa.za demonstrate the strongest creditworthiness relative to other domestic issuers.

The City's borrowing is done in terms of Chapter 6 of the MFMA as well as the City's Borrowing Policy, in terms of which a long-term loan will only be entered into if it's affordable and sustainable. The City's loan requirements are determined by the capital investment requirement (excl. Transfers Recognised: Capital) and the projected cash position. The City primarily borrows against future revenue generating assets.

The below table reflects the borrowing and interest rate over the MTREF.

R Thousand	**2022/23**	**2023/24**	**2024/25**
Borrowing	2 000 000	6 500 000	7 500 000
Borrowing Interest Rate (%)	11%	11%	11%

c. High level summary of Capital Budget alignment to the IDP

The table below shows the composition of the Capital budget per priority over the 2022/23 MTREF period.

Priority - Description	2022/23 Medium Term Revenue & Expenditure Framework		
R thousand	Budget Year 2022/23	Budget Year +1 2023/24	Budget Year +2 2024/25
Economic Growth	234 403	264 871	365 611
Basic Services	3 501 158	5 447 267	6 075 789
Safety	188 551	152 361	215 787
Housing	865 428	881 561	990 618
Public Space, Environment and Amenities	363 244	687 255	659 855
Transport	1 380 376	2 073 481	2 975 673
A Resilient City	197 823	183 895	259 610
A more spatially integrated and inclusive city	2 208	1 023	16 023
A capable and collaborative City government	734 202	1 302 603	1 139 530
Total Capital Expenditure	7 467 394	10 994 316	12 698 496

Similar to the operating budget the table shows that the City's main priority is investing in basic services. Investment in basic services averages 48.1% of the capital budget over the MTREF period, second to Transport which averages 20.3% over the same period.

4.5.4. Allocations from National and Provincial and other entities over the MTREF

National Government Allocations

The national allocations to the City as set out in the 2022 Division of Revenue Bill is shown in the table below.

Grants Description R Thousand	2022/23	2023/24	2024/25
Current Grants	120 822	80 877	86 450
Finance Management Grant	*1 000*	*1 000*	*1 000*
Expanded Public Works Programme Integrated Grant	*42 406*		
Infrastructure Skills Development Grant	*11 446*	*11 000*	*12 500*
Programme and Project Preparation Support Grant	*65 970*	*68 877*	*72 950*
Infrastructure Grants	3 013 516	3 399 764	4 152 728
Urban Settlement Development Grant	*965 544*	*1 008 100*	*1 053 373*
Informal Settlements Upgrading Partnership Grant	*549 012*	*573 210*	*598 952*
Energy Efficiency and Demand Side Management Grant	*9 000*	*9 000*	*9 000*
Neighbourhood Development Partnership Grant (Capital Grant)	*175 699*	*185 699*	*30 000*
Public Transport Network Grant	*979 261*	*854 755*	*887 403*
Public Transport Network Grant - BFI	*335 000*	*769 000*	*1 574 000*
Allocations-in-kind	138 461	155 119	189 304
Integrated National Electrification Programme (Eskom) Grant	*133 461*	*150 119*	*188 304*
Neighbourhood Development Partnership Grant (Technical Assistance)	*5 000*	*5 000*	*1 000*
Unconditional Grant	3 656 394	3 983 337	4 341 849
Equitable Share	*3 656 394*	*3 983 337*	*4 341 849*
Total	6 929 193	7 619 097	8 770 331

The total national allocation to the City is R6.93 billion in 2022/23 increasing to R8.77 billion in 2024/25. The main components of the allocation consists of the Equitable Share and Infrastructure grants. Allocations in kind, even though allocated to be spend in the City does not flow via the City's budget, all other grants are included in the City's 2022/23 MTREF budget.

Equitable Share

In terms of Section 227 of the Constitution, local government is entitled to an equitable share of nationally raised revenue to enable it to provide basic services and perform its allocated functions. The local government equitable share is an unconditional transfer, which supplements the revenue that municipalities can raise themselves (including revenue raised through property rates and service charges).

NT MFMA Circular 115 indicated that the local government equitable share formula has been updated to account for projected household growth, inflation and estimated increases in bulk water and electricity costs over the MTEF period. Local Government Equitable Share (LGES) grew at an annual average rate of 10.3 per cent over the National MTEF. R28.9 billion is added to the LGES over the MTEF to increase coverage of the provision of free basic services.

The equitable share allocation to the City is therefore higher than anticipated and higher than the indicative allocations reflected in the 2021 DoRA. The DoRb issued in February 2022, via Gazette number 45903, provided for the following allocations, which have been included in the City's MTREF:

- 2022/23 – R3 656 million
- 2023/24 – R3 983 million
- 2024/25 – R4 342 million

Sharing of the Fuel Levy

The general Fuel Levy is legislated by the Taxation Laws Amendment Act (Act 17 of 2009), which provides that each metropolitan's share should be announced in the government gazette.

The General Fuel Levy allocation letter, as received from National Treasury for the 2022/23 MTREF, stated that the 2020 (latest) fuel volume sales were used to determine the 2022/23 sharing of the general fuel levy allocations. In 2021, the local government sphere was subjected to budget reductions for the MTEF period ending 2023/24, due to the COVID-19 pandemic and being in a constrained fiscal environment. These reductions will continue to have an impact on the sharing of the general fuel levy allocations with all the metropolitan municipalities for the period. Metropolitan municipalities are currently advised by the fiscus that the allocations for the two outer years of the 2022 MTEF are provisional and the actual allocations will be based on fuel sales.

The fuel levy allocation was more than anticipated for the 2022/23 financial year as it was based on fuel sales for the 2020 year, which saw the country at pandemic restriction level 5 with minimal travelling allowed. This resulted in a contracted economy affecting all sectors. The first year of the 2022/23 MTREF reflects a higher than anticipated fuel levy, but a decrease in the outer years is still expected.

The following amounts allocated to the City, as per the 2022/23 allocation letter, is included in the City's MTREF:

- 2022/23 – R2 667 million
- 2023/24 – R2 637 million
- 2024/25 – R2 706 million

a) Provincial Government Allocations

Provincial grants included in the 2022/23 MTREF is shown in the table below.

Grants Description - Per Provincial Department R Thousand	2022/23	2023/24	2024/25
Community Safety	403 852	354 006	354 165
Provide resources to serve in the City of Cape Town Law Enforcement Service (LES)	*2 852*	*2 966*	*3 084*
Recruitment, training and deployment of law enforcement officers to serve in the law enforcement advancement plan (LEAP)	*400 000*	*350 000*	*350 000*
Resourcing Funding for Establishment and Support of a K9 Unit	*1 000*	*1 040*	*1 081*
Health	685 086	681 289	695 356
Personal Primary Health Care Service	*361 420*	*361 420*	*361 420*
Integrated Nutrition	*6 832*	*6 832*	*6 832*
HIV and Aids	*316 834*	*313 037*	*327 104*
Human Settlements	341 259	342 530	364 980
Human Settlement Development Grant (Beneficiaries)	*318 630*	*333 530*	*358 480*
Settlement Assistance	*1 500*	*1 500*	*1 500*
Titke-Deeds Restoration	*11 129*		
Municipal Accreditation and Capacity Building Grant	*10 000*	*7 500*	*5 000*
Transport and Public Works	10 000	10 000	10 449
Provision for persons with special needs	*10 000*	*10 000*	*10 449*
Transport Safety and Compliance - Rail Safety	-	-	-
Economic Development and Tourism	-	-	-
Provide resources for the tourism safety law enforcement unit project	-	-	-
Cultural Affairs and Sport	63 542	64 863	67 128
Provincial Library Services: Conditional grant	*52 712*	*53 769*	*55 782*
Library Services: Metro Library Grant	*5 492*	*5 573*	*5 577*
Library Services: Transfer funding to enable City of Cape Town to procure periodicals and newspapers	*5 338*	*5 521*	*5 769*
Local Government	1 034	1 034	1 034
Community Development workers (CDW) operational support grant	1 034	1 034	1 034
Total allocation	1 504 773	1 453 722	1 493 112

The table shows that the City receives the largest share of the provincial allocation for the purposes of Health services.

4.5.5. Major Parameters

The following table summarises the major parameters applied to the 2022/23 MTREF operating.

	Budget Year 2022/23	Budget Year +1 2023/24	Budget Year +2 2024/25
CPI	**4.60%**	**4.40%**	**4.40%**
COLLECTION RATES			
Rates	95.50%	95.74%	96.19%
Electricity	99.00%	99.00%	99.00%
Water	91.00%	92.00%	93.00%
Sanitation	93.00%	94.00%	95.00%
Refuse	90.00%	92.00%	92.00%
REVENUE PARAMETERS			
Rates	5.00%	5.63%	6.03%
Electricity	9.50%	15.56%	13.37%
Water	6.50%	5.00%	8.80%
Sanitation	6.50%	5.00%	8.80%
Refuse	5.00%	5.00%	5.00%

Bulk Services: Athlone Wastewater Treatment Works (WWTW)-Capacity Extension-Phase 1	CPX/0000479	141 737 988	78 420 401	For the existing C-Works to remain fully functional some refurbishment work is required, especially for mechanical and electrical infrastructure. Main components that have been identified include mixer and recycle pump replacements, odour control, diffusers and blowers. A new common blower house is envisaged that will supply air to the C-Works and D-Works. To make space for the extension (D-Works) many of the redundant structures will be demolished. The scope of work has been separated into four contracts for implementation as listed here: 1. Mechanical & Electrical Refurbishment of C-Works including new common blowers for C- and D- Works; 2. Civil Demolition and construction of the new Blower House Complex; 3. Civil Construction of the extension (D-Works); and 4. Mechanical & Electrical Contract for the extension (D-Works)	Athlone	86 000 000	89 000 000	32 769 108	3 914 379 188	4 342 306 685	54 039 158	-	Sanitation Tariff
Bulk Services: Atlantis Aquifer	CPX.0011032	224 213 125	22 710 412	Multi-faceted multi-year project. Design and construction with regard to expansion (10MLD) and refurbishment/upgrading of Witzands and Silwerstroom well field, conveyance and treatment infrastructure. Bulk Services: Bellville Wastewater Treatment Works (WWTW)	CPX/0000512	600 432 535	500 000	The Bellville Wastewater Treatment Plant (WWTP) upgrade project is made up of a number of sub-projects to achieve the overall goal of increased treatment capacity, sludge treatment and effluent compliance. A number of projects has been completed this far as part of the broader objective. The last phase is the upgrade of the DA Works which includes changing the configuration of the reactors. This is to be completed under the 3Q/2019/20 (Mechanical/Electrical) and 5Q/2019/20 (Civil) projects. The lifespan of the MBR membranes will come to the end over the next few years and will require replacement. 						Estimate							
Distribution Services: Cape Flats Rehabilitation	CPX/0000532	110 013 289	179 143 291	The Cape Flats 1 & 2 Bulk Sewer System originates at the Bridgetown Sewage Pump Station, from where sewage is pumped through a reinforced concrete rising main pipeline, up to the Hazel Road Mixing Chamber, located just south of the Hazel - and Klipfontein Roads intersection. From the Hazel Road mixing chamber, the flow is split into the Cape Flats 1 and 2 bulk gravity sewers, which are reinforced concrete sewers, ranging in diameter from 1000mm to 1800mm. The two sewers follow the same route through the suburbs for an approximate distance of 14km, before discharging into the Cape Flats wastewater treatment works (WWTW) inlet works.	Athlone, Rylands/Hanover Park/Lotus River/Grassy Park/Zeekoevlei/ Pelican Park.	141 412 220	206 300 000	80 300 000	-	717 168 800	15 301 638	-	Sanitation Tariff
Distribution Services: Gordon's Bay Firlands Network Infrastructure	CPX.0023031	-	-	The Firlands area, located to the east of Broadlands and between Gordons Bay and the N2 freeway, is largely unserved by water or sewer infrastructure. Development in the area has been constrained due to regular flooding caused by the Sir Lowry's Pass (SLP) River. The imminent upgrade of the river which is expected to be complete in 2025, is likely to catalyse new development proposals. The capacity of the existing reticulation networks adjacent to Firlands is extremely limited and therefore additional large-scale capacity will have to be provided to enable large scale development. This project will thus comprise of the design and construction of water and sewer infrastructure (incl. pump station) in order to accommodate development. Length of new water network - 24 000 m and length of new sewer network - 25 000 m.	Firlands, Gordon's Bay	-	-	5 500 000	288 900 000	294 400 000	-	-	Water Tariff
Distribution Services: Gordon's Bay Sewer Rising Main	CPX.0009432	1 125 360	3 500 000	The new pump station will convey approximately 680 litres per second in 7km rising main (pipeline). This is a complex project with various unknowns that requires numerous investigations, stakeholder engagement in particular with SANRAL & Western Cape Government Department of Human Settlements and compliance statutory requirements such as Heritage Impact Assessment (HIA), Environmental Impact Assessment (EIA), Water Use License (WULA), Pre-construction Health & Safety design specifications.	Gordon's Bay	18 300 000	37 611 252	62 700 000	-	123 236 612	4 939 388	-	Sanitation Tariff
Distribution Services: Koeberg Pump station capacity upgrade	CPX.0029340	-	-	The Koeberg pump station is located adjacent to Koeberg Road in Millerton. The Koeberg pump station was constructed in 1974 and does not have a sand trap or screening facility. A planning and investigation report found that the required capacity of the Koeberg pump station for future theoretical Peak Wet Weather Flows (PWWF) conditions would be 1 630l/s. The current pump station capacity was modelled to be 639l/s. Therefore, the capacity of the Koeberg Road pump station is considered insufficient. The project will thus comprise of the design and construction of the upgrade required at the Koeberg Road pump station.	Milnerton	-	3 000 000	35 000 000	35 000 000	73 000 000	1 000 000	-	Sanitation Tariff
Distribution Services: Langa Pump Station (9) - screens, pumps	CPX.0029305	-	-	The Langa Pump Station project will include the design and construction of the required upgrade of the facility including installation of a Sand Trap and screening facilities.	Langa	-	5 000 000	50 000 000	45 000 000	100 000 000	1 500 000	-	Sanitation Tariff
Distribution Services: Philippi Collector Sewer	CPX/0000679	4 090 594	3 600 000	The Philippi Collector sewer is a major collector sewer that was constructed by the previous Cape Metropolitan Council. This sewer is approximately 10.6 km long, extending in an easterly direction from the existing Cape Flats 3 outfall sewer in Springfield Road through Sheffield Business Park Central, along Old Lansdowne Road from where it crosses Jakes Gerwel Road and a railway line into the Sheffield Road reserve up to the intersection of Ngqwangi and Luzuko Drives, opposite Phandulwazi High School, Philippi. The sewer consists of varies pipes sizes ranging from 250 mm to 1050 mm diameter with approximately 140 manholes.	Philippi	8 120 000	95 940 000	96 376 000	486 873 407	695 000 001	6 621 520	-	Sanitation Tariff
Distribution Services: Raapenberg Pump Station Upgrade	CPX.0029269	-	-	The project will comprise of design and construction of the Raapenberg Pump Station including installation of a sand trap and screening facilities.	Mowbray	-	10 000 000	80 000 000	110 000 000	200 000 000	2 600 000	-	Sanitation Tariff
Distribution Services: Upgrade Rietvlei Sewer Pump Station	CPX.0010643	-	2 200 000	Upgrade Pump Station to 600/s from current 230l/s including installation of sand trap and automated mechanical screening facility. Upgrade of rising main from 450mm diameter to 600mm diameter pipeline (discharge at Bellville Wastewater Treatment Works (WWTW). Upgrade of Kuilsriver Bulk Sewer from the R300/Bottelary Interchange to the Rietvlei Pump Station (3.2km).	Pump Station located Kuilsriver. Catchment includes sections of the Kuilsriver/Brackenfell/ Durbanville suburbs.	3 000 000	23 323 134	98 000 000	-	126 523 134	5 218 671	-	Sanitation Tariff
